Bienvenidos a Repuestos El Navegante.

Aquí podrás encontrar mas de **35.000** productos de diferentes fabricantes, con una gran variedad de accesorios y componentes para tu embarcación, contamos con mas de 20 años de experiencia en el sector náutico, no dudes en contactarnos para aclarar cualquier duda que tengas, prestamos asesoría técnica lo que es un valor agregado, y te dará tranquilidad a la hora de tomar una decisión de compra.

Nota Importante:

Debido a las restricciones causadas por el Covid 19, y otros problemas a nivel Mundial muchas empresas se vieron afectadas debido a la falta de materia prima, por este motivo tanto los precios como las fechas de entrega sufrieron cambios en gran cantidad de productos, comuníquese con nosotros a través del correo: repuestoselnavegante@gmail.com y solicite su presupuesto sin compromiso, también puede comunicarse vía Telegram o WhatsApp escaneando los códigos QR.

Los productos aquí publicados se encuentran en varias partes del mundo, pero la mayoría se encuentran en Estados Unidos y Europa, por lo que estos precios no incluyen gastos de envío.

También puede consultar en nuestra pagina www.repuestoselnavegante.com nuestros términos y condiciones antes de efectuar la compra, ahí podrá ver también nuestra política de devoluciones.

Los productos pueden ser entregados en un currier de su confianza.

En nuestra pagina podrá encontrar mas de **3.500** productos para entrega inmediata.

Nos especializamos en repuestos Volvo Penta, Cummings, Yanmar, Caterpillar, Mercruiser.

Ofrecemos repuestos para Generadores Onan, Kohler, Westerbeke, Fisher Panda y Northern Lights.

OMC® Systematched™ T & T Switch

- J/E, 40-Thru H.P. vary year.
- Trim switch, cowl, lower engine pan.
- Replaces: 583803, 584841, 585146.

Order No.	Mfg. No. / Description	List Price
E585146	(766481)	\$64.89

OMC® Systematched™ T & T Switch

- J/E, 40-Thru H.P. vary year.
- T & T switch assembly control binnacle with pin connector.
- Replaces: 586449.

Order No.	Mfg. No. / Description	List Price
E586449	(766482)	\$68.79

Marpac Transom Trim Switch

- Puts tilt and trim control anywhere.
- Can also operate power jack plates.
- Weatherproof.
- 50 amp.

Order No.	Description	List Price
7-1165	Trim Switch	\$37.99

T-H Marine Transom Trim Control

- Puts tilt and trim control anywhere.
- Weather resistant control switches.
- Can also operate power jack plates.
- 50 amp.

Order No.	Mfg. No. / Description	List Price
640210	(TTC-1-DP)	\$55.69

T-H Marine Steering Wheel Trim Control

- Rugged urethane coiled cord.
- Mounts easily to steering wheel spokes.
- Weatherproof, rubber booted, push button switches.
- Not for use with Hydraulic Steering.
- 50 amp.

Order No.	Mfg. No. / Description	List Price
640133	(ST-1-DP)	\$133.89

T-H Marine Trim Handle Trim Switch

- Puts tilt and trim control directly onto throttle lever.
- Weather resistant 50 amp switches.
- Fits pre-1979 OMC Control Handles.

Order No.	Mfg. No. / Description	List Price
640156	(EJT-1-DP)	\$60.39

Domestic Pro-Trim Controls

839540

- The Pro-Trim single switch controls one function (engine trim or jack plate).
- The Pro-Trim dual controls two functions (trim and jack plate).
- Momentary-on switch is off in its center "at-rest" position; actuates in up and down directions.
- Strong stainless steel bracket fits most steering systems and adjusts for regular or deep-dish wheels.

Order No.	Mfg. No. / Description	List Price
839502	(PT1000-1P) Single	\$84.99
839540	(PT2000-1P) Dual	\$151.69

T-H Marine FingerFlex® Blinker Trim Control

640250

- Trim control for hydraulic helms.
- Operates engine trim and/or jack plates.
- Fits hydraulic, cable and tilt steering.
- Easy installation.

Order No.	Mfg. No. / Description	List Price
640248	(FFBT-S-DP) Single	\$90.29
640250	(FFBT-D-DP) Dual	\$157.89

Uflex Paddle Trim

- Both paddles can be positioned at various angles for the most comfortable choice.
- Equipped with one waterproof "Mom. On-Off-Mom. On switch (2 switches on dual version).
- Suitable for any kind of steering wheel dish.
- Max wheel diameter 15.7".
- Easy to install on the following Ultraflex steering systems: Front and tilt mount hydraulic helms and tilt mount mechanical helms.

Order No.	Mfg. No. / Description	List Price
8040152	(PTS1) Single	\$190.49
8040153	(PTS2) Dual	\$314.29

Marpac Up/Down Trim Switch Panel

- This switch is constructed of a rugged black panel and a momentary toggle switch with a protective boot.
- It allows you to control your trim from the stern area of the boat.
- Can be mounted on any flat surface.

Order No.	Description	List Price
7-51380	Trim Switch Panel	\$14.19

T-H Marine Hot Trim® Floor Mounted Trim Control

- Foot operated tilt and trim control.
- Pre-wired matte black unit.
- Weather resistant control switches.
- 50 amp.

Order No.	Mfg. No. / Description	List Price

Marpac Universal Kill Switch

- Works on most outboard or inboard engines.
- Swivel snap hook eliminates tangles.
- Corrosion resistant construction, stainless steel crimps.

Order No.	Description	List Price	
7-0494	Kill Switch	\$11.39	GO-3670000

Jet Logic Ultimate Lanyard™ PWC Safety Lanyards

- 4 keys to fit all brands: SeaDoo, Yamaha, Kawasaki, Honda, Polaris, Tiger Shark and Wet Jet.
- A stainless steel key ring is also included for hooking up to Sea Doo D.E.S.S. devices or a car key.
- A comfortable floating detachable wrist band, floating vest lanyard and high pitch pearless whistle for emergencies.
- A swivel snap hook keeps the cord from tangling.

Order No.	Mfg. No. / Description	List Price	
598423	(UL-1) Purple/Yellow	\$15.99	FO-9111000
598435	(UL-2) Red/Black	\$15.99	FO-9111000
5960300	(UL-3) Blue/Silver	\$16.99	FO-9811000

Sea-Dog Kill Switch - Universal

- Stamped brass/injection molded nylon and delrin.
- Replace lanyard if worn, cut or frayed.
- Dual circuitry allows kill switch to be wired for either ignition kill or magneto kill depending on the application.

Order No.	Mfg. No. / Description	List Price	
2004253	(420488)	\$11.39	FO-9111000
2004256	(420489) Lanyard Only	\$5.19	GO-8430000

Sierra Emergency Cut-Off Switch

- Kills ignition when lanyard is pulled.
- For use with conventional or magneto ignitions.
- Seals out moisture.
- Makes reconnection easier.
- Circuit closed with lanyard off.
- Replaces: OMC 585134.

Order No.	Mfg. No. / Description	List Price	
8020464	(MP28870)	\$41.49	Z0-1132000

Marpac Kill Switch Lanyard - Merc Style

- Replacement kill switch lanyard for Merc style switch.
- Coiled cord with brass crimps.
- Stainless steel clip and plastic safety release.

Order No.	Description	List Price	
7-51301	Kill Switch Lanyard	\$8.49	GO-9650000

Marpac Kill Switch Lanyard

- Designed with six different heads, it will fit Honda, Yamaha, OMC and Mercury/Mariner kill switches.
- The swivel snap hook eliminates tangles, and the stainless steel crimps won't rust.

Order No.	Description	List Price	
7-0495	Kill Switch Lanyard	\$7.59	GO-9050000

Marpac Kill Switch Lanyard

- Replacement kill switch lanyard.
- Coiled cord.
- Plastic safety vest clip and float.

Order No.	Description	List Price	
7-51299	Kill Switch Lanyard	\$10.09	GO-6760000

Sierra Ignition Lanyard - Yamaha

- Replaces: Yamaha 682-82556-00-00.

Order No.	Mfg. No. / Description	List Price	
7001448	(MP28860)	\$10.99	Z0-8070000

T-H Marine Saf-T-Stop™ Ignition Kill Switches

- Meets all requirements of emergency stop switches.
- Coiled lanyard.
- Mounts anywhere - requires 1-1/2" hole.
- Isolated circuits on dual units to prevent feedback.

Order No.	Mfg. No. / Description	List Price	
640068	(KS-1-DP) Single Outboard	\$39.39	HO-3632000
640069	(KS-2-DP) Single I/O	\$39.39	HO-3632000
640082	(L-4-DP) Replacement Lanyard	\$12.79	HO-7670000

Sierra Emergency Cut-Off Switch

- Kills ignition when lanyard is pulled.
- For use with conventional or magneto ignitions.
- Seals out moisture.
- 4 terminals allow selection of normally open or normally closed circuit.

Uflex Mercury Big Tiller with Integrated ZTF Tiller Valve

- For use with Mercury 150 HP 4-Stroke from 2005 to date.
- Easy steering.
- Reduced operator fatigue.
- Includes:
 - Mercury "BIG TILLER" handle with key switch and lanyard
 - Uflex UC94 cylinder
 - Uflex Integrated ZTF Tiller Valve

Order No.	Mfg. No. / Description	List Price
804454	(ZTFILLERM1T)	\$3,137.89 E0-2435320

CMC Transom Washer Plates

- Made of strong 3/8" 6061 T6 extruded alloy aluminum.
- Eliminate bolts "biting" into transoms.
- Distributes loads on high performance engines.

TOP WASHER PLATE - HOLE CENTERS: 12-7/8"

Order No.	Mfg. No. / Description	List Price
303973	(20022)	\$43.29 F0-0303000

BOTTOM WASHER PLATE - HOLE CENTERS: 9-7/8"

Order No.	Mfg. No. / Description	List Price
303975	(20032)	\$37.89 F0-2562000

T-H Marine Transom Wedges

- Fits all standard B.I.A. Bolt Patterns.
- Full contact between engine and transom.
- 2-1/4" wide, 11-1/4" long, 1-1/16" to 3/16" thickness.
- Sold per pair on skin packed card.

TRANSOM WEDGES - 5° NEGATIVE TUCK

Order No.	Mfg. No. / Description	List Price
640652	(TW-2-DP)	\$60.99 H0-9563000

REVERSE TRANSOM WEDGE - 5° POSITIVE TILT

Order No.	Mfg. No. / Description	List Price
640653	(TW-3-DP)	\$63.69 H0-1283000

T-H Marine Transom Support Plate

640222

640195

- High quality cast aluminum.
- Distributes stress of engine bolts.
- All plates 3/8" thick.

Order No.	Mfg. No.	Length	Height	Hole Centers	List Price
640222	(TSP-1-DP)	15"	2"	13"	\$30.19 H0-1181000

640195	(TSP-7-DP)	15-1/4"	3-3/4"	12-3/8"	\$60.29 H0-7163000

Jif Marine Transom Support Plate

- Die cast (not sand cast).
- 1060 alloy gives added strength and durability.
- Width 15".

Order No.	Mfg. No. / Description	List Price
2100065	(FWY1-NN)	\$17.79 F0-5421000

T-R Marine Transom Protector

- Two piece plated aluminum transom protector fits all transoms for added protection and strength.
- Easy to install and prevents mounting bolts from working into transom.

Order No.	Mfg. No. / Description	List Price
2077527	(TP-30)	\$105.59 H0-5336000

T & R Transom Wedge

- These 5° cast aluminum wedged are used as an aid for boats with an insufficient transom angle or for boats having planing problems at low speed.
- Individual mounting holes to prevent slipping.
- Comes packaged for peg board display.

Order No.	Mfg. No. / Description	List Price
642585	(TW-50)	\$54.39 H0-3623000

- This one piece design, featuring the innovative Rod and Slot lifting system, will handle the stresses from the heaviest and most powerful outboards, up to 300 HP or 625 pounds.
- All of the hydraulics are built into the jack eliminating the necessity of installing pumps and reservoirs inside the transom.
- Fast - 8 seconds lift time.
- Rod and slot lifting design.
- Self lubricating.
- Installs in half the time of comparable jack plates.
- Hydraulic rise: 5-3/4". Total rise: 8-1/4" to 9-3/4".
- Predrilled for HotShot Hole Shot Plates, Shallow Water Anchors and Emergency Re-Boarding Ladders

CMC High Speed Hydraulic Power-Lift® Jack Plate

- Full stroke in 8 seconds.
- Made of 6061 T6 alloy aluminum extrusions and fastened with stainless steel fasteners.
- Ideal for fresh or salt water use.
- No welds or castings to break.
- The dependable, self-contained and waterproof hydraulic actuator has a maximum lifting capacity of 7,853 pounds of thrust.
- Rated for V6 motors and smaller and gives you 5" of vertical travel with 1-1/2" of adjustment on the motor bracket and 1-1/2" of adjustment on the transom bracket.
- A total of 8" of possible adjustment.

Order No.	Mfg. No. / Description	List Price

T-H Marine Position Indicator Gauge Kit

- Fits all CMC Power Lift Hydraulic Jack Plate Models.
- Fits all T-H Marine Hydro-Jacker Hydraulic Jack Plate Models.
- Sealed and drip proof.
- Mounts in the dash for safe and convenient height determination.
- Standard 2" gauge mount.
- Indicator features an up and down toggle switch.

Order No.	Mfg. No. / Description	List Price	
6400018	(6077)	\$355.19	F0-3684200

T-H Marine Standard Hydraulic Actuator

- 6061-T6 aluminum alloy construction.
- Stroke length: 5".
- Completely self contained with their own fluid reservoir. They incorporate the pump, motor, reservoir and cylinder all in the same body. This eliminates the need for multiple hydraulic components such as hoses, pumps and cylinders.
- Made of 100% non-ferrous materials and are totally submersible.
- Replacement hydraulic actuator for:
CMC Power-Lift Hydraulic Jack Plates (Models: 61001, 61002, 65001, 65002, 65201).
T-H Marine Hydro-Jacker Hydraulic Jack Plates (Models: HYJ-6C-DP, HYJ-10C-DP).
CMC Power Tilt & Trim Units (PT-35 & PT-130 Models: 13001, 13002, 52100).
ATLAS Tilt & Trim Units (Models: THT-35C-DP, THT-130C-DP, THT-130CGK-DP).

6400032	(ELCT0078) 7050	\$568.99	F0-9289300

T-H Marine Atlas® Hot Shot™ Hole Shot Plates

- This simple but revolutionary plate easily attaches to the bottom of our jack plate to provide an amazing 18 to 20 percent better hole shot. That's 2 to 3 seconds faster out of the hole.
- Hot Shot does this by dramatically reducing water drag on take off as well as serving as a center trim tab.
- An added advantage is the ability to stay on plane and virtually eliminating porpoising at lower speeds.
- Models to fit all Atlas Jack Plates (both standard and heavy duty jack plates).

Order No.	Mfg. No. / Description	List Price	
6400082	(AHJHSP-6V-DP) Fits 640810 (AHJ-6V-DP) 6"	\$70.69	H0-1424000

T-H Marine Atlas™ Hydraulic Jack Plate Replacement Actuator

- Replacement actuator for Atlas Jack Plates.
- Manufactured after March 2014 (plastic motor housing).

Order No.	Mfg. No. / Description	List Price
640826	(AHJACT3DP)	\$993.19 HO-1959500

CMC Toggle Switch

- For use with: PL-65, PL-65 H.S., PL-65-10, PL-65SS Hydraulic Power Lifts; PT-35 Power Tilt & Trim; PT-130 Tilt & Trim.

Order No.	Mfg. No. / Description	List Price
303977	(7123) Toggle Switch	\$10.19 F0-3170000
303979	(6009) Spring Pin - 1/2" x 3-1/2", Stainless Steel	\$8.29 F0-0850000

R & R Design Emergency Exit Ladders (E-Ladders) for Boats

- E-Ladders or Emergency Exit Ladders can be mounted on the rear end of your boat in order to provide a higher level of safety for all of the passengers on your boat.
- E-Ladders can be mounted directly to a jack plate or an engine bracket can be used to mount directly to engine mount bolts.
- Ideal for any boat with an outward motor.
- This safety feature works as a failsafe and makes it easier to board the boat in a case of an emergency situation.
- This ladder can be raised and lowered as needed and firmly locks into each position allowing for maximum sturdiness.

Order No.	Mfg. No. / Description	List Price
2003675	(RR-SREL)	\$318.09 F0-6622200

T-H Marine Atlas™ Hydraulic Jack Plate Replacement Wiring Harness

- Includes relays.

T-H Marine Twist Step™ Emergency Jack Plate Ladder

- Permanently attaches to engine or jack plate.
- Easily rotates and drops into position when needed.
- Non corrosive all aluminum design.
- Meets ABYC Regs for reboarding device.
- Mounts to any engine with bracket or directly to pre-drilled Atlas Jack Plates.
- Non-slip material on both steps.
- Snaps securely into slot when not in use.

Order No.	Mfg. No. / Description	List Price
6400136	(EOM-2) Port Side	\$220.69 F0-8445100

Bob's Machine Shop Gen 3 Extreme Action Jack Plates

- Wider allowing for Verado installation without the use of spacers.
- Includes the all in one style pump, built into the jack plate so no hoses or pump to mount inside the boat.
- Through innovative engineering, BMS's new Extreme Series (TM) jack plates are their strongest yet.
- For new 550+ HP engines including V8. 1000+ lbs. rated.

Order No.	Mfg. No. / Description	List Price

CMC Electric Hydraulic Tilt and Trim

- Rated for 130 HP and smaller outboard motors.
- 6" set back to enhance boat stability and performance.
- 20° of trim and a total of 90° of tilt and trim.
- 1/2" 6061 T6 extruded aluminum construction with stainless steel fasteners.
- Electric hydraulic actuator rated at 7853 lbs. of thrust.
- Standard B.I.A bolt hole pattern.
- Four stainless steel motor mounting bolts included.

Order No.	Mfg. No. / Description	List Price	
303420	(13002) PT-130, Without Gauge	\$933.79	E0-4300700

CMC Breakaway Unit

- Designed for duck hunters and/or fisherman that use their boat in shallow stumpy areas.
- It allows small boats and motors to slide over submerged logs or debris at low speeds to get to a downed bird or your favorite fishing hole.
- Rated for outboard motors up to a maximum of 130 HP.
- The unit is mounted between the boat transom and the outboard motor.
- Standard B.I.A bolt hole pattern.
- For motors that have clamps with thumbscrews, **303545** (13022) Transom Clamp Adapter is required.

Bob's Machine Shop Action Series Clamp-on Motor Tilt and Trim

- Designed for motors up to 30 HP, BMS's new hydraulic Tilt & Trim can provide increased performance, better handling and less hassle raising and lowering the motor at the launch ramp.
- Allows skippers to trim the boat for a smoother, drier ride.
- When fully trimmed in, it provides a negative 3-degree tuck-under angle for faster starts and quicker on-plane times. After reaching plane, the boat can be optimized for best running angle by trimming the tilt up to its maximum of 75 degrees.
- A 5-1/2" setback is standard.
- The hydraulically operated Tilt & Trim will accommodate clamp-on motors, not standard BIA bolt pattern style.
- Over all mounting dimensions, which are: 10" wide by 11.5" length.
- It comes with wiring harness, control switch and carries a limited lifetime structural warranty.

BOLT

Electric Trim Tab Systems

For over half a century, boaters have enjoyed the tangible benefits of Bennett Marine's exceptionally effective and dependable marine products. We're proud to say that boaters trust our brand. After all, we invented the world's first adjustable trim tab—and we've never stopped pushing forward.

Inspired by more than fifty years of Bennett Marine's proven success, BOLT electric trim tabs provide the reliability the harsh marine environment demands. Plus, BOLT systems are easy to install and backed by the best warranty and support available.

Reduce bow rise, plane faster, correct listing.

HELM CONTROL OPTIONS SOLD SEPARATELY FROM KITS

Bennett Marine Bennett Hydraulic to BOLT Electric Conversion Kit

- All you need for a quick and easy conversion from Bennett hydraulic actuators (A1101A & A1101ARC) to Bennett's BOLT Electric actuators.
- Use your existing wiring, rocker switch and trim planes.
- No rewiring or drilling of new holes required.
- "Plug'n play" connection to your existing standard Bennett Rocker Switch.
- Equipped with Auto Tab Retraction and Diagnostics Relay Module.
- 12 volt.
- Actuator Lifetime Limited Warranty.

Bennett Marine AutoTrim Pro - Automatic Trim Tab Control System

See the AutoTrim Pro in action at BennettTrimTabs.com/ATP or scan the QR code from your phone.

- AutoTrim Pro is an automatic trim tab control system designed for boats of all sizes - packing in a boatload of essential features into an easy-to-use, space-saving keypad.
- Compatible with Electric or Hydraulic Trim Tab Systems.
- **Auto Trim Tab Control** - automatically reduces bow rise and corrects listing.
- **Manual Tab Control** - puts you back in manual control at the touch of a button.
- **Trim Tab Position Indication** - alerts you to the position and activity of the trim tabs.
- **One-touch "All Up" and "All Down" Buttons** - allow for one-touch manual adjustments.
- **Automatic Tab Retraction** - protects tabs during storage and trailering.
- **Electric or Hydraulic Trim Tab Compatibility** - Compatible with Bennett hydraulic or electric trim tab systems and most non-Bennett trim tab systems.
- 12 volt.

Bennett Marine Self-Leveling Tabs

- A simple, durable and affordable trimming solution for smaller boats.
- Quick and easy installation with nothing to do inside the boat - just mount the actuators and trim tabs on the transom and enjoy the benefits.
- Plane at lower speeds, improved efficiency and performance, eliminate porpoising and chine walking.
- Kits Include:
 - (2) 14 gauge stainless steel tabs.
 - (2) Strong, durable actuators.
 - All stainless steel hardware.

Ski Boat / Tow Boat Replacement Actuators & Control Boxes

Instructions for Determining Your Requirements

LENCO

For many years, Lenco Marine has supplied actuators, control boxes and various wave-shaping tabs / surf tabs to the various OEMs serving the ski boat industry. Lenco continues to service the replacement market by offering replacement actuators and control boxes.

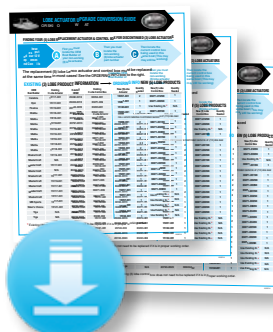

Information contained on the Lenco website helps you to:

- ▶ Identify your non-working ski / tow boat electric actuator and / or control box.
- ▶ Determine if your actuator is a 3 Lobe (old-style) or 5 Lobe (new-style) version.
- ▶ Determine the part number for your non-working 5 Lobe actuator
- ▶ Determine the part number(s) to replace your non-working 3 Lobe actuator (new control box may also be required).

Download the Instructions for Determining Your Requirements

Additional information may be found on www.lencomarine.com by clicking on the "Products" tab, then "Ski Boat Replacement Parts" tab and then following the instructions.

Still Need Help with Your Ski Boat / Tow Boat Replacement Parts?

If you still need help to identify the replacement parts needed to keep your ski / tow boat up-to-date, please call the Lenco Marine Customer Service department at 772-288-2662.

Bennett Hydraulic-to-Lenco Electric Conversion & Performance Upgrade Kit

12 & 24-Volt

LENCO

Now you don't have to buy a new boat or an entire new set of trim tabs to get all the advantages of the latest in trim tab technology. Lenco's high-performance instant response actuators are now available to retro fit any boat equipped with the standard length Bennett hydraulic cylinders.

No more replacing unreliable hydraulic pump units

Features include:

- ▶ Upgrade to our instant response electric actuators
- ▶ Improved boat performance
- ▶ Eliminate messy hydraulic pump unit
- ▶ Use your existing Bennett trim blades
- ▶ No new holes to drill
- ▶ Retrofits other hydraulic systems with minor modifications

Use existing Bennett trim blades and hinges.

Lenco Electric Actuators for Trim Tabs

Replacement Actuator Reference & Ordering Guide

Follow these simple steps to find your Replacement Actuator

A

Find the code on face of the actuator below the Lenco label. The second digit from the left identifies the Actuator Type. Follow the arrow from step A on the chart below.

B

The last digit to the far right of the code identifies the hole size(s) for mounting. Follow the arrow from step C on the chart below.

C

The 3rd digit of the branding code indicates the month manufactured. See the chart at the bottom of the page.

D

The 4th digit of the branding code indicates the year manufactured. See the chart at the bottom of the page.

The additional space is the only difference found between the old & new 5 digit code.

OLD BRANDING CODE (5 digit code used prior to 2013)

A C D B
See bottom chart

- Hydraulic trim tabs are known for power, precision and durability. Get the most from your boat, no matter what the load, speed or sea conditions.
 - Adjust the tabs to create the perfect cruising attitude. Increase speed, fuel economy, smooth a rough ride and get on plane faster.
- Kits Include:
- (2) Trim Plane Assemblies
 - (2) Hydraulic Actuators (A1101A)
 - (1) Hydraulic Power Unit (V351HPU1)
 - (1) Hardware Bag
 - (1) 20' Hydraulic Tubing
- Controls sold separately.

Bennett Marine Hydraulic Sport Trim Tab Systems

- Unique batwing design provides 30% more lift than conventional trim tabs.
- Space-saving design will fit virtually any transom.
- Kits Include:
 - (2) Trim Plane Assemblies
 - (2) Hydraulic Actuators (A1200SRC)
 - (1) Hydraulic Power Unit (V351HPU1)
 - (1) Hardware Bag
 - (1) 20' Hydraulic Tubing

Order No.	Mfg. No. / Description	Includes:	List Price

Bennett Marine Hydraulic Performance Trim Tab Systems

- Engineered for the demands of offshore attitude correction, with a sophisticated Electro-polish finish.
 - Kits Include:
 - (2) Trim Plane Assemblies
 - (4) Hydraulic Actuators (A1101ARC)
 - (1) Hydraulic Power Unit (V351HPU1)
 - (1) Hardware Bag
 - (1) 20' Hydraulic Tubing
- | Order No. | Mfg. No. / Description | Includes: |

Bennett Marine Integrated Helm Controls

- An attractive and user-friendly, stand-alone helm control without the need for an external control unit.
- The functionality and "brains" of the control unit are engineered directly into a single, space-saving, and simple-to-install keypad.
- Reduce bow rise, plane faster, and correct listing.
- Convenient "All Up" and "All Down" buttons.
- Trim tab position LEDs always show you where your tabs are.
- Auto tab retraction (tabs retract up when the ignition is powered off).
- Easy-to-install single lock nut design.
- Eliminates the relay module for a simpler installation.
- 12 volt.

Order No.	Mfg. No. / Description	List Price
252905	(OBI9000H) Hydraulic	\$410.69
252909	(OBI9000E) Electric	\$410.69

Bennett Marine Hydraulic Auto Tab Control Add-on Kit

- Add auto tab control to your existing trim tab controls!
- The Auto Tab Control dials in the perfect running attitude.
- Just turn it on and it does the rest.
- The ATC constantly monitors your boat's position and uses your trim tabs to maintain a perfect cruising attitude.
- Kits Include:
 - ATC Control Unit
 - ATC Keypad
 - Relay Module
 - 6' ATC Keypad Cable
 - ATC Hardware - Single
 - 6' ATC 4-color Wire Harness
 - ATC Power Pigtail
- 12 volt.

Order No. **253044** Mfg. No. / Description (AC3000) List Price **\$406.69** F0-8648200

Bennett Marine Hydraulic Euro-Style Rocker Switch

Retail Packaging

- The newly redesigned Rocker Switch Control is a sleek yet economical helm control available for both hydraulic and electric systems that provides a positive click action for precise tab adjustment.
- Easy-to-install single lock nut design.
- Compatible with other trim tab system brands.
- 12 volt.

Order No. **252864** Mfg. No. / Description (ES2000) List Price **\$95.69** F0-8966000

Bennett Marine Hydraulic Soft-Touch Control with Indication

Retail Box

- 3 features combined into a sophisticated display - soft-touch helm control, trim tab indicator and the auto tab retractor feature.
- Water resistant, highly accurate and features variable intensity LEDs for night or day.
- Kits Include:
 - EIC Display (EIC001)
 - 12V EIC Relay Module (EIC101)
 - Port and starboard upper hinge sensors
 - 20' EIC Cable (EIC201)
 - EIC Pigtail Pack (EIC401)
 - EIC Hardware Pack (EIC501)
- 12 volt.

Order No. **S/O** Mfg. No. / Description (EIC5000) Indicator Control Kit w/ Upper Hinge Sensors

Bennett Marine Hydraulic Power Unit

- A compact powerhouse that creates hydraulic pressure to lower and raise tabs.
- The solenoid valves lock tightly to secure the tabs in place.
- Translucent reservoir allows fluid check.
- Measures 4" x 7-1/2" x 5-1/2".
- 12 volt.

Order No. **253029** Mfg. No. / Description (V351HPU1) List Price **\$376.29** F0-0436200

Bennett Marine NMEA 2000 Indicator Kit

- See the position of your trim tabs on your NMEA2000-compatible multi-function display or gauge, GPS/chartplotter or sonar.
- Kits Include:
 - (1) White plastic clip (ATC9)
 - (6) Red butt connectors (THB6)
 - (1) NMEA1 Module (EP30)
 - (2) Upper hinges with coil (CC3003S Starboard - Green and CC3003P Port - Red)
 - (2) Sensor rods
- Controls not included

Marpac 2-Piece Hydrofoil

- Improve overall performance on boats with outboard or stern drives.
- Molded in two pieces, one bolting to either side of the cavitation plate.
- Improves stability and trim to keep bow down, while improving fuel economy.

Order No.	Description	List Price	
7-52620	2-Piece Hydrofoil	\$28.39	GO-2091000

SE Sport High Performance Hydrofoil

- Faster starts/cuts plane time in half.
- Blasts out of shallow water.
- Defeats cavitation and prop blow out.
- Stops propping.
- Curved shape for maximum thrust.
- Built-in tracking/stability control.
- Narrow profile. New molded in decal.
- Exclusive site gauge for a perfect fit.
- Made in the USA with a lifetime warranty.

2004275	(73435)	\$55.79	F0-5093000

StingRay Classic Hydrofoil

- Gets boats on plane quicker.
- Improves holeshots.
- Keeps boats on plane at lower speeds.
- Maximizes stabilization.
- Saves fuel.
- Reduces chinewalking, porpoising, cavitation and ventilation.

Order No.	Mfg. No.	Model	Color	HP Range	List Price	
408219	(SR-1)	SR	Black	40-300 HP	\$64.29	F0-0054000
2001306	(JR-1)	JR	Black	9.9-40 HP	\$55.69	F0-8983000

StingRay StarFire Hydrofoil

- Fits 40 HP and higher.
- The StarFire sports a swept back Delta-wing profile and has a unique, inverted trailing edge designed to relieve drag.
- Swept back wings help save fuel.
- No drill installation, only 2 set screws needed.
- Get up on plane in less than half the time it normally takes.

Order No.	Mfg. No. / Description	List Price	
408240	(STARFIRE-1) Black	\$92.19	F0-3546000

StingRay Stealth 2 Hydrofoil

- Best top-end speed in the industry.
- Best fuel efficiency in the industry.
- Worlds only dual angle of attack hydrofoil.
- Hidden NO-DRILL attachment.
- Exclusive fast-finish material provides lowest hydrodynamic drag.
- Faster hole shot than competition.
- Two-toned, upgraded styling.

Order No.	Mfg. No. / Description	List Price	
408230	(STEALTH 2-2) White	\$134.79	F0-5349000

StingRay XRIII Hydrofoil

- Designed with a radical new way to attach it, so that NO DRILLING OF HOLES is required!
- The wingtips curve down closer to the prop and are sculpted along the leading edges to decrease resistance, keeping the drag coefficient to a minimum.
- For outboards and most stern drives from 75 HP up to 300+ HP.

Order No.	Mfg. No. / Description	List Price	
408221	(SR-XRIII-1)	\$164.09	F0-6841100

Doel-Fin Hydrofoil Stabilizer by Davis Instruments

- Molded in two pieces of guaranteed unbreakable, high-strength plastic, each foil is designed to flex independently to absorb shock.
- The positive effects include greater stability, consistent planing at lower RPM, faster out-of-the-hole performance, better gas mileage, steadier turns, higher top-end speeds and lower bow rise at all speeds.
- Designed for use with small motors, big motors and inflatable dinghies.
- Sold in sets of left and right fins.

Order No. Mfg. No. / Description List Price
322017 (440) Black **\$35.59** FO-1942000

Skeg Depot Replacement Skegs

- Manufactured to truly match the original size and shape.
- Polished to a smooth finish ready to prime and paint.
- The strongest and most labor and time saving "Replacement" skegs available.

Marpac Universal Motor Flusher - Round Cup

- Fits most engines with side water inlets.
- Installs easily - No tools needed.
- Flush away sand, silt, salt and alkali to prevent clogging and corrosion to extend engine life.

Order No.	Description	List Price	
7-0576	Motor Flusher - Round Cup	\$4.39	GO-4920000
7-0576S	Display Box of 24 Motor Flushers	\$100.39	GO-6276000

Marpac Dual Water Feed Motor Flusher

- Flush sand, silt and saltwater.
- Ideal for larger horsepower engines.
- Rectangular inlet cups create a better seal.
- For use with all lower units that have side water inlets.

Order No.	Description	List Price	
7-0573	Dual Water Feed Motor Flusher	\$16.89	GO-2311000

Perko Flush Pro™ Engine Flushing Systems

- Freshwater flushing of your inboard is as simple as connecting a garden hose.
- Clear polymer. Stainless steel spring.
- Transparent body allows for visual inspection of water flow.
- Durable check valve system activated by water pressure from a garden hose.
- Check valve automatically shuts off hull intake when water pressure is applied.

Order No.	Mfg. No. / Description	List Price	
539467	(0456 DP6) For Hose Size: 1"	\$121.79	GO-0618000
539481	(0456 DP7) For Hose Size: 1-1/4"	\$118.49	GO-9397000

Marpac Universal Motor Flusher - Rectangular Cup

- Fits most engines with side water inlets.
- Installs easily - No tools needed.
- Flush away sand, silt, salt and alkali to prevent clogging and corrosion to extend engine life.

Order No.	Description	List Price	
7-0574	Motor Flusher - Rectangular Cup	\$4.69	GO-4130000
7-0574S	Display Box of 24 Motor Flushers	\$106.29	GO-1217000

Marpac Inboard Engine Flusher - Adjustable Length

- Installs easily without tools.
- Helps extend engine life.
- Flushes away sand, silt, salt and alkali.
- Adjusts from 18" to 30" with just a twist.
- Check, tune and flush your inboard engine anywhere on dry land.
- For use on gas or diesel inboard engines with thru-hull water intakes.

Order No.	Description	List Price	
7-0579	Inboard Engine Flusher - Adjustable Length	\$12.69	GO-0580000

T-H Marine Quick Flush™ Outboard Flush Fittings

- Makes flushing outboard quick and easy.
- Unique patented slide valve replaces outboard flushing port plug.
- O-ring seal closes off port when operating engine.
- Quick connect on hose snaps onto valve for flushing.
- No plug to remove and no difficult turning of hose into port.
- Kit includes: Slide valve, hose quick connector and washer.

Order No.	Mfg. No. / Description	List Price

Shieldsflex II Marine Water/Exhaust Hose with Wire - Hardwall

- Has a black synthetic rubber tube and cover.
- It is reinforced with wire helix imbedded between plies of HD synthetic cord.
- This hose is abrasion and odor permeation resistant.
- It now has double the ozone resistance required by the SAE J2006.
- Shieldsflex II is primarily used for engine intake, wet exhaust connections (use where bends or long lengths are required), bilge pump intake/discharge, scupper lines, toilet intake/discharge, and holding tank vent/pump out.
- The temperature ranges from -20° F – +200° F continuous, +250° F intermittent.
- The hose meets SAE J2006 Type R2 standards.
- Bend Radius = 5 x I.D.

LENGTH 6-1/4'

Order No.	Mfg. No. / Description	List Price
7722257	(116-250-3121) 3-1/2" ID 4" OD	\$346.40 Z0-2269000

MPI Products Series 252 Certified Wet Exhaust Hose - Hardwall

- Our premium corrugated wet exhaust marine hose is certified for wet exhaust service.
- Offers the same features as our premium softwall (Series 200) and hardwall (Series 250) exhaust hose.
- In addition, the corrugated construction with double wire helix embedded between two rayon spiral cords provides excellent strength and flexibility.
- Color coded with a blue stripe.
- Meets or exceeds SAE J2006 R2 standard, and has double the ozone resistance required by the SAE J2006 standard.
- Is formulated for maximum resistance to heat, weather, UV and ozone resistance.
- Temperature range is -20° F to 220° F (29° C to 100° C).

LENGTH 12-1/2'

Centek Marine Vernalift™ Mufflers - Side In

- The Vernalift muffler was originally designed for small auxiliary propulsion engines installed near or below the water line in sailboats.
- In the early 70's the quieting capabilities of lift mufflers were recognized.
- The Vernalift family expanded to include new and larger engines.
- Application: Inboards, Sailboats and Generators.
- Fuel type: Gas/Diesel.
- Waterline: Above or below.
- Sound rating: Better.

380167	(20003)	\$73.19	FO-3215000

MMX Fabrication Stainless Steel Crush Sleeve

- Extends life of fiberglass components.
- Prevents nuisance salt and soot leaks from overtightening clamps.
- 316L stainless steel .065".
- Repair damaged fiberglass tubing hose ends.
- Flared one end to hold sleeve at edge of tubing.
- Sized for 1/8" - 3/16" wall fiberglass tubing.
- 3" long to allow for double clamping.

Basic Propeller Information

PROPELLER BASICS:

This information is critical to determining the correct propeller for your application:

3 OR 4 BLADES?

A 3-blade propeller usually offers top speed performance while a 4-blade propeller provides a maximum thrust and smooth cruising operation.

DIAMETER:

Diameter is the distance across a circle encompassing all of the propeller blades. (See Original Equipment Considerations item 2 below).

PITCH:

Pitch is the theoretical distance a propeller will move through the water for each revolution (i.e. a 21" pitch propeller should move a boat forward 21" for each revolution, assuming there is no slippage).

ORIGINAL EQUIPMENT CONSIDERATIONS:

1. Determine the year, brand, model and horsepower of your motor.
2. Calculate the diameter of the OEM propeller by measuring from the center of the shaft hole to the tip of a blade x 2 (Example: a measurement of 7-1/4" - a diameter of 14-1/2").
3. Is the type of material aluminum or stainless steel?

RIGHT HAND OR LEFT HAND ROTATION?

In most cases, right hand propellers are used for single engine applications and one left hand propeller is used for twin engine applications to achieve better steering control.

CUPPED BLADES:

This is a technique used to enhance the performance of propellers under certain conditions. A cupped propeller will exhibit very high efficiency at high speeds as well as minimize cavitation under heavy loads.

RAKE:

Rake is a special design feature. Positive rake benefits from normal bow lift to permit the use of a larger diameter propeller, while negative rake can provide extra blade strength for use in very high speed applications.

PERFORMANCE CONSIDERATIONS:

1. Type of boat (cruiser, ski, runabout, bass, pontoon)?
2. Prop on boat now (brand, model, diameter, pitch, cupping)?
3. Engine RPM at wide open throttle (WOT)?
4. Speed of boat over water at WOT?
5. Normal operating altitude (motors lose 3% of power per 1000 ft.)?

LEXOR STAINLESS STEEL PROPELLER

LEXOR
PROPELLER

- Large diameter and blade area for big boats.
- Great high speed and midrange performance.
- Excellent fuel economy for offshore boats.

HR TITAN 3 STAINLESS STEEL PROPELLER

HR TITAN 3
PROP

- Performance prop for high speed planning hulls.
- High rake blade design provides excellent bow lift.
- Excellent acceleration and top speed.
- Cupped blade design increases bite and reduces slip.

HR TITAN 4 STAINLESS STEEL PROPELLER

HR TITAN 4
PROP

- Great stern lift and acceleration.
- High rake and cupped blade design.
- Powerful thrust and very smooth performance.
- Increased speed and economy in the midrange.

SATURN STAINLESS STEEL PROPELLER

SATURN
PROP

Saturn
Stainless Steel
Propellers

- All-around general purpose performance.
- A more durable and cost effective replacement for aluminum.

Solas Aluminum Fixed Hub Propellers

SOLAS
Where Speed Begins

AMITA 3 ALUMINUM PROPELLER

- Exclusive squeeze cast process.
- Stronger blades with better performance.
- Outstanding acceleration and top speed.

AMITA 3-C/3-E PLUS ALUMINUM PROPELLER

- Exclusive squeeze cast process.
- Stronger blades with better performance.
- Larger blades than the Amita 3 series for superior thrust.
- Suitable for heavy boats.

AMITA 4 ALUMINUM PROPELLER

- Exclusive squeeze cast process.
- Stronger blades with better performance.
- Great acceleration and midrange performance.
- Great stern lift and handling.

SOLAS Propeller Accessories Installation Instructions

MERCURY INSTALLATION

It is very important to refer to your Engine's Owner Manual for important safety precautions when installing the propeller. Use the original propeller hardware thrust washer, spacer, locking tab, nut, and cotter pin depending on engine/drive manufacturer. This is a Mercury installation instruction.

1. Put the **Thrust Washer** on propeller shaft, just as it came off. The taper on the **Thrust Washer** should mate properly with the taper on the propeller shaft.
2. **Grease the propeller shaft.**
3. Slide the propeller assembly onto the propeller shaft.
4. Install **Spacer** if required. Consult your engine/drive manual.
5. Install the **Tab Washer** if required. Consult your engine/drive manual.
6. Make sure the shaft splines are engaged with spines in space.
7. Install the **Shaft Nut**. Consult your engine/drive manual for proper torque.
8. Secure nut by bending tabs on the **Tab Washer** to engage slots in **Spacer**.

