Star Brite Power Pine Bilge Cleaner

- Pine extract formula emulsifies oil, grease, fuel and transmission fluid.
- Concentrated formula makes 96 gallons (32 fl. oz. size) or 384 gallons (1 gallon size).
- Works in fresh or salt water.
- Environmentally safe, biodegradable.
- Leaves bilges smelling clean and fresh.

Order No.	Mfg. No.	Size	List Price
629850	(93832)	32 fl. oz.	\$17.59
GO-9711000			

Star Brite Instant Hull Cleaner - Gel Formula

- New gel formula "sticks" where applied for maximum cling time and cleaning power.
- Naturally powerful oxalic acid formula, more user-friendly than harsher hydrochloric or phosphoric acid formulas.
- Specifically formulated to remove the toughest stains, including rust, dried fish blood and leaf stains.
- Works on all fiberglass and painted surfaces; ideal for vertical surfaces.

Order No.	Mfg. No.	Size	List Price
625655	(096132)	32 fl. oz.	\$16.69
GO-8111000			

Star Brite Liquid Rubbing Compound - Medium Duty

- Liquid formula rubbing compound designed for light to medium duty applications.
- Removes stains, oxidation and scratches.
- For fiberglass, metal and painted surfaces.
- Convenient liquid formula.
- Does not set up like most rubbing compounds so removal is quick and easy.
- For light to medium duty applications.

Order No.	Mfg. No.	Size	List Price
624925	(81316)	16 fl. oz.	\$12.09
GO-0180000			

Star Brite Heavy Duty Bilge Cleaner

- Biodegradable.
- Easy to use; just pour in, run boat, pump out.
- Dissolves and eliminates oil, grease, gasoline, scum and sludge.

Order No.	Mfg. No.	Size	List Price
625686	(80532)	32 fl. oz.	\$12.29
629709	(080500N)	Gallon	\$31.09
GO-3280000			
GO-3802000			

Star Brite Instant Hull Cleaner

- Naturally powerful oxalic acid formula, more user-friendly than harsher hydrochloric or phosphoric acid formulas.
- Quickly removes stains from water line.
- Excellent for use on fiberglass, metal and painted surfaces.

3M Perfect-It™ Boat Wash

- Cleans from stern to stern without stripping wax.
- Cleans grime, algae, dirt and common marine contaminants.
- Professional strength concentrate makes up to one gallon per ounce.
- Important first step in cleaning and refinishing your surfaces.

Order No.	Mfg. No.	Size	List Price	
857396	(09034)	Pint	\$14.39	F0-7001000

3M Marine Color/Gloss Restorer

- Rubbing compound and finishing material in one step saves time and money.
- Easy to apply by hand or machine for any size job.
- Features aluminum oxide mineral for removing oxidation and scratches
- Leaves a high-gloss finish.
- Safe to use on fiberglass gelcoat surfaces – contains no wax or silicone.

Order No.	Mfg. No.	Size	List Price	
857260	(09089)	Pint	\$32.29	F0-0622000

3M Marine Rubbing Compound

- Suggested for heavy, aggressive compounding of oxidized gelcoat and marine paint.
- Clings to paint and gelcoated surfaces - remains wet on the job with little or no mess.
- Buffs to high gloss with minimum of swirl marks.
- Can be used by hand or machine.

Order No.	Mfg. No.	Size	List Price	
857175	(09004)	Pint	\$18.69	F0-8031000

3M Perfect-It™ Medium Cutting Compound + Wax

- One step compound and wax.
- Combines medium cutting power with a glossy finish and durable wax.
- Removes P1000 and finer scratches and protects the surface.
- Great for marine, RV, and industrial gelcoat surfaces.
- Stays wet longer so operators can use less, and see easier cleanup.

Order No.	Mfg. No.	Size	List Price	
856998	(36105)	Pint	\$25.39	F0-7771000
857000	(36106)	Quart	\$43.29	F0-0303000

3M Perfect-It™ Gelcoat Heavy Cutting Compound

- Cuts through heavy oxidation, scratches, and other defects fast.
- Removes P800 and finer scratches.
- Great for marine, RV, and industrial gelcoat surfaces.
- Stays wet longer so operators can use less and see easier cleanup.

Order No.	Mfg. No.	Size	List Price	
856991	(36101)	Pint	\$32.69	F0-8822000
856992	(36102)	Quart	\$59.79	F0-5814000
856994	(36103)	Gallon	\$196.79	F0-5773100

3M Perfect-It™ EX AC Rubbing Compound

- 3M's best-performing rubbing compound for removing P1200 or finer sand scratches.
- Formulated for a broad range of user conditions without sticking or leaving residual film.
- Works especially well on many newer, harder to buff clear coats.
- Holds better on compounding pads for reduced sling, mess and cleanup time.

Order No.	Mfg. No.	Size	List Price	
856964	(36060)	Quart	\$58.59	F0-1014000
856967	(36061)	Gallon	\$181.49	F0-4072100

3M Marine Compound and Finishing Material

- Removes light to heavy oxidation.
- Eliminates sand scratches and swirl marks.
- Unique formula combines compound and polish.
- Fast cutting action saves time.
- Delivers a high gloss finish.

