

NTC THERMISTORS - SCK 20 Series

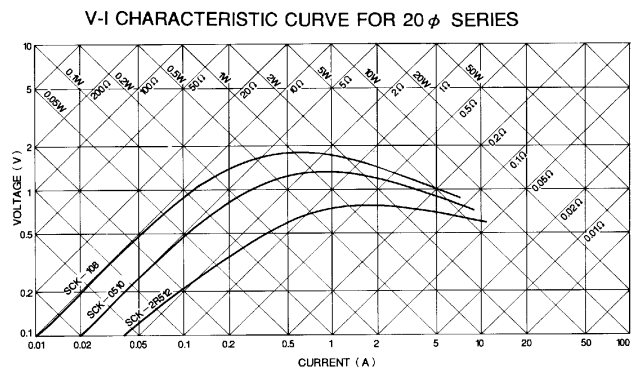

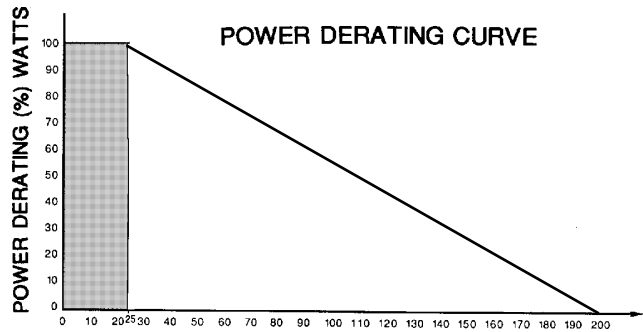

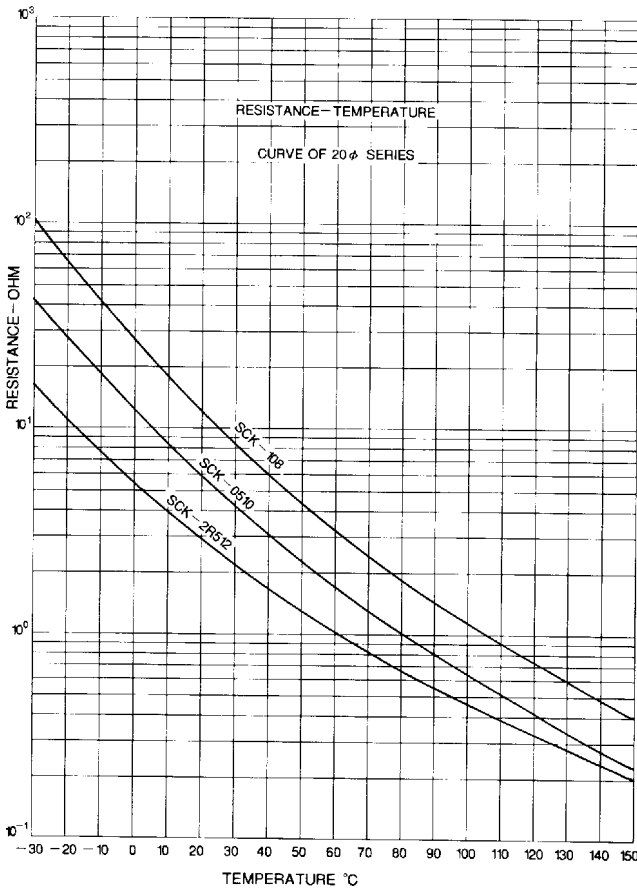

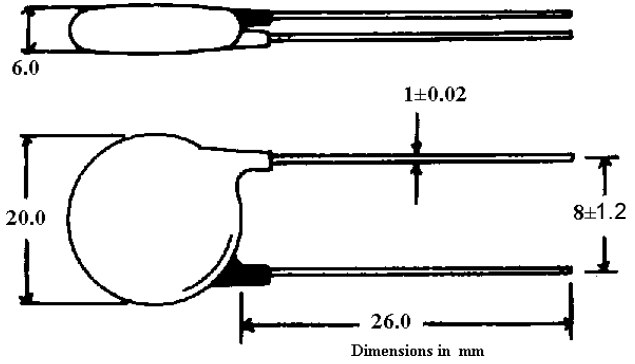

Order code SCK

--- Zero Power Resistance

— Steady State Current

Features:

- NTC Surge Protectors limit the current at switch on, particularly useful for high capacitive/inductive loads.

Part No.	Zero Power Resistance at 25°C (Ω)	Max. Steady State Current at 25°C (A)	Thermal Dissipation Constant (mw/°C)	Thermal time Constant (Sec.)	Operating Temp. (°C)