BRP, YAM, SUZ, TOH, HON, VOL AND YANMAR INSTALLATION

It is very important to refer to your Engine's Owner Manual for important safety precautions when installing the propeller. Use the original propeller hardware thrust washer, spacer, locking tab, nut, and cotter pin depending on engine/drive manufacturer. This is a BRP, Yamaha, Suzuki, Tohatsu, Honda, Volvo and Yanmar installation instruction.

1. Put the **Thrust Washer** on propeller shaft, just as it came off. The taper on the **Thrust Washer** should mate properly with the taper on the propeller shaft.
2. Grease the propeller shaft.
3. Slide the propeller assembly onto the propeller shaft.
4. Install **Spacer** if required. Consult your engine/drive manual.
5. Install the **Washer** if required. Consult your engine/drive manual.
6. Install the **Shaft Nut**. Consult your engine/drive manual for proper torque.
8. Install the **Cotter Pin** if required. Consult your engine/drive manual.

Warning: Always shift engine into the neutral position. Remove spark plug leads and ignition coil lead when you are servicing the propeller.

Solas Stainless Steel Ski Propellers

- Designed with a revolutionary new foil section.
- Can handle very wide range of loading variation and heavy maneuvering conditions.
- Stainless steel propeller offers excellent corrosion resistant capability.
- Much more durable than the traditional bronze propeller.

3 BLADE - LEFT HAND

Rubber Hubs

Propellers

- An advanced series of rubber bushings with a strong and durable rubber compound.
- With the required equipment the rubber hubs are designed to install simply by pressing them into the hub with minimal of effort.
- However, they still offer excellent gripping force to keep the propeller from slipping.

Solas Rubex Interchangeable Hub Propellers

PRO L3 STAINLESS STEEL PROPELLER

- More aggressive camber design and cupping.
- Longer barrel and equipped with SAV (Solas Adjustable Vent).
- Lab finished for higher horsepower engines.
- Available in E Series.
- Ideal for Offshore, Flats and Bass Boats.

PRO L4 STAINLESS STEEL PROPELLER

- More aggressive camber design and cupping.
- Longer barrel and equipped with SAV (Solas Adjustable Vent).
- Lab finished for higher horsepower engines.
- Available in E Series.
- Ideal for Offshore, Flats and Bass Boats.

HYDRO STAINLESS STEEL PROPELLER

- For 115 HP - 250 HP engines.
- Smaller blade area.
- Excellent replacement for Yamaha Reliance.
- Available in E Series.
- Ideal for Bass, Flats, Bay, Walleye & Aluminum Boats.

RUBEX NS3 STAINLESS STEEL PROPELLER

RUBEX NS3

- All around performance.
- Large ear blade design.
- Available in C, D and E Series.
- Ideal for Aluminum, Runabouts, Pontoons & Work Boats.

RUBEX C4 STAINLESS STEEL PROPELLER

RUBEX C4

- All around performance.
- Great acceleration and performance.
- Increases stern lift.
- Available in C Series.
- Ideal for Inflatable, Aluminum & Runabout Boats.

RUBEX HR3 STAINLESS STEEL PROPELLER

RUBEX HR3

- Performance prop for high speed planing hulls.
- High rake blade design provides excellent bow lift.
- Available in E Series.
- Ideal for Ski, Offshore and Family Cruisers.

RUBEX HR4 STAINLESS STEEL PROPELLER

RUBEX HR4

- High rake and cupped blade design.
- Powerful thrust and smooth performance.
- Increased speed and mid-range economy.
- Available in D and E Series.
- Ideal for Bass, Flats, Walleye, Deck, Ski & Pontoon Boats.

RUBEX L3 STAINLESS STEEL PROPELLER

RUBEX L3

- Large diameter and blade area for big boats.
- Excellent high speed and mid-range performance.
- Increased fuel economy for offshore boats.
- Available in E Series.
- Ideal for Bay, Offshore, Sportboat, Pontoon & Houseboats.

RUBEX S3 STAINLESS STEEL PROPELLER

RUBEX S3

- High rake design for increased bow lift.
- Extra cupping suitable for high engine mounting.
- Cut down blade reduces drag.
- Available in E Series.
- Ideal for Bass and Bay Boats

Solas Rubex Interchangeable Hub Propellers

RUBEX L4 STAINLESS STEEL PROPELLER

RUBEX L4

- High rake and cupped blade design.
- Excellent stern lift and acceleration.
- Bravo I propeller replacement.
- Available in E Series.
- Ideal for Bay, Ski, Runabouts & Cruiser Boats.

RUBEX L3 PLUS STAINLESS STEEL PROPELLER

RUBEX L3 Plus

- Large diameter and blade area.
- Excellent fuel economy.
- Larger diameter than the L3 & more aggressive blades.
- Available in E Series.
- Ideal for Bay, Bass, Flats & Walleye Boats

RUBEX 3 ALUMINUM PROPELLER

RUBEX 3

- Exclusive squeeze cast process.
- Stronger blades with better performance.
- Outstanding acceleration and top speed.

RUBEX 4 ALUMINUM PROPELLER

RUBEX 4

- Exclusive squeeze cast process.
- Stronger blades with better performance.
- Great acceleration and mid-range performance.
- Great stern lift and handling.

RUBEX 3 PLUS ALUMINUM PROPELLER

RUBEX 3 Plus

- Exclusive squeeze cast process.
- Stronger blades with better performance.
- Outstanding acceleration and top speed.
- Larger diameter for the Suzuki DF70-140, 15 tooth.

iPOP ALUMINUM PROPELLER

iPOP

- Exclusive squeeze cast process.
- High performance double cupped blades.
- Improved acceleration and top speed.
- Better holding power and fuel economy.

Prop Guards

- The Prop Guard is a two piece plastic injection molded cage that will completely cover the propeller.
- It is attached by a specially designed clamp system and bolts.
- The Prop Guard's two halves are attached like a clam shell to the cavitation plate and the skeg of any outboard or stern drive motor.

ENPAC

Fully built replacement engine with multiple option possibilities to match most Mercruiser, Volvo and OMC stern drive applications. Ideal replacement upgrade for old engines with outdated technology and weak horsepower. Offered with Delphi fuel injections, fresh water cooling, and power steering from the 3.0 Liter to 7.4 Liter engines.

SPORTPAC

Complete inboard engine configured for use with ZF and Velvet Drive marine transmissions. Perfect for repowering the weekend cruiser or wake and ski boats. Offered with Delphi fuel injection and fresh water cooling from the 3.0 Liter to 7.4 Liter engines. Includes remote oil filters for service convenience plus top mount starters for better serviceability. 4.3/262ci model does not include top mount starter or remote oil system.

BASE

New and complete GM long block engine from oil pan through valve covers; easily configurable for replacement of stern drive or inboard engines.

PARRPAC

Save valuable rebuild and setup time with this ideal power-packed replacement for older pre-Vortec engines. Includes complete service base engine, carburetor, fuel line, electric fuel pump, cast iron intake manifold, electronic distributor, high-performance coil and ignition wire set.

Marine Power 5.7L Longblock Base Engine

POWERED by

- This is a NEW GM Vortec Marine Base Engine.
- This 5.7L marine engine is built strictly for marine use on GM production lines.
- Features:

- Vortec Engine with High Flow Cylinder Heads
- Circulating Water Pump
- Harmonic Balancer
- Plastisol Coated Oil Pan for Protection Against Saltwater Corrosion
- Valve Covers
- Spark Plugs for Fuel Injection.
- 14" Flywheel for Rear Mount or Bottom Mount Starter

* Dealer must verify that flywheel is correct before installation.
 ** Set timing to 8° before top dead center. No more than 26° total.

Marine Power 3.0L Enpac Sterndrive Engine

POWERED by

- This is a NEW 3.0L complete sterndrive package.
- This 3.0L complete sterndrive package is ideal for replacing most Mercruiser, Marine Power and OMC 3.0L Marine Engines.

- Features:
- New 3.0L New Marine Base Engine
- Mercruiser Style Cast Iron Exhaust Manifold and Riser
- Carburetor
- No Raw Water Pump
- Mechanical Fuel Pump
- Fuel Lines
- Ignition Wires
- Alternator
- High Torque Bottom Mount Starter
- Brass Fittings
- Fuel Water Separator
- Flame Arrestor
- Single Sender Package
- Engine Wiring Harness - Ten Pin Plug
- Superior Corrosion Resistant Urethane Paint

Marine Power 5.7L Parpac Engine

POWERED by

- This is a NEW 5.7L partial engine package built using a GM Vortec Marine Base Engine.
- Features:

- New 5.7L GM Vortec Complete Marine Base Engine
- Cast Iron Intake Manifold
- Edelbrock 600CFM Carburetor
- Electric Fuel Pump
- Ignition System
- Dipstick and Tube

* Dealer must verify that flywheel is correct before installation.
 ** Set timing to 8° before top dead center. No more than 26° total.

Marine Power 5.3L Direct Injected Enpac Sterndrive Engine

POWERED by

- This is a NEW 5.3 LS V8 complete sterndrive package.
- 355 HP.
- This 5.3L complete sterndrive package is ideal for replacing most 5.7L Sterndrive Marine Engines.

- Features:
- New 5.3L GM Marine Base Engine
- Delphi MEFI 7 Direct Fuel Injection
- Electronic Fuel Pump & Fuel Lines
- Complete Ignition System
- 14" Flywheel
- High Torque Bottom Mount Starter
- Throttle Bracket Clip and Quick Connect Ball Joint
- 115 amp Alternator
- Flame Arrestor
- Weather Cover
- Fuel Water Separator
- Single Sender Package
- EZ Oil Drain
- All Pulleys
- Hoses and Belts
- Single Remote Oil Filter Set Up
- Includes Power Steering
- Corrosion Resistant Black Urethane Paint
- Bravo Coupler Available at additional Cost

Marine Power 5.7L Fuel Injected Enpac Sterndrive Engine

POWERED by EM

- This is a NEW 5.7L complete sterndrive package.
- This 5.7L complete sterndrive package is ideal for replacing most 1991 and earlier Volvo Penta 5.0L and 5.7L Engines.
- Half System Fresh Water Cooling is available.
- Features:
 - New 5.7L GM Marine Base Engine
 - Delphi MEFI 6 Fuel Injection
 - Power Steering
 - Volvo Penta Early Style Manifolds and Risers
 - Complete Ignition System
 - 95 amp Alternator
 - Weather Cover
 - Single Sender Package
 - Throttle Bracket, Clip and Quick Connect Ball Joint
 - Remote Oil Filter
 - 12-3/4" Sterndrive Flywheel and Damper Plate
 - Corrosion Resistant Black Urethane Paint
 - Cast Iron Intake Manifold
 - No Raw Water Pump
 - Electronic Fuel Pump & Fuel Lines
 - High Torque Bottom Mount Starter
 - Flame Arrestor
 - Fuel Water Separator
 - EZ Oil Drain

Marine Power 5.7L Carbureted Enpac Sterndrive Engine

POWERED by

- This is a NEW 5.7L complete sterndrive package.
- This 5.7L complete sterndrive package is ideal for replacing most 1991 and earlier Volvo Penta 5.0L and 5.7L Engines.
- Half System Fresh Water Cooling is available.
- Features:
 - New 5.7L GM Marine Base Engine
 - Edelbrock 600CFM Carburetor
 - Power Steering
 - Volvo Penta Late Style Center Rise Manifolds and Risers
 - Complete Ignition System
 - 95 amp Alternator
 - Weather Cover
 - Single Sender Package
 - Throttle Bracket, Clip and Quick Connect Ball Joint
 - Remote Oil Filter
 - Coupler and Bellhousing not included
 - Corrosion Resistant Black Urethane Paint
- Cast Iron Intake Manifold
- No Raw Water Pump
- Electronic Fuel Pump & Fuel Lines
- High Torque Bottom Mount Starter
- Flame Arrestor
- Fuel Water Separator
- EZ Oil Drain
- 14" Sterndrive Flywheel

Marine Power 3.0L Carbureted Sportpac Inboard Engine

POWERED by

- This is a NEW 3.0L complete inboard package.
- This 3.0L complete inboard package is ideal for replacing most 3.0L inboard marine engines.
- Fresh Water Cooling is available.
- Features:
 - New 3.0L GM Marine Base Engine
 - Bellhousing and Dampler Plate
 - Mercruiser Style Cast Iron Exhaust Manifolds
 - Carburetor, Electric Fuel Pump
 - Ignition Wires
 - High Torque Top Mount Starter
 - Brass Fittings
 - Flame Arrestor
 - Superior Corrosion Resistant Urethane Paint
- Fuel Lines
- Alternator
- Engine Wiring Harness - Ten Pin Plug
- Fuel Water Separator
- Single Sender Package

Marine Power 5.3L Direct Injected Sportpac Inboard Engine

POWERED by

- This is a NEW 5.3 LS V8 complete inboard package.
- 355 HP.
- This 5.3L complete inboard package is ideal for replacing most 5.7L Inboard Marine Engines.
- Features:
 - New 5.3L GM Marine Base Engine
 - Electronic Fuel Pump & Fuel Lines
 - 14" Inboard Flywheel
 - Throttle Bracket, Clip and Quick Connect Ball Joint
 - 115 amp Alternator
 - Fuel Water Separator
 - EZ Oil Drain
 - Single Remote Oil Filter Set Up
 - Bellhousing and Dampler Plate
 - Corrosion Resistant Black Urethane Paint
- Delphi MEFI 7 Direct Injection
- Complete Ignition System
- 14" Top Mount Starter
- Flame Arrestor

Marine Power 6.2L Enpac and Sportpac Engines

POWERED by EM

- This is a NEW 6.2L complete engine package.
- Great replacement for big blocks.
- Has standard GM Bolt Pattern.
- Available in: Inboard and Sterndrive.
- Closed Cooling System.
- Manifold and Risers are Raw Cooled.
- All aluminum engine: 450 HP.
- All Supercharged aluminum engine: 550 HP.
- Available Power Steering for Enpac.
- Available with Catalytic Convertor for new Boat Builders.

ENPAC STERDRIVE ENGINES

Order No.	Mfg. No.	Description	List Price

Marine Power 6.2L Fuel Injected Enpac Sterndrive Engine

POWERED by EM

- This is a NEW 6.2 LS complete sterndrive package.
- This 6.2L complete sterndrive package is ideal for replacing most 5.7L and 7.4L Sterndrive Marine Engines.
- Bravo Coupler Available at additional cost.
- Features:
 - New 6.2L GM Marine Base Engine
 - Delphi MEFI 7 Direct Fuel Injection
 - Electronic Fuel Pump & Fuel Lines
 - Throttle Bracket, Clip and Quick Connect Ball Joint
 - 14" Bottom Mount Starter
 - 115 amp Alternator
 - Fuel Water Separator
 - EZ Oil Drain
 - Corrosion Resistant Black Urethane Paint
- Complete Ignition System
- Includes Power Steering
- Flame Arrestor
- Single Sender Package
- Single Remote Oil Filter Set Up

Marine Power 6.2L LSA Supercharged Airpac Engine - 550 HP

POWERED by EM

- This is a NEW 6.2L Complete Supercharged Airboat Engine Package.
- Consider this your go-to small block engine.
- MEFI-6 advanced engine controller capable of meeting all emissions, OBD-M and driveability requirements of marine application.
- High efficiency, low noise frontdrive supercharger assembly with throttle inlet adapter.
- Block-mounted oil squirters for piston cooling.
- Closed Cooling System.
- 103.25mm bore block with structural improvements and nodular iron bearing caps.
- 550 HP Supercharged All Aluminum Engine.
- EPA Certified.

Marine Power 6.2L Direct Injected LT4 Supercharged Airpac Engine - 620 HP

POWERED by EM

- This is a NEW 6.2L Complete Supercharged LT4 Airboat Engine Package.
- 620 HP Direct Injected Supercharged engine designed and calibrated specifically for airboat applications.
- MEFI-7 advanced engine controller capable of meeting all emissions, OBD-M and driveability requirements of marine application.
- EPA and CARB Certified
- Forged Pistons and Crankshaft.
- Hydraulic Roller Camshaft.
- 1.7L Eaton R1740 TVS Supercharger.
- Direct Injected for maximum fuel efficiency.

Marpac Universal Motor Flusher - Round Cup

- Fits most engines with side water inlets.
- Installs easily - No tools needed.
- Flush away sand, silt, salt and alkali to prevent clogging and corrosion to extend engine life.

Order No.	Description	List Price	
7-0576	Motor Flusher - Round Cup	\$4.39	GO-4920000
7-0576S	Display Box of 24 Motor Flushers	\$100.39	GO-6276000

Marpac Dual Water Feed Motor Flusher

- Flush sand, silt and saltwater.
- Ideal for larger horsepower engines.
- Rectangular inlet cups create a better seal.
- For use with all lower units that have side water inlets.

Order No.	Description	List Price	
7-0573	Dual Water Feed Motor Flusher	\$16.89	GO-2311000

Perko Flush Pro™ Engine Flushing Systems

- Freshwater flushing of your inboard is as simple as connecting a garden hose.
- Clear polymer. Stainless steel spring.
- Transparent body allows for visual inspection of water flow.
- Durable check valve system activated by water pressure from a garden hose.
- Check valve automatically shuts off hull intake when water pressure is applied.

Order No.	Mfg. No. / Description	List Price	
539467	(0456 DP6) For Hose Size: 1"	\$121.79	GO-0618000
539481	(0456 DP7) For Hose Size: 1-1/4"	\$118.49	GO-9397000

Marpac Universal Motor Flusher - Rectangular Cup

- Fits most engines with side water inlets.
- Installs easily - No tools needed.
- Flush away sand, silt, salt and alkali to prevent clogging and corrosion to extend engine life.

Order No.	Description	List Price	
7-0574	Motor Flusher - Rectangular Cup	\$4.69	GO-4130000
7-0574S	Display Box of 24 Motor Flushers	\$106.29	GO-1217000

Marpac Inboard Engine Flusher - Adjustable Length

- Installs easily without tools.
- Helps extend engine life.
- Flushes away sand, silt, salt and alkali.
- Adjusts from 18" to 30" with just a twist.
- Check, tune and flush your inboard engine anywhere on dry land.
- For use on gas or diesel inboard engines with thru-hull water intakes.

Order No.	Description	List Price	
7-0579	Inboard Engine Flusher - Adjustable Length	\$12.69	GO-0580000

T-H Marine Quick Flush™ Outboard Flush Fittings

- Makes flushing outboard quick and easy.
- Unique patented slide valve replaces outboard flushing port plug.
- O-ring seal closes off port when operating engine.
- Quick connect on hose snaps onto valve for flushing.
- No plug to remove and no difficult turning of hose into port.
- Kit includes: Slide valve, hose quick connector and washer.

Star Brite Power Trim and Tilt Fluid

- Exceeds OEM warranty requirements.
- Formulated to provide consistent (no-fade) performance in all marine trim and tilt applications.
- Anti-foam, anti-wear, anti-oxidation and advanced stabilizing additives assure optimum performance in hydraulic trim tabs, power tilt and power steering systems.
- Enhanced to protect seals, hoses and other components from drying, cracking or corroding.

Order No.	Mfg. No. / Description	List Price
451910	(28510) 10 fl. oz. Tube	\$6.89 GO-2640000
451912	(28532) 32 fl. oz. (Quart)	\$9.39 GO-9260000

Sierra Power Trim and Steering Fluid

- Ideal for "Fade Free" operation of marine power trim and steering systems.
- Contains seal and component protection additives.

Order No.	Mfg. No. / Description	List Price
1897512	(18-9751-2) 32 fl. oz. (Quart)	\$10.49 ZO-9950000

Sierra Premium Blend 4 Stroke Engine Oil - SAE 10W-30

- Excellent anti-wear characteristics.
- Reduces friction.
- Formulated to offer maximum corrosion protection.
- Reduces sludge keeps engine cleaner for better efficiency.
- Low temperature viscosity offers better cold starting.
- Meets and exceeds quality performance API SJ, CF-2, CH-4, NMMA FC-W Certified

Order No.	Mfg. No. / Description	List Price
1894202	(18-9420-2) 32 fl. oz. (Quart)	\$8.99 ZO-2450000

189498	(18-9498) Includes: One Case of Quart Bottles	\$297.99 ZO-9787100

Sierra Power Trim and Tilt Fluid

- Formulated for high operating pressure.
- Anti-foam additives assures uniform flow with reduced air contamination in hydraulic systems.
- Designed for heavy duty use at high operating pressures in applications subject to varied temperature ranges.
- Provides proper lubrication and corrosion protection for internal hydraulic components.

Order No.	Mfg. No. / Description	List Price
189750	(18-9750-0) 10 fl. oz. Tube	\$5.74 ZO-4430000

Sierra Full Synthetic 4 Stroke Engine Oil - SAE 10W-30

- Formulated specifically for 4 stroke outboard and sterndrive engine technology.
- A special blend of synthetic base oil and a balanced additive system that exceeds the FC-W requirements for marine engine oils.
- Recommended for use in both outboard and sterndrive applications.
- Offers faster lubrication at start up in low temperatures, excellent protection at high temperatures, and greater resistance to oxidation for lower oil consumption.

Order No.	Mfg. No. / Description	List Price
1896902	(18-9690-2) 32 fl. oz. (Quart)	\$15.49 ZO-0290000

Star Brite Pro Star Super Premium Synthetic Blend 4 Stroke Oil - 10W 30

- Designed for 4 stroke high performance outboards, gasoline inboards and sterndrives.
- Surpasses API requirement for SJ, CF-4 and CH-4.
- Certified under NMMA's new FC-W category.
- Additive package optimizes engine cleanliness, prevents sludge build up.
- Synthetic/organic blend assures excellent low-temperature properties for quicker starts.
- Provides maximum protection in severe, high RPM applications.

Order No.	Mfg. No. / Description	List Price
451888	(28132) 32 fl. oz. (Quart)	\$9.59 GO-3460000

SPECIAL HANDLING MAY APPLY

Sierra Catalyst Engine Oil - 10W-30

- Our NMMA FC-W Catalyst Compatible Engine Oils have been specifically designed to meet the unique requirements of modern 4-stroke recreational engines with or without emission catalyst systems.
- Approved for all 4-stroke applications including outboard, sterndrive and inboard.
- Exceeds all 4-stroke requirements including FC-W and FC-W Cat Compatible.
- Provides superior corrosion protection under extreme conditions.
- Industry leading wear protection and deposit control.
- Capitalizing on "ZDDP" anti-wear additive technology to prevent phosphorus depletion and extend the emission catalyst life.

Sierra Premium Blend 4 Stroke Engine Oil - SAE 25W-40

- Formulated to provide excellent lubrication and corrosion protection.
- Stern drive and inboard engines operate under high load and running stresses.
- Developed for the marine environment and will out perform standard 4-cycle automotive engine oils.
- Meets or exceeds quality performance API SJ, CF-4, CH-4. NMMA FC-W Certified.
- Recommended for use in Mercruiser and OMC.

Order No.	Mfg. No. / Description	List Price
1894004	(18-9400-4) 5 Quart	\$41.49 Z0-5542000

Sierra Synthetic Blend Engine Oil - 25W-40

- Superior corrosion protection.
- Outstanding friction reduction and wear protection.
- Removes thermal breakdown under high RPM's, extreme temperature and loads.
- Extensively tested for outstanding performance.
- NMMA FC-W Certified/API-SL.

189400CAT7	(18-9400CAT-7) 55 Gallon	\$3,742.65	Z0-9960820

Sierra Synthetic Catalyst Engine Oil - 25W-40

- A special blend specifically designed to meet the unique requirements of modern 4-stroke recreational engines with or without emission catalyst systems.
- Minimizes corrosion that is formed inside the engine.
- Displays enhanced detergent and dispersants properties to suspend and prevent engine sludge formation.
- Industry leading wear protection and deposit control.
- Prevents excessive thinning under extreme performance operations.
- Capitalizing on "ZDDP" anti-wear additive technology to prevent phosphorus depletion and extend the emission catalyst life.

Order No.	Mfg. No. / Description	List Price

Rotella T6 Full Synthetic Heavy Duty Engine Oil - 15W-40

- Provides better cold cranking properties and low temperature pumpability at -15° C.
- Suitable for virtually all modern low-emission heavy duty engines and older hard working diesel engines.
- Provides strong oxidation resistance in the new Volvo T-13 test, controlling harmful acid build up and easily exceeding the API CK-4 limits for oxidation and viscosity increase.

Order No.	Mfg. No. / Description	List Price	
980445	(550050467) Gallon	\$37.09	H0-5222000

Shell Rotella® T4 Engine Oil - 15W-40

- Conventional heavy duty diesel engine oil compatible with most vehicles.
- Industry-tested for up to 50% less engine wear.
- Enhanced engine cleanliness and viscosity control.
- Designed to control piston deposits in late model engines.
- Conventional motor oil compatible with most vehicles.

Evinrude/Johnson Ultra 4-Stroke Engine Oil - 5W-40

- Ultra Viscosity Stability: Resists viscosity and thermal breakdown.
- Ultra Sludge Protection: Engines stay cleaner and run more efficiently.
- Ultra Friction Reducing Properties: Improve fuel economy and power.
- Ultra Film Strength and Additive Package: Reduces wear and offers superior corrosion protection.

Order No.	Mfg. No. / Description	List Price
E764365	(779434) 32 fl. oz. (Quart)	\$9.19 F0-3460000

Evinrude Cobra® 4-Cycle Engine Oil - SAE 30

- Cobra oil is a high viscosity lubricant designed for high performance stern drives.
- Handles the newest API service ratings of SG and CD.
- Meets or exceeds GM-6094-M, Ford ESE-MCC 153-E, API service SE-SF-SG-CC-CD.
- Acceptable for any diesel engine which requires a 30 weight oil.

Order No.	Mfg. No. / Description	List Price
B775596	(775596) Gallon	\$23.19 F0-3261000

Sierra Full Synthetic Engine Oil - SAE 30

- Recommended for gasoline and diesel inboard and sterndrive engines.
- Superior engine protection during startups, operation and storage.
- Reduces friction and wear for extended engine life.
- Longer lubrication effectiveness than mineral oils.
- Reduces oil consumption and improves fuel economy.
- API-CF/SL.

Evinrude XD100™ Engine Oil

- XD100 synthetic formula oil provides uncompromising lubrication and superior performance - even in extreme conditions.
- XD100 oil is a premium formulation with synthetic additives that delivers ultimate performance while providing the opportunity to reduce oil consumption.
- Uncompromised lubrication XD100 is specifically formulated for Evinrude E-TEC, Evinrude direct or oil injection outboards.
- Ultimate lubricity for reduced friction and wear.
- Maximum detergency for reduced combustion deposits.
- Smokeless, odorless, and ashless.

Sierra 2 Cycle Engine Oil - TC-W3

- Ideal for oil injection systems or pre-mix applications.
- Significantly reduced aquatic toxicity to fish compared to other outboard oils on the market today.
- Reduces ring sticking, deposit formation and exhaust port blockage.
- Less friction allowing for easier starting.
- Formulated to improve performance and extend engine life by reducing wear on critical engine components.
- Excellent performance with lower quality fuels.
- Exceeds the industry standards established in 1997.

PREMIUM BLEND TC-W3

Star Brite Super Premium 2 Cycle Engine Oil - TC-W3

- Synthetic Super Premium TC-W3.
- Meets or exceeds manufacturers' specifications - will not void engine warranty.
- NMMA approved-meets or exceeds their stringent TC-W3 requirements.
- Exceeds performance specifications for FICHT, Optimax and HPDI engines.
- Environmentally friendly, reduces emissions.
- High-detergent formula removes deposits from fuel delivery system.
- For use in oil injection, 2 cycle and pre-mix engines.
- Super premium additive package makes this oil one of the cleanest burning, smoothest running, best lubricating TC-W3 oils you can buy.
- For use in Yamaha, Suzuki, Evinrude, Mercury, Johnson, Sea-Doo, Polaris, Jet Ski and any other outboard.

Sierra Oil Extractor

- For quick, easy and clean oil changes
- Large 8.8 Liter (2.3 Gallon) capacity not only can extract fluids, but is capable of dispensing too!
- Simply move the bi-directional valve and this unit will create a vacuum or move the valve the other direction and it creates pressure to dispense the fluid.
- Built-in shut-off valve to prevent overfilling.
- Comes complete with 5 feet of flexible hose and two rigid dipstick tubes.

Order No.	Mfg. No. / Description	List Price	
185220	(18-5220-4)	\$287.55	Z0-3527100

Sierra Fluid Dispenser/ Extractor

- For removing/dispensing fluid in difficult to reach areas.
- No-drip cap.
- Capacity 7 oz.
- 7-1/2" flexible tube.

Order No.	Mfg. No. / Description	List Price	
1852206	(18-52206)	\$59.68	Z0-1853000

Marpac Universal Hand Pump

- Self-priming design, great for pumping oil, water and other fluids.
- Siphons tank contents for quick and easy removal of large liquid quantities.
- Small size stores practically anywhere, such as tackle boxes.
- Not for use with gasoline or diesel.

Order No.	Description	List Price	
7-2232	Universal Hand Pump	\$20.59	GO-0831000

Boater Sports Oil Changer/Fluid Evacuator Kit

- 4 liter total capacity.
- Oil changing made easy.
- Works with all styles of 4 stroke engines.

Order No.	Mfg. No. / Description	List Price	
1-52614	(52614)	\$45.59	HO-5372000

Jabco Utility Hand Pumps with Transfer Hose Kit

415251

415249

- Jabco manual operated pump.
- Ultimate heavy duty hand pump for utility and emergency uses.
- Made with long-life brass cylinders, high quality oil-resistant plungers and impact-absorbing end caps.
- Pumps never need coaxing and give full suction on the first stroke.
- Cylinder diameter: 1-1/4"
- Normal pumping capability is 30 strokes per minutes.

Note: Explosion hazard. Do not pump gasoline, solvents, thinners or other flammable liquids. To do so can cause an explosion resulting in injury or death.

STROKES PER GALLON: 26

- Stroke length: 7-1/2". Overall length 12".
- Hose connection: 1/2".
- Hose supplies: 3' of 1/2", 40" of 5/16" and 40" of 1/4".

462000	(10-24760-03) F3B-1907	\$287.89 GO-9829100

Reverso Oil Change System

- Ideal for diesel, oil or water.
- Self-priming.
- Flow rate: 3 GPM.
- 3 Position switch (On-Off-On).
- Reversible: Transfers hot or cold oil quickly and cleanly to and from the oil pan.
- Ports: (Ext) 3/4" male hose, (Int) 3/8" female NPT.
- Dimensions: 9.46" x 4.29" x 3.5".
- 12 volt. Available in 24 volt.

Jabsco Permanent Oil Drain Kit

- Includes drain plug fitting, oil drain hose, cap and hose hanger clamp.
- It is an ideal oil drain kit for use in conjunction with a 415287 (17250-0003-P) drill pump or 415249 (34060-0010) hand pump.
- Drain plug fitting size is 1/2" - 20.

Star Brite Star Tron Ring Clean +

- Formulated with latest technology deposit control compounds, plus a proprietary enzyme package designed to remove existing deposits and help prevent the formation of new deposits.
- Improves fuel combustibility to keep engines clean and operating at peak performance levels.
- Keeps carburetors, fuel injectors, intake ports and combustion chambers clean.
- Works in all gas and diesel engines; use every time fuel is added to keep engines in optimal condition.
- Treats up to 160 gallons of gasoline.

Order No. Mfg. No. / Description List Price
627180 (95616) 16 fl. oz. **\$16.09** GO-8701000

Star Brite Star Tron Carbon Eliminator

- Formulated with the latest technology deposit control compounds, plus a proprietary enzyme package specifically developed to remove even the toughest deposits.
- Formula uses enzyme technology to remove carbon, gum and varnish deposits.
- Free sticky rings to improve performance, reduce fuel consumption, restore power and extend engine life.
- Easy to use; spray directly into carburetor or air intake.
- For use in all gasoline and diesel engines.
- Use at the beginning of each season and every 100 hours of operation.

Order No. Mfg. No. / Description List Price
627190 (95712) 12 oz. **\$11.89** GO-7970000

CRC Marine Carb and Choke Cleaner

- Designed to maximize carburetor performance.
- Quickly dissolves carburetor deposits such as gum, sludge and varnish to improve fuel system performance and enhance fuel economy.

Order No. Mfg. No. / Description List Price
289353 (06064) 12 oz. **\$6.39** GO-8240000

Gold Eagle Sta-Bil® Carb and Choke Cleaner

- Quickly cleans and dissolves gum, varnish, dirt, lead and carbon deposits with no oily residue.
- Aids faster starting and smooth idling.
- For all carbureted internal combustion engines, safe for catalytic converters and oxygen sensors.
- Eliminates rough idle, stalling and acceleration issues.
- Restores performance and gas mileage.

Order No. Mfg. No. / Description List Price
2890034 (22005) 12.5 oz. **\$3.66** ZO-4520000

OMC® Systematched™ Carb and Choke Cleaner

CRC Motor Treatment

- Cleans gum, varnish and carbon from the fuel system, injectors, pistons, and combustion chamber.
- Removes moisture from fuel and oil systems and lubricates engine components.

Order No. Mfg. No. / Description List Price
290535 (05316) 16 fl. oz. **\$9.89** G0-3660000

CRC Marine Degreaser - Non-Chlorinated

- Degreases metal parts and non-sensitive marine equipment; removes grease, dirt and oil; leaves no residue.

Order No. Mfg. No. / Description List Price
290245 (06020) 14 oz. **\$11.19** G0-0570000

L-44 Environmentally Conscious Degreaser - Blue (ECDB)

- Powerful super-concentrated budget-friendly degreaser - less product cleans more.
- Specially designed to clean the toughest industrial and maritime soils.
- Quick and efficient - 2 to 3 minutes of direct contact cleans with remarkable results.
- Environmentally sound; no environmental bio-accumulation.
- Contains No VOC's; No NPE's; No Solvents; No Phosphates or Phosphorus bearing compounds.
- Eliminates toxic residuals that are common with other degreasers.
- Non-corrosive formula safe for use on plastics, fiberglass, and metals, including aluminum.
- Will not attack or fade paint.
- The blue color that we added to L44 ECDB is an easy visual indicator for your team to see when the product is diluted at the proper ratio, eliminating the "guess work" of measuring and product waste.

Order No. Mfg. No. / Description List Price
621104 (L44ECDB) 5 Gallon Pail **\$92.10** G0-1716000

CRC Marine Cleaner and Degreaser

- Cleans and degreases marine engines and non-sensitive electrical parts and equipment in place.
- Breaks through tough grease on motors, gears, chains and other metal parts.
- Leaves no residue; non-flammable.

Order No. Mfg. No. / Description List Price
290243 (06019) 19 oz. **\$13.19** G0-4880000

Marykate Grease Away Engine Degreaser

- Heavy duty engine degreaser.
- Formulated for outboards, inboards, stern drives, machinery, tools and more.
- Spray on/rinse off.
- Contains no petroleum solvents.

Order No. Mfg. No. / Description List Price
2899059 (MK5232) 32 fl. oz. **\$16.99** G0-8311000
216595 (MK52128) Gallon **\$35.89** G0-5042000

CRC Smartwasher® OzzyJuice® SW-4 Degreasing Solution

- A powerful, aqueous based degreasing solution that is pH-neutral, non-irritating, non-flammable, and non-toxic.
- Armed with superior cleaning capability, the OzzyJuice solutions will match or surpass the performance of premium solvents without all the associated risks.
- All OzzyJuice solutions are certified by both NSF and AQMD.

Order No. Mfg. No. / Description List Price
290537 (14148) 5 Gallon **\$150.29** G0-9600100

CRC Smartwasher® FL-4 OzzyMat™ Multi-Layer Fluid Activation Mat

- Designed for applications with normal to heavy usage, the FL-4 Multi-Layer OzzyMat has (4) white layers and (1) blue layer.
- The white layers on the mat trap any particulate larger than 50 microns and should be peeled away once a week for optimum performance.
- The blue layer is the support structure that contains the microbes (Ozzy) and delivers them into the system.
- These microbes (Ozzy) migrate from the OzzyMat into the OzzyJuice, located in your SmartWasher tank and break down hazardous waste.

Permatex Ultra Black® RTV Silicone Gasket Maker

- OEM specified.
- Fast-curing formula.
- Sensor-safe, low odor, noncorrosive.
- Retains high flexibility, oil resistance properties through use of patented adhesion system.
- Temperature range -65° F to 500° F (-54° C to 260° C) intermittent; resists auto and shop fluids and vibration.
- Suggested applications: Valve covers, oil pans, intake manifold end seals, timing covers, water pumps and thermostat housings.

Order No. Mfg. No. / Description List Price
545167 (82180) 3.35 oz. Tube **\$7.19** H0-1340000

Permatex Ultra Copper® RTV Silicone Gasket Maker

- OEM specified.
- For high operating temperatures common in 4 cylinder, turbocharged or high-performance engines.
- Sensor-safe, low odor, noncorrosive.
- Superior adhesion.
- Temperature range -65° F to 700° F (-54° C to 371° C) intermittent; resists auto and shop fluids and vibration.
- Suggested applications: Exhaust manifolds headers, valve covers, oil pans, intake manifold end seals, water pumps and exhaust tubes.

Order No. Mfg. No. / Description List Price
545155 (81878) 3 oz. Tube **\$7.49** H0-9440000

Permatex Sensor-Safe Blue RTV Silicone Gasket Maker

- OEM specified.
- The original Permatex Blue now with low odor formula.
- Replaces almost any cut gasket.
- Makes reliable "formed-in-place" gaskets that resist cracking, shrinking and migrating.
- Temperature range -65° F to 500° F (-54° C to 260° C) intermittent; resists auto and shop fluids.
- Suggested applications: Valve covers, oil pans, intake manifold end seals, timing covers, water pumps and thermostat housings.

Order No. Mfg. No. / Description List Price
545092 (80022) 3 oz. Tube **\$4.79** H0-7820000

Permatex Anaerobic Gasket Maker

- OEM specified.
- Noncorrosive gasketing material designed primarily for use on aluminum, iron and steel flanged mating surfaces.
- Ideal for on-the-spot and emergency repairs, or when a conventional gasket is unavailable.
- Fills gaps up to .015" and cures to a solvent resistant seal that will not tear or decay during service.
- Suggested applications: Water pumps, thermostat housings, crank case flanges drive unit joints and O-ring replacement.

Order No. Mfg. No. / Description List Price
5450115 (51817) .20 oz. Tube **\$5.69** H0-1430000
545042 (51813) 1.69 oz. Tube **\$17.49** H0-9401000

Permatex Red RTV Silicone Gasket Maker

- OEM specified.
- Formulated for hi-temp applications or heavy duty use.
- Replaces almost any cut gasket by making gaskets that resist crackling, shrinking and migrating caused by thermal cycling.
- Coats pre-cut gaskets to increase reliability.
- Temperature range -65° F to 650° F (-54° C to 343° C) intermittent; resists auto and shop fluids.

Order No. Mfg. No. / Description List Price
545129 (81160) 3 oz. Tube **\$7.19** H0-1340000

Permatex Form-A-Gasket® No. 2 Sealant

- Slow-drying, non-hardening brush-top sealant approved for use in aviation as well as automotive applications.
- Temperature range -65° F to 400° F (-54° C to 204° C); resists gasoline, oil and grease.
- Suggested applications: Valve cover gaskets and oil pan gaskets.

Order No. Mfg. No. / Description List Price
545078 (80015) 1.5 oz. Tube **\$3.89** H0-3320000

Permatex Aviation Form-A-Gasket® No. 3 Sealant Liquid

- Slow-drying, non-hardening brush-top sealant approved for use in aviation as well as automotive applications.
- Temperature range -65° F to 400° F (-54° C to 204° C); resists gasoline, oil and grease.
- Suggested applications: Close-fitting machined surfaces, sealing hoses and solid gaskets.

Order No. Mfg. No. / Description List Price
545080 (80019) 4 oz. Bottle **\$7.59** H0-5540000

Permatex Super "300" Form-A-Gasket® Sealant

- Non-hardening sealant designed to resist heat transfer fluids such as oil or antifreeze.
- Temperature range -65° F to 400° F (-54° C to 204° C); resists antifreeze, aviation fuels, aggressive detergent bearing oils and lubricants.

Order No. Mfg. No. / Description List Price
5450129 (80057) 4 oz. Bottle **\$6.99** H0-9140000

Outboard Starters

Chrysler/Force Starter

- Fits: 25-35 HP.
- Large 10 tooth drive gear.
- Replaces: 514995, 50-F514955, 50-514955, 50-803900T.

Order No.	Mfg. No. / Description	List Price	
4600350	(5551) Starter	\$173.39	F0-7312100
4600855	(DV551) Drive Gear	\$25.89	F0-2181000
4601120	(SR551) Brush Holder Assembly	\$32.39	F0-7622000

Chrysler/Force Starter

- Fits: 25 HP (1983-84, 1989), 30 HP (1979), 35 HP (1976-78, 1986-91).
- Replaces: 50-803900T, 50-F514955.

Order No.	Mfg. No. / Description	List Price	
186441	(18-6441) Starter	\$180.49	Z0-4362100

Chrysler/Force Starter

- Fits: 35-50 HP.
- 11 tooth drive gear.
- Replaces: 575955, F575955.

Order No.	Mfg. No. / Description	List Price	
4600265	(5382) Starter	\$185.69	F0-8992100
4600785	(DV382) Drive Gear	\$25.89	F0-2181000
4601060	(SR382) Brush Holder Assembly	\$32.39	F0-7622000

Chrysler/Force Starter

- Fits: 25-60 HP 2 cyl. (1966-92); 50 HP 2 cyl. (1983, 1986-92).
- 11 tooth drive gear.
- Replaces: 898265011.

Order No.	Mfg. No. / Description	List Price	
4-6439	(50-26061) Starter	\$152.29	H0-7319000

Chrysler/Force Starter

- Fits: 50 HP (1984-92).
- Replaces: 50-803903T, 50-F575955.

Order No.	Mfg. No. / Description	List Price	
186439	(18-6439) Starter	\$221.99	Z0-4923100

Chrysler/Force Starter

- Fits: 40-50 HP (1996-99).
- 13 tooth drive gear. Bottom stud.
- Replaces: 50-820193, 50-820193T1.

Order No.	Mfg. No. / Description	List Price	
4600315	(5394) Starter	\$210.29	F0-0274100
4600825	(DV394) Drive Gear	\$25.89	F0-2181000
4601105	(SR394) Brush Holder Assembly	\$32.39	F0-7622000

Outboard Starters

Chrysler/Force Starter

- Fits: 40, 50 HP (1992-95).
- 13 tooth drive gear. Side stud.
- Replaces: 50-819271, 50-820193A1.

Order No.	Mfg. No. / Description	List Price
4600330	(5397) Starter	\$210.19 F0-3174100
4600835	(DV397) Brush Holder Assembly	\$25.89 F0-2181000

Chrysler/Force Starter

- Fits: 40/50 HP 2 cyl. (1992-94).
- 13 tooth drive gear.
- Replaces: 819271.

Order No.	Mfg. No. / Description	List Price

Inboard Alternator

Mer cruiser Alternator

- Fits: Mercruiser.
- 12 volt, 70 amp.
- Internal regulator, negative ground.
- Self exciting, ignition protection screens.
- Single groove pulley.
- Replaces: **Mercruiser** 32701, 47456A1, 56045, 59755, 69729.

Order No. **4600326** Mfg. No. / Description (20102) Alternator List Price **\$194.39** F0-7063100

Mer cruiser Alternator

- Fits: Mercruiser 120-140 HP (2.5L - 3.0L), 160-165 HP (4.1L), 200-460 HP (5.0L - 7.4L).
- Replaces: **Mercruiser** 69729, 78477, 90794, 78403A1.

Order No. **4-5956** Mfg. No. / Description (300-01616) Alternator List Price **\$173.29** H0-7930100

Mer cruiser Alternator

- Fits: Mercruiser.
- 68 amp.
- Single wire connection.
- Equipped with fan and drive pulley.
- Replaces: **Mercruiser** 69729, 90794, 78403A2, 78403A1, 78477, 59755, 56045.

Order No. **185956** Mfg. No. / Description (18-5956) Alternator List Price **\$214.95** Z0-7194100

Mer cruiser Alternator

- For: Late Model Mercruiser.
- 12 volt, 55 amp.
- Internal regulator, single groove pulley.
- Replaces: **Mercruiser** 12449, 78403A1, 78403A2, 817119A1, 817119A4, 92497A3, 98555, 98555A1.

Order No. **4600355** Mfg. No. / Description (60050) Alternator List Price **\$230.09** F0-6016100

Mer cruiser Alternator

- Fits: **Mercruiser** 115-140 HP 4 cyl, 155-175 HP V6, 200-500 HP V8. 4 cyl.; **Volvo** V6, V8 (1993-94).
- 12 volt, 70 amp.
- Replaces: **Chrysler** MA22; **Mercruiser** 12449A1, 817119A1, 92497A3, 98555A1; **Volvo** 3860769.

Order No. **4-5957** Mfg. No. / Description (300-01926) Alternator List Price **\$178.49** H0-9070100

Mer cruiser Alternator

- Fits: 120-135 HP (3.0L), 150-155 HP (4.3L), 215-385 HP (5.7L - 7.4L) (1987-98).
- 12 volt, 55 amp. Single groove. Bi-directional.
- Replaces: **Mercruiser** 12449, 19685, 817119, 817119-1, -2; **OMC** 3854809, 3860769; **Volvo** 3853853-4, 3854809-5, 3850927-9.

Order No. **4-5966** Mfg. No. / Description (300-19439) Alternator List Price **\$209.99** H0-9952100

Applied to Life.™

The Path to a Perfect Finish

Introducing our most advanced
gelcoat system, specifically
formulated for a more brilliant finish.

3M™ Perfect-It™ Gelcoat Heavy Cutting Compound

This fast-cutting compound removes heavy oxidation, scratches, and other defects. Use 3M™ Perfect-It™ Gelcoat Heavy Cutting Compound for any P800 and finer scratches. Its improved formula has longer wet times for easier clean up and less dust. Plus, this formula works better in warm climates and allows you to use less material than before.

3M™ Perfect-It™ Gelcoat Heavy Cutting Compound works great on boats, RVs, and industrial gelcoats. While ideal for three-step processes, its high gloss results can be protected with 3M™ Perfect-It™ Boat Wax after compounding for an easy two-step finish.

Available in pint (16 fl oz), quart (32 fl oz), gallon (122 fl oz) and 5 gallon (640 fl oz) size.

3M™ Perfect-It™ Gelcoat Medium Cutting Compound + Wax (One-Step)

3M™ Perfect-It™ Gelcoat Medium Cutting Compound + Wax combines fast cutting power, a high gloss finish, and durable wax protection. Use this for any P1000 and finer scratches. Its improved formula has longer wet times for easier clean up and less dust, even in warm climates.

3M™ Perfect-It™ Gelcoat Medium Cutting Compound + Wax works great on boats, RVs, and industrial gelcoats. This one-step solution results in a brilliant finish and long-lasting protection for any of your gelcoat surfaces.

Available in pint (16 fl oz), quart (32 fl oz) and gallon (122 fl oz) size.

3M™ Perfect-It™ Gelcoat Light Cutting Polish + Wax (One-Step)

When a brilliant finish and durable protection are needed for P1500 and finer scratches, 3M™ Perfect-It™ Gelcoat Light Cutting Polish + Wax is the perfect solution for light or dark colored gelcoat. We've improved the formula with longer wet times offering easier clean up, less dust, and more efficient use, even in warm climates.

Specifically formulated for boats, RVs, and industrial gelcoats, this polish is ideal for one-step processes. Use whenever you want a durable wax finish.

Available in pint (16 fl oz), quart (32 fl oz) and gallon (122 fl oz) size.

3M Marine Vinyl Conditioner and Restorer

- Cleans, shines, conditions and protects vinyl, rubber and plastic surface.
- Deep cleans dirt and grime, enhances appearance.
- Restores natural sheen, protects surfaces.

SPECIAL HANDLING MAY APPLY

Wechem D-Rust

- One-Step Rust Neutralizer and Metal Primer.
- This new surface conditioner and primer changes rust into a dark protective polymeric coating.
- It converts existing rust to an inert coating that seals out moisture to prevent future rust and corrosion.
- Surfaces protected with this primer and an oil-based paint system resists the effects of weather, rain, sun and salt spray without peeling or cracking.
- This easy-to-use product is the first step in providing long-term protection of steel and iron surfaces.

Order No. Mfg. No. Size List Price
437034 (RX10) Gallon **\$114.29** B0-6820100

Wechem AL-600 Aluminum Brightener and Cleaner

- A safer alternative, that replaces hydrofluoric, sulfuric, phosphoric and hydrochloric acids, which restores the "like new" appearance to surfaces.
- This concentrated solution quickly and effortlessly removes dirt, soot, oxidation and other soils from a wide variety of surfaces including aluminum, stainless steel and some fiberglass.
- This product is the formulation of choice when economy and speed are essential.

Order No. Mfg. No. Size List Price
437009 (AC1504) Gallon **\$27.09** B0-8342000

Wechem Rust Bust

- RUST BUST is a special labor-saving formulation designed to replace costly, labor intensive rust removal procedures.
- The simple one-step, no rinse process completely protects metal surfaces.
- RUST BUST is ideal for use on most metal surfaces; testing for sensitivity on a small area is recommended.

Travaco Rapid-Set Marine-Tex®

- A waterproof epoxy in a convenient 1:1 mix for emergency and permanent repairs.
- It cures in one hour at 72° F.
- This 1:1 epoxy paste provides a good bond to fill cracks and voids in fiberglass, steel, aluminum, wood, cast iron and many hard plastics.
- Formulated for quick machinery and mechanical repairs, dockside or at-sea, to get back underway with minimum downtime.
- It is also used to secure hardware and loose fasteners.

Order No.	Mfg. No. / Description	List Price
660427	(RM320K) 2 oz.	\$13.09 G0-7780000

Travaco Marine-Tex® Epoxy Putty

- A heavy duty structural epoxy, used to repair aluminum, fiberglass and wooden boats, reinstall loose or stripped fasteners, permanently bond dissimilar metals without galvanic corrosion and fill gouges in wood, metal and fiberglass, making repaired areas stronger than before.
- Resistant to water and many chemicals.
- Thick, creamy no-sag putty, easily applied.

Star Brite Epoxy Aluminum Putty Stick

- Makes permanent and emergency repairs on aluminum boats, outdrives, fuel and water tanks and other aluminum parts.
- Easy to use; just hand knead for 1 minute and apply to damaged area.
- Can be sanded, drilled and tapped.
- Sets in 5 minutes, cures in 1 hour (cure color light gray).

Order No.	Mfg. No. / Description	List Price
431356	(87004) 4 oz.	\$18.49 G0-9321000

Star Brite Epoxy Putty Stick

- Makes permanent and emergency repairs on fiberglass, wood, metal and plastic.
- Easy to use; just hand knead until color turns white and apply to damaged area.
- Can be sanded, drilled and tapped.
- Sets in 5 minutes, cures in 1 hour (cure color off white).

Order No.	Mfg. No. / Description	List Price
431332	(87104) 4 oz.	\$18.49 G0-9321000

Devcon Plastic Steel® Putty

- Bonds to most metals, concrete and some plastics.
- Cures at room temperature and forms a tough, durable, metallic mass that can be drilled, tapped, machined or painted.
- Excellent resistance to oil, gasoline, water, and many chemicals.
- Ideal for patching and repairing areas where welding or brazing would be undesirable or impossible. Machinable to metallic finish.

Order No.	Mfg. No. / Description	List Price
273184	(230-10110) 1 lb. Kit	\$89.99 H0-9935000

Marpro Marine Putty BPO-Cured

- White, polyester based marine putty that is cured with a BPO hardener (included).
- This is a fast putty that allows the user to sand within 20 minutes of application.
- No Shrinkage.
- Approved for use below the waterline.

Order No.	Description	List Price
6-7540	Quart	\$31.19 F0-3812000

Fibreglass Evercoat Polyester Glazing Putty

- Can be applied directly to bare metal, body filler, fiberglass and fully cured sanded top coats.
- Easily fills grind marks, pinholes, low spots and other minor imperfections.
- Contains ZNX-7 for superior adhesion to galvanized steel, bare steel, aluminum, SMC, E-Coat and OEM finishes.
- No shrinkage. Easy dry. Reduces risk of staining.
- Blue cream hardener included.

Order No.	Mfg. No. / Description	List Price
431243	(100400) 20 oz.	\$43.19 F0-3203000

3M Marine Acryl-White Glazing Putty

- Putty fills minor surface imperfections.
- Easy working properties include good spreadability.
- Leaves smooth edges with quality feathering.
- Low shrinkage offers better final results.
- Slow drying formula with a 2.5 minute work time and 25 minute sanding time.

Order No.	Mfg. No. / Description	List Price
856774	(05095) 14.5 oz.	\$27.19 F0-3091000

Interlux Watertite Epoxy Filler

- A 2-part, easy to use epoxy compound for filling holes and repairing scratches in gelcoat and fiberglass above and below the waterline.
- It has a long easy-to-sand window and can be applied to a thickness of 3/4" without sagging.
- Its superior spreadability makes it an ideal glazing compound for filling small nicks and scratches.
- Area: Above or below the waterline.

Order No.	Mfg. No. / Description	List Price	
404309	(YAV135KIT500) 16.9 oz.	\$35.69	E0-7762000

Pettit EZ-TEX Marine Epoxy Repair Compound

- Easy to use 1:1 mix ratio repair compound for cracks, gouges, voids and holes.
- High strength formula makes repairs permanent.
- 100% waterproof when cured.
- Will not sag, shrink or run.
- Can be sanded, drilled, tapped, sawed and painted once cured.

Order No.	Mfg. No. / Description	List Price	
735736	(7100/4) 4 oz.	\$13.79	E0-4301000

3M Marine Premium Filler

- Use for filling and fairing of fiberglass, wood, aluminum and steel surfaces.
- Cures fast - sandable in 30 minutes.
- Use for hulls, decks and other parts.
- Easy to sand, contains 3M Glass Bubbles.
- Includes 3M Cream Hardener (1 oz.).

Order No.	Mfg. No. / Description	List Price	
852499	(46004) Pint	\$36.09	F0-6252000

852512	(46006) Gallon	\$210.99	F0-9674100

3M Marine Cream Hardener

- Easy mixing produces a quality hardener blend.
- Designed for use with 3M 2-part body filler and glazes.
- 2.75 oz.

Order No.	Mfg. No. / Description	List Price	
856736	(05830) Red	\$6.39	F0-7440000
856748	(05766) Blue	\$6.49	F0-4540000

Pettit Splash Zone 2-Part Epoxy Compound

- An extremely hard, abrasion and impact resistant, two-part epoxy patching compound.
- It applies like putty to seal, fill, patch or re-build aluminum, wood, concrete, fiberglass and steel.
- It can be applied in or out of water to repair boat hulls, buoys, seawalls, docks, bridge abutments and more.
- Provides excellent protection against corrosion of metals and erosion and deterioration of concrete or wood.
- Not for use in potable water.

Order No.	Mfg. No. / Description	List Price	
735734	(A-788QT) Quart	\$54.39	E0-9704000
735728	(A-788HGS) 1/2 Gallon	\$101.69	E0-7267000
735722	(A-788-2GL) 2 Gallon	\$233.79	E0-4357100

3M Marine Lightweight Body Filler

- Creamy formula provides easy mixing and spreading.
- Good handling properties. Tack-free finish.
- Vacuum processed formula minimizes pinholes.
- Two-component system includes filler and hardener.
- Repairs dents, dings and other cosmetic imperfections on bare steel, aluminum and fiberglass reinforced polyester.

Order No.	Mfg. No. / Description	List Price	
856724	(05801) Gallon	\$38.19	F0-3762000

3M Marine High Strength Repair Filler

- Filler restores damaged fiberglass hulls and decks on boats.
- Short strands of fiberglass reinforce strength of filler.
- Paste consistency allows application of vertical surfaces.
- Non-staining and non-shrinking formula.
- Includes 3M Cream Hardener (1 oz.).

Order No.	Mfg. No. / Description	List Price	
852548	(46013) Quart	\$100.59	F0-1407000
852550	(46014) Gallon	\$238.49	F0-4966100

Gator Guards Gator Patch

- UV cure fiberglass reinforced repair patch.
- Watertight, impenetrable.
- A prep-peel-stick application that cures simply with UV light in under an hour.
- Will bond to virtually all materials.
- Repairs almost any surface, moldable around flat or curved areas, dents, joints or angles.
- Can be drilled, tapped, sanded or painted within hour.

Order No.	Mfg. No. / Description	List Price	
2487860	(GP36) White, 3" x 6"	\$17.19	F0-3021000

Coosa Composite Panels

- A high density, closed-cell polyurethane foam reinforced with woven roving and continuous strand fiberglass.

BLUEWATER 26 - DENSITY OF 26 POUNDS PER CUBIC FOOT

- Coosa's strongest and stiffest panel. Ultimate high strength-to-weight ratio. Typically used as a structural component. 30% or more lighter than plywood.

Order No.	Mfg. No. / Description	Dimensions:	List Price	
412142	(PBW0050T) 1/2"	4' x 8'	\$359.89	F0-2915200

BLUEWATER 20 - DENSITY OF 20 POUNDS PER CUBIC FOOT

- Coosa's economical alternative. Typically used as a semi-structural component. 45% or more lighter than plywood.

Order No.	Mfg. No. / Description	Dimensions:	List Price	
412192	(B20W0050T) 1/2"	4' x 8'	\$260.39	F0-7228100

Taco Marine KingStarboard® Anti Skid

- High density, UV-stabilized polyethylene.
- Special high friction surface in a diamond pattern finish prevents slipping and promotes drainage when wet.
- Saltwater resistant.
- Developed to withstand the harshest marine conditions.
- Passes ASTM D2047 slip resistant testing.
- Resists most stains and does not change color.
- Does not rot or delaminate.
- Does not need refinishing.
- Chemical resistant.
- Cleans easily with marine-grade soaps or cleaners using fresh water.

Order No.	Mfg. No.	L x W	Thick	Color	List Price	
840525	(P14-5012WHA2)	12" x 27"	1/2"	White	\$54.29	F0-0083000

King Starboard® Polymer Sheet

- Made of the finest polymers available, using King's proprietary K-Stran process for superior flatness and consistency.
- Environmentally stabilized for harsh sun and tough marine environments.
- Will not rot, swell, splinter or delaminate when exposed to humidity or water.
- Precise tolerances ensure consistent color, thickness and density, even for special thickness gauges and custom order colors.
- Easy to fabricate with standard woodworking tools and requires little or no finishing.
- Durable matte-textured surface on both sides.
- Easy to clean and never needs refinishing.
- Edges finish cleanly and easily.
- Forms easily for smooth curves.
- Has passed the Federal Motor Vehicle Standard 302 fire test required for use in motor vehicles, including motor homes.
- Shipped with a protective masking on one side.
- Proven on thousands of boats and yachts.
- Experienced boat builders and boaters know the King StarBoard brand and trust it more than any other.

Marpro Acetone

- Premium grade quality, 100% virgin acetone.
- A colorless, clear, fast drying solvent used extensively for cleaning brushes, rollers, as a degreaser, cleaner in fiberglass fabrication and formulations for removing paint, lacquer and varnish.

Order No.	Description	List Price	
6-7450	Quart	\$6.79	F0-5740000
6-7454	Gallon (Single)	\$25.39	F0-7771000
6-7451	Gallon (Case of 4)	\$18.39	F0-7821000
6-7452	5 Gallon	\$81.19	F0-3865000
6-7453	55 Gallon	\$623.99	F0-9763400

Marpro Lacquer Thinner

- Thins and cleans more effectively than mineral spirits.
- Used to help control brushing and spraying consistency.
- Not for use on nylon or synthetic tools.
- May be used as a cleaner for spray equipment, brushes and rollers.

Order No.	Description	List Price	
6-7468	Gallon (Single)	\$27.79	F0-5491000
6-7467	5 Gallon	\$82.79	F0-5975000

Marpro Mineral Spirits

- Good brush cleaning solvent.
- Low odor, quick drying.
- May be added to oil base paints, enamels & varnishes for exterior and interior use to thin and control flow rate.
- Do not use with synthetic or rubber base enamels or water thinned paints.

Order No.	Description	List Price	
6-7470	Quart	\$6.49	F0-4540000
6-7471	Gallon	\$15.89	F0-2111000

Marpro M.E.K. Solvent

- An active ketone solvent for cleaning and dissolving epoxy and polyester resins and caulks.
- Slower evaporating than acetone.

Order No.	Description	List Price	
6-7456	Quart	\$8.99	F0-9260000
6-7458	Gallon (Single)	\$37.29	F0-0162000
6-7457	Gallon (Case of 4)	\$30.19	F0-3112000

Marpro Denatured Alcohol

- An excellent fuel for alcohol burning stoves and lamps.
- Burns with a clear colorless flame.

Order No.	Description	List Price	
6-7463	Gallon (Single)	\$24.59	F0-1271000
6-7462	5 Gallon	\$81.19	F0-3865000

Marpro Parts Washer Solution

- Low odor, quick drying, crystal clear formula.
- Effectively removes dirt, grease & grime.
- Excellent for areas where low flash point solutions can't be used.
- Good for cleaning parts, brushes and rollers.

Order No.	Description	List Price	
6-7405	Gallon	\$15.89	F0-2111000
6-7407	5 Gallon	\$71.49	F0-4005000

Marpro Xylene

- Use for paint thinning and brush cleaning.

Order No.	Description	List Price	
6-7473	Gallon	\$19.29	F0-0531000

3M General Purpose Adhesive Cleaner

- A specially blended solvent which provides easy cleanup of most types of adhesives, bugs, greases and oils, overspray, silicone, waxes and tars.

Order No.	Mfg. No. / Description	List Price	
856541	(08984) Quart	\$24.09	F0-6861000

3M Specialty Adhesive Remover

- This VOC-compliant (70%) solvent-based liquid specialty adhesive remover is designed to remove reactive from a variety of substrates.
- Reactive adhesives include adhesives that require a hardener or catalyst in order for the bond to occur.
- Examples of reactive adhesives include, but are not limited to: Epoxies, urethanes, silicones.

3M Marine Neoprene Contact Adhesive

- A brushable, light yellow colored contact adhesive.
- Air drying contact adhesive which bonds immediately and permanently upon application of contact pressure - no clamping or fixturing.
- It bonds many decorative and high pressure laminates, plastic, aluminum, steel, particle board, wood, masonry, rubber and canvas.

Order No.	Mfg. No. / Description	List Price
856538	(20272) Quart	\$44.89 F0-2413000

Permatex Super Glue Gel

- This no run gel formula "stays put" for precise application on hard-to-reach, overhead or even on vertical surfaces.
- This permanent, transparent bond is easily applied and works on both porous and nonporous materials including metal, rubber, glass, aluminum, vinyl, ceramics, alloys and plastics.
- Fills gaps to .004".
- Suggested applications: For vertical surfaces where regular adhesive runs. Metal, plastics, rubber, leather, vinyl, paper, wood, textiles and cork gaskets.

Order No.	Mfg. No. / Description	List Price
545179	(82191) .07 oz. Tube	\$3.09 H0-5810000

Permatex Cold Weld Bonding Compound

- A 15-minute, two-part adhesive and filler system that eliminates the need for welding or brazing.
- It repairs, fills and bonds to iron, steel, brass, bronze, aluminum and copper.
- Once cured, it can be drilled, tapped, threaded, filled, sanded, and painted.
- Resists most automotive, shop and cleaning fluids.
- Withstands temperature to 300° F intermittent.
- Over 3,000 PSI shear strength on steel.
- Suggested applications: Aluminum, steel, brass, bronze, castings and stampings.

Order No.	Mfg. No. / Description	List Price
545016	(14600) (2) 1 oz. Tubes	\$6.79 H0-7040000

Permatex 5 Minute General Purpose Epoxy

- Versatile, easy-to-use, general purpose epoxy adhesive is two-part adhesive and filler system that eliminates the need for welding or brazing.
- Sets in five minutes, no clamping needed.
- Clear appearance.
- Fills gaps and will not shrink.
- Resistant to water and solvents.
- Temperature range -60° F to 180° F.
- Permanent strength up to 3400 PSI.
- Self-mixing dual syringe (84164) blends the adhesive and filler as it dispenses, eliminating the need for manual mixing.

Order No.	Mfg. No. / Description	List Price
5450130	(84101) .84 fl. oz.	\$4.99 H0-9920000

3M Super Trim Spray Adhesive

- A high performance aerosol contact adhesive.
- Designed for bonding vinyl tops, heavy weight liners and hood silencer pads where high strength and head resistance are needed.

Order No.	Mfg. No. / Description	List Price
856535	(08090) 19 fl. oz.	\$31.89 F0-2322000

3M Super 77™ Multipurpose Spray Adhesive

- A high tack, high coverage and fast drying for permanently attaching foils, carpeting, lightweight foams, paper, cardboard, felt and cloth to painted or unpainted metals, wood and hardboard.
- Low soak-in for long lasting bond.
- Bonding, attaching, adhering, fastening, securing, gluing, tacking, sticking, gripping, hanging.

Order No.	Mfg. No. / Description	List Price
856537	(21210) 24 fl. oz.	\$20.59 F0-1441000

3M Marine Adhesive/Sealant 5200

- High performance polyurethane adhesive/sealant becomes tack free in 48 hours, cures completely in 5 - 7 days.
- Effectively absorbs stress caused by shock, vibration, swelling and shrinking.
- Retains its strength above or below the waterline.
- Excellent resistance to weathering and saltwater.
- Won't sag or flow in vertical or horizontal seams.

3M Marine Adhesive/Sealant Fast Cure 4000 UV

- A one-part adhesive sealant that cures to form a firm, rubbery waterproof seal.
- Its superior UV resistance properties makes this an ideal cosmetic adhesive sealant.
- Designed for marine applications above or below the waterline.
- Its flexibility allows for the dissipation of stress caused by shock, vibration, swelling or shrinking.
- May be used in typical bedding and sealing applications including fiberglass hull, wood to fiberglass, porthole frames, deck fittings, moldings, through hull and deck hardware.

Order No.	Mfg. No. / Description	List Price	
856153	(05280) 3 oz. Tube White	\$16.89	F0-2811000
856154	(06580) 10 oz. Cartridge White	\$21.89	F0-2351000

3M Marine Grade Mildew Resistant Silicone Sealant

- A high quality silicone designed for the harsh marine environment.
- It forms a mildew resistant non-yellowing seal that remains flexible even after years of exposure.
- Sealing applications on fiberglass, wood, metal rubber and vinyl.
- Ideal for sealing trim, hatches, drip rails and moldings.
- Excellent gasket adhesive.

Order No.	Mfg. No. / Description	List Price	
856318	(08017) 3 oz. Tube White	\$14.29	F0-0001000
856332	(08019) 3 oz. Tube Clear	\$14.29	F0-0001000
856356	(08027) 10 oz. Cartridge White	\$34.49	F0-4142000
856370	(08029) 10 oz. Cartridge Clear	\$34.49	F0-4142000

3M Marine Polyurethane Adhesive Sealant 550 Fast Cure

- Fast set and cure time for fast-paced processes and productivity.
- Elastic formula creates high-strength bonds.
- Multi substrate bonder works on a wide variety of similar and dissimilar substrates.
- One component adhesive for easy application with no mixing or guesswork.
- Paintable after curing for professional results.
- A low viscosity adhesive that has a fast set time and creates a permanently elastic bond.
- Ideal for bonding a variety of similar and dissimilar materials.
- The low viscosity formula is ideal for creating very thin bond lines.

BoatLIFE Life-Seal® Sealant

- A unique combination of marine silicone and polyurethane, formulated especially for fiberglass.
- Offers a fast-curing, low odor, high adhesion, non-sagging, non-corrosive, non-yellowing formula.
- May be used above or below the waterline.
- Will adhere to metal, glass, wood, Lexan, ABS and certain other materials.
- Cures in presence of water.
- Mildew resistant and acid free.

Order No.	Mfg. No. / Description	Color	List Price	Part No.

BoatLIFE Silicone Rubber

- An all-purpose, non-corrosive, non-yellowing, mildew resistant, low-odor, 100% marine high quality silicone sealant.
- Tack-free in 30 minutes or less. Fully cured in 24 hours.
- For use above or below the waterline.
- Will not shrink, crack, or dry out.
- Superior flexibility and adhesion to fiberglass, plastic, metal, and wood.
- Acid free cure will not corrode metal.

Order No.	Mfg. No. / Description	Color	List Price	Part No.

Marpro Marine Grade Silicone Sealant

- This high performance silicone which exhibits excellent adhesion to glass, metal, porcelain, ceramic, fiberglass and other non-porous surfaces.
- Cures to a tough, rubbery and permanently flexible sealant.
- Sold in packs of 4 only.

Order No.	Description	Color	List Price	Part No.
7-2505	10.1 oz. Cartridge	Clear	\$10.99	FO-9670000
7-2507	10.1 oz. Cartridge	White	\$10.99	FO-9670000

BoatLIFE Life-Calk® Sealant

- A long lasting, permanently flexible marine polysulfide sealant which can be sanded, painted and used above and below the waterline.
- Tack-free in 1 to 3 days.
- Excellent resistance to teak oils, gasoline and diesel fuel.
- Will bond to fiberglass, wood, metal, glass and itself.
- Cures to a firm flexible rubber seal with excellent waterproofing and adhesion qualities.
- Can be applied to damp surfaces.

Order No.	Mfg. No. / Description	Color	List Price	Part No.
248460	(1030) 2.8 fl. oz. Tube	White	\$12.89	GO-4680000

Star Brite Marine Silicone Sealant

- 100% marine grade silicone - won't turn yellow.
- Remains flexible from -60° F to +450° F.
- Bonds to fiberglass, plastic, wood, glass and metal.
- Unaffected by sunlight, weathering, most chemicals and solvents.
- Dries tack-free in less than one hour, cures completely in 24 hours.

BoatLIFE Life-Calk® Solvent and Cleaner

- Cleans surfaces prior to caulking with Life-Calk, Life Seal, silicone or Teak Deck Sealant.
- Safe for fiberglass.
- Removes uncured polysulfide sealant and grease from tools and equipment.
- Acetone free formula.

Order No.	Mfg. No. / Description	List Price	Part No.
248573	(1056) Pint (16 oz.)	\$26.39	GO-8671000

Caulking Gun

- All welded construction.
- Size: 10.1 oz.
- Smooth rod.
- A reliable tool to deliver caulk.

Order No. Mfg. No. / Description
249107 (6000)

List Price
\$4.19 HO-1520000

Marpro Floatation Foam

- A 1 to 1 mix liquid urethane foam with 2 pounds per cubic foot density which is not affected by solvents or gasoline.
- Produces 4 cubic feet per gallon.
- It bonds to wood, metal or fiberglass and foams wherever it is poured.
- Provides extra flotation in boats and sound proofs and insulates hulls, walls, floors, seats, decks or any cavity.
- Do not use below 70° F.

Order No.	Description	List Price
6-7560	2 Quart 2 lbs. Density	\$37.49 F0-4262000
6-7562	2 Gallon 2 lbs. Density	\$126.09 F0-6288000

Permatex Aviation Form-A-Gasket® No. 3 Sealant Liquid

- Slow-drying, non-hardening brush-top sealant approved for use in aviation as well as automotive applications.
- Temperature range -65° F to 400° F (-54° C to 204° C); resists gasoline, oil and grease.
- Suggested applications: Close-fitting machined surfaces, sealing hoses and solid gaskets.

Order No. Mfg. No. / Description
545080 (80019) 4 oz. Bottle

List Price
\$7.59 HO-5540000

3M Super Weatherstrip and Gasket Adhesive

- A strong, flexible, rubbery adhesive that can withstand vibration, oil, grease, and extreme temperature variations.
- It can be used to bond weatherstripping to car doors, trunks, T-tops, moon roofs and sun roofs.
- Excellent adhesive for holding paper, cork, or rubber gaskets in place during installation.

Order No. Mfg. No. / Description
856533 (08001) 5 oz. Tube

List Price
\$8.69 F0-8060000

3M Ultrapro™ High Temp Silicone Gasket

- A rapid curing form-in-place silicone gasket adhesive/sealant for use on engines.
- It is a flexible, noncorrosive, oxygen sensor safe compound that can be used as a gasket material for valve covers, oil pans and other engine and transmission applications.
- Can be used in applications up to 600° F including valve covers, oil and transmission pans, intake manifolds, water pumps, timing chain covers and thermostat housings.
- Black.

Order No. Mfg. No. / Description
856382 (08672) 3 oz. Tube

List Price
\$10.49 F0-4370000

Permatex Super "300" Form-A-Gasket® Sealant

- Non-hardening sealant designed to resist heat transfer fluids such as oil or antifreeze.
- Temperature range -65° F to 400° F (-54° C to 204° C); resists antifreeze, aviation fuels, aggressive detergent bearing oils and lubricants.
- Suggested applications: Valve cover gaskets, compressors and diesel engine heads.

Order No. Mfg. No. / Description
5450129 (80057) 4 oz. Bottle

List Price

Permatex Form-A-Gasket® No. 2 Sealant

- Slow-drying, non-hardening brush-top sealant approved for use in aviation as well as automotive applications.
- Temperature range -65° F to 400° F (-54° C to 204° C); resists gasoline, oil and grease.
- Suggested applications: Valve cover gaskets and oil pan gaskets.

Order No. Mfg. No. / Description List Price
545078 (80015) 1.5 oz. Tube **\$3.89** HO-3320000

Permatex Ultra Copper® RTV Silicone Gasket Maker

- OEM specified.
- For high operating temperatures common in 4 cylinder, turbocharged or high-performance engines.
- Sensor-safe, low odor, noncorrosive.
- Superior adhesion.
- Temperature range -65° F to 700° F (-54° C to 371° C) intermittent; resists auto and shop fluids and vibration.
- Suggested applications: Exhaust manifolds/headers, valve covers, oil pans, intake manifold end seals, water pumps and exhaust tubes.

Order No. Mfg. No. / Description List Price
545155 (81878) 3 oz. Tube **\$7.49** HO-9440000

Permatex High-Temp Red RTV Silicone Gasket Maker

- OEM specified.
- Formulated for hi-temp applications or heavy duty use.
- Replaces almost any cut gasket by making gaskets that resist cracking, shrinking and migrating caused by thermal cycling.
- Coats pre-cut gaskets to increase reliability.
- Temperature range -65° F to 650° F (-54° C to 343° C) intermittent; resists auto and shop fluids.
- Suggested applications: Valve covers, oil pans, timing covers, water pumps, thermostat housing.

Order No. Mfg. No. / Description List Price
545129 (81160) 3 oz. Tube **\$7.19** HO-1340000

Permatex Ultra Black® RTV Silicone Gasket Maker

- OEM specified.
- Fast-curing formula.
- Sensor-safe, low odor, noncorrosive.
- Meets performance specs of OE silicone gaskets.
- Retains high flexibility, oil resistance properties through use of patented adhesion system.
- Temperature range -65° F to 500° F (-54° C to 260° C) intermittent; resists auto and shop fluids and vibration.
- Suggested applications: Valve covers, oil pans, intake manifold end seals, timing covers, water pumps and thermostat housings.

Order No. Mfg. No. / Description List Price
545167 (82180) 3.35 oz. Tube **\$7.19** HO-1340000

Permatex Sensor-Safe Blue RTV Silicone Gasket

- OEM specified.
- The original Permatex Blue now with low odor formula.
- Will not foul oxygen sensors.
- Replaces almost any cut gasket.
- Makes reliable "formed-in-place" gaskets that resist cracking, shrinking and migrating.
- Coats pre-cut gaskets to increase reliability.
- Temperature range -65° F to 500° F (-54° C to 260° C) intermittent; resists auto and shop fluids.
- Suggested applications: Valve covers, oil pans, intake manifold end seals, timing covers, water pumps and thermostat housings.

Order No. Mfg. No. / Description List Price
545092 (80022) 3 oz. Tube **\$4.79** HO-7820000

Permatex Anaerobic Gasket Maker

- OEM specified.
- Noncorrosive gasketing material designed primarily for use on aluminum, iron and steel flanged mating surfaces.
- Ideal for on-the-spot and emergency repairs, or when a conventional gasket is unavailable.
- Fills gaps up to .015" and cures to a solvent resistant seal that will not tear or decay during service.
- Suggested applications: Water pumps, thermostat housings, crank case flanges drive unit joints and O-ring replacement.

Order No. Mfg. No. / Description List Price
5450115 (51817) .20 oz. Tube **\$5.69** HO-1430000

Corrosion Technologies CorrosionX

- CorrosionX is the most advanced and effective corrosion prevention compound, lubricant and penetrant in the world!
- Although it may look like an typical oil-based anti-corrosion spray, CorrosionX utilizes a revolutionary technology called Polar Bonding that does far more than merely slow down the corrosion process; CorrosionX actually kills existing rust and corrosion (keeping it from spreading) and provides long-term protection against rust and corrosion on any metal surface.
- Because it sticks to metal, it cannot be easily displaced by pressure, friction or moisture. It lubricates under extreme loads and high temperatures.
- The VOC of CorrosionX is only 4-7%. That's less than 1/10th what is in our competitors products.

Order No.	Mfg. No. / Description	List Price	
302953	(90101) 6 oz.	\$11.99	F0-9380000
302954	(90102) 16 oz.	\$20.09	F0-6041000

Corrosion Technologies CorrosionX Heavy Duty

- It is for super long-term protection against serious rust and corrosion assault.
- A high performance, thick-film version of CorrosionX.
- It was developed specifically to provide maximum protection against moisture intrusion and resulting rust and corrosion.
- Highly recommended for use on boat trailers.
- CorrosionX Heavy Duty forms a dripless, dynamic, non-hardening, self-healing film that stubbornly resists erosion by splash or spray - including complete submersion in saltwater.
- It will slowly penetrate existing rust and corrosion, remove moisture and stop electrolysis.
- Unlike wax coatings, it will not dry out, stiffen or crack under stress.
- It will remain for hours on outdrives, even while underway!

Order No.	Mfg. No. / Description	List Price	
302961	(90104) 12 oz.	\$17.39	F0-7121000

T-9 Rust and Corrosion Protection Lubrication

- Waterproof lubrication.
- Combination of solvents, lubricants and waxes designed for penetration, moisture displacement, lubrication and protection.
- Loosens rusty and corroded parts.

Order No.	Mfg. No. / Description	List Price	
290700	(T90004) 4 oz.	\$8.09	G0-2450000
290712	(T90012) 12 oz.	\$15.99	G0-1701000

OMC® Systematched™ Anti-Corrosion Spray

Order No.	Mfg. No. / Description	List Price	
E777193	(765745) 11 oz.	\$12.19	F0-3580000

OMC® Systematched™ Heavy Duty Lube

- Heavy duty anti-corrosion and anti-rust protection.
- Penetrates rust, reduces friction and displaces moisture.
- Environmentally responsible; won't harm electrical contacts, rubber, vinyl, wood or paint.

Order No.	Mfg. No. / Description	List Price	
E777192	(765744) 12 oz.	\$10.29	F0-0270000

Evinrude D.P.L.™ Light Duty Penetrating Lubricant

- Can be used in any application which calls for WD-40 or CRC 666.
- Will provide better anti-corrosion protection.
- Excellent as electrical wire and distributor cap dryer.
- Fully-formulated, multi-purpose lubricant for eliminating a variety of corrosion and lubrication problems.
- Offers excellent corrosion protection - even under severe salt water conditions.
- Displaces moisture.

Order No.	Mfg. No. / Description	List Price	
B777183	(777183) 12 oz.	\$11.19	F0-3870000

CRC Marine QD® Electronic Cleaner

- Cleans sensitive electronic components and contacts.
- Use on electronic engine controls, data sensors and wiring, GPS, fishfinders, computers, VCRs, stereos, CD and DVD players.
- Helps prevent contact failure or malfunction.
- Evaporates quickly. Leaves no residue.

Order No.	Mfg. No. / Description	List Price	
290255	(06102) 11 oz.	\$8.09	G0-2450000

CRC Marine Freeze-Off® Super Penetrant

- An unique formula that immediately drops the temperature of the area in direct contact with the spray.
- The freezing effect cracks rusted surfaces, allowing Freeze-Off to reach deeper and work more effectively than other penetrants.
- Low VOC Formula.

Order No.	Mfg. No. / Description	List Price
290128	(05002) 11.5 oz.	\$10.09 GO-6760000

CRC Marine Heavy Duty Silicone

- Clean, odorless, highly water resistant.
- Fights corrosion.
- Lubricates wood, nylon, rubber, metals, canvas and leather.
- Eliminates squeaking and binding.
- Lubricates from -40° F to 400° F.

Order No.	Mfg. No. / Description	List Price
290457	(06077) 9 oz.	\$5.59 GO-5730000

CRC Marine Heavy Duty Corrosion Inhibitor

- A long term, flexible corrosion inhibitor that protects and preserves metal surfaces, electrical connections, engine components and fasteners, subject to salt spray and high humidity.
- Also provides effective protection for steering and throttle linkages.

Order No.	Mfg. No. / Description	List Price
290306	(06026) 10 oz.	\$9.59 GO-3460000

CRC Marine 6-56® Multi-Purpose Lubricant

- Long lasting, superior lubrication that resists water and salt spray.
- Drives out moisture that can cause electrical failures and hard starting.
- Penetrates deep through rust and corrosion to loosen frozen parts.
- Starts wet engines.

CRC Marine White Lithium Grease

- Provides superior lubrications and durability in any weather and most temperatures.
- It is a versatile grease designed for applications requiring a long grease life.
- Will not wash off, melt or freeze.

Order No. **290344** Mfg. No. / Description (06037) 10 oz. List Price **\$6.49** GO-5340000

Sierra Lithium Spray Grease - White

- Multi-purpose spray lubricant for Marine applications.
- Ideal for lubricating shift components and miscellaneous applications where a light grease lubricant is required.
- Water and heat resistant.
- Prevents corrosion.

Order No. **1897301** Mfg. No. / Description (18-9730-1) 12 oz. List Price **\$11.33** ZO-7950000

Star Brite Marine Formula White PTFE® Lubricant

- Special PTFE formula will not wash off.
- Reduces wear and friction.
- Protects from -65° F to 650° F.
- Non-toxic, non-staining.
- The ultimate lubricant - exceeds performance of normal grease.
- Great on zippers, winches, etc.

Order No. **627161** Mfg. No. / Description (85504) 4 oz. List Price **\$14.49** GO-1790000

Penray Electric Motor Cleaner

- Safe, non-flammable cleaning agent for electrical system parts.
- Evaporation is quick, leaving no residue.
- Extension tube is included for more exacting spray pattern.

Order No. **604327** Mfg. No. / Description (7014) 19 oz. List Price **\$10.19** GO-3860000

Spray Nine Marine Grez-Off®

- A biodegradable, non-solvent heavy duty degreaser that easily cuts through oil, grease and grime.
- Cleans and dissolves heavy soils on inboard & outboard motors, machinery and dock equipment.
- Also recommended for bilge cleaning.

Order No. **437079** Mfg. No. / Description (30232) 32 fl. oz. List Price **\$11.49** HO-9860000

CRC Marine Battery Cleaner

- Removes corrosion from cables, terminals, cases and hold-downs.
- Neutralizes acid spills.
- Assures maximum battery current flow and promotes longer life.

Order No. **290433** Mfg. No. / Description (06023) 11 oz. List Price **\$4.19** GO-1820000

Corrosion Technologies ReelX

- ReelX is the new, hi-tech, extreme-pressure reel lubricant that virtually eliminates wear, disrupts existing corrosion and prevents new corrosion or rust from forming.
- ReelX contains no wax, tar, silicone or other solids, so it will never gum-up.
- ReelX will outperform any other lubricant on a fishing reel period.
- And it is backed with a 100% Money Back Guarantee.
- ReelX displaces moisture, and will not harm plastic, Teflon or monofilament.
- ReelX is not harmful to the environment.

Order No. **302951** Mfg. No. / Description (77000-1) 1 fl. oz. List Price **\$7.09** FO-6940000
302949 (77000) 1 fl. oz. (Case of 24) **\$168.59** FO-1081100

Cleaning & Care

Pencool® 2000 Engine Cooling System Treatment

- An unique liquid formula to keep diesel engines running cleaner.
- This easy-to-use product reduces scaling and corrosion and acts as a lubricant in the cooling system.
- Controls formation of harmful scale deposits, reduces metal corrosion and cavitation erosion and lubricates the water pump and other metal surfaces.
- Eliminates messy filters.

Order No.	Mfg. No. / Description	List Price	
603945	(2000-64) 1/2 Gallon	\$19.19	G0-6821000
604214	(2000-05) 5 Gallon	\$76.49	G0-5215000
604228	(2000-55) 55 Gallon	\$797.99	G0-5643500

Penray Fill-For-Life™ Heavy Duty 2-Way Test Strips

- Designed for use in standard and conventional coolants
- Check the condition of your cooling system in less than two minutes.
- Extremely precise.
- Determines freeze point and nitrite levels.

Order No.	Mfg. No. / Description	List Price	
603959	(TS-100) 50 Strips Per Bottle	\$41.79	G0-0082000

Rustfree™ Rust and Stain Remover

- Removes rust, corrosion and stains from virtually any surface, including: Steel, cast iron, stainless, fiberglass, chrome, tile, porcelain, concrete, vinyl, cloth and more.

Order No.	Mfg. No. / Description	List Price	
290736	(RF0008) 8 fl. oz.	\$10.29	G0-9860000

Pencool® 3000 Engine Cooling System Treatment

- An advanced cooling system treatment that helps prevent the formation of gel deposits in cooling systems.
- These deposits can plug radiator passages, aftercoolers, and oil coolers, & can cause excessive water pump wear.
- Blocks the formation of this gel, conditions cooling system water, and protects all cooling system metal components from corrosive attack.
- Use to maintain proper cooling system heat transfer characteristics and long engine life.

Order No.	Mfg. No. / Description	List Price	
604252	(3000-16) 16 fl. oz.	\$10.98	G0-6370000
604264	(3000-64) 1/2 Gallon	\$31.79	G0-0312000

604288	(3000-55) 55 Gallon	\$1,905.99	G0-1077210

Snee Rust Inhibitor Concentrate Phosphatizer

- A blend of acids and detergents that neutralizes rust and forms a phosphatized surface that inhibits the reformation of new rust and scales and prepares metal for painting.
- This rust solvent can be used as a preventative corrosion inhibitor.

Order No.	Mfg. No. / Description	List Price	
437011	(06 DC550) Gallon	\$35.29	F0-0742000

OSPHO Rust and Stain Remover

- Stops rust and prepares rusted surfaces for painting.
- When applied to rusted surfaces Oospho causes rust to chemically change to iron phosphate, an inert hard substance that turns the metal black.
- Note: Not UPSable.

Order No.	Description	List Price	
437036	Quart (Sold Pack of 12)	\$17.09	H0-5201000
437037	Gallon	\$35.89	H0-3512000

Dr. Shrink Anti-Chafe Tape - 3 Mil

- A high performance polyethylene film that provides a tough, puncture resistant material to prevent abrasion.
- This tape is designed as a low-tack film that will provide protection for your boat or other object.
- Use only between shrink wrap and the object.
- Simply apply it directly to the object where the shrink wrap touches.
- The tape acts as a barrier between the object and shrink wrap, thus preventing any scratching or chafing.
- The black underside of the tape contains UV inhibitors to prevent the sun from drying out the adhesive.

Dr. Shrink Strap Dispenser

- Durable and lightweight design which is compatible with all our premium 1/2" and 3/4" strapping rolls.
- The unit features a convenient carrying handle and low resistance spindle system.
- Ideal tool to prevent knots, tangles and twists in the strapping.

Order No.	Mfg. No. / Description	List Price	
2227907	(DS-STRAPDISP)	\$37.79	F0-5462000

Dr. Shrink Strapping Protector

- Designed for two different applications:
- 1) A method of keeping strapping from forming dents in vinyl upholstery on boats.
- 2) Used as corner guards to keep shrink wrap and strapping from being cut on sharp edges.
- Notched on all four sides for easy attachment to strapping.

Order No.	Mfg. No. / Description	List Price	
2227869	(DS-PROTECTOR)	\$2.09	F0-6410000

Dr. Shrink Super Cap

- Designed to transfer the weight of snow, ice and rain from the top of 2 x 4 support poles used under shrink wrap storage covers.
- Dome shaped and 20" in diameter, the Super Cap rests on the woven cord strapping running both lengthwise and crosswise, thus minimizing support poles from poking through shrink wrap covers.
- Super Caps can be easily attached to wooden uprights with either a nail or staples.

Order No.	Mfg. No. / Description	List Price	
2227909	(DS-SUPERCAP)	\$4.29	F0-0030000

Dr. Shrink End Caps and Bottom Caps

- Designed to fit on the top and bottom of 2 x 4 boards commonly used as a support poles under shrink wrap covers.
- The caps have slits every 90° for the woven cord strapping to slide into and when the cover is shrunk, the sections flex downward forming a protective pad on the top to eliminate pole poke-through. Bottom caps have non-skid disks attached for added stability.

Order No.	Mfg. No. / Description	List Price

- Propylene glycol and alcohol formula is safe for all water and holding tank materials.
- Bright Pink Color.
- Gallons sold 6 per case.
- **NOTE: This product is not recommended for use in engines.**

Order No.	Mfg. No. / Description	List Price
452246	(31100) Gallon	\$4.59

Star Brite Winter Safe -50° F Anti-Freeze

- Safe for copper, brass and all types of plastic.
- Non-toxic virgin propylene Glycol formula.
- Contain full ad pack and premium corrosion inhibitors.
- Protects water systems and engines from freeze ups during storage.
- Bright Pink Color.
- Gallons sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452235	(31200) Gallon	\$4.79
452241	(312G55) 55 Gallon	\$256.89

Star Brite -50° F Non-Toxic Premium Anti-Freeze

- Protects water systems and engines from freeze ups during storage.
- Safe for copper, brass and all types of plastic.
- Non-toxic virgin propylene glycol formula.
- Bright Pink Color.
- Gallons sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452209	(31400) Gallon	\$5.39
452212	(314G55) 55 Gallon	\$289.19

Star Brite -100° F Anti-Freeze

- Non-toxic virgin propylene glycol formula.
- Provides copper burst protection down to -100° F.
- Contains full ad pack and premium corrosion inhibitors.
- Blue Green Color.
- Gallons sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452214	(31500) Gallon	\$9.59
452217	(315G55) 55 Gallon	\$518.19

Star Brite -200° F P.G. Anti-Freeze

- Safe for all engines including aluminum.
- Non-toxic virgin propylene glycol formula.
- Provides copper burst protection down to -200° F.
- Contains full ad pack and premium corrosion inhibitors.
- Concentrate.

Order No.	Mfg. No. / Description	List Price
452221	(316G55) 55 Gallon	\$895.49

Star Brite Anti-Freeze/Coolant - Full Strength

- Ethylene glycol base.
- For year-round use.
- Special premium low silicate formula.
- Green Color.
- Contains corrosion inhibitors which protect against rust and corrosion of aluminum, copper, solder and brass.
- Sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452201	(30200) Gallon	\$13.79

Star Brite 50/50 Ready-To-Use Anti-Freeze/Coolant

- Ethylene glycol base.
- Lasts for 5 years, 300,000 miles or 6,000 hours.
- Protects all engine metals.
- Reduces formation of abrasive solids to help extend water pump life.
- Orange Color.
- Sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452199	(30800) Gallon	\$15.49

Camco BanFrost 2000 Marine Engine Anti-Freeze

- Low toxicity biodegradable engine protection.
- Use for winter storage of raw water cooled engines and as a permanent anti-freeze/coolant for fresh water cooled systems.
- Replaces Ethylene Glycol; safer for people, pets and wildlife.
- Sold 6 per case.

Order No.	Mfg. No. / Description	List Price
206361	(30627) Gallon	\$14.89

Camco Anti-Freeze

- Protect your RV's potable water system from freeze damage.
- Inhibit fouling and corrosion while preventing algae growth.
- Lubricates pumps & valves throughout the system.
- Choose a temperature specific product designed for your winterizing needs.
- Safe and tasteless.

FREEZE BAN -50° F ANTI-FREEZE

Order No.	Mfg. No. / Description	List Price
206309	(30767) Gallon	\$5.19
206311	(30768) 55 Gallon	\$271.49

Star Brite Do-It-Yourself Winterizing Kit

- For winterizing and descaling.
- All you need is a hose, flusher attachment and Star Brite Anti-Freeze.
- Quickly and easily descales inboard and outboard/engine cooling systems.
- Removes deposits to keep engines running cool.

Order No.	Mfg. No. / Description	List Price
460903	(35001)	\$62.59 G0-4914000

Camco Do It Yourself Boat Winterizer

- Quickly and efficiently service inboard/outboard marine engines.
- Also recommended for use with outboard engines.
- The patented Do-It-Yourself Winterizer allows flushing and preparation of boat engine for winter storage with just five gallons of antifreeze and your flusher.
- For front mounted raw water pump systems, use the Flush Adapter, sold separately.

The Power House Ice Eater

- The Ice Eater is designed to prevent ice from forming around boats, marinas, docks and piers as well as effectively melting existing ice by breaking the surface with a continuous current of warmer bottom water.
- Ice Eater's propeller draws up warmer subsurface water and deflects it to the surface creating a constant circulation of warmer water that prevents ice formation.
- The Ice Eater may be hung from a pier or boat. Two to three feet is the average operating depth.
- The design of the Ice Eater's venturi shroud (housing) with outwardly flared ends, provides more upward thrust & draws warmer water from greater depths than other conventional de-icers.
- The shroud is submersible below the surface either vertically or angled from vertical. A set of mounting holes at opposed positions on the flange allows the lines to be attached.
- Each motor assembly includes: Propeller, zinc and 25' power cord.
- **423001** Specification: 1/2 HP, 6.5 amps (115V)/3.25 amps (230V), open diameter: 40', 28 lbs. of thrust.
- **423001** Specification: 3/4 HP, 6.0 amps (115V)/3.0 amps (230V), open diameter: 60', 32 lbs. of thrust.
- **423002** Specification: 1 HP, 7.0 amps (115V)/3.5 amps (230V), open diameter: 80', 36 lbs. of thrust.

Kasco De-Icers

- Designed to prevent ice formation in marinas and ponds.
- Suspension ropes, hollow braided polypropylene. 20' x 5/16" lengths attached.
- Stainless steel safety cage; for propeller protection.
- #316 series stainless steel shaft, approved for salt water use.
- Bearings: Ball type, top and bottom.
- Flood oil lubricated for excellent heat dissipation.
- Large capacity dielectric oil provides lifetime lubrication and maximum cooling with no periodic maintenance required.
- Motor housing is corrosion-resistant stainless steel, a must for salt water operation.
- Permanent split capacitor (PSC) insures quick high torque starts and smooth operation.
- Compare water agitation to all other compressors and you'll choose agitation every time.
- Units have 25' power cords.
- Two year warranty.

Order No.	Mfg. No. / Description	List Price	
200200	(2400D025) 1/2 HP Up to 50' Diameter Circle	\$731.09	EO-2384500

Kasco De-Icer Control Panel

- An inexpensive way to control the operation of your de-icer.
- Uses an air temperature thermostat to turn the de-icer on when the temperature drops below a set point that you decide.
- One C-10 controls one 120V de-icer.

Order No.	Mfg. No. / Description	List Price	
200233	(110225)	\$96.29	DO-3077000

Kasco 25' Power Cable

- Water and oil resistant, remains flexible to minus 50° F.
- An exterior watertight de-leer connection allows for easy on-the-spot user replacement, saving the shipment of de-leers to the factory for power cable replacement.

Order No.	Mfg. No. / Description	List Price	
200288	(9116025)	\$57.69	EO-7234000

Kasco Horizontal Flotation Unit

- An exclusive, arctic proven flotation kit that is optional for all De-Icers.
- The easy-to-assemble kit consists of stainless steel components and a flotation block.
- The De-Icer unit is mounted horizontally to the surface of the water, just below the flotation block.
- The De-Icer can be angled in several positions; horizontal and above and below horizontal.

Order No.	Mfg. No. / Description	List Price	
200266	(213001)	\$266.89	DO-1531200

Kasco Universal Dock Mount

- Can be used with any Kasco De-Icer.
- Made from thermal plastic composites, corrosion protected steel and stainless steel to withstand the toughest marine conditions.
- The De-Icer is mounted to the "underwater parts" of the Universal Dock Mount and the "above water" parts are mounted to the dock or piling.
- Due to shipping limitations, a 1" pipe extension needs to be supplied by the purchaser to connect the "underwater parts" and "above water" parts.

GFO® Packing

- Recommended for: All corrosive applications suitable for PTFE and graphite.
- Service Conditions: Shaft speeds to 4400 FPM; temperatures to 550° F/287° C; pH range 0-14.
- Equipment: All reciprocating and rotating shafts.
- Construction: Multi-Lok Braid.
- Features: Finely ground particles of the highest quality graphite in a PTFE matrix to control graphite migration. 100% GFO Yarn.

Teflon (PTFE) Flax Packing - Spools

- This popular shaft packing is a blend of quality flax rovings that are braided to a high quality standard.
- The braid is then impregnated with TEFLON (PTFE) to give it a low surface friction.
- This combination results in a packing that delivers solid performance, season after season.

Duramax® Ultra-X® High Performance Compression Packing

DURAMAX MARINE

- Dissipates frictional heat - Over five times more thermally conductive than flax and PTFE.
- Grease-free installation - Self-lubricating and conformable, easy to install and remove after use.
- Virtually eliminates shaft scoring - Stays pliable, never hardens or becomes abrasive, even at high shaft speeds.
- Leakage practically eliminated - Doesn't shrink, keeps bilge drier and free of oily contaminants.
- Lasts over 5 times longer than other packing.

PSS (Packless Sealing System) Shaft Seals

Additional Sizes Available. Call for Pricing and Availability

- The PSS Shaft Seal is a mechanical face seal that is created between the flat surfaces of the rotating stainless steel rotor and the stationary carbon flange.
- The stationary carbon flange is attached to the vessels stern tube with hose clamps and the carbon flange is attached to the front side of the bellows with hose clamps.
- The stainless steel rotor is fit on the shaft in front of the carbon flange. It is used to compress the bellows before the collar is secured to the shaft with set-screws. This compression (pre-load) maintains contact between the faces and allows the PSS to compensate for the thrust from the propeller.
- The carbon flange is bored larger than the shaft diameter allowing it to "float" around the shaft and thus compensate for most misalignment and vibration problems.
- The stainless steel collar is sealed to the shaft by two o-rings that are recessed into the bore of the collar. These o-rings rotate with the shaft and stainless steel rotor and do not experience wear during operation.

Shaft Seal Air Control

- Totally enclosed.
- Protected from the elements.
- Vacuum generator built-in.
- Regulates boat air line pressures as high as 250 psi, down to a usable 0 to 70 psi.
- Consists of a regulator 0-100 psi, vacuum generator, control valves for flow in and out, gauge for set pressure, VAC-PRESS gauge for line out pressure/vacuum, handle for carrying and for switch/valve protection, quick connect fitting for boat air hose, hose 11 foot long, to shaft seal emergency air bladder connection.
- Self test plug on bottom.
- 2 Vacuum buttons, intentional 2 hand operation to eliminate accidental switching.

DuraBlue® Self-Lubricating Rudder Bushings and Sheet Stock

DURABLE BEARINGS AND SHEETS ARE:

- Greaseless, self-lubricating and pollution free.
- Dimensionally stable with extremely long life.
- High load capability & ultra low friction.
- All DuraBlue Composite Bushings and Sheets are rated for continuous duty and extremely smooth operation with specific pressure up to 25N/mm².

DURABLE RUDDER BEARINGS

- All standard size rudder bearings shown are carried in-stock at our regional warehouses and manufacturing facility in Hiram, Ohio. Any size not shown can be made to order. 1" - 42" Inside Diameter range.

DURABLE SHEET STOCK

- For fabrication of Thrust Washers, Wear Pads and Skid Plates.

DuraBlue Unfinished Tube Stock

DuraBlue Sheet Stock

DuraBlue Finished Thrust Washers

Johnson Cutless® Naval Brass Sleeve Bearings

- These bearings adapt equally well to strut and stern tube mounts, and are often used effectively as rudder-stock and pintle bushings.
- Bearing diameters are precision fitted to the designated shaft size with the correct clearance for efficient water lubrication.
- External brass shells are machined and polished to provide easy fitting.
- Specially formulated oil and chemical resistant nitrile rubber is securely bonded to the shell.
- Units with thin shells are available for the struts of small craft.
- Sleeve bearings are usually installed by light press-fitting and locked in place with cone-pointed set screws.
- PRECAUTION: When shrink fitting of the bearing is required, chilling must be achieved by gradual cooling to not more than minus 20° F (-28° C) using freezer or regular ice (DO NOT DRY ICE). NOTE: Pounding or shocking the bearing while in the chilled state could cause the rubber to separate from the shell.

Johnson Cutless® Non-Metallic Sleeve Bearings

- These bearings feature a dense structure of engineered reinforced thermoset plastic.
- The specially compounded Nitrile Rubber is securely bonded to the shell with all tolerances maintained for proper lubrication.
- Being non-corrosive and inherently resistant to all known chemicals, oil and grease, as well as being anti-electrolytic, the Johnson Cutless Non-Metallic Sleeve Bearings are ideally suited for installations wherever corrosion or electrolysis is a problem.
- PRECAUTION: When shrink fitting of the bearing is required, chilling must be achieved by gradual cooling to not more than minus 20° F (-28° C) using freezer or regular ice (DO NOT DRY ICE). NOTE: Pounding or shocking the bearing while in the chilled state could cause the rubber to separate from the shell.
- All other standard sizes available upon request.

Duramax Marine Stern Tube Clamp Adapter

DURAMAX MARINE^{LLC}

- Shaft diameter 1" thru 1-3/4".
- Stern tube diameter 2-1/2".

Order No. **473047** Mfg. No. / Description (SXU-1000-250)

List Price **\$121.96** E0-7419000

Freshwater Exclusive

Saltwater Exclusive

Johnson Cutless® Flanged Bearings

DURAMAX MARINE LLC

- Johnson Cutless Flanged Bearings are centrifugally cast naval brass with an integral flange for bolting to stern tube or strut housing to retain bearing and prevent rotation in housing.
- Specially formulated oil and chemical resistant nitrile rubber is securely bonded to the shell.
- Shells are heavy walled providing structural strength and can be step turned if desired.
- Flanges are furnished UN-DRILLED unless specified.
- PRECAUTION: When shrink fitting of the bearing is required, chilling must be achieved by gradual cooling to not more than minus 20° F (-28° C) using freezer or regular ice (DO NOT DRY ICE).
- NOTE: Pounding or shocking the bearing while in the chilled state could cause the rubber to separate from the shell.
- Approved Bearings: Johnson Cutless Naval Brass Flanged Bearings meet military specification MIL-B-17901 (Ships) Class II Full-Molded type and have full type approval from The American Bureau of Shipping.

Buck-Algonquin Transmission Couplers

Split Coupling

Taper Coupling

Solid Coupling

A - Overall Length
B - Flange Diameter

C - Bolt Circle
D - Shaft Diameter

- Buck Algonquin manufactures a full line of transmission couplers for most marine transmissions.
- Our couplers are cast from ductile iron and machined to SAE J755 specifications. Most of our couplers are machined with our universal bolt hole pattern. As well, all of our couplers are supplied with mounting hardware.

SPLIT COUPLERS

Flange Diameter 4" - B Series Fits: BorgWarner #1017-71C
Flange Diameter 5" - A and C Series Fits: BorgWarner #1018-72C

Flange Diameter 5-3/4" - A and B Series Fits: BorgWarner #1018-73C
Flange Diameter 5-3/4" - A and B Series Fits: Twin Disc, Capitol and Allison

Zinc anodes should be use for saltwater applications.
Aluminum anodes should be used for saltwater or brackish water applications.
Magnesium anodes should be used for freshwater applications.

Zinc Tear Drop Anode

- Zinc Tear Drop.
- (1) Cast-in Galvanized Steel Strap, Weld on.
- 5 lbs.
- Dimensions: 3" W x 9" L x 1-1/4" T.

Order No.	Mfg. No. / Description	List Price	
323600	(GATD6/ZTS6)	\$16.79	CO-7241000

Zinc Plate Hull Anode

- Zinc Plate.
- (2) Cast-in Cored Holes on 6" centers.
- 22 lbs.
- Dimensions: 6" W x 12" L x 1-1/4" T.

Order No.	Mfg. No. / Description	List Price	
323843	(GA23C)	\$69.59	CO-5195000

Magnesium Launch Anode with Plasticol Coating

- 1 Cast-in Galvanized Steel Strap, Weld on with 5/8" holes for mounting.
- 5 lbs.
- Dimensions: 5" W x 10" L x 2-1/2" T.

Order No.	Mfg. No. / Description	List Price	
323864	(GAMG5LAUNCH)	\$48.99	CO-4614000

R.E. Thomas Anodes

Newmar Galvanic Isolators

- Sacrificial zincs corrode away as they protect metal thru hulls, shafts and props from damaging electrolysis.
- Stray, low voltage current flowing between the AC safety ground and DC bonding system is a principal cause of this "galvanic" action.
- Installing the Galvanic Isolator between the AC safety ground and DC bonding system, blocks a majority of the low voltage currents and corrosive action on the zincs is significantly reduced (while the integrity of the critical safety ground path is maintained.)

Bottom Paint Comparison Chart

Types of Paint	Marpro	Pettit	Interlux	Sea Hawk
Ablative - Also known as self-polishing bottom paint, it is softer than hard-bottom paint and allows the coating to wear off at a controlled rate. Much like a bar of soap, once the boat moves in the water or there is a current and/or tide, the outer layer slowly wears away and reduces the paint buildup. The wearing away of the self-polishing bottom paint allows for new, unoxidized paint to be exposed. Therefore, if you are trailering your boat, or if it comes in and out of the water for any reason, it is recommended to use an ablative paint. Recommended for trailered boats.				
BEST	Super-B Gold Biocide: 67% Copper Dual Biocide: Yes	Odyssey Triton Triple Biocide	Micron 66 (Saltwater Only) Biocide: 40.41% Copper Dual Biocide: Yes	Biocop TF Biocide: 38% Copper Dual Biocide: Yes

		Premium HRT Biocide: 45.7% Copper Dual Biocide: No		
Hard - A hard modified epoxy. After a hard-bottom paint is applied, it is very durable and does not wear off. Hard bottom paints typically have a higher ratio of pesticides (usually copper) in them that are exposed in the outer surface of the bottom paint coating. As time goes by, the copper oxidizes and becomes less effective in combating marine growth. Hard bottom paint is generally used on boats when the boat sits for long periods of time without moving at all, or there is little movement of water (current/tide) around the boat. You should not use a hard paint if the boat is removed from the water longer than 72 hours, such as on a trailer or a lift. After 72 hours the hard-bottom paint will oxidize on the outer surface as a result of the air and becomes ineffective. If the boat is trailered or in a lift, the use of an ablative bottom paint is recommended.				
BEST	Superkote Gold Biocide: 67% Copper Dual Biocide: Yes	Trinidad PRO/Trinidad SR Biocide: 75% Copper Dual Biocide: Yes	Ultra with Biolux Biocide: 66% Copper Dual Biocide: Yes	Tropikote Biocide: 75.8% Copper Dual Biocide: Yes

Slime Control Xtra™ Multi-Season Protection - 67% Copper Boosted Copper Ablative

■ SUPER-B GOLD™ is the highest performance ablative copolymer on the market today. The highest copper content (67%) in our line, and in addition our performance booster SCX™ (Slime Control Xtra™) provides outstanding protection against slime, grass and weed. Continual release of biocide makes this self polishing copolymer most effective for anti-fouling protection, with only minimal paint buildup. Tough, multi-season paint for superior protection against hard and soft growth in extreme fouling conditions, and can re-launch after extended haul-out while retaining original antifouling properties. Perfect for powerboats and sailboats, and can be applied directly over properly prepared ablatives, epoxies and vinyl's, and most any other hard or ablative bottom paints.

Single Season Ablative - 25% Copper

■ **SUPER-B NEW ENGLAND™** is a single-season, good performing ablative antifouling bottom paint that protects against hard and soft growth in low-to-moderate fouling conditions. This product is self-polishing with no heavy paint buildup from repainting seasonally. Apply directly over any properly sanded hard or ablative bottom paint or epoxy primer.

ALUMA PRO™

Multi-Season Protection

Bright Color Ablative Bottom Paint

Perfect For Aluminum, Fiberglass Hulls, & Trailerable Boats

45% Copper Thiocyanate

■ **ALUMA PRO™** bottom paint has the cleanest, brightest colors, the whitest whites and the blackest black. Combine all of that with a multi-season self polishing ablative copolymer, and our bottom paint line is as effective as it is clean & vibrant. This product provides antifouling protection against barnacles, algae and hydroids in salt and fresh water on boat bottoms only. This product has universal application over all types of properly prepared bottom paints. For use on fiberglass, aluminum, wood & steel hulls.

AQUA B™

Multi-Season Protection

45% Copper Ablative

Water Based - No Solvent Smell

Cleans Up With Water

■ **AQUA B™** has a high copper content (45%) in a waterbase ablative technology. This coating will provide multi-season protection for medium fouling conditions. No paint buildup will occur and eliminates the need for heavy sanding. Multi-season paint for superior protection against hard and soft growth in fouling waters, and can re-launch after extended haul-out while retaining original antifouling properties. Perfect for powerboats and sailboats, and can be applied directly over properly prepared ablatives, epoxies and vinyl's, and most any other hard or ablative bottom paints.

COPPER FREE BOTTOM PAINT

SUPER-B ECO™

Multi-Season Protection

Copper Free Antifouling

Professional Boatyard Coating

5.6% Tralopyril & 4% Zinc Pyrithione

■ **SUPER-B ECO™** is a high performance solvent-base antifouling paint that uses a high-end technology of 5.6% tralopyril and 4% zinc pyrithione. Provides multi season antifouling protection against barnacles, algae, slime and hydroids in salt and fresh water on boat bottoms only. Its ablative copolymer base renders a smooth finish with durability and abrasion resistance. Releases biocide by the constant exposure of new paint film to the water. Has universal application over all types of properly prepared bottom paints. For use on fiberglass boats, as well as aluminum, wood and steel hulls.

EPOXY PRIMER

Barrier Coat Primer - 7-267-

■ **MAR-PROTECT™ EPOXY PRIMER** provides a seamless epoxy coating that creates a high build water barrier that eliminates any direct path for water migration. Mar-Protect Epoxy Primer is a heavy duty 3:1 epoxy coating that prevents water absorption and blistering of your fiberglass hull, and makes an ideal barrier coat for metal hulls.

- High Build Epoxy Primer
- Prevents Water Absorption and Blistering
- Eliminates Direct Path for Water Migration
- Heavy Duty 3:1 Epoxy Coating
- Excellent Anti-Corrosive Substrate Primer for Metals

TOPSIDE ENAMEL

Alkyd Topside Enamel

■ **PROFESSIONAL FISHBOAT COATINGS** are single component topside alkyd enamels giving you a hard protective coating for high gloss, color retention, and long durability. PROFESSIONAL FISHBOAT COATINGS are fast drying which, when brushed or rolled, give a smooth finish with excellent handle and flow. This widely used alkyd topside enamel has good resistance to tough chemicals, cleaning solutions and ultraviolet light with its advanced ultraviolet technology. Can be used on fiberglass, wood, aluminum and steel.

- Brushed or rolled gives a smooth finish with excellent handle and flow
- High Gloss with Great UV protection
- Good color retention
- Good durability to cleaning solutions, abrasion & stains
- Fiberglass, Wood, Aluminum and Steel
- High Performance Coating for Marine, Industrial & Offshore Structures

APPLICATION TIPS

APPLYING ANTIFOULING PAINTS

- Mechanically stir the paint thoroughly
- Use a 3/8" - 1/2" nap solvent resistant roller. Recommended thickness is normally achieved by the application of 2 - 3 coats.
- Apply an extra coat of antifouling to the waterline. Allow paint to dry thoroughly between coats and prior to launch.
- Small amounts of thinner may be required but should be kept to a minimum.
- Only apply between 50 - 85 degrees F.
- Humidity greater than 65% may slow drying
- Do not paint in direct sunlight or high winds
- Surface must be dry and free from contamination
- All products are formulated to cover 400 square feet per gallon
- Read the product label thoroughly

HOW MUCH ANTIFOULING PAINT DO I NEED?

The amount of paint needed can be summarized:

- Length x Beam x .85 = Total
- Total / 400 square feet per gallon = Total Quantity Needed
- This is for 2 coats
- 2-3 coats are recommended

BOAT SIZE	BOTTOM PAINT NEEDED
14' Outboard	1 Quart
18' Runabout	2 Quarts
20' Sailboat	3 Quarts
24' Runabout	3 Quarts
30' Sailboat	1 Gallon plus 2 Quarts
32' Cruiser	1 Gallon plus 2 Quarts
36' Auxiliary	2 Gallons
40' Cruiser	2 Gallons

ALUMINUM PONTOON BOTTOM SYSTEM

■ **MarPro's Aluma Pro** antifouling paint for aluminum and pontoon hulls, when applied over Mar-Protect Epoxy Primer, provides maximum protection for the hull preventing exposure to electrolysis and corrosion. By keeping the aluminum hull from coming in contact with both salt water and the antifouling paint film, this system eliminates the worries associated with protecting underwater aluminum.

For Bare Hulls:

Many pontoon boat manufacturers apply a wax coating to pontoons before they leave the factory in order to better preserve the aluminum finish. This wax **MUST** be removed prior to painting.

1. Degrease/Dewax aluminum hull by scrubbing with a commercial dewaxer using a wet/dry method to remove this wax.
2. Sandblast or sand the surface with 60-grit sandpaper to achieve a good adhesion profile.
3. Apply two coats of Mar-Protect Epoxy Primer.
4. Apply two coats of Aluma Pro.

For Previously Painted Hulls:

1. If the previous coating is compatible and is in good condition, thoroughly sand with 80-grit paper.
2. Solvent clean with MarPro Thinner to remove residue.
3. Apply one coat of Aluma Pro. If the previous coating is soft or in poor condition, remove to the bare surface by sanding or using a paint remover. Proceed with the Bare Hulls system as described above.

For Previously Primed Hulls:

Mar-Protect Epoxy Primer may be applied over existing two-part epoxy finishes, provided they are in good condition. If existing primer is in poor condition, remove completely and proceed with the Bare Hulls system described above.

1. Sandblast, or heavily sand the surface with 60-grit sandpaper to achieve a good adhesion profile.
2. Wipe clean with MarPro Thinner.
3. Apply two coats of Mar-Protect Epoxy Primer.
4. Apply two coats of Aluma Pro. The coating performance is only as good as the surface to which it is applied.

HYDROCOAT TECHNOLOGY ANTIFOULING

HYDROCOAT® Water-Based Ablative Paints have fewer VOC's, no foul smell and clean-up is simple with soap and water. Yet with all this green going for it, Hydrocoat® is a very effective antifouling and is as good as the best solvent-based bottom paints. Hydrocoat® can be applied over any other bottom paint without any preparation. Hydrocoat® makes everything easier, from painting, to clean-up, to breathing.

Hydrocoat® offers excellent multi-season protection against all types of fouling. Its innovative technology replaces the harsh solvents found in most bottom paints with water, resulting in an easier application and clean up, with no heavy solvent smell. Hydrocoat®'s ablative surface wears away with use, exposing fresh biocide while eliminating paint build-up and the need for sanding. Its unlimited dry time to launch allows for painting in the fall.

Hydrocoat® ECO Self-polishing, water-based ablative technology with organic Ecomea® biocide. Hydrocoat® Eco utilizes the highest level of new metal-free Ecomea® biocide available combined with a slime fighting inhibitor for unprecedented multi-season protection. This copper-free formula is compatible over almost all bottom paints and is safe for use on all substrates including steel and aluminum.

ODYSSEY® MULTI-SEASON ABLATIVE ANTIFOULING

Odyssey® Solvent-Based Antifouling Paints wear away with use exposing new biocides. Both the biocides and the paint film disappear over time. These paints can be used multi-season and maintain a more steady performance throughout their useful life. These paints require movement of the boat in order to work. Works similar to a bar of soap by polishing away with use.

Odyssey® Triton delivers exceptional, multi-season, tri-biocide performance by combining the proven reliability of Copper Thiocyanate, the impressive strength of ECONEA®, and the versatile organic boosting biocide Zinc Omadine. This combination makes Odyssey® Triton effective against all types of fouling found in the harshest of marine environments.

Odyssey® 60 delivers exceptional, multi-season, performance against fouling by offering the highest copper content in an ablative available. With significantly more copper than many competitors, Odyssey® 60 offers stronger protection at a better value. Fast dry technology provides quick turnaround and increased production for all applicators.

Odyssey® HD multi-season antifouling combines controlled polishing ablative technology with a high copper content to provide a paint film strong enough to handle the tough marine environment from coast to coast. Odyssey® HD is compatible over most finishes and will not build up over time, leaving running surfaces smooth and clean. Odyssey® HD's copolymer resins withstand hauling and relaunching without losing effectiveness for both power and sailboats.

*Tin copolymer paints and modified antifouling paints (SPC technology) should be sealed with a coat of 6627 Tie Coat Primer, allow to dry 4 hours and apply new antifouling paint. This document is intended as a guide only, additional preparation may be involved due to condition and age of substrate.

TRINIDAD* HARD ANTI FOULING

TRINIDAD* products have a proven track record of dependable antifouling performance, the active ingredient leaches out while the paint film stays mostly intact. Trinidad* products do not require movement and work equally well at the dock and underway. Trinidad* harnesses the power of an extremely high load of biocides to combat even the most extreme fouling conditions.

Trinidad*PRO - the standard by which all bottom paints are measured. It remains the longest lasting, strongest antifouling paint available. Trinidad*PRO provides unprecedented resistance to all fouling. Its hard protective coating has excellent adhesion, and withstands the toughest abuse. Left in the water, it will provide years of dependable service.

Trinidad* 75 - with a proven track record of dependable antifouling performance, Trinidad* 75 has earned its reputation as one of the most respected names in the industry. Trinidad* 75 harnesses the power of an extremely high load of cuprous oxide, to combat even the most extreme fouling conditions. Trinidad* 75's durable, hard epoxy finish has excellent adhesion, and when left in the water, will provide years of dependable service. The antifouling of choice for professional applicators everywhere.

Trinidad* HD provides excellent, long lasting protection, even under the toughest antifouling conditions. Trinidad*HD provides dependable in-water antifouling protection while meeting the 330 gram per liter VOC regulations. Trinidad*HD does not require movement and works equally as well at the dock or underway. It's durable hard modified epoxy finish has excellent adhesion, and is highly abrasion resistant. A good choice for powerboat or sailboat use in tropical and other warm waters where extreme fouling exists.

UNDERWATER METAL PROTECTION

Running Gear Guardian™ is designed to prevent fouling on all underwater metal running gear such as propellers, trim tabs, propeller shafts and rudder, prop struts, sail drives, strainers, bow and stern thrusters and other underwater metal or running gear by providing incredibly effective and long-lasting protection. Even low levels of fouling on running surfaces can cause efficiency losses up to 20%.

BLACK - 1870

HRT* - HYBRID REACTIVE TECHNOLOGY

HRT* - Hybrid Reactive Technology features high density biocide utilization to maximize effectiveness by using biocide more effectively along with film modifiers to reduce yearly build-up, maintain uniform color consistency, and lower weight while providing a smoother finish than traditional paints. These film modifiers also increase coverage by 25% and continues working whether the vessel is stationary or in motion.

Premium HRT* multi-season high copper antifouling uses the latest technology available to create a hybrid paint film strong enough to handle the tough marine environment without building up over time. Equally effective on both power and sailboats, Premium HRT* provides excellent antifouling protection without the costs associated with high end antifoulants. Its ease of use, impressive coverage, and attractive price tag make it an excellent choice for use as a boatyard's "house paint".

ECO HRT* copper-free antifouling uses the latest technology available to create a hybrid paint film strong enough to handle the tough marine environment without building up over time. ECO HRT* smooth durable paint surface wears away over time, eliminating paint film build up and the need for sanding. This copper-free formula can be safely applied to all aluminum-hulled boats. It provides excellent antifouling protection and can be hauled and re-launched without any loss of effectiveness.

Neptune HRT* water-based antifouling uses the latest technology available to create a hybrid paint film strong enough to handle the tough marine environment. Soap and water clean up along with no strong solvent smell, yields a user-friendly application. Neptune HRT* does not require sanding between coats saving time and money. With low VOC it's ideal for marinas under restrictions. Neptune HRT* can be used over all previously painted surfaces.

Unepoxy HRT* seasonal antifouling uses the latest technology available to create a hybrid paint film strong enough to handle the tough marine environment without building up over time. It is a dependable antifouling paint formulated to provide outstanding protection at a very affordable price. Its smooth durable finish is able to withstand beaching, trailering, and season long abuse.

HOW MUCH BOTTOM PAINT DO I NEED?

- 1 Calculate the square footage of the hull to be painted - multiply the length of the hull by the beam then multiply that total by .85

$$\text{Length} \times \text{Beam} \times .85 = \text{Square Feet of Hull}$$

- 2 Divide that number (your square foot total) by the amount of coverage the selected bottom paint offers. This will give you a one-coat total.

ANTIFOULING SPEEDCOATING

Vivid® offers the brightest colors, the blackest black and the whitest white available. Dual biocides provide excellent multi-season protection. Hybrid technology incorporates all the benefits of ablative and hard paints in one. Its hard, smooth surface withstands trailering and is easily burnished to a high performance racing finish. Vivid resists build-up and can be hauled and relaunched without repainting. Safe for use on properly primed aluminum. The perfect choice for any boat.

Black Widow® is the slickest, fastest, ultra-smooth burnishable racing finish available. Its powerful dual-biocides provide multi-season protection in all waters. Black Widow® is easily applied by roller, brush, or spray and is easily burnishable to a metallic "gun-metal" shine. Black Widow® makes an excellent paint for the bottom of any boat where speed is the number one priority, including racing sailboats, and high performance offshore powerboats. Black Widow® contains four strong slickening agents: Molybdenum Disulfide, PTFE, Graphite and Silicon.

Vivid Base Colors

Vivid Mixed Colors

Note: All swatch colors shown in this brochure are approximations of the actual paint color in the can or mixes.

EPOXY PRIMER BARRIER COAT

Pettit Protect® - 2 Coat Barrier Coat

High-Build Epoxy Primers -

- Faster and easier application
- Comprehensive gelcoat blister repair and prevention
- High-build formula covers in 2 coats vs the competitions 5 or 6 coats
- Exclusive low-VOC formula developed specifically for friendly application

GRAY - 4700/4701

WHITE - 4100/4101

Pettit Protect® is a heavy duty, two component, epoxy coating for use where maximum resistance to fresh or salt water is required. It reduces water absorption making it an excellent choice for osmotic blister prevention and repair. Its high-solids formula allows for quicker and easier application with fewer coats necessary for effective protection. It also offers dependable corrosion protection on all underwater metals.

What makes Pettit Protect® different?

Pettit Protect® uses significantly more of the waterproofing agent **MICA**. **MICA** at the highest concentration possible provides excellent protection from water intrusion.

PROPELLER AND SHAFT

Prop Coat Barnacle Barrier® 1792 provides protection for bare metals including steel, stainless steel, cast iron, copper, bronze, galvanized steel, and lead. It forms an excellent bond to underwater metals and running gear, and inhibits corrosion on these surfaces. Prop Coat Barnacle Barrier®'s smooth, hard surface will self-clean in service, and can be used above or below the waterline. The dried film of Prop Coat contains the highest percentage of pure Zinc.

CLEANERS / DEWAXERS

Bio-Blue Hull Surface Prep 92 de-waxes, cleans, and prepares bare fiberglass for painting. Easily removes unwanted contaminants and mold release agents prior to painting. When used with 4700/4701 Pettit Protect® and antifouling paint, it is part of an easy 1-2-3 system.

PETTIT ABLATIVE ANTIFOULING PAINTS

Pettit Ultima® SR-60 Ablative Antifouling Paint

PETTIT

- Dual biocides provide exceptional, multi-season, performance.
- Provides unmatched multi-season performance.
- High copper content yields best protection and longevity in high fouling areas.
- Slime release technology combines high biocide load with PTFE for better performance.
- **Thinner:** 185 Ablative Thinner.

PETTIT UNDERWATER METAL PROTECTION

Pettit Running Gear Guardian

PETTIT

- Superior underwater metal protection.
- Multi-season dual biocide formula prevents all fouling.
- Easiest application with long lasting results.
- Excellent adhesion and corrosion protection.
- Durable, slick, ultra-smooth finish.
- Increased fuel efficiency.
- For use on ALL underwater metals; propellers, rudders, trim tabs, propeller shafts, strainers, sail drives, struts, bow & stern thrusters.
- Will cover 65 sq. ft. of underwater metals.

Order No.	Mfg. No. / Description	List Price	
733750	(1870)	\$181.99	E0-9463100

Pettit Prop Coat Barnacle Barrier

PETTIT

- Provides superior underwater metal corrosion protection.
- Excellent adhesion to clean metals.
- Dried paint film contains the highest amount of pure zinc available.
- It's smooth, hard surface will self-clean in service and can be used above and below the waterline.
- Fast dry formula in an easy to use aerosol spray can or quart for large applications.

Order No.	Mfg. No. / Description	List Price	
733801	(1792SC) 20 oz.	\$29.79	E0-4322000

PETTIT PRIMERS

Pettit Protect High Build Epoxy Primer

PETTIT

- A heavy duty, two component, epoxy coating for use where maximum resistance to fresh or salt water is required.
- It reduces water absorption making it an excellent choice for osmotic blister prevention and repair.
- Its high-solids formula allows for quicker and easier application with fewer coats necessary for effective protection.
- Higher-solids equals 3 coat application instead of 6 needed by competitive products.
- It also offers dependable corrosion protection on all underwater metals.
- Use 97 Epoxy Thinner is needed.

Pettit Alumaprotect Aluminum Epoxy Primer

PETTIT

- A 2 part strontium chromate primer designed to form the ideal barrier coat over roughed bare aluminum.
- Alumaprotect provides maximum resistance to fresh or salt water, thus eliminating corrosion.
- This complete coating system resists water, industrial chemical fumes and very humid environments.
- Intended to be used as a primary coat over bare aluminum hulls and outdrives.
- Two coats are recommended over sandblasted aluminum.

Pettit EZ-Fair - Epoxy Fairing Compound

- EZ-Fair is a lightweight, two-part epoxy putty designed for filling and smoothing surface imperfections above and below the waterline.
- The special resins used in EZ-Fair impart a high degree of water and chemical resistance to the product, making it an integral part of the Pettit Gelcoat Blister Repair System.
- In addition, EZ-Fair is the product of choice for fairing metal keels or any underwater surface.
- Use it for leveling uneven surfaces, filling gouges, scratches or other damage on fiberglass, wood or metal surfaces.
- It's excellent chemical and water resistance make it the ideal choice for repairing blistered gelcoat in an osmotic blister repair system.
- EZ-Fair is non-sagging and non-shrinking and sands to a smooth finish.

PETTIT EPOXY SYSTEMS AND COMPONENTS

Pettit Flexpoxy - Flexible 2-Part Repair Epoxy

PETTIT

- Flexpoxy is a two-part epoxy resin that does not sag, run or shrink.
- Its thick formula allows it to fill large cavities in a single application.
- When cured, it remains flexible making it ideal for environments that require flex such as keel joint repairs.
- Flexpoxy creates a superior bond to all epoxies, polyester resins, metals and wood.
- It can be sanded, machined, cut, filed, planed, drilled, tapped or nailed making it perfect for filling, filleting, forming, fairing and fastening.
- This low odor formula is resistant to chemicals and is safe to use above and below the waterline.
- Flexpoxy can be molded and shaped during application and is easily tinted with paints and stains.
- Flexpoxy can be over coated by most paints and stains.

Topside Finishes

Perfection®

A high-gloss, high-performance two-part polyurethane that combines a long lasting abrasion and chemical resistant finish with superb protection from the detrimental effects of UV rays. Its abrasion resistance makes it ideal for application to decks and gunwales. Perfection can be used anywhere above the true waterline on properly prepared fiberglass, wood, aluminum, steel and epoxy. The superb high-gloss characteristics, long-wlasting color retention and durability makes Perfection the finest coating available.

Professional quality results are made easy with Perfection.

Interlux® Antifouling Range

Micron Technology Polishing Antifouling

- Micron is the original controlled-polishing antifouling, offering outstanding performance longevity with an extensive track record
- Longest lasting, multi-season protection with the ability to haul and relaunch without repainting
- Becomes smoother with use, reducing drag and maximizing fuel savings.

Micron® 99

Ultimate Self-polishing antifouling designed for large yachts

- Multi-season antifouling with advanced Biolux® SPC Technology
- Controlled polishing for sustained protection in all waters
- For use on larger hulls (82+ feet) - professionally licensed application

Not for use in California

Micron® CSC

Proven and trusted multi-season antifouling for all fouling threats

- Proven and trusted multi-season performance
- Suitable for power and sail, in all waters
- Minimizes paint build-up and sanding
- Not for use on aluminum
- Also available in High Solids VOC compliant formulation

Micron® 66

Advanced self-polishing antifouling for multi-season performance

- Premium antifouling performance in the harshest fouling conditions - Use in salt water only
- Controlled polishing even while stationary
- Helps minimize sanding, drag and fuel consumption

Micron® WA

Micron Technology in a water-based formula

- Water Activated Matrix™ Technology delivers powerful protection with crisp, vibrant colors
- Outstanding protection in all waters
- Easy to apply, fast drying and easy clean up

Not for use in California

Micron® Extra

Exceptional antifouling performance in all conditions

- Exceptional multi-seasonal polishing antifouling protection for all waters
- Biolux boosts performance by controlling slime
- Haul and relaunch without repainting with no paint buildup

VC®17m Extra

High-performance, Low-friction antifouling for a smooth finish and dual protection for power and sail boats

- Dual protection with Biolux® Technology for protection against all fouling types
- Thin film with a fluoro-microadditive creates smooth, low-friction surface
- Provides a hard, smooth racing finish
- Quick-drying for a fast relaunch

Not for use in California

NEW Micron Navigator™

Environmentally conscious multi-seasonal antifouling

- Water-based copper free available in bright colors
- Fast drying and lower temperature application - schedule flexibility
- Suitable for use on all boats types and substrates (includ. aluminum), in all waters

NEW!

Micron® CF

Multi-season copper free antifouling for all substrates in all waters

- Multi-season, copper free antifouling
- Combats slime, shells and other fouling threats
- Suitable for use on all boats and substrates

Pacifica® Plus

Ablative antifouling in a copper free formula, suitable for all boats and waters

- Ablative copper free season to season antifouling
- Biolux® Technology and E-conea™ for proven protection
- Fast-drying, low VOC

E-conea™ is a trademark of Johnson & Johnson.

Ultra with Biolux®

Premium hard antifouling protection for high fouling areas

- Premium hard antifouling for long-lasting protection
- Biolux® Technology to help block slime
- Fast-drying, low VOC

ACT

Well performing, low-maintenance season to season ablative antifouling

- Season to season antifouling performance
- Eliminates build-up and sanding
- Overcoats existing antifouling

Not for use in California

Fiberglass Bottomkote® Aqua

Versatility, value and protection in a water-based antifouling

- Multi-Seasonal high performance antifouling performance
- Smooth, colorfast, and durable finish
- Thin film finish delivers minimal paint build-up

Not for use in California

For use on larger vessels (82+ feet) - professionally licensed application only.

Aqua-One Performance Ablative

Convenient water-based antifouling for outstanding protection

- Outstanding water-based antifouling
- Easy application and clean-up
- Minimizes sanding requirements

Not for use in California

Trilux® 33

Bright antifouling for all boats including aluminum

- Available in three bright colors, including white
- Biolux® Technology to help block slime
- Formulated for use on all boat types and substrates including aluminum
- available in aerosol formulation for use on drives and underwater metals

* available in aerosol

Fiberglass Bottomkote® NT

Quick to apply, easy to maintain, long-lasting antifouling

- Seasonal performance at a good value
- Dual resin technology minimizes build-up and sanding
- Paint and launch on the same day

Non-antifouling InterZinc®

Underwater metal protection

- Metallic underwater corrosive protection
- Convenient, easy to use aerosol
- Superior adhesion for underwater metals

InterProtect® Primers with Micro-Plates®

InterProtect primers with Micro-Plates can be used above and below waterline and on all substrates. Micro-Plate® Technology creates an overlapping barrier to help stop water migration through the coating reducing water migration through the epoxy to the hull surface which could lead to blistering.

InterProtect® 2000E

- Fast drying, easy application
- Use as part of a no sand system
- The industry standard for more than 20 years

InterProtect® HS

- High solids two-part epoxy
- High solids for fewer coats to achieve film build
- Protect metals from rust and oxidation
- Reduced solvent emissions

Gray Y2000E

White Y2002E

Gray YPA423KIT

Interlux® Wood Solutions

Cetol® Marine

Cetol Marine with Next Wave™ UV-absorbing technology is a durable translucent protective wood finish for use above the waterline on interior and exterior woods. Next Wave technology is a unique UV package of advanced Ultra Violet absorbers that provide greater protection, durability and longevity. Cetol Marine has excellent weathering properties and allows for the natural expansion and contraction of wood which prevents Cetol Marine from cracking. Cetol Marine is also micro-porous, allowing moisture to escape from the wood which will prevent blistering and flaking of the finish. Cetol Marine is an easy to apply, low maintenance alternative to wood oils and other wood treatments.

- **Cetol Marine** produces an attractive dark amber appearance on wood.
- **Cetol Marine Light** produces a lighter amber appearance on wood.
- **Cetol Marine Natural Teak** has a rich golden color on wood.
- **Cetol Marine Gloss** provides a high-gloss, hard-wearing, UV protection and is developed as a topcoat for Cetol Marine, Cetol Marine Light and Cetol Marine Natural Teak.

Perfection® Plus

A high performance, two-part clear polyurethane, Perfection Plus delivers the ultimate in performance longevity resistance. The chemical cure urethane formulation combines with a best-in-class UV and HALS package to offer outstanding chemical and abrasion resistance and superb gloss and gloss retention that lasts four times longer than conventional one-part varnishes.

Schooner® Gold

This product offers a higher film build per coat that allows both professional applicator and boat owners to achieve great results faster and in fewer coats. This 'thicker' varnish will require thinning, in most conditions, to achieve optimum flow. Schooner Gold has shown to out-perform other leading brands and will offer superb longevity and durability.

Schooner® 96

Combines the very best of classic varnish craftsmanship with the newest technology. Schooner Varnish contains ultra-violet filters to screen the sun's damaging rays for remarkable durability, excellent water resistance and silky application. Superior self-leveling property and a bright, clear, high-gloss finish with the traditional golden color.

Compass® Clear

Compass Clear is a highly durable one-part polyurethane gloss varnish that contains a unique combination of ultra-violet additives, HALS, surface stabilizers and antioxidants to ensure long-term gloss and clarity. Polyurethane resin adds incredible abrasion, chemical and water resistance. Superior leveling properties along with silky application allows you to achieve a professional, long lasting finish. Compass Clear is suitable for all internal and external woods, and can be applied directly to oily timber, such as teak.

Goldspar® Satin 60

A modified polyurethane, low luster varnish designed for application to interior wood surfaces. It produces a warm, rich satin sheen finish that resists scratches and stains and applies easily enough to yield truly professional results by either brush or spray. Goldspar Satin Varnish 60 is ideal anywhere a low luster finish is desired, such as cabin soles, cabinets, counters and tables.

INTERLUX ABLATIVE ANTIFOULING PAINTS

Interlux Micron® 66® Antifouling Paint with Biolux SPC

- Micron 66 combines Biolux Technology for increased antifouling performance with a true Self Polishing Copolymer that gradually polishes over time, even while stationary, to a smooth finish.
- This ensures maximum continuous protection over a long product life, helping to minimize drag and fuel consumption.
- **Suitable water types:** Sea water and brackish water.
- **Thinner:** Special Thinner 216 or Brush-Ease 433.

- Micron CSC provides long-lasting multi-season protection against all kinds of fouling threats, in all conditions.
- The controlled polishing also reduces the build-up of old coatings and minimizes sanding.
- The most trusted and dependable antifouling among boat owners, applicators and builders.
- **Suitable water types:** Sea water, fresh water and brackish water.
- **Thinner:** Special Thinner 216 or Brush-Ease 433.

INTERLUX ABLATIVE WATER BASED ANTIFOULING PAINTS

Interlux Aqua-One™ Water-Based Ablative Antifouling Paint

- Aqua-One combines outstanding antifouling performance in a convenient water-based ablative coating.
- The fast-dry formula makes application and clean-up easy, while the coating wears away during use, ensuring consistent performance and reducing the build-up of paint.
- **Suitable water types:** Sea water, fresh water and brackish water.
- **Thinner:** Water.

INTERLUX PRIMERS

Interlux InterProtect® 2000E with Micro-Plates®

- This remarkable two-part epoxy coating protects fiberglass hulls from water absorption.
- It's formulated with Microplates that creates an overlapping water barrier.
- It's also great for repairing gelcoat that has been damaged by osmotic blistering.
- Excellent adhesion to fiberglass, composite, metal and wood.
- Suitable for use above and below the waterline as a universal primer for all surfaces.
- Long overcoating times add versatility and flexibility.

Interlux Fiberglass Surface Prep

- It's extremely important to remove contaminants from fiberglass for full adhesion of primers and/or antifouling paints.
- With its special low VOC formula, Fiberglass Surface Prep does this extremely effectively.
- It can also be used to remove amine blush from clear epoxy.
- And it can be used to prepare inflatable boats for antifouling

INTERLUX VARNISHES

Interlux Perfection® Plus Varnish

- Perfection Plus really is the ultimate clear wood varnish.
- It offers outstanding chemical and abrasion resistance, UV protection and a superb gloss finish with great retention that lasts four times longer than normal one-part varnishes.
- Can be used in combination with Perfection Finish as a glaze coat to increase flow, levelling and durability.
- Suitable for oily woods like teak after adequate degreasing and substrate preparation.

Order No.	Mfg. No.	Color	Size	List Price
408408	(YVA950KIT/QT)	Clear	Quart	\$79.89 E0-2995000

Interlux Goldspar® Satin Varnish

- Goldspar Satin produces a warm, rich satin sheen finish that's scratch and stain resistant.
- You can use it on all interior surfaces from cabin soles to cabinets - and as it's so simple to apply, you'll easily be able to create professional finish by brush or spray.

Order No.	Mfg. No.	Size	List Price
408547	(Y60/QT)	Quart	\$28.09 E0-7012000

Interlux Schooner® Varnish

- Schooner Varnish creates a bright, clear, pristine high gloss finish with a traditional golden color.
- Added to this it offers remarkable durability, water resistance, UV protection and a nice silky application.
- Superior self-leveling properties makes it easy to get a professional finish.

Order No.	Mfg. No.	Size	List Price
408603	(Y96/QT)	Quart	\$32.09 E0-7042000

Interlux Original® Varnish

- With good gloss and durability, Original is a traditional spar varnish that creates a stunning golden color.
- As it's so simple to apply you can create a professional with ease on interior and exterior woodwork such as cabin trim, handrails and coamings.

Order No.	Mfg. No.	Size	List Price
408561	(Y90/QT)	Quart	\$20.59 E0-4451000

Interlux Schooner® Gold Varnish

- Schooner Gold is a premium varnish that has a higher film build per coat, so you can work faster and use fewer coats.
- It's our longest lasting one-part varnish and will require thinning in most conditions to achieve optimum flow.
- Plus, it contains advanced UV protection.
- Offers excellent self-leveling, superb longevity and durability.
- Suitable for all internal and external woods, including oily timbers such as teak.

SPECIAL HANDLING MAY APPLY

AVAILABLE IN SELECTED WAREHOUSES

Epifanes Clear Varnish

- This traditional marine varnish is based on tung oil, phenolic-modified alkyd resins and maximum U.V. absorbers.
- It has outstanding protection for all marine and household woods and can be applied to Interior and exterior woods above the waterline.
- It offers superior flow and durability.
- It has excellent flexibility and water resistance in all climate conditions.

Order No.	Mfg. No.	Size	List Price
023008	(CV.1000)	1,000 ML	\$54.59 G0-8563000
023010	(CV.500)	500 ML	\$29.49 G0-6791000

Epifanes Wood Finish Gloss

- It's based on phenolic-modified resins and tung oil with microscopic porosity properties.
- Specifically formulated for oily woods like teak and iroko, Wood Finish Gloss has an ultra high gloss finish.
- Its color is clear amber.
- Excellent flow, gloss and durability and offers great flexibility and water resistance in all weather conditions.

Order No.	Mfg. No.	Size	List Price
023040	(WFG.500)	500 ML	\$33.69 G0-7522000
023046	(WFG.1000)	1,000 ML	\$58.89 G0-6493000

Epifanes Rapidcoat

- Offers quick and easy wood protection without the hassle of sanding between coats.
- It's a one-component wood finish based on modified alkyd/urethane resin.
- Epifanes Rapidcoat can be used for renewing weathered areas prior to applying a varnish system or as a full system for those requiring a quick and easy semi-gloss finish with maximum durability, U.V. protection and longevity.
- Rapidcoat provides an enhancing coat that bonds extremely well to teak and other oily woods, preventing discoloration and emphasizing the natural grain of the wood.
- It has great water resistance and flexibility.

Order No.	Mfg. No.	Size	List Price
023072	(RC.750)	750 ML	\$50.39 G0-6733000

Epifanes Easy-Flow

- A multi-purpose additive or stand alone coating based on a selection of natural oils.
- Suitable for use in one-component conventional and half-synthetic varnishes, paints and primers to optimize impregnation/saturation and preservation of the surface.
- Flow enhancer under cold or hot working conditions.
- Stand alone product to prevent rust on steel (penetrates existing thin layers of rust through to the steel) and as impregnating oil on wood.

Order No.	Mfg. No.	Size	List Price
023015	(EF.500)	500 ML	\$27.99 G0-5781000

Epifanes Rubbed Effect Varnish

- A one-component interior varnish based on urethane alkyd resins, gives a rich clear amber satin finish.
- Can be applied directly to bare wood, any interior softwood or hardwood and is highly recommended for cabin sole, doors and trim.
- It's hard satin finish has good scratch and scuff resistance and is impervious to most onboard chemicals.

Order No.	Mfg. No.	Size	List Price
023018	(RE.1000)	1,000 ML	\$64.29 G0-7034000

Epifanes Wood Finish Matte

- It's a one-component varnish alternative based on urethane alkyd resins and tung oil and contains U.V. absorbers.
- Specifically formulated for oily woods like teak and iroko.
- It's finish is a rich matte with a clear amber color and has the appearance of being hand-rubbed.
- It offers superior flow and durability and excellent scratch resistance and exterior weather resistance.

Order No.	Mfg. No.	Size	List Price
023058	(WFM.500)	1,000 ML	\$39.49 G0-6462000

Epifanes Rapidclear

- Offers quick and easy wood protection without the hassle of sanding between coats.
- It's a one-component clear wood finish based on modified alkyd/urethane resin.
- Epifanes Rapidclear can be used for renewing weathered areas prior to applying a varnish system for those requiring a quick and easy semi-gloss finish with maximum durability, U.V. protection and longevity.
- Rapidclear provides an enhancing coat that bonds extremely well to teak and other oily woods, preventing discoloration and emphasizing the natural grain of the wood.
- It has great water resistance and flexibility.

Mascoat Marine - DTM (Thermal Insulating Coating)

- Mascoat Marine-DTM insulating coating is a water-based, one-part coating comprised of air filled ceramic and silica beads held in suspension by an acrylic binder.
- It applies like paint and is maintenance-free, providing thermal insulating and anti-condensation capabilities for shipboard construction.
- Currently, Mascoat Marine-DTM insulating coating is in use on over 2000 marine vessels from Alaska to Antarctica.
- This coating can replaced most blanket and foam insulation products, resulting in substantial reduction of weight and keeping the vessel within the new stringent marine codes and classifications.
- The coating employs the best water-based coating technology and contains no harmful elements.
- Unlike other insulation methods, Mascoat Marine-DTM bonds directly to the substrate or primer, leaving no room for corrosion to take hold.
- Direct bonding gives the coating the ability to insulate your vessel without degradation of the substrate for many years to come.
- By using Mascoat Marine-DTM coating system, you can rest assured that your vessel is protected and that the interior accommodations will be comfortable.
- Users of Mascoat Marine-DTM insulation coating have found that the coating replaces most conventional insulation methods.
- While yielding the same insulation capabilities, installing costing drastically less.
- Many vessel owners have saved up to 50% on total installed costs over conventional insulation.
- Best of all, the coating is extremely lightweight.
- This allows easy application around difficult areas such as stiffeners and other tight areas without adding excess weight.

Order No.	Mfg. No.	Color	Size	List Price
496517	(1101FGDTMWH)	White	5 Gallon	\$477.99 B0-9103400

Tuff-Coat Marine Non-Skid Coating

- Ideal for commercial and recreational vessels or docks/ramps.
- Superior durability and flexibility.
- Non-abrasive, recycled rubber aggregate for traction and comfort in any weather.
- Comes in 1 gallon cans or 5 gallon pails.
- Made in the USA.

KEY FEATURES

- Water-based/no smell/water clean up.
- Rubber Aggregate/non-abrasive.
- Roll or Spray on application.
- 21 Standard Colors.
- Single Component/No Mixing.
- Chemical & UV Resistant.
- Flexible.
- Non-Flammable.
- No shipping restrictions.
- Extremely Durable.
- User Friendly.

ADHERES TO:

- Wood.
- Steel.
- Aluminum.
- Fiberglass.
- Gel Coat.
- Concrete.
- Painted Surfaces.

AWLGRIP® Awlmix® Color Matching System

- Awlcraft 2000 topcoat colors, including special requests for custom colors.
- We request any new formulation from Awlgrip on your behalf and we are able to mix and match most existing formulations.
- By using the Awlmix software provided by Awlgrip, you can be assured we will always have the most current formulations with an extensive choice of colors created by world-wide demand from builders and boat owners.
- The number of formulations in this database grows every month and the input from Awlgrip color chemists is crucial, as each formulation entered is thoroughly reviewed and quality controlled to provide the formulation with the greatest consistency for our day to day operation.
- We can access this information 24/7, all in order to speed up delivery to you.

What will Awlmix do for you?

- Improved service through an added choice of color selection.
- Greater ability to meet increasing customer demand of custom made colors, especially for the OEM or multi-production market.
- Capability to match 48 colors on the Awlcraft 2000 metallic color card.
- Opportunity to provide the color that your customer needs.
- Awlgrip continues to be the premium choice of topsides finishes world-wide.
- Using the Awlmix system to blend Awlgrip and Awlcraft 2000 topcoat colors on site shortens the lead time. Color access is now far beyond the traditional yacht and aerospace paint supplier.
- All colors will be shipped from our Clearwater, Ft. Lauderdale or Norwich facilities with the corresponding shipping times and fees.
- Please supply color code from chart when ordering.

- Designed for exterior application above the waterline, Awlwood Primer is part of a high-performing Primer & Clear Finish system that adheres directly to wood.
- As natural color fades, this primer helps to establish a permanent rich base color.
- Deeply permeates the grain of the wood, giving long-lasting color stability.
- Improves system flexibility, adhesion and durability.
- Can be applied in a wide range of temperatures and humidities.

AWLGRIP® Quick Build Surfacer

- A high performance yacht priming system, formulated to provide a quick and convenient application.
- Using just six colored primers, Quick Build can closely match any finish, reducing the number of stages required to produce outstanding results.
- Can be applied directly to certain substrates with no other primers required.
- Easy application system for preparation and application in a single day.
- Vibrant colors in just minutes, closely matching finish colors for quicker hide.

AWLGRIP® 545 Epoxy Primer

- A multi-use, corrosion-resistant epoxy primer used to seal undercoats and surfacing primers before applying finishes.
- Can be applied both above and below the waterline on a wide range of substrates, via spray or brush and roller.
- Dual purpose; seals both undercoats and surfacing primers in a single product.
- Outstanding corrosion protection, increasing the longevity of your system.
- Excellent adhesion to all substrates.

AWLGRIP® Cold Cure Accelerator

- Cold Cure is an accelerator used with 545 Epoxy Primer, reducing cure and recoat times by up to 50%.
- Can be added up to 12.5% of catalyzed volume to 545, replacing the standard reducer.
- Ideal for speeding up cure rate in cooler temperatures.
- Tailored for use between 10° C/50° F and 24° C/75° F.
- Suitable for use with brush and roller or spray application.

AWLGRIP® Max Cor CF High Solids Primer

- Max Cor CF is a two-component high solid epoxy primer, tailored to provide aluminum and steel with excellent chemical and solvent resistance.
- A chromate-free product with innovative Controlled Fusion (CF) technology for extended re-coat times, improved substrate adhesion and reduced sanding.
- Contains anti-corrosive pigments to extend system longevity.
- Great adhesion to aluminum and steel.
- Can be directly overcoated with Hullgard Extra.

AWLGRIP® High Build Epoxy Primer

- An epoxy surfacing primer, used where high build and filling is required above the waterline.
- Ideal for use over Awlgrip primers and fairing compounds, can also be applied directly to pre-prepared wood or fiberglass.
- Prevents solvent leaching.
- Compatible with Awlgrip primers and direct application.
- Can be used with specialized converter and reducer for US VOC compliance.

AWLGRIP® Awlquik Epoxy Primer

- A two-component quick-drying epoxy primer/surfacer, for application above the waterline by brush and roller or spray.
- Provides a medium build and is easily sanded.
- Easy to apply by brush and roller or spray.
- Quick-drying for a faster application process.
- Easy to sand, allowing the next layer to be applied sooner.

AWLGRIP® Wash Primer CF

- A chromate-free etch primer that incorporates Controlled Fusion (CF) technology to give excellent adhesion to stainless steel and anodized aluminum.
- Controlled Fusion also allows extended recoat times and removes the need for sanding before applying the next coat.
- Eliminates hazardous chemicals from the process.
- Ensures strong adhesion with the Awlcraft system.
- Can be directly overcoated with Awlgrip, Awlgrip HS or Awlcraft 2000.

3M Marine PPS™ Mixing Cup and Collar

886763

886769

886789

- Hard cups and collars support liners for the 3M PPS (Legacy) paint preparation system.
- 3M PPS is an all-in-one disposable solution for measuring, mixing, filtering and spraying of paint materials.
- System enables the painter the ability to consistently spray at 90° to the part, no matter the part orientation (even upside down).
- The all-in-one solution reduces the chance of outside contamination and reduces paint consumption.

Science.
Applied to Life.™

3M is
Contin

Red

AO

Comprehensive line of economical abrasives. Best in class performance. Made with Aluminum Oxide.

3M™ Green Corps™, Gold AO+ CC

Full line of standard and coarse grade abrasives that mix quality minerals and precision coating to deliver quality performance and improved life. Made with Premium Aluminum Oxide and Crushed Ceramic. 3M first used ceramic grains in 1988 for automotive abrasives.

Faster Cut. Better

Aluminum Oxide AO

General purpose grain. Hardness and toughness properties align with paint stripping and finishing grades. Will not

Premium Aluminum Oxide AO+

Filtered for more uniform shape and better toughness. Leads to faster mass removal and longer life than standard

Leading Advancement in Marine Abrasives.

Continuous abrasive grain innovation to meet every customer need.

Purple Clean Sand

CC AO+

3M's full purple line uses ceramic grains for next level performance. Sand faster and deliver a more consistent finish.

CUBITRON II

PSG

Revolutionary 3M™ Precision Shaped Grain fractures evenly to continually slice through material, wear evenly, and provide extra-long life and superior consistency.

Finish. Longer Life.

3M has been using ceramics in automotive abrasives for over 25 years.

Crushed Ceramic

CC

Synthetic material is tougher than Aluminum Oxide. Ceramic grains remove material faster and more uniformly than naturally c

3M is the only one offering abrasives with patented 3M™ Precision Shaped Grain.

3M™ Precision Shaped Grain

PSG

Shaped ceramics match the toughness of synthetic products and add superior triangular shape. Triangular peaks slice through material and assist removal and longest life.

3M Hookit™ Clean Sanding Discs (236U) - 5" Diameter

- Precise multi-hole pattern means excellent dust extraction and eliminates the need to align holes.
- Open coat and load-resistant coating prevents clogging to optimize cut and product life.
- Easy to change and reuse, maximizing utility for the life of the disc.
- Aluminum oxide grains cut faster and last longer than traditional garnet.
- Strong, C-weight paper backing supports aggressive sanding.

Order No.	Mfg. No. / Description	List Price
887031	(55598) P80 Grade 50 Discs Per Roll	\$46.19 F0-3323000

3M Cubitron™ II Hookit™ Clean Sanding Discs - 6" Diameter

- Features 3M Precision-Shaped Grain, triangular-shaped grains that cut 30% faster than other premium abrasives.
- Grains expose fresh abrasive as they wear for 2x longer abrasive life vs. traditional abrasives.
- Sharper cutting surface means less pressure is required for reduced friction and wear.
- Clean Sanding multi-hole pattern delivers excellent dust extraction.
- 3M Hookit hook-and-loop attachment makes for fast disc change-outs.
- Long lasting, fast-cutting abrasive disc is ideal for a range of jobs including paint removal and feather-edging.

Order No.	Mfg. No. / Description	List Price

3M Hookit™ Flexible Abrasive Discs - 6" Diameter

- Offers high flexibility and conformability.
- Premium quality delivers uniform, consistent finishes every time.
- Reduced burn through when sanding thin coated surfaces.
- Wide range of grades for precision-perfect results.
- 3M Hookit attachment system provides easy reuse, optimizing disc life.
- Long-lasting abrasives reduce material consumption.

3M Stikit™ Paper Disc Rolls (236U) - 5" Diameter

- Adhesive backing allows for quick application and easy removal.
- Convenient disc rolls eliminate the need to remove disc liners from individual discs.
- Strong, C-weight paper backing provides extra durability when compared to lighter weight paper backings.
- Aluminum oxide mineral is durable, cuts fast, and performs well on many surfaces.
- Load-resistant coating helps prevent premature loading of the disc surface to maximize cut and extend the life of the abrasive grains.

3M Clean Sanding Discs - 6" Diameter

- An aluminum oxide Hookit disc with precise hole design for improved dust extraction constructed on a C Weight.
- Excellent for dry sanding applications like gel coat, composites, wood, paint prep and primer sanding.
- Design doesn't require alignment of holes with the disc pad.
- Simpler to use than a standard "dust free" system.
- Fits all dustless sanding systems.
- 50 Discs Per Roll.

3M Trizact™ Hookit™ Foam Disc - 6" Diameter

- Ideal for refining sand scratches to help reduce the amount of time spent compounding.
- Patterned, precise mineral structures provide a combination of fast cut and consistent finish.
- Long lasting, even-wearing abrasive can reduce or eliminate extra materials and even full stages in specific cases.
- Hookit attachment system allows for fast, easy change outs with Hookit disc pads and soft interface pads.

Order No.	Mfg. No. / Description	List Price
852660	(02085) P3000 Grade 15 Discs Per Box	\$136.09 F0-6259000

3M Stikit™ Finishing Film Discs - 6" Diameter

- Film-backed abrasive discs for standard high-finish auto body sanding applications.
- Durable film backing is tear-resistant and provides a consistent finish.
- Aluminum oxide abrasive delivers a fast cut and long life.
- Resin bonding resists heat for added durability.
- Stikit attachment system makes for quick and easy disc change-outs.

Dr. Shrink Measuring Film Width and Determining Support Posts Needed for Structure

RECREATION BOAT - FRONT

Add (227795) Foam Padding at Corners to Prevent Tears in Your Wrap

Measure at Center/Top of Cap Down Over the Widest Point of the Boat to the Rub Rail

$((X+8'') \times 2) + 2' = \text{ROLL WIDTH}$

RECREATION BOAT - SIDE

Use the (2227869) Strap Protector to Prevent Damage to Vinyl When Securing Your Strapping

MINIMUM 1 SUPPORT POST FOR EVERY 6' IN LENGTH

PONTOON - FRONT

Try Our (2227909) Super Cap for Added Protection and Coverage

Measure at Center/Top of Cap Down To Deck

$((X+8'') \times 2) + 2' = \text{ROLL WIDTH}$

PONTOON - SIDE

Use the Seatsaver Where Your Seats Come in Contact with the Side Rails. Provides Necessary Lift-Off to Prevent Damage to Your Seats While Also Providing an Ideal Anchor Location for Strapping.

MINIMUM 1 SUPPORT POST FOR EVERY 6' IN LENGTH

RECREATION BOAT VENTING CHART

Length	Beam	Film Size	# of Vents
0' - 16'	7'	12' x 149' (1,788 s.f.)	4
14' - 19'	8'	14' x 128' (1,792 s.f.)	4
17' - 24'	8.5'	17' x 110' (1,870 s.f.)	6
25' - 29'	8.5'	TWO IDEAL SIZES	
	9'	20' x 89' (1,780 s.f.) 24' x 120' (2,880 s.f.)	6
28' - 31'	10'	26' x 100' (2,600 s.f.)	8

PONTOON BOAT VENTING CHART

Length	Beam	Film Size	# of Vents
0' - 16'	8'	17' x 110'	4
16' - 22'	8' - 9'	18' x 200'	6
23' - 28'	8' - 11'	20' x 89'	8

Dr. Shrink Anti-Chafe Tape - 3 Mil

- A high performance polyethylene film that provides a tough, puncture resistant material to prevent abrasion.
- This tape is designed as a low-tack film that will provide protection for your boat or other object.
- Use only between shrink wrap and the object.
- Simply apply it directly to the object where the shrink wrap touches.
- The tape acts as a barrier between the object and shrink wrap, thus preventing any scratching or chafing.
- The black underside of the tape contains UV inhibitors to prevent the sun from drying out the adhesive.

Dr. Shrink Preservation Tape - 10 Mil

- A 10 mil waterproof tape that contains UV inhibitors for long term storage and leaves minimal adhesive residue.
- Most commonly used for transportation covers where the cover needs to be taped directly to the object.
- PLEASE NOTE: Although preservation tape is designed not to leave a residue, the adhesion is very strong and it is possible that the top layer of paint or finish may come off painted surfaces or wood. Please test a small area before applying to the entire surface.

Dr. Shrink Heavy Duty Woven Cord Strapping

- Used with wooden uprights and buckles to form the support structure under shrink wrap covers.
- It is also used to create the perimeter band that will secure the shrink wrap material.

Order No.	Mfg. No.	Size	Break Strength	List Price	
2228302	(DS-500HD)	1/2" x 3,900'	900 lb.	\$107.99	F0-9557000
2228305	(DS-50015HD)	1/2" x 1,500'	900 lb.	\$48.99	F0-9243000
2228359	(DS-750HW)	3/4" x 1,665'	1,625 lb.	\$112.99	F0-9097000
2228361	(DS-7501500)	3/4" x 1,500'	900 lb.	\$63.69	F0-8544000
2228364	(DS-750300)	3/4" x 300'	900 lb.	\$20.49	F0-4341000

Dr. Shrink Strap Dispenser

- Durable and lightweight design which is compatible with all our premium 1/2" and 3/4" strapping rolls.
- The unit features a convenient carrying handle and low resistance spindle system.
- Ideal tool to prevent knots, tangles and twists in the strapping.

Order No.	Mfg. No. / Description	List Price	
2227907	(DS-STRAPDISP)	\$37.79	F0-5462000

Dr. Shrink Strapping Protector

- Designed for two different applications:
 - 1) A method of keeping strapping from forming dents in vinyl upholstery on boats.
 - 2) Used as corner guards to keep shrink wrap and strapping from being cut on sharp edges.
- Notched on all four sides for easy attachment to strapping.

Order No.	Mfg. No. / Description	List Price	
2227869	(DS-PROTECTOR)	\$2.09	F0-6410000

Dr. Shrink Super Cap

- Designed to transfer the weight of snow, ice and rain from the top of 2 x 4 support poles used under shrink wrap storage covers.
- Dome shaped and 20" in diameter, the Super Cap rests on the woven cord strapping running both lengthwise and crosswise, thus minimizing support poles from poking through shrink wrap covers.
- Super Caps can be easily attached to wooden uprights with either a nail or staples.

Order No.	Mfg. No. / Description	List Price	
2227909	(DS-SUPERCAP)	\$4.29	F0-0030000

Dr. Shrink End Caps and Bottom Caps

- Designed to fit on the top and bottom of 2 x 4 boards commonly used as a support poles under shrink wrap covers.
- The caps have slits every 90° for the woven cord strapping to slide into and when the cover is shrunk, the sections flex downward forming a protective pad on the top to eliminate pole poke-through. Bottom caps have non-skid disks attached for added stability.

Order No.	Mfg. No. / Description	List Price	
2227757	(DS-CAP) End Caps	\$1.49	F0-4010000
2227767	(DS-BCAP) Bottom Caps	\$2.89	F0-2020000

Regular Woven Cord Strapping

- Can be hand tied or secured and fastened with buckles.

Order No.	Mfg. No.	Size	Tensile	List Price	
427700	(P40RW15)	1/2" x 1,500'	650 lb.	\$66.49	L0-5233000
427715	(P40RW)	1/2" x 3,900'	650 lb.	\$157.89	L0-5987000
427730	(P60RW)	3/4" x 2,100'	950 lb.	\$141.99	L0-0017000

Dr. Shrink Tensioning Tool

- Used when creating the perimeter band.
- If the perimeter band is left only hand tightened, the cover will sit loosely over the object and can rub and chafe the object.
- A band properly tightened with the Tensioning Tool will create a powerful perimeter band that will hug the cover securely against the protected object, preventing movement and eliminating chafing.

Order No.	Mfg. No. / Description	List Price	
227858	(DS-15)	\$70.89	F0-2694000

Dr. Shrink Metal Buckles

- Used with the strapping and tensioning tool when creating a tight-fitting perimeter band.
- When creating the support structure, the buckles allow the installer to sufficiently hand tighten the strapping and produce a sturdy, sloping frame for the shrink wrap cover.
- 3/4" Heavy duty.
- Sold 100 per bag.

Order No.	Mfg. No. / Description	List Price	
227846	(DS-075)	\$17.89	F0-2521000

Dr. Shrink Liftoff Assembly

- The Liftoff is perfect for wrapped objects that need additional ventilation as well as surface protection (such as painted boat hulls or delicate machinery) during the wrapping process.

Order No.	Mfg. No. / Description	List Price	
2227859	(DS-LIFTOFF)	\$2.09	F0-6410000

Dr. Shrink Foam Block

- 3" x 2" x 22" foam block.
- Sold individually.

Order No.	Mfg. No. / Description	List Price
2227845	(DS-FBLOCK)	\$2.99 F0-9020000

Dr. Shrink Easy Klips®

- Can reduce labor time by holding shrink wrap securely in place.
- Makes the shrink wrap process easier.
- Easy on/easy off application and fastens in seconds.
- Will not detach until you want it to.
- Instead of pulling off when the load gets heavy, the EasyKlip will actually clamp down harder and fastens without tearing the plastic.

Order No.	Mfg. No. / Description	List Price
2227840	(DS-EASYKLIPB) Blue	\$2.49 F0-4710000
2227842	(DS-EASYKLIPW) White	\$2.49 F0-4710000

Dr. Shrink REBAG System - Roll of 50

- This program is available throughout the Continental U.S. for recycling shrink wrap.
- All you have to do is put your used shrink wrap covers or scraps into the bag, close it, put the prepaid FedEx label on it and then call FedEx for a pickup or take it to the nearest FedEx service center.
- This product is a roll of 50 REBAGS.
- One individual REBAG holds approximately 600 square feet of plastic.

Order No.	Mfg. No. / Description	List Price
2227872	(DS-RBAG)	\$2,976.19 F0-3338020

MarineMart Motor Boat Stands

- The strongest, longest lasting boat stand.
- Hot dipped galvanized base resists rust for a long, long time. Much longer than a painted stand.
- Hot dipped galvanized top, no bare steel that rusts in days.
- Solid Acme threaded rod - not hollow, for a higher load capacity.
- 316 stainless steel hardware, through-bolted to plywood. No screws that strip.
- Brownell pattern match, nearly identical part number, mix and match ours and theirs for a seamless transition.
- Certified third party load tested, ScaffoldMart has been in load-bearing steel for years.

MarineMart Boat Stand Tops

- We hot dip galvanize our top in three individual pieces, for maximum coverage and protection against corrosion.
- Our marine-grade plywood is through bolted to it's galvanized backings plate, not screwed.
- Our tops are fastened with 316L stainless steel bolts and with nylon backing nuts, for strength and longevity.
- Our rod to backing plate connection is slotted, so weight rests on the solid steel rod, not the bolt.
- Our solid-steel rod is precision ACME threaded, providing increased adjustability under load.
- Increased length of wing nut collar, increased contact area provides increased strength.

Attwood Pontoon Storage Blocks

- UV-resistant material for long-lasting durability.
- Discover hassle-free storage with our lightweight and extra-strong pontoon blocks.
- Designed with special features for added stability and convenience, each storage block can hold up to 4,000 pounds.
- Drainage channels and holes prevent water from pooling against your pontoon.
- The bottom has a molded-in texture to ensure maximum grip on concrete or ground surfaces, while the pre-drilled holes make fastening or staking easy.
- Dimensions: 13-1/2" x 13-1/2" x 9-1/2".
- Sold as set of four.

MarineMart Boat Rack Systems

- Scaffoldmart's boat rack system is designed to secure vessels in the air for maintenance or repair.
- Our boat rack system consists of stern rack and a bow rack.
- The stern of the vessel rests on the stern rack nestled between the two heads, on thick plastic inserts to resist damage, with the keel between them.
- Our bow rack, on which the keel rests, is positioned towards the front of the boat, and is topped with carpet for damage resistance.
- Add additional boat stands when necessary for additional security, especially with larger boats.

Order No.	Mfg. No. / Description	List Price	
480970	(BR16) Bow Rack - 16"	\$265.79	E0-4399100
480975	(SR20) Stern Rack - 20" H x 41" W	\$393.69	E0-7259200

MarineMart Boat Dolly

- Our heavy duty Boat Dolly comes with high quality non-marking casters and non-marking rubber heads.
- Most manufacturers cut and weld a v-rib in two or more pieces and splice them together by welding.
- We think that hydraulically forming the v-rib where the bottom and the top are pressed into a shape that has a radius on both sides is just a higher quality way to do this. It's a much higher quality way to manufacture a dolly.
- So we took the time and expense to have the v-ribs hydraulically pressed for strength and rigidity, not welded like most.
- Two adjustment positions for the pad head, this helps you be able to miss a stake.
- Capacity: 6,700 lbs.

Airhead Hi-Volume Bellows Action Foot Pump

AIRHEAD

- Use your foot to inflate or deflate towables, boats and other inflatables.
- Has a 54" long hose and 3 adapters to fit many valves including Boston and stem.
- The air displacement per stroke is 0.5 liters.
- It conveniently collapses to fit under kayak decks or boat seats.

Order No.	Mfg. No. / Description	List Price
5960127	(AHP-F1)	\$16.49 Z0-9031000

Airhead Double Action Pump

AIRHEAD

- Perfect for topping off towables.
- This double action pump inflates and deflates towables, kayaks, boats, airbeds and other inflatables.
- It delivers a continuous stream of air on both the up and down strokes.
- Simply turn the release valve counter-clockwise and you're pumping air only on the down-stroke.
- This is a great option when your inflatable is almost full and there's back pressure.
- Four universal valve fittings are included to fit Boston valves and stem valves.
- The accordion-style hose stretches to 5 ft. long and interlocks to the pump, so that it doesn't fall off while you're pumping.
- Volume is 2 liters/stroke.
- Very effective for topping off large towables in the boat, since peak pressure is an impressive 14 psi.

Order No.	Mfg. No. / Description	List Price
5960119	(AHP-1)	\$19.99 F0-9931000

Airhead Air Daddy

AIRHEAD

- Fit all valves found on inflatables.
- Creates a high pressure stream of air.
- Needle valve and high pressure tip stow securely in the handle.
- Allows filling inflatables with an air compressor

Order No.	Mfg. No. / Description	List Price
596328	(AHAD-1)	\$5.99 F0-9140000

Airhead Multi-Valve

AIRHEAD

- Airhead Multi-Valve consists of 2 Boston Valves that will fit all Airhead Boston Valve equipped inflatables.
- The Boston Valves have a square base, which is much easier to turn than a round base, especially with wet hands.
- Use the Shrader valve to inflate your inflatables at a gas station or with an air compressor.
- Alternatively, screw off the Shrader valve and inflate the Boston valve with an Airhead air pump.
- All components are bright red and green, so they're easy to find.

586353	(AHMV-1)	\$7.99 F0-9550000

Airhead Boston Valve

AIRHEAD

- This pack of Boston Valves included two valves that will fit all Airhead Boston Valve Equipped Inflatables.
- The square bases are much easier to turn than round bases, especially with wet hands.
- Bright red coloring makes these valves easy to find.

Order No.	Mfg. No. / Description	List Price
5960087	(AHBV-2)	\$5.99 F0-9140000

Towable Inflation Guide

First, it is important to know that tubes do not require high pressure; they are low pressure / high volume products. Most towable tubes can be inflated using one good electric pump or a combination of 12 volt and hand pumps. Some of the newer 12-volt inflators have been designed specifically to inflate beds or tubes, but will still not fully inflate some of the bigger tubes now on the market. (Most 12-volt compressors, while doing an excellent job of filling a bicycle or car tire, do not have the volume capacity to inflate many towables.) If you are filling your toys at the lake, some of the bigger tubes on the market require a hand pump in addition to the 12-volt inflator that plugs into your boat's cigarette lighter. The inflator will do most of the hard work, and the hand pump can be used to top off the tube and maintain proper inflation levels.

Airhead Orb

AIRHEAD

- Keeps your tube tow rope out of the water and the wake so the tube responds instantly to the boat's change of direction, as it's meant to do.
- ORB is an absolute necessity to effectively tow tubes from a boat with a low tow point on the transom.
- It enhances safety and extends the tube's life because it virtually eliminates all slack in the line.
- A 60 foot, 4,100 lb. tensile strength rope is included.
- Durable 30 gauge PVC construction (no nylon cover).

Order No.	Mfg. No. / Description	List Price
601788	(AHOR-12)	\$55.99 E0-9914000

Airhead Tube Keeper™

AIRHEAD

- It saves essential passenger space and prevents serious injuries by securing towables to your boat's stern.
- Simply attach the straps around the tube's handles.
- Then attach with either the giant 3-1/4" suction cups or loop the stretch cords around a cleat or rail.
- The 2" wide adjustable straps are easy to tighten for a secure hold.

Lillipad Diving Boards

- The worlds only diving board specifically designed for mounting on a boat.
- Can be installed on nearly any boat 18 feet in length or larger with a solid, flat surface for installation.
- LilliPad Diving Boards are NOT a plank.
- Unlike a pool diving board, the diving platform itself does not flex. The spring action from the LilliPad comes from the urethane spring which is part of the framework of the diving board.
- Designed for use by children and adults up to a maximum weight of 250 pounds.
- Designed with heavy wall aluminum extrusions, stainless steel hardware and urethane spring components, corrosion and component failure is absolutely minimal.
- LilliPad Diving Boards offer traction materials and an adjustable stabilizer rail for safe jumping as well as a quick release pin to lower the diving board while it is not in use.
- Designed with a quick release pin which allows the board to drop down along the side of the boat while not in use. You can easily stow your Lillipad Diving Board by simply unscrewing the three eye bolts that secure it to the boat. The apparatus then separates into two sections (Ladder & Base/Board) which can easily be stowed.

LilliPad Diving Boards

- LilliPad Diving Boards are the worlds only diving board specifically designed for mounting on a boat.
- Can be installed on nearly any boat 18 feet in length or larger with a solid, flat surface for installation.
- LilliPad Diving Boards are NOT a plank.
- Unlike a pool diving board, the diving platform itself does not flex. The spring action from the LilliPad comes from the urethane spring which is part of the framework of the diving board.
- LilliPad's Innovation Award winning design cancels the energy of the jumper by counteracting the force within the framework of the diving board. The result? Exciting spring-action for the jumper and a gentle wave-action for the remaining boaters.
- Designed for use by children and adults up to a maximum weight of 250 pounds.
- Designed with heavy wall aluminum extrusions, stainless steel hardware and urethane spring components, corrosion and component failure is absolutely minimal.
- LilliPad Diving Boards offer traction materials and an adjustable stabilizer rail for safe jumping as well as a quick release pin to lower the diving board while it is not in use.
- Designed with a quick release pin which allows the board to drop down along the side of the boat while not in use. You can easily stow your LilliPad Diving Board by simply unscrewing the three eye bolts that secure it to the boat. The apparatus then separates into two sections (Ladder & Base/Board) which can easily be stowed.

True Grip Traction Tape and Cleat - Black

461246

461222

- Constructed of a durable 46-grit mineral abrasive compound for excellent longevity in both indoor and outdoor applications.
- We employ the use of a solvent based acrylic adhesive system to allow for adhesion over a wide variety of surfaces, while offering good water and chemical resistance.
- Black.

Order No.	Mfg. No. / Description	List Price	
461222	(SG7004CB) 4" x 60' Traction Tape	\$56.59	H0-5933000
461236	(SG7006CB) 6" x 60' Traction Tape	\$84.89	H0-3905000

228273	(RE3897WH) White 4" x 9"	\$8.19	F0-3750000

Coarse Resilient Slip-Resistant Tape

- Works great in the office, plant, locker room or areas with bare foot traffic.
- This product is not like bath products you would see at the hardware store. This surface has a deep embossed surface that will perform in heavier duty applications, while still being comfortable for bare foot traffic.
- We recommend this product in office environments and light plant uses, it can be very easily cleaned and will not trap dirt the way normal grit products can. Can easily mop surface.

Cannon Dual Axis Adjustable Rod Holders

- Mount our dual axis rod holders between the mounting base and swivel base of your Cannon downrigger for unparallelled rod positioning.
- A pistol grip release allows for quick, one-handed angle changes, and the innovative ratcheting adjustment system allows you to easily pull the holder to a vertical position.
- Full 360° rotation makes it the ultimate fishing accessory.
- Dual axis adjustable rod holder positions rods vertically or easily remove them, thanks to the innovative ratcheting adjustment system on our rod holders.

Order No.	Mfg. No. / Description	List Price
4747024	(1907024)	\$319.39 D0-1555200

Cannon Aluminum Fixed Base Downrigger Pedestals

- This sturdy fixed base works with either surface or track mounting.
- The top plate is pre-drilled and tapped to allow mounting of a Cannon swivel base and downrigger, as well as other swivel base and downrigger brands.

Taco Marine Carbon Fiber Tele-Outrigger Pole

- UV-resistant, clear coated Black Carbon Fiber pole construction.
- Stainless steel type 316 collars and rings.
- Double outrigger line design on the 16' and triple outrigger line design on the 20' for either mono or Dacron.
- Patent pending swivel roller design mechanism allows for movement of the rollers to swivel in the direction of lures or bait for a more natural swimming action which results in hooking more fish.
- Telescopes to less than 8' for bridge clearance, trailering and storage.
- Designed for use with universal or Taco Sport Fishing Grand Slam mounts that accept 1-1/2" outriggers.
- 16' ideal for boats under 35', 20' ideal for boats up to 50'.
- Includes a nylon mesh carry bag to protect poles.
- Includes adjustable roller line caddy with brass rollers allowing for easy rigging to the t-top or gunnel and better line management.
- Locking collar design keeps poles from extending when trailering or running full speed and also keeps poles from collapsing when fully extended.
- Sold in pairs.

RodBuckle Retractable Rod Hold-Down System

- Designed by fishermen for fishermen, the RodBuckle Retractable Rod Hold-Down System is the most attractive and functional rod hold-down on the market for deck style fishing boats.
- The self-retracting polyester strap extends a full 24" and securely locks into position on the deck.
- The PVC extrusion coated strap grips rods and resists hook penetration.
- When not in use, it neatly retracts out of the way.
- Easy installation with mounting template included.

Taco Marine KingStarboard® Anti Skid

- High density, UV-stabilized polyethylene.
- Special high friction surface in a diamond pattern finish prevents slipping and promotes drainage when wet.
- Saltwater resistant.
- Developed to withstand the harshest marine conditions.
- Passes ASTM D2047 slip resistant testing.
- Resists most stains and does not change color.
- Does not rot or delaminate.
- Does not need refinishing.
- Chemical resistant.
- Cleans easily with marine-grade soaps or cleaners using fresh water.

King Starboard® Polymer Sheet

- Made of the finest polymers available, using King's proprietary K-Stran process for superior flatness and consistency.
- Environmentally stabilized for harsh sun and tough marine environments.
- Will not rot, swell, splinter or delaminate when exposed to humidity or water.
- Precise tolerances ensure consistent color, thickness and density, even for special thickness gauges and custom order colors.
- Easy to fabricate with standard woodworking tools and requires little or no finishing.
- Durable matte-textured surface on both sides.
- Easy to clean and never needs refinishing.
- Edges finish cleanly and easily.
- Forms easily for smooth curves.
- Shipped with a protective masking on one side.

Stainless Steel Non-Locking Slide Bracket

For use with Hatch Lifts

Order No.	Lenco Part #	Description	Price
249999	70381-001	Stainless Steel Slide Bracket	\$63.99 G0-7824000

In case of power failure, this bracket allows you to pull the hatch open a minimum of 5" in order to remove bolt for access.

Marpac Gas Spring Hatch Lifts

- Stainless steel.
- Socket End Style.
- The ideal solution for lifting, lowering and counterbalancing weight.
- The gas spring is a self-contained, nitrogen-driven counterbalance product which provides uniform handle forces, non-catastrophic failure and many years of service.
- Because energy is provided through gas pressure, our gas springs give you repeatable, unvarying performance which is superior to mechanical, spring or damper type products.

Attwood Neat Cleat

- Each stanchion is a 7/8" rod of solid enhanced #316 stainless steel alloy.
- The friction springs holds the cleat up at any position and make sure it stays up when pulled up.
- Has a neat, continuous contour to prevent snags and stubbed toes.
- The receptacle outlet is sized for standard 1/4" pilot tubing (not included) so you can use parts from existing inventory.

Permatex High Strength Threadlocker - Red

- OEM specified.
- High strength threadlocker for heavy duty applications 3/8" to 1" (10mm to 25mm).
- Especially well-suited for permanently locking studs and press fits.
- Adds 3,000 PSI holding power on slip and press fit assemblies.
- Replaces set screws and snap rings.
- Locks against vibration loosening.
- May require heat or special tools for removal.
- Suggested applications: Cylinder block studs, ring gear bolts, frame bolts, shock bolts.

Order No.	Mfg. No. / Description	List Price	
545030	(27100) 6 ml Tube	\$6.09	H0-5630000
5450112	(27140) 36 ml Bottle	\$33.39	H0-3002000

Permatex High Temperature Thread Sealant

- OEM specified.
- Locks and seals threaded fittings.
- Resists leakage, vibration loosening, moisture, hydraulic fluids and diesel fuels.
- Lubricates threads for easy assembly and disassembly.
- Won't shred or wear like Teflon tape.
- Parts may be repositioned up to 4 hours after application.
- Temperature range: -65° F to 400° F (-54° C to 204° C).
- Contains PTFE.
- Suggested applications: Differential drain plugs and core plugs. Pipe, water jacket, oil gallery plugs, oil pressure & temperature sensors, air conditioning fittings, hydraulic fittings, vacuum line connectors, air brake fittings.

Order No.	Mfg. No. / Description	List Price	
545054	(59214) 6 ml Tube	\$5.49	H0-9230000

Permatex Medium Strength Threadlocker - Blue

- OEM specified.
- All-purpose, medium strength threadlocker.
- Ideal for all nut and bolt applications 1/4" - 3/4" (6mm to 20mm).
- Eliminates need for stocking expensive lock nuts and lock washers.
- Locks and seals while preventing parts loosening due to vibration.
- Protects threads from corrosion.
- Removable with hand tools for easy disassembly.
- Suggested applications: Valve cover bolts, water pump bolts, oil pan bolts, drive shaft bolts, rocker arm adjustment nuts, carburetor studs.

Davis Instruments Vantage Vue® Wireless Weather Station

DAVIS

Sensor suite and console not shown to scale.

- The Davis Vantage Vue weather station combines Davis legendary accuracy and rugged durability into a compact station that's easy to set up and use. Vantage Vue includes a sleek but tough outdoor sensor array and a distinctive LCD console. Its unique Weather Center function provides additional information on each weather variable.
- Station includes: Console, Integrated Sensor Suite including temperature, wind and rain sensors and mounting hardware.

Order No. Mfg. No. / Description
322030 (6250)

List Price
\$562.09 F0-6439300

CONSOLE FEATURES:

- Time & Date: View the current time and date or time of sunrise/sunset.
- Moon Phase: See the eight phases of the moon from new to full.
- Forecast Icons: Icons let you know to expect sun, part sun, clouds, rain or snow.
- Temperature & Humidity: Console updates outside temperature every 10 seconds and inside temperature every minute. In addition, outside humidity updates every 50 seconds and inside humidity every minute.
- Retransmits: Main console can extend range to additional consoles up to 1,000 ft.
- Barometer: Five-position trend arrow shows whether barometric pressure is rising, falling or stable.
- Variable Display Options: See updated variables every 10 seconds for heat index and wind chill to get a better "feel" for the outside environment.
- Rain: Console updates rain totals and rain rate every 20 seconds for the last 25 hours, days, months.
- "Change in Weather Since Yesterday" Feature: Allows comparisons of changes of temperature and barometric pressure from day to day.
- Weather Center: Weather Center provides additional information for each weather variable, such as daily highs and lows, temperature changes by the hour and barometric value changes. Also displays astronomical data such as meteor showers.
- User-Friendly Keypad: Domed buttons are easy to sense and press. Glow-in-the-dark keypad buttons give you access to weather information all day and all night. The Done key returns user to "current" screen from anywhere in the program.
- Graphs: Graph the last 25 hours, days or months. View up to 50 graphs including temperature, rain, rain rate, wind and barometric pressure - all on the console.
- "This Time Yesterday" Feature: Data point on the graph indicates the weather during the same time yesterday to help compare and analyze day-to-day weather trends.
- Alarms: Set 22 simultaneous, different alarms to warn of dangers such as high winds, freezing temperatures, rain rate, flood warning and more.
- Wind Speed: See windspeed updates every 2.5 seconds. Displays windspeed in miles per hour, meters per second, kilometers per hour and knots. Provides the average and high wind speed for two-minute and ten-minute intervals.

INTEGRATED SENSOR SUITE (ISS) FEATURES:

- Wireless: Frequency-hopping spread spectrum radio ensures consistent transmission up to 1000 ft. (300 m) from integrated sensor suite to console.
- Rain Collector: Self-emptying tipping spoon measures rain with 0.01" (0.2 mm) resolution.
- Anemometer: Records wind speeds as low as 2 mph (3 km/h) and as high as 180 mph (290 km/h).
- Weather Proof Cover: Corrosion-resistant cover provides durability in extreme conditions. Electronics are potted or over-molded for added moisture shielding.
- Radiation Shield: Provides excellent protection from solar radiation and other sources of radiated and reflected heat.
- Temperature/Relative Humidity: Provides outside temperature readings from -40° to 150° F (-40° to 65° C). Also measures relative humidity from 0 - 100%.
- Easy installation: Installs easy and quickly with included mounting hardware kit.
- Wind Direction: Measures wind direction in compass points or degrees.
- Solar Panel: Energizes the station during the day. On-board super capacitor provides power at night. Lithium battery provides backup when needed.
- Bubble Level: Allows more accurate installation and better data collection.

SPECIFICATIONS:

- Console: Backlit LCD display measures 3" x 4.13". Console dimensions: 7.5" x 5.75" x 4.5". Weighs 1.48 lbs.
- Integrated Sensor Suite (ISS). Dimensions: 12.95" x 5.75" x 13.40". Weighs 5.44 lbs.
- Vantage Vue mounts on top of poles 1" to 1-3/4" in diameter. Pole sold separately. Tripod also available.

Davis Charting Kit

DAVIS

- An excellent gift idea for cruisers and racers alike.
- Includes: One-Arm Protractor, Course Plotter, Protractor Triangle, Parallel Rules, Dividers, pencil and instruction booklet.
- It's all organized in a 5-3/4" x 16-1/4" heavy gauge plastic storage case.

Davis Instruments Cabled Vantage Pro2™ Weather Station

- Includes: Vantage Pro2 console, integrated sensor suite, mounting hardware, and AC power adapter.
- Integrated sensor suite includes rain collector, temperature and humidity sensors, anemometer, and 40' anemometer cable.
- A 100' cable connects the sensor suite to the console.
- It offers the ultimate in versatility and options for the professional weather observer and the serious weather enthusiast.
- A wide range of options and sensors.
- You'll get your own local forecast, highs and lows, totals or averages, and graphs for virtually all weather variables over the past 24 days, months or years all without using a PC.
- Fast updates every 2.5 seconds (10x faster than the competition).
- Vantage Pro2 is also an excellent choice for emergency professionals, farmers, schools, researchers, municipalities and others to monitor wind and moisture conditions, irrigation requirements, and potential flooding.
- It can be customized with a range of add-on options, such as solar and UV radiation sensors, and soil moisture stations.
- Cabled model is perfect for economical installation or for field installation using our Complete System Shelter.
- No solar power.

VANTAGE PRO2 FEATURES:

- Rainfall measured in 0.01 or 0.2 mm increments.
- Temperature, both inside and outside, currently and for each of the last 24 hours.
- Humidity, both inside and outside, currently and for each of the last 24 hours.
- Wind Speed in 1 mph, 1 knot, 1 km/hr, or 0.1 m/s resolution. Anemometer can be installed separately from rain collector for highest accuracy.
- Wind Direction, both current and dominant, shown on compass rose with 16 points.
- Barometric Pressure given by a five-position trend arrow.
- Current and Historical Data, such as highs and lows, may be viewed for up to 24 days, months or years.
- Forecast displayed in icons for sun, partly cloudy, clouds, rain or snow. 12-hour icon forecast plus 2448 hour ticker tape forecast at bottom of screen.
- Moon Phases in eight stages, from new to full to new.
- Time and Date always on view. Also displays time of sunrise, sunset, time and date of highs and lows.
- Ticker Tape Display provides expanded forecast details and additional information on current conditions.
- Graphing Function shows last 24 hours, days or months of readings or highs and lows. View over 80 graphs, including additional analyses of temperature, rain rate, wind and barometric pressure. Optional WeatherLink software allows even greater analysis.
- Alarms may be set for more than 70 functions.

 250 pcs. min for custom key float

All artwork must be submitted ready to print as is. We will make our best attempt to center the image on the key float unless otherwise indicated.
 We only accept High resolution AI, EPS and PDF files. We need your file to have been created in Adobe Illustrator (or another drawing program) and saved as an EPS or AI or JPEG file. All fonts must be saved as "Outlines". Files created in Photoshop or taken off the internet (rasterized) will print with jagged edges on all sides of the graphics. If we do not have a vector file (made from shapes) we will have to regenerate the artwork at a \$60 fee. All files must be one color setup.
 No dropshadows, outlines or fades. If your artwork is wrong and you sign off on the proof then your Key float will print wrong. What you submit is what we print.

Viega MegaPressG - Carbon Steel Fitting System for Gas Applications

- Viega MegaPressG with an HNBR sealing element is the first press fitting system for carbon steel pipe approved for use in gas and fuel oil applications.
- Ideal for industrial, commercial and residential applications and performs well in both new installations and retrofit projects.
- Approved for more applications than any other carbon steel pipe press fitting system.
- Suitable for use with ASTM Schedule 5 to Schedule 40 carbon steel pipe in accordance with AHJ requirements.
- Corrosion-resistant zinc-nickel coating.

Commercial

Viega MegaPressG 90° Elbow

- For use with Sch. 5 to Sch. 40 carbon steel pipe.
- Carbon steel. Press connection.
- Components: HNBR sealing elements.

Viega MegaPress XL - Carbon Steel Fitting System for Larger Diameter Pipes

- Viega MegaPress XL is the first and only clean, secure and efficient choice for joining 2-1/2" through 4" carbon steel pipe.
- It is suitable for renovations, repairs or installation of new carbon steel pipe systems.
- Can even be installed on noncombustible/flammable lines that are not completely shut down, eliminating the need to fully drain a system, as well as shortening repair and installation time.
- It is approved for use in hydronic heating, compressed air, fire protection, cooling water applications and many more.
- Suitable for use with ASTM Schedule 5 to Schedule 40 carbon steel pipe.
- Corrosion-resistant zinc-nickel coating.

Viega MegaPress XL 90° Elbow

- For use with Sch. 5 to Sch. 40 carbon steel pipe.
- Carbon steel. Press connection.
- Components: FKM sealing elements.
- Must be installed with MegaPress XL rings and PressBooster.

Groco BV Series Full Flow Flanged Ball Type Seacocks

GROCO.

- 1-1/4" sizes and larger include one grease zerk fitting for lubrication (use only with the valve in the open position), and one drain plug. The zerk can also be used for draining.
- Patented selectable handle rotation.
- Handle has square hole to accept standard ratchet to help reach valves in hard-to-reach locations and ease actuation of difficult to operate valves.
- Full flow.
- C84400 bronze construction.
- Stainless steel ball and stem.
- Tri-flange base and mount hole pattern provide easy retrofit when replacing most popular brands.
- PTFE seats and seals. Serviceable while installed.

Franklin FBSE Series Self-Priming Centrifugal Pumps

- Volute: Cast iron construction with tapped openings for priming, venting and draining.
- Impeller: Semi-open cast iron; ideal for handling fertilizer, salt water, dirty water, and other liquids; blind-hole tapped so liquid will not corrode the shaft.
- Seal: Standard carbon/ceramic faces, FKM elastomers, and 300-series stainless steel components.
- Motor: Reliable, industry-standard; range of 1/2 - 3 hp; higher than NEMA service factor.
- Clockwise rotation when viewed from motor end.
- Capacities to 126 GPM.
- Heads to 70 feet.
- Maximum working pressure: 75 PSI.
- Maximum temperature: 212° F.

- For use where the vertical distance from the water supply does not exceed 25 feet.
- Cast iron casting and seal plate for durability and long life.
- Square D pressure switch preset at 30-50 PSI.
- 1-1/4" NPT suction and brass flow control valve. 1" NPT discharge.
- Pressure gauge included.
- Heavy duty steel constructed tank.
- Welded malleable water connection, will not break during installations.
- Tank's butyl rubber diaphragm system isolates the air charge from system water.
- 115/230 volts.
- Pump complete with 8.5 gallon horizontal pressure tank and foot valve.

Jabsco Large Pressurized Accumulator Tank

- Will smooth flow from faucets and shower, reducing pump cycling and eliminating pulsations and water hammer.
- Water is totally separated from air chamber by a diaphragm and polypropylene tank liner.
- Mounts horizontally, vertically or even upside down.
- May be fine tuned to cut-in pressure of pump.
- Port: 3/4" NPT (male).
- Diameter 8", height 12-5/8".
- Pre-pressurized to 20 PSI. Maximum working pressure 100 PSI.
- Includes brackets and band clamps.

Order No.	Mfg. No. / Description	List Price	Part No.
414641	(18810-0000) 2 Gallon	\$258.99	G0-2537100

Groco Pressure Storage Tanks

- A pneumatic pressure charge, matched to the pump cut on pressure prevents water logging by separating the air charge from system water pressure with a rubber bladder.
 - Pipe connection: 3/4" NPT.
 - The result is smooth pressure delivery, even temperature mix in showers, and reduced pump cycling.
 - May be used for fresh or salt water.
 - Tanks may be mounted in any position and anywhere in the cold water plumbing after the pump.
 - Mount hardware is included.
- * Drawdown is measured with 20 PSI air charge and with 40 PSI system water pressure.

March Seal-Less Magnetic Drive Pumps

496631
496643

- For use submerged or in damp environments.
- Magnetic drive - no shaft seal to wear, leak, or replace.
- Extremely low energy consumption.
- March epoxy encapsulated circulating pumps with seal-less magnetic drive offer the ultimate in reliability.
- These versatile pumps are widely used on commercial and pleasure craft for recirculating sea water and for air conditioning and refrigeration.
- All models can be run in open air or submerged except model AC-5C-MD, which must be in a dry environment.
- All centrifugal pumps require a flooded inlet (suction side of pump).

Grundfos MQ3-45 (115V) 1 HP Pressure Booster Pump

- Compact and extremely easy to install with an updated diffuser design for an increase in hydraulic performance.
- The Grundfos MQ is a compact all-in-one pressure boosting unit, designed for domestic water supply and other boosting or lift applications.
- The pressure switch and tank are already built into the MQ.
- The settings are clearly indicated on the user-friendly control panel with indicator lights for pump on/off, auto reset and an alarm indicating dry running or over-heating.
- It's construction from corrosion resistant materials means it can be used for clean water.
- The anti-cycling feature prevents the pump from repeatedly starting and stopping in the event of a dripping tap or a minor leak, while also featuring a more durable printed circuit for consistent performance during power fluctuations.
- If exposed to dry running, excessive temperature, or any overload condition the pump will stop automatically, thus preventing a motor burnout.
- Flow rate: 22 GPM.
- Inlet/outlet connection: 1" MPT.
- Max. pressure: 108 PSI.
- Suction lift: 26 ft. max.

BOSS Oily Water Separators

Specifications	Value	Advantage
IMO MEPC Compliance	107 (49)	Meets Latest Requirement
Expected Oil in Discharge Water (independent tests)	Less than 3.2 PPM by independent test	Far exceeds the required 15ppm. Great for the Environment
Emulsion Removal Method	High Capacity Filtration	Simpler/more trouble free than membranes
Expected Filtration Media Life	1 Year	Extra long lasting without bypassing
Water Discharge Pressure	90 ft. of Head	Designed for any situation
Oil Discharge Pressure	Makeup Water Pressure	Determined by makeup water
Oil Discharge Valve	Standard Check Valve	Optional MOV where Positive Head
Control System Type	Solid Circuit	Increased Reliability - No PLC Trouble
Control System Interface	6 dry contacts	Easy to interface with ship controls
Test PSIG	45	Quality Construction
Operating Temp Range	1-55 C	Generally not affected by temperature
Max Free Oil Concentration	35%	Large temporary slugs of oil up to 100%
Oil in Water Discharge with TPH	<15 ppm	Can be set to 1-15 ppm
Single Phase Power Options	110/120 vac 220 vac	Any power option 1 phase
Three Phase Power Options	210/220 vac 380/415 vac 460/480 vac 575/600 vac	3 phase options to 600VAC
Frequency	50 or 60 Hz	Either frequency no problem
Max Amperage	3.3-7.7 amps	Recommend 15 amp circuit
Max Turbidity for Accurate TPH Reading	35 NTU standard	High Turbidity Options Available
Design Negative Inlet Head (Ft/M)	12 ft./3 M	High Lift 5 Meter Option Available
Level Sensor	Conductance	Highly Reliable - Trouble Free
Pump	Centrifugal w SS Housing discharge side of separator	Highly Reliable - No emulsions created pump on the
Coalescing Media	Polypropylene/HDPE	Excellent Coalescing - Very Efficient
Vessel Metallurgy	Carbon Steel	Marine Coated
Coating Specification	Epoxy/Urethane	Highest Quality Coating
Skid/Drip Pan	Standard without skid	Skid or Drip Pan Optional
Piping and Manual Valves	Bronze/Red Brass	Excellent

Mini BOSS Oily Water Separator

IMO 107(49) CERTIFIED OIL WATER BILGE FILTER FOR LOW FLOWS

- IMO Certified oil content monitor with 19 month data logging.
- Flow rate: 0.25 - 0.45 m3/hr (1-2 gpm).
- Electric diaphragm pump at 50 psi.
- Fine solids and oil removal by simple filtration.
- Large capacity oil removal filters.
- Less than 5 PPM oil discharge.

Specifications	Mini BOSS	Mini BOSS-110
Dimensions	30" W x 40" H	34" W x 40" H
Dry Weight (lbs./kilogram)	82 (37)	83 (38)

Depth (inch/mm)	10 (254)	10 (254)

FCI Watermakers Aquamiser+ (250-1,800 GPD)

The Aquamiser Plus Series offers programmable settings and remote display capability through an advanced control marine reverse osmosis system. This value-driven solution is ideal for smaller water production needs. With outputs of 250 to 1800 GPD, the Aquamiser Plus marine watermaker will provide the safety and controls needed to operate both dependably and efficiently. These marine reverse osmosis systems are available in framed and modular configurations to be utilized in tight spaces and bulkheads. Small only in size, the Aquamiser Plus marine R/O unit features extensive controls, including a fully automatic fresh water flush system for unattended maintenance. Scheduled weekly or biweekly flushes will help keep your marine water maker fresh and ready for your next voyage.

STANDARD FEATURES

- Staged starting of motors.
- Timed start-up (Prime, Init, Run).
- TDS monitoring of product water.
- Automatic diverting of water above 500 PPM.
- Programmable Fresh Water Flush for automatic and weekly operation; or, convenient one-touch button for manual operation.
- Overpressure protection (HP fault).
- Loss of Prime/Fouled Filter detection (LP fault).

FCI Watermakers Max-Q+ (700-1,850 GPD)

The Max-Q+ and Max-Q+APC are latest evolution of the Max-Q product line. Our exclusive V4 control system utilizes a high resolution marine-grade 7-inch screen panel with an advanced intuitive interface. Operating and controlling a Watermaker has never been easier. With the optional APC, Automated Pressure Control, making water is literally a touch away.

STANDARD FEATURES

- Voltage: 120/220/380, 1-ph, 3-ph, 50/60 Hz.
- New marine grade 7" high resolution touch screen controller.
- Monitors are Type Approval Certified for marine use by: ABS, FL, Lloyd's Register EMEA, Det Norske Veritas and Russian Maritime Register of Shipping.
- New NMEA 2000 compatible.
- Unique IP address for remote access.
- Built-in, on-screen troubleshooting.
- Small frame footprint.
- Ability to relocate Pressure Vessel Assembly and FWF Assembly to reduce frame footprint.
- 316SS Boost Pump.
- 316SS HP Pump.
- Visual indication of product and brine flow.

- Upgradable to 1,850 GPD.
- Fully automatic programmable Fresh Water Flush with carbon block filter.
- Standard 40 sq. ft. commercial Pre-filter.
- Dual hertz motors for 50 or 60 hertz operation.
- Multiple display station capabilities.
- 40 sq. ft. of 5 micron pleated filtration.
- Vibration isolation.
- Automatic flush system.
- Washdown duty motors.
- Flow sensors.
- 316SS pressure transducers.
- Pretreatment lockout.

SPECIAL HANDLING MAY APPLY

FCI Watermakers Atlas+ APC (1,400-3,600 GPD)

The Atlas+ Series is the most compact commercial system FCI has to offer. Built on the smaller, marine Max-Q+ platform, it has all the working benefits of its much larger, industrial Neptune+ sibling. The Atlas+ Series is capable of producing 1,400-3,600 GPD and is upgradable throughout the series. The Automated Pressure Control (APC) with manual override puts making pure fresh water, literally, a touch away. At the heart of the system is a durable wash-down duty, 5 HP motor and a robust 316 stainless steel high pressure pump that allow for extended run times. When installation space or generator size is limited, the Atlas+ Series truly encompasses the best of both pleasure boating and commercial worlds.

ATLAS+ SERIES MODELS

Model	GPD/LPD	M3	GPH/LPH
AT14263+/AT14263+APC	1400/5298	5	58/221
AT20263+/AT20263+APC	2000/7568	8	83/315

AT36263+/ AT36263+APC	3600/13622	14	150/568

STANDARD FEATURES

- Power supply options: 208-220, 3-ph, 60 Hz, 380-415, 3-ph, 50 Hz or 440-480, 3-ph, 60 Hz.
- 7" touch screen: High resolution HMI, marine grade and bridge certified.
- TEFC continuous-duty washdown rated motors with 316SS shaft and sealed maintenance-free bearings for long life applications.
- LP Feed Pump: Closed impeller design offers 50% more pressure efficiency over standard pumps.
- Electrical: NEMA 4X rated enclosure.
- Open Frame Design: Allows easy visual inspection and access for maintenance.
- Fresh Water Flush: Schedule automated flushes through the V4 Control.
- Shock Mounts: Installed on frame and motor to reduce noise and vibration.
- Membranes: High rejection non-proprietary membranes used to obtain the highest quality of product water.
- Automatic Pressure Control (APC): Auto-adjusts system pressure to feed water conditions.
- High Pressure Pump: Extended-duty 316SS HP pump.
- Product Vessels: 316SS product/pressure ports and FDA/NSF-51 fittings used on the product water.
- Pre-filter: 40 sq. ft. of pleated filter with PVC core in addition to pressure monitoring and alarming.

FCI Watermakers Neptune+ - Modular (1,275-9,500 GPD)

Since its inception, the FCI Neptune+ Series has been recognized for its high efficiency and extreme reliability. With output capacities ranging from 1,275 to 9,500 GPD, it has established itself as a dependable workhorse by utilizing premium components: 316SS pumps, commercial filtration, NEMA 4X electrical enclosures, slow turning HP pumps, pressure vessels with 6x the safety factor and industry-leading certified control systems. When you add Automated Pressure Control, and the corresponding media filtration skid, the Neptune+APC is the optimum system with automated watermaking at your fingertips. The Neptune+ Modular system allows flexible installation options, which make it deals for commercial vessels, island homes, oil platforms, hotels or large yachts with limited operating space.

FCI Watermakers Neptune+ - Horizontal (1,275-9,500 GPD)

STANDARD FEATURES

- Voltage: 220/380/460, 3-ph, 50/60 Hz.
- Advanced marine grade 7" high resolution touch screen controller.
- Monitors are Type Approval Certified for marine use by: ABS, GL, Lloyd's Register EMEA, Det Norske Veritas and Russian Maritime Register of Shipping.
- New NMEA 2000 compatible.
- Unique IP address for remote access.
- Built-in, on-screen troubleshooting.
- 316SS Low-pressure Pump with closed impeller design (producing 50% more pressure with the same horsepower).
- 316SS HP Pump.
- Commercially designed to operate 24/7, 365 days per year.
- Pressure Vessels with 316SS pressure and product ports, stress-eliminating engineering.
- 80 sq. ft. of Commercial Pre-filtration.
- Conservatively rated to ensure performance under varying conditions.
- Wash-down duty motors (epoxy coated, neoprene gaskets).
- Dual isolation mounts: 6 each on the pump and motor skid and 6 on the main frame.

Since its inception, the FCI Neptune+ Series has been recognized for its high efficiency and extreme reliability. With output capacities ranging from 3,400 to 10,000 GPD and a dependable Direct Drive High Pressure Pump, it has proven to be a dependable workhorse by utilizing premium components: 316SS pumps, commercial filtration, NEMA 4X electrical enclosures, pressure vessels with 6x the safety factor and industry-leading certified control systems. When you add Automated Pressure Control and the corresponding media filtration skid, the Neptune+ APC is the optimum system with automated watermaking at your fingertips., Ideal for commercial vessels, island homes, oil platforms, hotels or large yachts.

FCI Watermakers Neptune+ OG (3,400-10,000 GPD)

STANDARD FEATURES

- Power supply options: 208-230, 3-ph, 60 Hz, 380-415, 3-ph, 50 Hz or 440-480, 3-ph, 60 Hz.
- 7" touch screen: High resolution HMI, marine grade and bridge certified.
- Frame: 6061 aluminum or 316 stainless steel, open frame.
- Bag filter: 25 micron filter with pressure differential monitoring and alarming.
- Disconnect: Externally mounted for quick and easy access; OSHA approved lockout switch.
- Forklift slots: Prevents damage to frame.
- Pressure gauges and flow meters.
- Direct drive motor: Continuous-duty with no belts to adjust, align or replace.
- Pre-filter: 120 sq. ft. area with pressure differential monitoring and alarming.
- APC: Automatic Pressure Control system auto-adjusts system pressure to feed water conditions.
- Electrical enclosure: 316 stainless steel, NEMA 4X, Class I Div II Standard.
- Pipe Supports: Added reinforcements to protect plumbing.
- Protection: All components safely mounted within the frame.
- Lifting Eyes: Mounting positions for lifting or storage.

The Neptune+ OG line is our newest development in the Neptune Series of watermakers. The rugged design addresses the demanding needs of the Oil and Gas industry, Rental Fleets, Isolated Island applications or anywhere environmental conditions require solid engineering and trouble-free operation. Building on the foundation and excellent rack record of the Neptune+APC, we've increased filtration, added FRP cluster housings and direct drive pumps. The frame with built-in lifting eyes, comes in 316 Stainless Steel or 6061 Aluminum. Our V4 HMI control system is fully automated and customizable through a marine grade, high resolution Touch Screen. Enclosures are completely NMEA 4X compliant and explosion proof ratings are also available. Couple this unit with its corresponding media filtration skid and you'll have the optimal system.

FCI Watermakers Poseidon+ (10,000-26,500 GPD)

The Poseidon+ marine reverse osmosis system is the industry's choice when commercial applications call for substantial capacities of fresh water. This high output unit features unrivaled quality and superior manufacturing with proven reliability in the most demanding of applications. The frame is powder coated aluminum with built-in forklift slots and lifting eyes are optional. Our V4 HMI control system is fully automated and customizable through a marine grade, high resolution Touch Screen mounted in a stainless steel enclosure, which is NMEA 4X compliant. With production ranges from 14,265 - 27,210 GPD, capacity can be easily re-configured with additional vessels. The Poseidon+ is commonly used around the world on offshore oil platforms, petroleum support vessels, commercial ships, military vessels, mid-sized hotels, island applications and various remote necessities.

For over three decades, FCI Watermakers has been pioneering technologies and manufacturing the most reliable, trouble-free watermaking systems for the offshore and boating industries. Each unit is manufactured and live-tested in our facility. Your system comes with piece of mind and a readily available customer service and technical support team. Our worldwide service network ensures proper maintenance and unrivaled satisfaction.

STANDARD FEATURES

- Voltage: 220/380/460, 3-ph, 50/60 Hz.
- State-of-the-art engineering.
- Next generation advanced touch screen controller with complete system readouts.
- 316SS high-pressure pump.
- Multiple display station capabilities.

DOCKSIDE TREATMENT SYSTEM

The FCI Dockside Treatment System (DTS) is another FCI Watermakers innovation, specifically designed to treat dock water. The FCI DTS+Solo is a stand-alone dockside water purifying unit allowing you enjoy fresh purified drinking, cooking, and bath water from your dockside source. Its compact, modular design allows it to be tucked away just about anywhere. This advanced system includes a GAC and sediment filter, making it optimized for extended membrane life, which means less maintenance, lower operating costs and more enjoyment out on the water. The FCI DTS+Solo eliminates viruses, bacteria, and cysts. It also removes up to 99% of total dissolved solids (TDS), causing surfaces to dry without leaving water spots. Spend less time wiping down your vessel, and relish the benefits of spot-free wash-downs to extend the life of your vessel's paint and wax finish. The FCI Dockside Treatment System encompasses all of the qualities and reliability you have come to know with FCI Watermakers.

PURIFY DOCK WATER WITH ONE CONVENIENT UNIT

BENEFITS:

- Purified dock water for drinking, cooking, and bathing with no equipment on the dock needed
- Removes up to 99% of TDS
- Removes viruses, bacteria, and cysts
- Spot-free wash-down saves time, with no need to chamois-dry surfaces
- Extends your vessel's paint and wax life
- Compact, space-saving design
- Pumps and motors included
- Extremely low power consumption
- Exceptionally low noise and vibration
- Wall- or deck-mountable

The AIRVAC Retro-Fit Kit is a specially designed replacement solution.

The AIRVAC Retro-Fit Kit will replace the internal components of most vacuum toilets available in the market today. The AIRVAC Retro-Fit Kit consists of the same reliable components used in AIRVAC vacuum toilets. These pre-assembled components offer an easy to install packaged nut.

Older vacuum toilets that have hard to find or expensive repair parts can easily be converted without replacing the entire toilet. Each kit comes with a one year warranty against all manufacturer defects and will provide excellent service for many years to come.

Benefit from our quality and experience:

- Easy access to service and parts.
- Valve will pass a full 1.5" solid.
- Small tubing connections are eliminated.
- Adjustable water and air cycles.
- Fits most vacuum toilets, china or stainless steel.
- Simple design with fewer parts.

No Project too big or too small.

As the world leader in vacuum sewer technology, AIRVAC continues to pride itself on service and support. With our 40 years of experience, we have developed and fine-tuned our products to meet any vacuum application goals. We have provided modernized vacuum collection systems to clients in 29 U.S. states, 32 countries and 5 continents. We look forward to the opportunity to work with you, please contact us for a free budget estimate.

Operational Data.

- Operational Vacuum Range: 10 - 20 InHg
- Recommended Vacuum: 16 - 20 InHg
- Water Pressure: 40 - 60 PSI
- Water Consumption: .3 Gallon Per Flush

Type II Marine Sanitation Devices

MarineFAST[®] SEWAGE TREATMENT SYSTEMS

With over 42,000 FAST[®] installations in over 60 countries in residential, commercial, municipal, industrial, and marine applications. Built to handle extreme environments, the fully-certified MarineFAST[®] MSD systems handle any combination of fresh/saltwater sewage:

- SELF-REGULATING OPERATION
- WORLDWIDE TECHNICAL SUPPORT
- LONG, RELIABLE SERVICE LIFE
- SUPERIOR CORROSION PROTECTION
- EASY-TO-UPGRADE OR RETROFIT
- CERTIFIED, PROVEN PROCESS

How It Works:

- 1 Sewage (blackwater/greywater) enters the system.
- 2 Quiet, compact system circulates and aerates the tank contents to promote microorganisms present in sewage to grow and digest organic material.
- 3 Treated effluent passes through disinfection device.
- 4 Automatic operation for disinfection process.
- 5 Treated effluent discharges out of tank.

Internationally recognized for quality products and top-notch field services, Scienco/FAST is a manufacturer of innovative, proven solutions for marine sewage devices, water treatment systems, biological tablets, and other industrial technologies.

Mighty Mike[®] Tablets

Billion Onsite Organism Sewage Treatment utilizes a special formulation over 25 billion active, robust class 1 organisms per gram to consume and down the waste naturally for your septic system!

- T-1461 BD 250 Flow (6 oz., ~25 Tablets)
- T-1482 BD 500 Flow (6 oz., ~14 Tablets)
- T-1422 JR 500 Flow (2 LBR., ~90 tablets)
- T-1421 JR 250 Flow (2 LBR., ~150 tablets)
- T-1451 PL 250 Flow (5 LBR., ~390 tablets)
- T-1452 PL 500 Flow (5 LBR., ~225 tablets)

Effective decalcification treatment for plumbing fixtures, drains, and containers that process hard water. Formulation of ingredients results in longer-lasting treatment and reduces costs associated with removing calcium build up.

- T-9055 PL (16 LBR, 50 Tablets)

Fat, Oil, & Grease (FOG) treatment utilizes a special formulation over 25 billion active, robust class 1 organisms per gram to consume and break fat down naturally. Ideal for pumping stations!

- T-1262 BD (6 oz., ~14 tablets)
- T-1222 JR (2 LBR., ~90 tablets)
- T-1252 PL (5 LBR., ~225 tablets)

Mighty Mike[®] Cleaners

he Certified 97% biodegradable, safe and effective for all fabrics including: silk, wool, linen, cotton, and high-tech microfiber. A clear, scent-free, low-sudsing, chemical-free detergent perfect for those with sensitive skin and High-Efficiency (HE) washers!

- T-5681 (1 GLL. [3.78 LTRI])
- T-5680 (16 oz. [500 ml])

Certified 97% biodegradable, a SAFE, botanical mixture to clean all washable surfaces (home or office) without damaging surfaces or leaving harmful residues!

- T-5684 (32 oz. [1 L])
- T-5683 (1 GLL. [3.78 LTRI])
- T-5682 (16 oz. [500 ml])

Certified 97% biodegradable, a SAFE, botanical mixture to clean all surfaces (vinyl to decking) without damaging surfaces or leaving harmful residues and is water safe!

- T-5686 (32 oz. [1 L])
- T-5687 (1 Gal. [3.78 L])
- T-5685 (16 oz. [500 ml])

NSF Rapidly dissolves water scale, lime, and other mineral deposits that hinder the performance of vital water systems. Safe for aluminum parts.

- T-5888 BD (1 Gal. [3.78 L])
- T-5889 DR (5 Gal. [19 L])

NSF Rapidly dissolves water scale, lime, and other mineral deposits that hinder the performance of vital water systems.

- T-5690 BD (1 Gal. [3.78 L])
- T-5691 DR (5 Gal. [19 L])

- Constructed of LLPE, a durable lightweight corrosion proof polyethylene material. Its three separate sewage treatment chambers are rotationally molded into the internal structure of one signal tank.
- It will not rust nor corrode and it's not affected by harsh chemicals, UV rays or the most extreme environmental conditions.
- Odor free operation.
- Uses fresh or salt water.
- Gravity overboard discharge.
- Includes: Installation & operation manual, Hurricane Linear Air Pump, air hose & hose barb, (4) aluminum orange powder coated mounting brackets, pail of Sumuhdat Bio-Activator & Odor Controller and 10 lb. bucket of Blue Crystal Chlorine Disinfectant Tablets.
- USCG Certified in accordance with USCG Title 33 Code of Federal Regulations (CFR) 159.16, Subpart C, 159.53 (b) Type II, 159.97 Inspected Vessels and approved worldwide in compliance with IMO Resolution MEPC.2 (VI) to meet the operational requirements referred to in Regulation 4/1.1 of Annex IV of the International Convention for the Prevention of Pollution from Ships 1973/78.

AT-6T MARINE SANITATION DEVICE - FLOW RATE: 56 GALLONS

Sea Horse Wastewater Treatment Systems - IMO Series

Congratulation on finding the last sewage treatment system you'll ever need for your vessel!

Sea Horse Systems has been providing the finest in packaged wastewater treatment systems to the marine industry for over 15 years. These systems have been developed and refined from input by many experienced fleet managers, owners, port engineers, designers, captains and shipyards among others to provide you with a cost affective but reliable solution for sewage treatment for the marine industry.

- We have units that meet 33 CFR and IMO Resolution MEPC 2(VI) from crews of as small 1 to as large as 1000+.
- We have tanks in polyethylene, carbon steel, aluminum and stainless steel.
- We also have the ability to provide a system to custom fit in your space requirements.

- Donovan offers a full service station. To pressure test and inspect suits. Suits must be in serviceable condition at all times. The pressure test can reveal leaks that can not be seen with the naked eye. A well maintained suit increases your chance of survival, lasts longer and saves you time and money. An experienced service technician can find seemingly minor defects that can cause major problems.
- The High Rider Ring. It is made of neoprene and attached by zippers making it easy for you to replace yourself. Most other suits have air bladders (high rider rings) that must be brought into a certified station to be replaced.
- Features:
 - One piece, sealed construction made of inherently buoyant 5mm neoprene.
 - Three fingered mitt to keep your fingers warmer.
 - Dual-zipper pull tabs.
 - Wide shoulders and legs for quick donning.
 - Snug-fitting face seal helps keep water out.
 - Back straps keep the ring in place.
 - Suits are true to size.
 - Equipped with whistle.
 - SOLAS-grade reflective tape provides extra visibility of wearer to rescue team.
 - Comes in sturdy storage bag with two handles.

Survitec Survival Products OceanMaster Life Rafts

- OceanMaster liferafts are renowned for uncompromising quality and design sophistication.
- In addition to meeting the requirements of the International Convention of the Safety of Life at Sea (SOLAS) 1996, as amended (except for 4-person model), the OceanMaster is manufactured to NATO AQAP 1 quality standards and holds approvals from most major international marine authorities, including the United States Coast Guard and UK Department of Trade.
- Today, there are thousands of OceanMaster liferafts in service on commercial, naval and fishing vessels worldwide.
- Manufactured from polyurethane (PU) coated nylon, ensuring its durability.
- Fully enclosed double skinned high visibility canopy complete with SOLAS-grade reflective tape.
- Non-inflatable easy access boarding ramp.
- Rafts come packed in containers with hydrostatic release unit (HRU) assembly and cradle.
- All models are SOLAS Approved (except for 4-person model) and come with SOLAS "A" Equipment Packs unless otherwise requested.
- USCG Approved.

Palfinger Marine USCG/SOLAS Approved Rescue Boat

PALFINGER

- The rescue boat, type RSQ 450 A, is designed for long time heavy duty operations under adverse and extreme weather conditions.
- It has been designed especially to rescue people in distress as well as to marshal life rafts.
- It is a rigid rescue boat, completely made of seawater-resistant aluminum.
- The main advantage of aluminum is that it hardly requires any maintenance.
- Contrary to the conventional GRP and especially inflatable rescue boats, the influences of ultraviolet rays and seawater are totally negligible, which obviously works out well to the life span of the RSQ 450 A.

- Its V-shaped hull construction guarantees an optimum planing and subsequent sailing speed with excellent stability characteristics.
- Maximum people: 6.
- Length overall: 4,875 mm. Length hull: 4,320 mm.
- Beam overall: 1,750 mm.
- Lifting arrangement: The rescue boat is equipped with a certified 4-point lifting sling suspension. The certified slings are made from high quality nylon straps. The lifting shackles are made of stainless steel 316.
- Fender: Rubber.

Palfinger Marine Hydraulic Pivoting A Frame Davit

PALFINGER

- Hydraulic Pivoting Davit (Type PRHE 35) suitable to handle a FR50 600 A 250HP fast rescue boat having a total mass not exceeding 3.500 kg (7,716 lbs) with its full complement of persons and equipment. The equipment fully complies with the latest IMO/SOLAS requirements and LSA code. The equipment is certified by Bureau Veritas (BV) in accordance with the European Council Directive 96/98 EC on Marine Equipment (M.E.D.), WheelMark. Also includes USCG certificate.
- The above davit includes shock absorber, 42V/450W converter mounted in the starter box for battery charger in fast rescue boat, 2-layer paint system suitable for the marine environment (Color: White RAL 9010) and boat front supports.

• Application	Rescue Boat Handling.
• Execution	Single line wire rope.
• Safe Working Load (SWL)	3,500 kg (7,716 lbs)
• Outreach	4,014 mm (13.17 ft)
• List/Trim conditions	20°/10°
• Pivoting	Hydraulically by means of accumulated power.
• Hoisting	Electrically (18 m/min)
• Hoisting (Emergency)	Manually by means of ratchet handle.
• Lowering	Gravity lowering.
• Power consumption	Winch motor 18,5 kW; Power pack 3,2 kW.
• Duty class	S2-10min
• Power supply	480V/3ph/60Hz
• Anti-condensation heater	In both starter box & winch motor (230V/40W).
• Length Lowest Waterline	10 m.
• Flag State	EC/MED + USCG

Palfinger Marine Single Arm Hydraulic Slewing Davits

PALFINGER

- Hydraulic slewing davit (Type SCH12-3.5R) suitable to handle a rescue boat type Rib 4 meter at a radius of 3.50 meters and a weight of max 1200 kilograms, including persons, fuel and SOLAS Inventory.
- Application: Rescue Boat Handling.
- Safe Working Load (SWL): 1200 kg.
- Fixed Radius: 3.50 m.
- List/Trim Conditions: 20°/10°.
- Slewing: Hydraulically by means of accumulated power.
- Hoisting: Electrically (18 m/min).
- Hoisting (Emergency): Manually by means of crank handle.
- Lowering: Gravity lowering.
- Power Consumption: Winch Motor 5,5 kW. Power Pack 3,2 kW.
- Duty Class: S2-10min.
- Power Supply: 440V/3ph/60Hz.
- Anti-Condensation Heater: In both starter box and winch motor (230V/40W).
- Complete with steel pedestal and hook.
- USCG/SOLAS Approved.

- Sophisticated crane geometry for effortless work.
- Strengths and flexibility for loading and unloading.
- Compact construction for numerous applications and use.
- Environmentally friendly hydraulic oils: Can be operated with biodegradable hydraulic oils and lubricants.
- Three-layer marine painting: In addition to the cathodic dip painting (CDP), PALFINGER marine cranes are given a marine coating that is at least 210 µm thick for protection against salt water. This special painting guarantees lasting and resilient surface protection.
- Hydraulic overload protection system: A hydraulic overload protection is optional. In case of an overload situation it prevents all movements that would increase the momentum of the load.
- Slewing angle: The slewing angle of 400 degrees provides the maximum radius of action.
- Welding and bolted versions of crane bases: The anchoring of marine cranes is variable. The crane base can be welded or bolted depending on what the customer wants.
- Maximum Lifting Moment: 55 ft_lbs. Maximum Lifting Capacity: 12,566 lb.
- Maximum Hydraulic Outreach: 45.3 ft. Maximum Manual Outreach: 52.5 ft. Slewing Angle: 400°.
- Maximum Operating Pressure: 4 psi.
- Dead Weight (std.): 79,000 lb. Pump Capacity: 6.6 gal./min.

PALFINGER

- Heavy duty foldable cranes (PFM)
- Lifting capacity range – 33,069 lbs to 48,061 lbs

Please contact *Donovan Marine* for further assistance.

PFM. PALFINGER MARINE HEAVY DUTY FOLDABLE KNUCKLE BOOM CRANES. Lifts extremely heavy loads up to 330.0 mt.

The heavy duty foldable knuckle boom range, PFM, was developed for the highly complex lifting of great loads from 7000 to 21800 kg. Their fields of application are large marine vessels i.e. work boats, navy or research ships. A combination of a telescopic boom and knuckle system makes this giant more flexible compared to common cranes in this field.

PK. PALFINGER MARINE KNUCKLE BOOM CRANES

Compact all-rounders.

PALFINGER

- Foldable knuckle boom cranes (PC/PK)
 - Lifting capacity range – 2,293 lbs to 66,139 lbs
- Please contact Donovan Marine for further assistance.

As a result of their sophisticated crane geometry, work is effortless for PALFINGER MARINE knuckle boom cranes. They make full use of their strength and flexibility when loading and unloading equipment, material, tools and fishing equipment including handling containers. Due to their compact construction, they can easily be accommodated on small ships and docks where space is at a premium.

PKM. PALFINGER MARINE KNUCKLE BOOM CRANES

Maneuverable and strong at the same time.

- Heavy duty knuckle boom cranes (PKM)
 - Lifting capacity range – 4,630 lbs to 19,842 lbs
- Please contact *Donovan Marine* for further assistance.

PALFINGER MARINE cranes from the PKM range are at home on working, passenger and marine vessels, yachts and docks. Their boom system means flexible outreach, their knuckle boom makes working at close range more comfortable. Operators enjoy the compact parking position, easy maintenance and flexible winch solutions.

PTM. PALFINGER MARINE TELESCOPIC CRANES

Flexible helpers on all seas.

PALFINGER MARINE's range of telescopic cranes demonstrate how compact and flexible marine cranes are. The extending telescopic boom enables flexible adjustment of the outreach to any operating conditions. Shorter cable lengths ensure safe load handling at close range. Operators appreciate the ease of maintenance and high level of safety.

PSM. PALFINGER MARINE STIFF BOOM CRANES.

Easily-maintained helpers on the high seas.

- Stiff boom cranes (PSM)
- Lifting capacity range – 7,716 lbs to 56,438 lbs

Please contact *Donovan Marine* for further assistance.

PALFINGER

Stiff boom cranes by PALFINGER MARINE are impressive due to their exceptional weight/power ratio and their ease to maintain. Their slender design and ability to attach additional winches make them attractive to operators of working, passenger and marine vessels. Demountable crane booms simplify transport.

Question

Answer

Customer name

Project name or identification Number

Bid Due Date:

New construction or refurbishing project or Vessel Name/Hull Number

Type of Crane : Knuckle Boom, Telescopic Boom, Stiff Boom

Select Palfinger model required : PK,PSM,PTM,PKM or PFM

Electronics

Application(s) of crane: Marine, Drilling or Other

Trolling
Motors

Will crane be used in Fresh Water or saltwater applications

Lifting capacity ... kg or Lbs at max outreach ... m or ft

Instruments

Sea-state – YES / NO (If NO, Harbour conditions are used)

Electrical

Sea-state condition- See ABS sea state chart attached please select 0-9

Lighting

lifting speed ... m/min or ft/min

Anchor
& Dock

hoisting height ... m/min or feet/min

CT - constant tension – YES / NO

Safety

Boat / RIB Handling – YES / NO

Steering,
Controls

during launching are people to be sitting in the boat – YES / NO

Pumps

If yes, estimated total weight of people and gear. Kg or Lbs

Fuel
System

quick release hook required – YES / NO

Man riding application – YES / NO-if yes- (Harbor or offshore Operational conditions)

Seating &
Pedestals

lifting capacity ... kg or Lbs at max outreach in m or ft

Trailing

lifting speed ... m/min or ft per min

Tops &
Covers

hoisting height ... m/or ft

Perform.

Power pack – YES / NO if yes please answer next question.

voltage / frequency - 3x 400V / 50Hz or 60 cycle (state Voltage)

Propellers

ex-proof – YES / NO If yes please answer next question

Engine
& Care

exact grade of ex-proof execution zone (0...2) Temp (T1--T6) Class I---III

Cleaning
& Care

CE - Declaration of conformity – YES / NO

Paint &
Paint Acc.

Average ambient operating temperature with 24 hour period

Operating Design temperature of vessel or drilling rig

Billy Pugh Personnel Net - For Rougher Seas

- API specification 2C Third Edition, March 1983, Section 5.4 (d). S.W.L. R2500LGS with design factor of 10.
- Lifting ring - 7/8" forged steel.
- Hand spliced eyes (no swages). Safety load line.
- Stabilizer unit covered with plastic impregnated fabric netting lines 3/4" 9,950 lbs. test each.
- Top ring 30" padded.
- Bottom ring overall dimensions 72" with padding.
- Padding is shock absorbing, synthetic flotation material.
- Bottom to top ring: 9'.
- Four entrances to net.
- Overall vertical length 33'.
- Bottom of net - 5 rubber chafe pads.
- ABS equipment type approval program.

Billy Pugh Cargo Basket

- Heavy cargo can be moved into basket in collapsed position reducing potential for lifting associated injuries.
- Inner canvas designed to prevent smaller objects from rolling out.
- Rounded/padded design reduces potential for damage to boats.
- Floor is treated steel pipe.
- 5/8" galvanized lifting cables frame and 3/4" treated plywood bottom.
- Overall basket height: 10'. Diameter 6'.
- Side extension 3'. Collapsed height 1'.
- Weight 300 lbs.
- Safe working load 3,500 lbs.
- Cable pick-up slings.

SPECIAL HANDLING MAY APPLY

Apollo Pilot Ladders

Pilot Ladder Classified by Underwriters Laboratories, Inc. In accordance with USCG Regulation Title 46 Chapter 1 Part 163.003

ADONIC I PILOT LADDER

- USCG Approval #163.003/19/0.
- Meets and exceeds SOLAS standards.
- Tested by Underwriters Laboratories, Inc. with a drop test of 150 ft. maximum length.
- Each step tested 2,000 lbs.
- Steps and spreaders: Painted International Orange, molded polyurethane made by Rubber Millers, Inc.
- Rope: Polypro-dacron with white outer jacket and orange inner core for safety.
- Clamp - 6063 alloy aluminum.
- Replacement steps are designed to be replaced quickly and easily right on board the vessel.
- No need to unstring the ladder or special tools required.
- All pilot ladders are sold by the foot.

ADONIC II PILOT LADDER

- USCG Approval #163.003/12/0.
- Meets and exceeds SOLAS standards.
- Each step tested 2,000 lbs.
- Steps and spreaders: Wood oak, non skid grit, diamond groove and painted International Orange.
- Rope: 3/4" Synflex Poly-Plus.
- Clamp - 6063 alloy aluminum.

Apollo Embarkation Ladders

Embarkation-Debarcation Equivalent to Chain Ladder Classified by Underwriters Laboratories, Inc. In accordance with USCG Regulation Title 46 Chapter 1 Part 160.017

Adonic II Embarkation Ladder

Adonic I Embarkation Ladder

ADONIC I EMBARKATION LADDER

- Equivalent to chain ladder.
- USCG Approval #160.017/61/0.
- Meets and exceeds SOLAS standards.
- Tested by Underwriters Laboratories, Inc. with a drop test of 150 ft. maximum length.
- Each step tested 2,000 lbs.
- Steps: Painted International Orange, molded polyurethane made by Rubber Millers, Inc.
- Rope: Polypro-dacron with white outer jacket and orange inner core for safety.
- Clamp - 6063 alloy aluminum.
- Replacement steps are designed to be replaced quickly and easily right on board the vessel.
- No need to unstring the ladder or special tools required.
- All embarkation ladders are sold by the foot.
- All pilot ladders are sold by the foot.

ADONIC II EMBARKATION/DEBARKATION LADDER

- Equivalent to chain ladder.
- USCG Approval #160.017/58/0.
- Meets and exceeds SOLAS standards.
- Each step tested 2,000 lbs.
- Steps: Wood oak, non skid grit, diamond groove and painted International Orange.
- Rope: 3/4" Synflex Poly-Plus.
- Clamp - 6063 alloy aluminum.

Perko Fig. 112 Fixed Mount All-Round Light

529620

- Cast bronze.
- Medium screw base type electrical socket.
- 2 mile visibility.
- For replacement use only on power driven vessels under 20 meters in length.
- Uses #8 fasteners.
- Overall height 8-3/4", base OD 3-1/8".
- Requires 15 watt frosted medium screw bulb (Not included).

Perko 800 Series Solar-Ray® Searchlights

- Heavy gauge brass and cast bronze.
- White Perko • Kote finish.
- 12, 24, 32 or 120 volts.
- All models feature: Halo deflectors, parabolic glass mirror reflectors for maximum light output and ventilation covers for quick dissipation of heat to help prolong bulb life.
- Hinged front doors have quick release stainless steel latches.
- Weatherproof construction. Interior finished in flat black.

- Lower vent cover on 12" and 14" sizes.
- Slide-lock focusing device behind lower vent.
- Heavy duty yoke mounting.
- Standard pedestal base diameter: 7".
- 10" lights are standard with 2-pin prefocus socket.
- 12" and 14" lights are standard with medium prefocus socket.
- Bulbs are not included and must be ordered separately.

Perko Fig. 885 Wheel or Lever/Gear Control Solar-Ray® Searchlights

- Wheel Control Assemblies.
 - Turn upper wheel for horizontal position.
 - Turn lower wheel for vertical position.
 - Distance between wheels: 2".
 - Maximum ceiling thickness: 3".
- Lever/Gear Control Assemblies.
 - Aim handle for horizontal position.
 - Twist handle for vertical position.
 - Maximum ceiling thickness: 3-1/2".
- Order head and wheel or lever/gear control assemblies separately.

Bulb and Socket Ordering Information for Perko 800 Series Solar-Ray® Searchlights

- Bulbs are not included in lights and must be ordered separately.
- For best results, the bulb and reflector must be perfectly compatible; therefore be sure to specify the stock number of the bulb desired.
- Peak candlepower is exceedingly sensitive to many factors, (i.e. a light source out of focus by 1/32 inch, under-voltage of only 4% or differences between bulb manufactures) which can cause reduction of range of up to 20%.

Perko XR Series 15" Xenon Searchlights

- Designed and manufactured to meet the demanding needs of commercial marine applications.
- The short arc Xenon filled lamps produce an extremely bright and very white light which can be focused in the pilothouse into a narrow long range beam.
- High quality Timkin bearings provide for smooth 380° rotation.
- The XR Series model 9304 searchlight can be operated continuously at 500 watts for a maximum brightness of 35,000,000 candlepower and over 3 mile (IES Handbook) range.
- An iridium coated precision reflector provides for maximum light output and sharp focus.
- The remote control panel controls lamp ignition (start-up) and focus from the pilot house.
- Superior cooling is provided by a heavy duty cooling fan which blows air across the lamp inside the sealed housing.
- Heavy duty marine latches.
- Sealed waterproof construction.
- Heavy rolled marine aluminum housing.
- Safety interlock switch.
- Heavy duty rack and pinion assembly.
- Cast marine aluminum yoke and base.
- Quality ball bearings.
- Nominal drum diameter: 13-3/4".
- 120 VAC.
- NOTE: Lamps are included with complete Searchlights.

Perko 19" Solar-Ray® Searchlight and Control Assemblies

- White Perko • Kote finish.
- These are designed and built with the commercial user in mind where maximum size and brilliance count.
- These units are constructed of marine aluminum with heavy duty castings and heavy gauge reinforced bodies for extra durability.
- Halo deflector.
- Parabolic glass reflector with shock resistant mounting.
- Lower vent cover.
- Hinged front doors have quick release stainless steel latches to provide easy access for bulb replacement.
- Flat black interior finish.
- Slide-lock focusing device behind lower vent.
- Positive non-leaking seals. Heavy duty cast rack and pinion assembly.
- Floating stops in base to allow 400° rotation.
- Extra large cast aluminum base drilled for (4) 1/2" fasteners.

The Carlisle & Finch Co. 500 Watt Xenon Arc Searchlights

Distant Electrical Control

Lever Gear Control

LEVER GEAR CONTROL - DRUM-SIZE NOMINAL 15"

- This powerful, rugged design, composed of marine grade aluminum and stainless steel, with a high quality salt and scratch resistant powder coat finish.
- The indestructible, nickel reflector produces a precision 1-Degree beam at a powerful 45 million beam candlepower.
- The searchlight focus has safety back-up, with no tools required (if the Focus Motor fails, the beam-size can be adjusted quickly and easily, with an external focus knob).
- The searchlight is mounted on a rugged base producing greater than 385 degrees of horizontal rotation with unique sliding stop.
- Remote electric beam-size focus (1 to 15 degrees).
- Voltages: 12VDC, 24VDC, 115VAC, 230VAC.
- Long-life warranted xenon lamp.

Order No.	Mfg. No. / Description	List Price	
275304	(X9396LG-RF) Head w/70" Lever Gear Control	\$8,573.00	A0-0037580
275328	(4441X-RF) Control Station	\$440.00	A0-0004400
275405	(4198PS-1) Power Supply - 115 VAC	\$2,980.00	A0-0008920

DISTANT ELECTRIC CONTROL

- These units have all the features listed above and also the following.
- "Proportional-Speed" joystick provides aiming and speed control with single-hand.
- Motorized rugged cast base with horizontal and vertical clutch assemblies and ball bearings contained in stainless steel races.
- Fast speed searches at 25 degrees per second.
- Single station or multiple stations.
- Indoor and outdoor weatherproof control stations.
- Optional anti-icing heater circuitry in base, rack and trunnions, digital azimuth indicator, manual back-up (in case of motor failure).

Order No.	Mfg. No. / Description	List Price	
275435	(X9398-RF) Joystick Electric Control	\$10,720.00	A0-0002701

275438	(4198PSDE-1) Power Supply	\$3,790.00	A0-0009730

How to Order Searchlights

- Specify size searchlight, type control, type base, type drum, type finish, type lampholder, and give code word or catalog number.
- Give ordering code and volts of lamp.
- Specify length of control (measured from bottom of base to centerline of lever or upper wheel) if other than the standard dimensions shown on the dimension drawings.
- Specify pedestal height (measured from bottom of base to centerline of drum) if different from the standard 48 inches.
- Example: 12" searchlights, lever control, standard base, vented drum, enamel finish, medium prefocus lampholder, code RECITE-E2. Special length control 22" base to centerline lever.
- To designate the specific lampholder desired add one of the following suffixes to the code word or catalog number:
 - Medium Screw Lampholder -1
 - Medium Prefocus Lampholder -2
 - Mogul Screw Lampholder -3
 - Mogul Bipost Lampholder -4
 - 2-Pin Prefocus Lampholder -5

The Carlisle & Finch Co. 1.0kw and 2.5kw Xenon Arc Searchlights

LEVER GEAR CONTROL - DRUM-SIZE NOMINAL 19"

- This powerful, rugged design, composed of marine grade aluminum and stainless steel, with a high quality salt and scratch resistant powder coat finish.
- The indestructible, nickel reflector produces a precision 1-Degree beam at a powerful 80 million (1.0kw) and 177 million (2.5kw) beam candlepower.
- The searchlight focus has safety back-up, with no tools required (if the Focus Motor fails, the beam-size can be adjusted quickly and easily, with an external focus knob).
- The searchlight is mounted on a rugged base, which includes ball bearings held captive within stainless steel races, producing greater than 385 degrees of horizontal rotation with unique sliding stop.
- Remote electric beam-size focus (approx. 1 to 15 degrees).
- Voltages: Single phase 115VAC, 230VAC and 3-phase 208/240 VAC, 380 VAC, 480 VAC or 575 VAC.
- Long-life warranted xenon lamp.

The Carlisle & Finch Co. 12" Searchlights - Distant Electric Control (DEC)

- Rugged drive unit is housed in watertight corrosion resistant marine aluminum or brass base as specified.
- Base is brass.
- Drum/door and yoke is white enamel.
- Drum, door and yoke, etc., constructed of solid brass.
- Powerful motors in weatherproof base direct the penetrating beam with finger-tip ease from any distance.
- Automatic brakes provide instant start and instant stop with no overtravel.
- Searchlight can be controlled from many separate locations.
- Vented drum (non-vented also available).
- Motors operate on 110-125 volts, 50-60 hz (cycles).
- Rugged joystick switch controls both motions.
- No limit to distance between searchlight and joystick.
- Second, third, fourth, or more joysticks can be added at any time.
- Just five control conductors and a ground conductor required between searchlight and joystick.
- Slip clutches allow manual override at all times, a convenience when relamping.
- Corrosion resistant and oiltight, the joystick can be mounted almost anywhere.
- A small heater on drive unit keeps temperature in base housing above ambient to minimize condensation on and in motors.
- Includes medium prefocus lampholder.
- Bullet lamp not included

- Replaces: Racor 2020 Series.
- OD: 4-5/16". ID: 5/8" and 13/16".
- Length: 8-29/32".
- F. Gasket: G240.
- Includes: (1) End seal and (2) O-rings.

Order No. **319104** Mfg. No. / Description (PF7890-10) List Price **\$18.11** CO-9351000
319108 (PF7890-30) List Price **\$17.28** CO-9641000

Baldwin Filters Fuel Element with Bail Handle

- Contains: Emergency By-Pass Tab.
- Fits: Racor 900 Series Housings.
- Replaces: Racor 2040 Series.
- OD: 4-5/16".
- ID: 5/8" and 13/16".
- Length: 3-29/32".
- F. Gasket: G240.
- Includes: (1) End seal and (1) O-ring.

Order No. **319100** Mfg. No. / Description (PF7889) List Price **\$15.28** CO-9921000

Baldwin Filters Fuel Element

- Contains: Reinforced Centertube.
- Fits: Caterpillar Engines.
- Replaces: Caterpillar 1R0718, 1R0756.
- OD: 3-15/16".
- ID: 1-5/8".
- Length: 9-7/32".
- A. Gasket: (2) Attached.

Order No. **319092** Mfg. No. / Description (PF7655) List Price **\$23.69** CO-4102000

Baldwin Filters Fuel Element

- Fits: Caterpillar Industrial, Marine Engines.
- Replaces: Caterpillar 1R0725, 1R0766, 1W4056.
- OD: 5-1/16".
- ID: 2-3/32".
- Length: 10-7/16".
- A. Gasket: (2) Attached.

Order No. **319096** Mfg. No. / Description (PF7799) List Price **\$39.69** CO-4733000

Baldwin Filters Full-Flow Lube Element

- Fits: Caterpillar Industrial, Marine Engines.
- Replaces: Caterpillar 1R0726, 4P2839, 7N7500.
- OD: 7-3/8".
- ID: 2-27/32".
- Length: 10-9/32".
- A. Gasket: (2) Attached.

Order No. **319072** Mfg. No. / Description (P7003) List Price **\$45.02** CO-7283000

Baldwin Filters Fuel-Flow Lube Element

- Fits: E.M.D. Locomotives.
- Replaces: E.M.D. 8340000.
- OD: 2-29/32".
- ID: 1" One End.
- Length: 7-7/16".
- A. Gasket: (1) Attached.

Order No. Mfg. No. / Description List Price
319112 (PT513) **\$12.20** C0-7301000

Baldwin Filters Lube Element

- Fits: Caterpillar Industrial, Marine Engines.
- Replaces: Caterpillar 1W4136.
- OD: 7-5/16".
- ID: 3-13/32".
- Length: 13-13/32".
- A. Gasket: (2) Attached.

Order No. Mfg. No. / Description List Price
319076 (P7012) **\$51.41** C0-0734000

Baldwin Filters Lube or Fuel Element

- Fits: E.M.D. Cageless Series.
- Replaces: E.M.D. 8345482.
- OD: 6-1/2".
- ID: 1-15/32" One End.
- Length: 29-3/8".
- End Seals: (1) Included.

Henek Liquid Coalescers

- Henek's HC Series is constructed of high grade aluminum and includes a corrosion resistant aluminum epoxy screen.
- Inner and outer layers are made of rayon fibers impregnated with phenolic resin.
- Set between these layers is the coalescing layer (borosilicate microglass).
- Efficiencies range from 93% to 99.9999% at the 0.3 micron range.
- The pre-filter can be constructed with microns from 1 to 75.

- These stuffing box systems are engineered and built to seal out seawater and give unmatched protection for your propulsion system.
- Air Valve Extension - Used to inflate and deflate Air Seal ring. Inflate to 15 psi to engage seal. Maximum 40 psi.
- Water-Lubrication Service Inlet - Inlet is aft of packing and connects to ship's piping. It delivers water-lubrication to shaft bearing.
- Pre-drilled Flanges - Housing flanges are precision-drilled for easy, accurate mounting, unless otherwise specified.
- "Zerk" Grease Service Fitting - Channels grease to packing.
- Packing Retaining Gland.
- Additional Water-Lubrication Service Inlet.
- Ribbed and Perforated Lantern Ring.
- All sizes supplied with grease lantern ring.
- Packing is not included as standard equipment.
- An additional charge will be made when packing is specified.
- Mounting flange holes are drilled standard unless otherwise specified.
- Bronze stuffing boxes sizes 2" through 6-1/4" can be supplied with integral steel mounting flange for bulkhead welding at 20% additional charge.
- When ordering specify steel flange.

Globe Drivesaver[®] Vibration-Reducing Couplings

- The Drivesaver provides a flexible, nonmetallic barrier between your transmission and propeller shaft.
- This barrier reduces drivetrain vibration which reduces noise to you, your crew and the water.
- Absorbs thrust and torque from the propeller shaft, as well as excessive shock from changing gears and high speed planing.
- Provides an impervious barrier that blocks electrical currents from the water so your engine and transmission are protected from damaging corrosion.
- Includes: Bushing kits where necessary.

DuraBlue® Self-Lubricating Rudder Bushings and Sheet Stock

DURABLE BEARINGS AND SHEETS ARE:

- Greaseless, self-lubricating and pollution free.
- Dimensionally stable with extremely long life.
- High load capability & ultra low friction.
- All DuraBlue Composite Bushings and Sheets are rated for continuous duty and extremely smooth operation with specific pressure up to 25N/mm².

DURABLE RUDDER BEARINGS

- All standard size rudder bearings shown are carried in-stock at our regional warehouses and manufacturing facility in Hiram, Ohio. Any size not shown can be made to order. 1" - 42" Inside Diameter range.

DURABLE SHEET STOCK

- For fabrication of Thrust Washers, Wear Pads and Skid Plates.

DuraBlue Unfinished Tube Stock

DuraBlue Sheet Stock

DuraBlue Finished Thrust Washers

DURABLE UNFINISHED TUBE STOCK

NEW CONSTRUCTION

MAJOR REBUILD

TROUBLESHOOT & REPAIR

- From engine room, to generators, to light switches and outlets, to wheel house and everywhere else in between
- Let us subcontract all electric and hydraulic from design through installation and commissioning
- Installations/repairs will meet Coast Guard & ABS regulations
- Rewire - remove existing cables and electrical components and re-install to the highest standard
- Design and furnish switchboards and alarm systems
- Complete diagnostic, maintenance and annual inspection of all your electrical and hydraulic equipment needs

**YOU CALL, WE COME & DON'T LEAVE UNTIL PROBLEM IS IDENTIFIED & FIXED!
WE MANAGE ALL SYSTEMS FOR THE LIFE OF YOUR VESSEL.**

- Electronics
- Trolling Motors
- Instruments
- Electrical
- Lighting
- Anchor & Dock

CRANES & DAVITS

Troubleshoot, repair, service, commission, and technical support for Techimpianti and Palfinger/Ned-deck

Life Boat/Fast Rescue Vessels

Annual/5-year inspections available

STEERING SYSTEMS

Troubleshoot, repair, service, install, commission, and technical support for all systems

Complete inventory of all steering components

Annual inspections available

ALARM SYSTEMS

Troubleshoot, repair, service, install, commission, and technical support for all systems

Custom design and build any alarm system to meet your needs

Expertise in calibrating all system sensors

MARINE ELECTRICAL HIGH/LOW VOLTAGE

Custom design, build, troubleshoot, repair, service, install, and technical support for all electrical systems

ENGINE CONTROL

Troubleshoot, repair, service, install, commission, and technical support

Expertise in Mathers (ZF) control systems

Mechanical and electrical engine controls

HYDRAULIC SYSTEMS

Troubleshoot, repair, service, install, commission, and technical support

HPU, custom designs, component sales, field service, retrofits

ELECTRICAL SWITCHBOARDS

Troubleshoot, repair, service, install, commission, and technical support for all brands

Expertise in design, service and installation

OILY WATER SEPARATORS

Troubleshoot, repair, service, commission, and technical support for all brands

Annual inspections available

Service to IMO107 standards

MARINE SANITATION DEVICES

Troubleshoot, repair, service, commission, and technical support for all brands

Annual inspections available

Service to IMO107 standards

WATER MAKERS/UV PURIFIERS

Troubleshoot, repair, service, commission, and technical support for all brands

Annual inspections available

LP Fuel pump, high pressure pump, membrane, control panel expertise

WATERTIGHT DOORS

Troubleshoot, repair, service, install, commission, and technical support for all brands

Expertise in electrical and hydraulic

Annual inspections available

SEARCHLIGHTS

Troubleshoot, repair, service, install, commission, and technical support for all brands

Expertise in Xenon & Perko

Replacement bulbs available and in stock

BOW THRUSTERS

Troubleshoot, repair, service, commission, and technical support for all brands

BATTERY CHARGERS

Troubleshoot, repair, service, install, commission, and technical support for all brands

Expertise in sales of Newmar and Charles

TRAVELIFT/SHUTTLELIFT

Troubleshoot, repair, service, install, commission, and technical support

Annual inspections available

DECK WINCHES, WINDLASSES & CAPSTANS

Troubleshoot, repair, service, install, commission, and technical support

All electric and hydraulic brands

Sales and expertise in Palfinger, Norwegian, Patterson and SLM

Duramax Marine DuraCooler SuprStak with TurboTunnel Design

DURAMAX MARINE^{LLC}

DuraCoolerSM
SuprStakSM
with TurboTunnel Design

- More than double the heat transfer in half the hull space.
- Turbo Tunnel Header Design.
- Round Turbulizer Spacers.
- Flow Diverter Scoops.
- One Piece Brazed or Modular Design .

Duramax Marine BoxCooler

DURAMAX MARINE^{LLC}

- Larger cooling capacity than external cooling systems.
- Protection in ships hull against damage.

EASY MAINTENANCE

- No spare parts required.
- Maintenance and repair can be done without dry-docking.
- No need to overhaul raw water pumps and piping every 5 years.
- ICAF System available.
- Type Approved.

Keel Cooler Anodes

Z-1 KEEL COOLER ANODE

- For size 1/2", 3/4", 1" Single Stem and 1-1/4" and 1-1/2" Double Stem 4 tube 1-1/8" fluted.

Order No.	Mfg. No. / Description	List Price
338165	(Z-1)	\$6.89 GO-2640000

Z-2 KEEL COOLER ANODE

- For size 1-1/4" and 1-1/2", 1" Single Stem and 2-1/2" Double Stem 4 tube 1-1/2" turbo tube.

Order No.	Mfg. No. / Description	List Price
338167	(Z-2)	\$8.69 GO-2850000

Z-3 KEEL COOLER ANODE

- For size 2", 2-1/2", 3", 4" Single Stem and 3" and 4" Double Stem.

Order No.	Mfg. No. / Description	List Price
338169	(Z-3)	\$18.09 GO-2121000

Duracooler™

by DURAMAX MARINE LLC

Quality 90/10 Cupro-Nickel.

Rectangular tubing, resistant to salt, water corrosion and sea growth.

Superior heat transfer. Compact, one piece.

Through-hull type fittings.

Available in a wide range of models and different tubing sizes.

Engineered for fast, economical, simplified installation.

Custom sized to your engine specifications and operational requirements.

To determine the optimum sizing of a DURACOOLER™ Keel Cooler, please provide the following information:

1. Manufacturer and Engine Model
2. Engine Rating with Horsepower and RPM
3. Coolant Temperature Requirement for entering or exiting the engine
4. Total Heat Rejection to Coolant (BTU/min.)
5. Coolant Flow (GPM)
6. Minimum Hull Speed at full RPM (knots)
7. Maximum Ambient Seawater Temperature
8. Will Anti-Freeze Be Used
9. Dry or Wet Manifolds

DuraCooler - New Flanged- Mount Design

Duracooler™

LOOKS LIKE OTHER KEEL COOLERS - LOOK CLOSER!

In the commercial marine industry you need every competitive advantage you can get. That's why we've developed the DuraCooler - one of the most innovative keel coolers on the market today. Sure DuraCooler looks like other keel coolers, but look a little closer. DuraCooler's unique streamlined header design enhances internal coolant and external seawater flow while reducing system pressure drop. The new design also provides optimum heat transfer efficiency in a smooth tube design, resulting in smaller keel cooler units and a reduction in cooling system costs. On repower, replacement or retrofits, this increased cooling capacity within the same installation footprint provides the vessel owner an additional cooling safety factor.

NO MORE THROUGH HULLS FOR KEEL COOLER INSTALLATIONS

Now the streamlined DuraCooler design is available in a flanged-mount connection design. The new flanged-mounted connection is obtained by means of a cupronickel flange affixed to the top of the DuraCooler header and a mild ASTM steel flange, supplied with the cooler. Weld a schedule 80 steel pipe to the steel flange supplied with the DuraCooler unit, and bolt the cupronickel flange to the steel flange using the supplied hardware. Extend the pipe through the hull and fillet weld the pipe to the hull on both sides. Rest easy knowing that you no longer have a through hull penetration with this design.

NO MORE SPECIAL TOOLS

With the standard nozzle and nut keel cooler attachment method, it can be difficult to access the nut inside the hull. Additionally, with this design you do not have to fabricate a special mounting nut wrench. It is not longer necessary. All standard flanged-mount hardware is located outside the vessel where it is easier to access. Use tools found in a typical toolbox.

PERFECT FOR DOUBLE HULL DESIGNS

So you are designing or building a vessel with a double hull. Standard through hull keel cooler nozzles may not be long enough to penetrate both hulls. The flanged-mount design is ideal.

**FEATURES/BENEFITS**

- **No through-hull connections** - If a flanged mounted DuraCooler is knocked off the vessel, you won't need to worry about flooding the vessel.
- **No need to fabricate special tools for installation** which will save time and money on installation costs.
- **Space savings inside hull** - If the area inside the hull is tight or equipment makes the internal nut on the through hull fitting inaccessible, the flanged-mount design is ideal
- **Eliminates the need for a cofferdam or searches** which will save time and money on installation costs.
- **Keel cooler research and development program** - We test actual DuraCoolers and competitive keel coolers under various operating conditions. This data is used to create more accurate recommendations.
- **Simplified Installation** when mounting hardware cannot be easily accessed from the interior of the vessel or for double hull installations.
- **Streamlined header design** allows for less internal pressure drop of coolant flowing through the keel cooler. External water travels more quickly to tubes increasing the heat transfer efficiency to the cooler.

Duramax Marine Keel Coolers

- 90/10 cupro-nickel tubing is resistant to waterflow erosion and serves as an antifoulant.
- Compact, one-piece design makes installation simple.
- Streamlined header design reduces pressure drop in water flowing through the cooler.
- External water travels more quickly to tubes increasing the heat transfer efficiency of the cooler.
- Custom-sized for your engine specifications and operational requirements.
- Available with through-hull type fittings or non-through-hull flanges.
- PATENT PENDING.

W.W. Patterson - Our Completely Redesigned Line Means Safer, More Efficient, OSHA – Compliant Winches

SERIES - 50B FEATURES

1. Full-size rope guard surrounds gearing; prevents fouling wire rope.
2. Complete operating instructions on gear shroud.
3. "Second to none" rope-securement method lays first coil snugly against drum flange; promotes better spooling.
4. Pull-up ratchet and extension bar provide ultrahigh tension.
5. All new brake-lock design keeps our famous safety-release feature, but now friction-disc replacement is fast and simple.
6. Hinged gear should protects gearing, yet allows easy access for lubrication.
7. Ratchet lock and cam assembly makes release under high tension easiest an safest of all.
8. High gear ratio makes tightening easier.
9. Lubrication is simplified with grease fittings at all friction points.
10. Dished handwheel with spinner speeds slack take-up.
11. Angle foot-mounts with bolt-down holes available.

528221	(WWP40M-12R) 40 Ton Painted Right	\$8,400.00 BO-0006570

MANUAL OPERATIONS

Pull-up

With ratchet eccentric lever **A** in vertical position, pull up load with handwheel. Ratchet dog **B** will override, holding load at all points. When load is tight, lock clutch-type brake **C**.

Release

Pull ratchet eccentric lever **A** out to horizontal position. This drops dog out of engagement while load is held by brake. Lift out dog **B**, then control release with vise handle **D**.

1600 Series Door System

Aluminum 2000 1600 Series

Aluminum 2000 is the country's leading producer of quality doors for the marine industry. Our wide range of custom designed aluminum extrusions, combined with our years of marine experience, gives us the knowledge and compatibilities to provide unique and reliable solutions to your needs.

With our enclosures, you can be assured of durability, weather resistance and security without compromising appearance and ease of installation.

Standard construction features for all 1600 series doors include:

- Heavy gauge aluminum panels.
- Customized to fit the design both in size and shape.
- Glass options including full glass, top mounted or double glazed in both the top and bottom of the door.
- Robust stainless steel lever handle locksets, available keyed alike.
- Foam core insulation design to reduce sound.

Kevel Chocks - Cast Steel

- Made from ASTM A27 cast steel and are built to withstand the toughest conditions.
- No surface paint or finish to maintain quick, easy and safe weld-ability to the deck of any barge or workboat.
- Designed primarily to be used with line or wire for barge coupling, checking, or mooring.
- They are typically placed along the gunnels of a barge or work-boat.

Roller Buttons - Free-Rolling

- These are the finest high-load carrying, free-rolling roller buttons that have ever been designed and are manufactured in sizes to suit the needs of boats, seagoing tugs and ships.
- Precision machined parts have working parts coated with an extremely hard coating – 70 Rockwell C-Scale – which is corrosion resistant.
- The buttons will not freeze up as most do, because they are closed at the top.
- The air pocket formed on the inside, makes it practically impossible for water to enter the working parts.
- Before shipment, the roller buttons are completely lubricated and should need only occasional attention after installation and use.

528199	(SRB-50-SS)	\$2,035.00 B0-0513810

Self-Aligning Roller Chocks

- Effectively utilized for both face wires and wing wires, the Patterson line of S.A.R.C.'s include all of the features you've come to expect: optimized sheave materials for both synthetic rope and steel cable, rounded edges to minimize wear points, corrosion resistant construction utilizing stainless steel and protective coatings for extended life, and the extreme durability that you've come to associate with the Patterson name.
- Horizontal Alignment Mounting System – In the past, similar types of chocks could only align vertically. This helped extend the life of the rope, but allowed for dangerous side loading that could lead to permanent yielding of the product causing it to become non-functional, or worse, catastrophic failure. With the Patterson Horizontal Alignment Mounting System, the S.A.R.C. becomes the first truly self aligning design, as the entire unit always orients itself to the center of the line pull, both vertically and horizontally, regardless of the angle.
- Spring Loaded Vertical Assist – The protection of your rope is critical, both to ensure safe operating conditions, and to minimize the replacement cost of this expensive consumable. We get this, which is why we created the Spring Loaded Vertical Assist. Using a super high strength torsion spring mechanism, we effectively eliminate the majority of the weight of the sheave housing, allowing your chock to begin aligning with little to no line tension, even when using ultra light synthetic rope. This eliminates abrasion by keeping the rope where it belongs: in the sheave, keeping you safer, and saving you money.

RATED LOAD: 40 TONS. WORKING LINE LOAD: 40,000 LBS.

Kolor Kut Water Finding Paste

- For testing for the presence of water at the bottom of fuel storage tanks.
- Suitable only for use with Petrol, Diesel, Kerosene, Gas Oil, Heating Oil, Heavy Oil and Lubricating Oil.
- Applied to a rod/length of string with bottom weight, the brown paste changes colour to brilliant red where it comes into contact with water, giving you a visual indication as to the depth of water present.
- Gauges water content in all petroleum and hydrocarbons as well as sulfuric acid, nitric acid, hydrochloric acid, ammonia, soap solutions, salt and other chloride solutions.

Order No.	Description	List Price
441612	3 oz.	\$7.09 F0-6940000

Inverted Vent Check Valve

- Add a measure of security, preventing deck wash, deck fire and debris from traveling through the vent.
- Approved for installation aboard USCG inspected vessels.
- Heavy cast construction, with weighted heavy gauge ball float.
- Size 3", overall diameter 5-1/2", overall height 8-3/8".

Order No.	Mfg. No. / Description	List Price

Hydrasearch Inverted Check Valves - Model PM1

- Venting improves the efficiency of loading and unloading cargo by eliminating dangerous pressure or vacuum buildup.
- Inverted Vent Check Valves add a measure of security, preventing deck wash, deck fire and debris from traveling through the vent.
- Approved for installation aboard USCG inspected vessels.
- Heavy Cast Construction, with 316ss ball float.
- Available in bronze, galv. steel, 316SS, and 535 aluminum.
- Connection type - Threaded (standard). Also Available with Butt-weld or Flanged connections.

Hydrasearch Suction Strainer Box

- Designed for use in ships' bilges and other such tank locations which require trash protection for suction pipes and pumps.
- The SSB Series comes standard with 11 gauge fabricated galvanized steel housing and 316 SS fasteners.
- Other sizes and material available upon request.

Order No.	Mfg. No.	Size	Dimensions	Height
S/O	(1.5-SSB-GS)	1-1/2"	6" x 6"	4-3/4"
S/O	(2-SSB-GS)	2"	6" x 6"	4-3/4"
S/O	(2.5-SSB-GS)	2-1/2"	6" x 6"	4-3/4"
S/O	(3-SSB-GS)	3"	6" x 6"	4-3/4"
S/O	(4-SSB-GS)	4"	10" x 10"	9-1/2"

Hydrasearch Deck Drains - Standard

- Available in galvanized steel, 316 SS and aluminum.
- Strainers available in bronze or 316SS (aluminum strainer comes standard on aluminum deck drain).
- Connection Type - butt weld, socket weld & threaded.
- Available in sizes 1.5", 2", 2.5", 3", and 4" (6" available by special request).

Order No.	Mfg. No.	Size	Diameter	Height	Material
S/O	(1.5-DD-GS-W)	1.5"	4-1/2"	3-1/4"	Galvanized Steel
S/O	(2-DD-GS-W)	2"	4-1/2"	3-1/4"	Galvanized Steel
S/O	(2.5-DD-GS-W)	2.5"	5-1/2"	3-3/4"	Galvanized Steel

S/O	(4-DD-GS-W)	4"	6-1/2"	3-3/4"	Galvanized Steel

Hydrasearch Deck Drains - 2:1 Ratio

- Drains have a minimum 2:1 ratio clear opening through strainer as compared to pipe size.
- Strainers available in bronze only.
- Connection Type - butt weld, socket weld and threaded.
- Available in sizes 2" and 3"

Order No.	Mfg. No.	Size	Diameter	Height	Material
S/O	(2-DD21-GS-W)	2"	5-1/2"	3-3/4"	Galvanized Steel
S/O	(3-DD21-GS-W)	3"	6-1/2"	3-3/4"	Galvanized Steel

Hydrasearch Suction Bellmouth

- Designed for use in ships' bilges and other such tank locations to help maintain maximum efficiency during final stripping of liquid cargo tanks.
- Prevents vortex and gas formation as well as minimizing hydraulic loss while pumping liquids from holding tanks.
- Cast carbon steel offered with butt-weld or flanged ends

Order No.	Mfg. No.	Size	Dimensions	Height
S/O	(3-SBM-O-W)	3"	11.75" x 5.5"	5"
S/O	(4-SBM-O-W)	4"	15.25" x 6.75"	6-3/4"
S/O	(5-SBM-O-W)	5"	19.25" x 8.25"	8-3/8"
S/O	(6-SBM-O-W)	6"	23.25" x 10"	10"
S/O	(8-SBM-O-W)	8"	30.75" x 13.75"	13-3/8"

S/O	(12-SBM-O-W)	12"	45.38" x 21.38"	20"

Hydrasearch Sounding Tubes

- Designed to provide watertight closing devices which are always accessible under normal operating conditions to enable sounding of tanks.
- Comes standard with 316SS coupling, bronze plug (w/tether chain and venting grooves), and a NBR gasket.
- Also available with carbon steel coupling.
- T-wrench sold separately.

Order No.	Mfg. No.	Size	Diameter	Height	Material/Plug
S/O	(1.5-ST-SS-S)	1.5"	3-1/4"	1-3/4"	316SS/Bronze

Hydrasearch Deck Drains - With Water Trap

- Drains have a larger diameter and contain water trap w/baffle incorporated in the strainer.
- Strainers available in bronze only.
- Connection Type - butt weld, socket weld and threaded.
- Available in sizes 1.5" and 2"

Order No.	Mfg. No.	Size	Diameter	Height	Material
S/O	(1.5-DDXH-GS-W)	1.5"	4-7/8"	3-7/8"	Galvanized Steel

Fans & Blowers

- All Sizes, Types and Applications
- Any CFM Range
- High Efficiency
- Ultra-High Flow Rates and Static Pressures

Moisture Eliminators

- 97 Percent Efficiency
- Custom Sizes and Designs
- Marine Grade Materials

Fire Dampers

- Any Size or Type
- Round or Rectangular
- Fire Rated Dampers A-0 to A-60

Control Systems

- Full Range of Ventilation Control Systems
- Manual or Fully Automatic
- A/C and D/C Systems

Other Product Lines

- Weather Closures
- Multiple Space Ventilation System
- Grill Vents and Louvers
- Fan Guards
- System Engineering Capabilities

Delta "T" Systems A/C Inline Duct Fans

- Prewired and supplied with a mounting bracket for easy installation.
- Approved for wet locations.
- Suitable for airstream temperatures up to 140° F.
- Easy connection using external wiring box with waterproof gasket.
- Flow rates from 122 CFM to 649 CFM.
- 100% speed controllable.

Order No.	Mfg. No. / Description	List Price
436605	(500-804XL) Diameter 4" 115 volt	\$510.59 G0-0124300

Delta "T" Systems Ignition Protected Marine Axial Fans

- High flow rates to 737 CFM.
- Ignition proof application.
- Flanged glass-filled nylon shroud.
- May be configured as a "pusher" or a "puller" fan.
- Sealed direct-drive D/C motor with O-ring seals and stainless steel shaft.
- Dynamically balanced armatures for quiet vibration-free operation.

Order No.	Mfg. No. / Description	List Price
436565	(500-309121P) Diameter 9" 12 volt	\$298.89 G0-6200200

Delta "T" Systems Fan

- Fan size: 36".
- 15 HP, 230-460/60/3.

Order No.	Mfg. No. / Description	POR
436832	(500-436000)	

Delta "T" Systems DC Fan Control System

- Designed to automatically control engine room ventilation in applications using Delta T Systems DC fans, as well as provide a low and high speed option for manual operation.

Order No.	Mfg. No.	Max. Number of Fans	List Price
436640	(600-DCT2-24)	2 Pairs	\$1,239.89 G0-3703800

Delta "T" Systems Small A/C Axial Fans

- High volume flow rates from 600 CFM to 1,100 CFM.
- Whisper quiet operation.
- Corrosion resistant aluminum housings are provided "mill finish" without paint.

Order No.	Mfg. No. / Description	List Price
436585	(500-208281/1) Diameter 8" 115 volt	\$614.69 G0-4811400

436620	(510-IG08) Fan Guard for 436585	\$96.29 G0-1546000
436625	(510-IG11E) Fan Guard for 436590 & 436595	\$70.89 G0-0574000

Delta "T" Systems Lil' Champ 4" Ignition Protected DC Blowers

- Flow rates to 350 CFM.
- Performs well even under static pressure loads.
- High-impact marine grade plastic housing.
- Internally mounted motor for compact design.
- Sealed D/C direct-drive motor.
- Includes universal powder coated bracket for a wide variety of mounting options.
- Dynamically balanced armatures for quiet vibration-free operation.
- Optional intake hose adaptor available (part No. 505-201251).

Order No.	Mfg. No. / Description	List Price

Cincinnati Direct Drive Tube Axial Duct Fans - 12" to 48" Diameter

Tube Axial Fans Features.

- Model DDF is direct driven with the motor in the air stream.
- Maximum standard air stream temperature is 104° F (40° C).
- Spark resistant, cast aluminum propellers.
- All propellers are statically balanced to assure smooth operation.
- Drum flanges are rolled as an integral part of the drum on sizes 12" to 42".
- Drum flanges on 48" fans shall be 1-1/2" angle iron rings welded to drum.
- Drum seam is continuously welded.
- All sizes 12" to 30" have 12 gauge drums. All sizes 34" to 48" have 10 gauge drums.
- Flange mounting holes are punched in one-step to maintain constant bolt circle.
- Includes: Housing and propeller. Guards and motors are sold separately.

Worldwide Electric General Purpose Three-Phase Motors

- Suitable for a diverse range of industrial applications and featuring a removable base, C-face, captured bearings to support belt drive applications and oversized bearings for vertical applications, we've designed this motor to be uniquely versatile to help reduce on-hand inventory requirements and increase compatibility across many different uses and installations.
- TEFC enclosure.
- 1.15 service factor.
- Class F insulation.
- Shaft slinger to keep moisture and contaminants from the drive-end bearing.
- Inverter duty.
- Suitable for 50 hz operation with 1.0 service factor.

Knot Wheel Brush - Stringer Bead Twist - Carbon Steel Wire

- Stringer bead knot wheel brushes are tightly twisted for low flex, high impact brushing action.
- Designed for root and hot pass weld cleaning in pipe joining applications.
- Also for general use where a narrow face, aggressive brush is desired for controlled, confined surface contact area.
- Diameter 4". Trim length 3/4", face width 3/16".
- Arbor hole/thread size: 5/8-11 thread.
- Wire size: .020.
- Number of knots: 32.
- Maximum RPM: 20,000.

Order No.	Mfg. No. / Description	List Price	
221147	(82186)	\$32.59	F0-1822000

Desmond Swirl-Off®

- Removes deposits from virtually any hard surface.
- Versatile, lightweight, portable.
- Stainless steel one piece housing.
- Attaches to most sanders, grinders, drills, polishers.
- Built-in safety guard.
- Operates under water.
- Environmentally safe no chemicals or solvents.
- Fits 5/8" - 11 shaft.
- No lubrication or maintenance required.

Order No.	Mfg. No. / Description	List Price	
324121	(50600) 6" Swirl-Off Tool with 49 Cutters	\$246.29	F0-0427100
324119	(50611) Cutters for 6" Swirl-Off Tool (Set of 49)	\$48.69	F0-8043000

Knot Wheel Brush - Full Cable Twist - Carbon Steel Wire

- Full cable twist knotted wire is efficient for weld spatter removal, blending tool marks, cleaning and deburring, and removal of encrustations.
- Used in pipe joining for cleaning scale and spatter following welding.
- Low-flex, high-impact cleaning.
- Diameter 6". Trim length 1-1/4", face width 1/2".
- Thread size: 5/8-11 thread.
- Wire size: .023.
- Number of knots: 30.
- Maximum RPM: 9,000.

Order No.	Mfg. No. / Description	List Price	
221159	(82478)	\$48.59	F0-1043000

Knot Cup Brush - Standard Twist - Carbon Steel Wire - Single Row

- For use on large surfaces where a great deal of roughing is required.
- Good for corners and angles, and removal of contaminants such as scale, concrete, slag and marine growth.
- Diameter 2-3/4". Trim length 7/8".
- Thread size: 5/8-11 thread.
- Wire size: .020.
- Maximum RPM: 14,000.

Order No.	Mfg. No. / Description	List Price	
221111	(82220)	\$33.29	F0-0332000

Texas Pneumatic Needle Scaler

- The model TX-1B needle scaler is a convertible tool used as a chisel scaler or a needle scaler depending on the application. Needle scaler can be easily converted to a chisel scaler by replacing needle attachment with chisel.
- Needle scalers adjust to any surface contour automatically.
- Tool applications:
 - De-rusting and cleaning of metals.
 - Peening of welded joints.
 - Cleaning castings.
 - Cleaning welding slag.
 - Removing barnacles.
 - Removing paint, rust and dirt.
 - Chipping stone, concrete and brick.

KEYPOWER BOW AND STERN THRUSTERS

Keypower keeps you under control.

Keypower has been designing and manufacturing rugged, dependable bow and stern thrusters for almost 40 years. From their origins, deeply rooted in the commercial markets of the Pacific Northwest, Keypower thrusters have been trusted by vessel operators who face the harshest marine environments on a daily basis. As a result of Keypowers' underlying drive to meet the heavy demands of commercial use, Keypower thrusters have quickly become the trusted solution in a variety of markets that include military applications as well as the pleasure and yacht markets where owners have grown to appreciate reliable products that withstand the test of time.

Both electric and hydraulic thruster models are available, ranging from 5hp (8"/20.3cm) to 400hp (40"/101.6cm).

Based on hydrodynamic fundamentals, the streamlined shape of the housing coupled with the auger style propeller provides maximum thrust per horsepower while maintaining equal thrust in both directions. Precise control is provided by a proportional thruster control system that can accommodate up to 7 stations onboard.

Keypower thrusters use duplex stainless steel for the main shaft due to its unique combination of properties: high strength, excellent corrosion resistance and superior resistance to galling and seizing. The gear housing contains a matched set of spiral bevel gears that are custom designed to ensure reliability and silent operation. A large, replaceable, sacrificial zinc is used to protect the thrusters from electrolysis.

High quality materials, robust engineering and a commitment to customer service make Keypower thrusters the safe decision for any application.

- Robust Reliable
- High Quality
- Commercial & Pleasure Craft
- Electric & Hydraulic

Key Features

- Auger-style propeller for equal thrust in both directions
- Bronze construction for durability and strength
- Hydrodynamic design for greater power and enhanced propeller efficiency
- Low maintenance adds value over time

Full System Components

- Thruster, including mount & propeller
- Drive motor
- Maintenance Kit
- Load Sensing Piston Pump
- High Pressure Filter
- 4 way / 3 Position Solenoid Valve
- Thruster Control Station
- Aluminum Tank
- Hydraulic Power Unit (HPU)

Wesmar Bow Thrusters

Special Order

SINGLE PROP/DUAL PROP COUNTER ROTATING.

WESMAR PERFORMANCE - TURN 360 DEGREES IN PLACE.

- Wesmar Bow Thrusters make close quarters maneuvering a simple task.
- You can turn you boat a full 360 degrees in its own length, control the hazards of crowded harbors, tight docking slips, and extreme weather knowing your Wesmar bow thrusters will allow you to maneuver skillfully and quickly, avoiding damaged hulls, mangled ladders, and crumpled docks.

28 THRUSTER MODELS.

- Hydraulic and Electric Models.
- Double Thrust Counter Rotating.
- Single Prop.
- For Pleasure Boat Applications.
- For Commercial Applications.
- For Boats 38 to 200 feet.

Wesmar Commercial Bow Thrusters

Wesmar Stabilizers

Special Order

ELECTRONIC GYRO DELIVERS

LIGHTING SPEED REACTION FOR EXCEPTIONAL PERFORMANCE.

- The Wesmar stabilization system uses an easily mounted electronic gyro sensor that sends information about roll velocity and acceleration directly to Wesmar's proportional hydraulic system, which reacts instantaneously to rotate the fins.
- When a desired lift is achieved to counteract the rolling force of a wave, Wesmar's closed proportional hydraulic system instantly interacts with the gyro to correct the rolling.
- The airfoil fin design constantly adjusts vessel motion.
- One fin is angled to induce upward force while the other creates downward force.
- This coordinated response stabilizes the vessel.

ADVANTAGES:

Of the Wesmar Electronic Gyro System Over a Hydraulic Gyro:

- No hydraulic hoses to the gyro compared to as many as 6 additional hoses on competitive hydraulic gyros.
- No Moving Parts.
- No Adjustments.
- No Maintenance.
- No Service.
- No Horizon Adjustment.
- Easy to Install.
- No Haul-Our Required.

Michigan Tru-Pitch™ Commercial Propeller

- This style is the finest and best known of all-purpose propellers.
- Efficiency and smoothness is assured by Federal's exclusive Tru-Pitch process.
- This style incorporates semi-elliptical shape, constant pitch and ogival blade sections in the design... a result of years of experience.
- Available in Federal-B and Nibral alloys, left and right hand rotation, in 8" to 96" diameters.
- Stainless Steel available 8" to 40" diameters.
- H-D Heavy Duty, is similar in design to T-P, but its considerably heavier blade edges are engineered to meet more severe conditions.
- Heavy, round edges resist abrasion and blade fracture.
- Durable... extremely rugged. In the same metals and sizes as T-P.
- Three-blade only - right or left hand.

Michigan Equi Series Commercial Propeller

- The Federal Equi-Poise three blade and Equi-Quad four blade propeller series are for applications that benefit from traditional propeller geometry held to a close tolerance.
- The proven performance of these designs is enhanced through strict manufacturing controls.
- Those controls result in closely matched sets that are a step above standard line series propellers.
- By utilizing a traditional design, Federal can supply a vast range of sizes, at good value, with a minimal lead time

Skipper Alarms and ER Steering System • Compliant with Sub Chapter M & K

Skipper Wheel House Alarm

Skipper Engine Room Alarm

- Electronics ■ • Panel Mount.
- Electronics ■ • PLC in Separate Enclosure.
- Trolling Motors ■ • Power Failure.
- Trolling Motors ■ • Alarm Power Battery Backup.
- Instruments ■ • Control Power Failure.
- Instruments ■ • Motor Overload.
- Electrical ■ • Motor Phase Failure.
- Electrical ■ • Steering & Flanking FFU Failure.
- Lighting ■ • Oil Low Level.
- Lighting ■ • Oil High Temp.
- Anchor & Dock ■ • Complete for system (1) & (2).

- PLC Based.
- In NEMA 4 Enclosure for Engine Room Alarm.
- Power Failure.
- Alarm Power Battery Backup.
- Control Power Failure.
- Motor Overload.
- Motor Phase Failure.
- Steering & Flanking FFU Failure.
- Oil Low Level.
- Oil High Temp.
- Complete for system (1) & (2).

Engineer's Alarm Panel

Engineer's Station: Steering and Flanking (Alternate Location of Steering Control)

- Perform. ■ • Takeover Switch.
- Perform. ■ • System Selector.
- Propellers ■ • Duplicated Wheelhouse Alarm.
- Propellers ■ • Required for Sub Chapter M and K.

- Complete with RAI, NFU and Separate Feedback Unit.
- Required for Sub Chapter M and K Compliancy.

PLC Based

Battery Backup

- Camouflage ■ • Required for Skipper Wheelhouse and Engine Room Panel.
- Misc. ■ • NEMA 4 Enclosure.

- UPS Battery Backup
- Required 1 Per System.

Skipper No.	Description
366167	PLC Based

Skipper No.	Description
366155	(DE 400)

Telcor Digitally Integrated Alarm Package

Compliant with Subchapter M & K

- Complete for wheelhouse and engine room.
- Requires one battery backup per system.
- Custom built for all work boats.
- 4" Touchscreen for easy calibration and user interface.
- Digital RAI included.
- Fault alarms can be stored up to 30 days.
- Engine room requires emergency steering station for steering & flanking.

- Standard Alarms for Subchapter M & K:
 - Power Failure
 - Control Power Failure
 - Motor Phase Failure
 - Oil Low Level
 - Off Course
 - Motor Overload
 - Steering & Flanking FFU Failure
 - Oil High Temp

- Electronics
- Trolling Motors
- Instruments
- Electrical
- Lighting
- Anchor & Dock

- Cleaning & Care
- Paint & Paint Acc.
- Fun & Flotation
- Topside Acc.
- Cockpit & Deck
- Hardware, Fasteners
- Camouflage
- Misc.

- This little mule, at 110V AC in and out, is a workboat staple and as trouble free as it gets.

Skipper No. Description
271320 (FUA-500) Custom Control Amplifier

- A supply vessel sweetheart, two speed capable and versatile enough to adapt to most DP systems.

Skipper No. Description
246505 (SCA-01) Sentinel Amplifier, 110 VAC In/Out

Skipper Amplifier

- Siemens PLC based platform.
- Dual channel - 1 amp can steer and flank.
- Two speed inherent.
- Any input/feedback voltages.
- NEMA 4x enclosure. DP compatible.
- Internal visual alarms to indicate input/output failures.
- Program memory disc included.

Skipper No. Description
365139 (SDCA-1000) Skipper Amplifier

Deck Machinery Control Logic

- Along with our Custom Electrical Logic Design Work, Skipper keeps reversing magnetic starters in stock. Complete with additional remote control pendants. All NEMA 4X. Stainless enclosures are available on request.
- Reversing Magnetic Starters in NEMA 4X Enclosures with remote pendants.

Skipper No. Description
507105 Reversing Magnetic Starter - 5 HP @ 208V AC
507117 Reversing Magnetic Starter - 7.5 HP @ 208V AC

Skipper Magnetic Motor Starters

- Included in all Skipper Steering Packages.
- Across the line motor starters, complete with 110V AC starting coils, ABB Brand, in NEMA 4X enclosures.
- All pre-wired.

Electro-Hydraulic Steering Components

Electro-Hydraulic Steering Components. Today's vessels require the precision control and ease of electro-hydraulic controls, featuring the ability to interface with auto-pilots and dynamic positioning, with redundant systems that meet USCG & ABS Requirements.

Steering and Flanking Stacked Levers

- Skipper Wheelhouse Hardware: Make your workboat wheelhouse look old school.
- These stainless and wood steering levers adapt beautifully to today's electro-hydraulic controls and still maintain that classic pushboat look and feel.

Skipper No. Description

362400 18" Stainless Steering Levers with Mahogany Finish Grips

362424 Black Anodized Dual Escutcheon Plate

INSTALLATION ACCESSORIES

Skipper No. Description

362917 Set of 4 Machined Lever Shafts, 1-1/4" Diameter, 5' Long

253461 1-1/4" Diamond Flange Floor Bearing

Non Follow Up, Jog, Bang-Bang Steering Levers

Call 'em whatever you like, they all feature heavy duty sealed micro switches with years of cycles built in.

Skipper Dual NFU Lever - Flush Mount Style

Telcor Jog Lever

- Full-follow up.
- Single or double precision potentiometer.
- 0° - 45°.
- Bulkhead or flush mount.

Skipper No.	Description
Special Order	Telcor Jog Lever

Kobelt Watertight and Weatherproof Jog Levers

441042

441129

- Non-follow up.

Skipper No.	Description
441042	(7170A2) NFU Jog Lever Single Microswitch
441129	(7196) Dual NFU Jog Lever 2 Speed

Jastram Watertight and Weatherproof Follow Up Levers

- Full-follow up.
- Suitable for indoor and outdoor stations.
- Available in single and double potentiometer versions.
- 45°/45° Swing and movement with proportionality.

Skipper No.	Description
419130	(LC100-1) Lever - Single 1K Potentiometer
419132	(LC100-2) Lever - Two 1K Potentiometer, for Redundant or Split Systems

Jastram Watertight and Weatherproof Jog Levers

- Non-follow up.
- Ideal for indoor and outdoor stations.
- Available in single and double microswitch versions.

Skipper No.	Description
400101	(JA-701005-1) Jastram Jog Lever JO-100-1
419110	(JA-701005-2) Jastram Jog Lever JO-100-2

Telcor Rudder Angle Indicator

- Used with 1K potentiometer.
- 35° or 45° Angle.
- 3" or 5" Face.

Telcor RAI Dimmer Switch

- 2944G Dimmer Assembly.

Kobelt Meters

- Kobelt Master RAI.
- 12 or 24 VDC, illuminated, span adjustable.
- Requires no meter module.
- Works directly from your 1K potentiometer.

Skipper No. Description
441064 (7175-MA) Kobelt Master RAI

- Kobelt Slave Meter.
- 12 or 24 VDC, illuminated, span adjustable.
- Requires no meter module. Works directly from your master meter.

Skipper No. Description
441054 (7175-SA) Kobelt Slave Meter

Jastram 3 Wire Rudder Input

- Single 1K potentiometer.
- 45°/45° Swing and movement with proportionality.
- For linking to Skipper classic wheel house hardware.

Skipper No. Description
419160 (RFU300)
419134 (RFU400) Includes: RAI Translator Board
419184 (RFU2000-2210) Rudder Feedback Unit

Telcor Rudder Feedback Unit

- Complete with dual (4) limit switches and two potentiometers.

Skipper No. Description
437043 (7304-1K) Telcor Rudder Feedback Unit

Slotted 1K Replacement Potentiometer

Skipper No. Description
419223 (SP22G 3173-1K) Skipper Slotted 1K Repl. Potentiometer
419350/419401 Jastram 1K Potentiometer with Gear

Kobelt Rudder Feedback Unit

- Complete with dual (4) limit switches and two potentiometers.

Skipper No. Description
441028 (7174BG) Kobelt Rudder Feedback Unit

Kobelt Small Feedbacks

- Kobelt Small Feedback (1K).
- Single 1K potentiometer.
- No switches.
- Great for rudder angle indicator driving.

Skipper No. Description
441066 (7168P) Kobelt Small Feedback (1K)

- Kobelt Small Feedback.
- Twin 1K potentiometers.
- Redundant or split rudder angle indicator systems.

Skipper Welded Body Cylinders

Skipper Cylinders have become the dimensional standard for inland pushboats, complete with 2500 PSI Rating and 303 marine grade stainless, chrome plated rods. Skipper stocks the complete line of 3", 3.5" and 4" bore cylinders. Along with all their accessories at our Harahan Location.

Skipper Standard Cylinders

- Featuring 303 SS Piston Rods, 2500 PSI Rating and Skipper Accessories.

Skipper No.	Description
233801	(SBC3018-S1) Cylinder Complete with Clevis
233813	(SBC3524-S2) Cylinder
233825	(SBC4024-S3) Cylinder
233837	(SBC4030-S3) Cylinder

Skipper Standard Cylinder Accessories

- The following cylinder accessories are made to those same standard Skipper dimensions.
- Clevises, Rodeyes and Mounting Brackets are fabricated from cut steel to ease field modifications and re-boring.
- All pins are machined from 17-4PH stainless (boat shaft).

Skipper No.	Description
361016	(3018) Clevis, 1"-14
233851	(B3) Eye Bracket
233863	1" SS 17-4 Clevis Pins with Cotter
254792	(E8) Rodeye Assembly Complete
254691	(WWC-435B) Clevis Threaded, 1.25-12
254805	(B4) Eye Bracket
233875	1-1/4" SS 17-4 Clevis Pins with Cotters
254780	(E10) Rodeye Assembly Complete
254689	(WWC-435) Clevis Threaded, 1.50-12
254805	(B4) Eye Bracket
305101	(E10) 1-1/2" SS 17-4 Rodeye Pin

Skipper Cylinders - Made to NFPA JIC Dimensions

- The following welded body cylinders and accessories are made to NFPA JIC dimensions, to replace your long lead time, high priced JIC, NFPA Tie-Rod Type Cylinders.
- These cylinders are manufacturer by Hanna Corp., a long time leading manufacturer of JIC Cylinders.
- Comes complete with a 2500PSI rating and 303 marine grade stainless, chrome plated rods.

Skipper No.	Description
401264	Hanna - MP1-NON-NC-5 x 24 KIM 1G
401276	Hanna - MP1-NON-NC-5 x 30 KIM 1G
401288	Hanna - MP1-NON-NC-5 x 36 KIM 1G
256075	Cylinder JIC SBC 6030 KIM SS
256087	Cylinder JIC SBC 6036 KIM SS
256063	Cylinder JIC SBC 6042 KIM SS

Skipper Cylinder Accessories

- The following cylinder accessories are made to JIC, NFPA dimensions.
- Clevises, Rodeyes and Mounting Brackets are fabricated from cut steel to ease field modifications and re-boring.
- All pins are machined from 17-4PH stainless (boat shaft).

Skipper No.	Description
601078	(Y7/E15) Best Rodeye 2.25-12
260036	(BDC-25) 2.25-12 Clevis
601080	(B5) Best Eye Bracket, JIC
601092	1.75 x 6" Heel Pin SS 17-4
362359	2.5" x 7" Rodeye Pin
256099	(B6) Eye Bracket
361005	2" x 6" Heel Pin SS 17-4

Donaldson In-Line Check Valves

- Check valves isolate and protect.
- Selector valves direct flow to either of two locations.
- Dual pilot operated check valves "lock" out back pressure from other stations.

Skipper No. Description

255023	(CV08P-65) Donaldson 1" 65# Check Valve
255035	(CV10P-65) Donaldson 1-1/4" 65# Check Valve
255073	(CV10P-5) Donaldson 1-1/4" 5# Check Valve
255097	(CV08P-5) Donaldson 1" 5# Check Valve

Quadrant Isolation Ball Valves

- A great assist in component isolation, system adjustment and trouble shooting.

Skipper No. Description

235196	Quadrant 1/2" NPTF Stainless Ball Valve
236201	Quadrant 3/4" NPTF Stainless Ball Valve

Daman Subplates

- Daman, long a leading manufacturer of manifolds and subplates have long been a mainstay of Skipper Systems and come in ductile iron for regulatory body approval.
- They make an excellent match for Sun Hydraulic's Cartridge Technology.

Skipper No. Description

694326	(AD05SPRVS8S) Subplate
695037	(AD05S023SS) Dual Subplate
253118	(AD08SPRVS16S) Subplate
253283	(AD08SPST16P) Subplate
253297	(AD08SPS016S) Subplate
694100	(DD05SPRVS8S) Ductile Iron Subplate
694338	(AD05JSPRVS16) Subplate
694340	(AD05JSPS16S) Subplate
694352	(AD05HSPRV12S) Subplate
694364	(AD05HSPS12S) Subplate

Brand Hydraulic's Classic Bypass Type Flow Controls

- Invaluable in those engine driven pump applications.

Skipper No. Description

694403	(FC51) Brand 1/2" Flow Regulator
264983	(FC51) Brand 3/4" Flow Regulator

Solenoid Operated Directional Control Valves

- Solenoid operated directional control valves and subplates in multiple spool configurations and operating voltages and featuring modern system improvements like slow shift and shockless operation.

Skipper No. Description

253282	(D08) Open Center Directional Valve
255249	(D08) Tandem Center Slow Shift Directional Valve
255124	(D05) Tandem Center Slow Shift Directional Valve
695102	(D05) Tandem Center Shockless Directional Valve
694768	(D05) Tandem Center Directional Valve, 12 VDC
255047	(D03) Pilot Valve, 110V AC
255059	(D03) Pilot Valve, 110V AC
240096	Magnatrol Poppet Valve, 1" NPT, 24 VDC, N.O., 500 PSI
240109	Magnatrol Poppet Valve, 1-1/4" NPT, 24 VDC, N.O., 500 PSI

Jastram Manual Steering Helms

- Manual steering helms: Jastram makes the larger displacement helms for use on smaller workboats and larger pleasure vessels.

Skipper No. Description

419211	(JA-521011) Jastram Header Tank, Aluminum
419222	(H110) Jastram 11.0 CID Helm

Reservoirs and Reservoir Accessories

211300

260012

254350

• Complete with (2) suction strainers, return line filter, filler breather, sight level gauge with temp and optional low level sensor.

Skipper No.	Description
254595	Skipper Reservoir, 50 Gallon
211300	(B1000N) A.C.T. Level Float Sensor
254350	(ABB-40-N) Donaldson Filler Breather Assembly
255085	(SMBB-80-N-0) Stauff Filler Breather with Adjustable Dipstick
254665	(LHA LG5T) Sight Gauge, C/W Thermometer
255112	(HSG55) Hydrocraft Sight Gauge, C/W Thermometer
694807	(SWS N04 A2) Stauff Gauge Isolator
254831	(P169015) Donaldson In Tank Sump Strainer, SEH-20-1-1-1/4-100
253423	(CF-1P-140-A-SAE) 0-2000 PSI Pressure Gauge
260012	(JSM0-2000PS) McDaniels Pressure Gauge
398316	(WIKA 213.53) 2.5 LM 0-2000 K Pressure Gauge
398328	(WIKA 213.53) 2.5 LM 0-3000 K Pressure Gauge

Filters

694718

254970

Skipper No.	Description
692411	(0160MA010P) Hydac 10M Element
254970	(RTF48N25) Stauff D10B/S1/V Return Filter with Indicator
255263	(CI-20) Stauff Indicator Gauge
694718	(MFP160G1A10) Hydac Return Line Filter
695544	(0080MA010P) Hydac Elements RF

Valves

Skipper No.	Description
253409	(SS-2A1D) Prince Single Selector Valve
253411	(S-75) Gresen 3-Way Selector Valve
253396	(CP410-1-B6S0) Sauer Lock Valve, For your Orbitrol and Auto Pilot Interface Systems

Sun Relief Cartridges

• Relief valve system protection: Sun offers the highest reset values and cartridge technology too.

Skipper No.	Description
694251	(RPGC-LAN) Sun Relief Cartridge, 0-3000 PSI
694427	(RPEC-LAN) Sun Relief Cartridge, 0-3000 PSI

Follow Up Steering Levers and Wheels

Follow Up Control is the preferred method of vessel handling - your wheelhouse input device controls and maintains the desired rudder position, effortlessly.

Kobelt Follow Up Helm

- Featuring (3) 1K potentiometers, for redundant or split systems.
- Requires 3 wheel turns lock-to-lock.
- Note: Wheel not included.
- Adapts to customer's wheel or Skipper #436534 - 24" Diameter Wheel as shown in photo.

Skipper No.	Description
441016	(7172BP PP) Follow Up Helm

Actuating Column

- Actuating Column; Takes the hassle out of building a behind-console mount.

Skipper No.	Description
254537	(150-5066) Orbital Actuating Column
271445	(OHM000) Custom Helmster - The Beginner's Orbital Column

Kobelt Follow Up Lever/Helm

- For that classic helmsman approach, especially well suited for higher speed vessels.
- 45°/45° Swing and movement.
- Two 1K potentiometers for redundant or split systems.
- Self contained half-wheel.

Skipper No.	Description
441105	(7171SW PP) Follow Up Lever/Helm

System Power Accessories

Skipper No.	Description
419122	Jastram Dimmer - Regulates Rudder Angle Indicator, Brightness for Nighttime Viewing
362678	(PR4.5) Power Supply - Excellent 110V AC to 12 VDC Converter for RAI Systems
256138	(N2412-12) Astron 24 VDC to 12 VDC Converter

Schmitt Steering Wheels and Accessories

- For a super sleek appearance in your wheelhouse, why not finished stainless?

Skipper No.	Description
436534	(153-24-17) 1" Straight Bore, 24" SS Wheel
602790	(153-24-1-C) 1" Char Lynn Bore, 24" SS Wheel