3M™ Perfect-It™ Gelcoat Heavy Cutting Compound

This fast-cutting compound removes heavy oxidation, scratches, and other defects. Use 3M™ Perfect-It™ Gelcoat Heavy Cutting Compound for any P800 and finer scratches. Its improved formula has longer wet times for easier clean up and less dust. Plus, this formula works better in warm climates and allows you to use less material than before.

3M™ Perfect-It™ Gelcoat Heavy Cutting Compound works great on boats, RVs, and industrial gelcoats. While ideal for three-step processes, its high gloss results can be protected with 3M™ Perfect-It™ Boat Wax after compounding for an easy two-step finish.

Available in pint (16 fl oz), quart (32 fl oz), gallon (122 fl oz) and 5 gallon (640 fl oz) size.

3M™ Perfect-It™ Gelcoat Medium Cutting Compound + Wax (One-Step)

3M™ Perfect-It™ Gelcoat Medium Cutting Compound + Wax combines fast cutting power, a high gloss finish, and durable wax protection. Use this for any P1000 and finer scratches. Its improved formula has longer wet times for easier clean up and less dust, even in warm climates.

3M™ Perfect-It™ Gelcoat Medium Cutting Compound + Wax works great on boats, RVs, and industrial gelcoats. This one-step solution results in a brilliant finish and long-lasting protection for any of your gelcoat surfaces.

Available in pint (16 fl oz), quart (32 fl oz) and gallon (122 fl oz) size.

3M™ Perfect-It™ Gelcoat Light Cutting Polish + Wax (One-Step)

When a brilliant finish and durable protection are needed for P1500 and finer scratches, 3M™ Perfect-It™ Gelcoat Light Cutting Polish + Wax is the perfect solution for light or dark colored gelcoat. We've improved the formula with longer wet times offering easier clean up, less dust, and more efficient use, even in warm climates.

Specifically formulated for boats, RVs, and industrial gelcoats, this polish is ideal for one-step processes. Use whenever you want a durable wax finish.

Available in pint (16 fl oz), quart (32 fl oz) and gallon (122 fl oz) size.

3M Marine Vinyl Conditioner and Restorer

OrProducts Wash and Wax

- Is a concentrated boat soap with wax. One ounce in 3 gallons of water will wash and wax a medium size boat.
- Removes salt and dirt from boats, fishing tackle, trailers and cars, while providing a coat of wax protection.
- Cleans and waxes fish boxes for easy next trip clean-up and removes fish odors.
- Is biodegradable and environmentally friendly.
- Can be used on fiberglass, does not remove wax, all metals, wood, and plastics to protect and provide a pleasing surface appearance.
- Leaves a clean, non-yellowing coat of wax protection on boats and cars.

Wechem D-Rust

- One-Step Rust Neutralizer and Metal Primer.
- This new surface conditioner and primer changes rust into a dark protective polymeric coating.
- It converts existing rust to an inert coating that seals out moisture to prevent future rust and corrosion.
- Surfaces protected with this primer and an oil-based paint system resists the effects of weather, rain, sun and salt spray without peeling or cracking.
- This easy-to-use product is the first step in providing long-term protection of steel and iron surfaces.

Star Brite Epoxy Aluminum Putty Stick

- Makes permanent and emergency repairs on aluminum boats, outdrives, fuel and water tanks and other aluminum parts.
- Easy to use; just hand knead for 1 minute and apply to damaged area.
- Can be sanded, drilled and tapped.
- Sets in 5 minutes, cures in 1 hour (cure color light gray).

Order No.	Mfg. No. / Description	List Price
431356	(87004) 4 oz.	\$18.49 G0-9321000

Star Brite Epoxy Putty Stick

- Makes permanent and emergency repairs on fiberglass, wood, metal and plastic.
- Easy to use; just hand knead until color turns white and apply to damaged area.
- Can be sanded, drilled and tapped.
- Sets in 5 minutes, cures in 1 hour (cure color off white).

Order No.	Mfg. No. / Description	List Price
431332	(87104) 4 oz.	\$18.49 G0-9321000

Devcon Plastic Steel® Putty

- Bonds to most metals, concrete and some plastics.
- Cures at room temperature and forms a tough, durable, metallic mass that can be drilled, tapped, machined or painted.
- Excellent resistance to oil, gasoline, water, and many chemicals.
- Ideal for patching and repairing areas where welding or brazing would be undesirable or impossible. Machinable to metallic finish.

Order No.	Mfg. No. / Description	List Price
273184	(230-10110) 1 lb. Kit	\$89.99 H0-9935000

Marpro Marine Putty BPO-Cured

- White, polyester based marine putty that is cured with a BPO hardener (included).
- This is a fast putty that allows the user to sand within 20 minutes of application.
- No Shrinkage.
- Approved for use below the waterline.

Order No.	Description	List Price
6-7540	Quart	\$31.19 F0-3812000

Fibreglass Evercoat Polyester Glazing Putty

- Can be applied directly to bare metal, body filler, fiberglass and fully cured sanded top coats.
- Easily fills grind marks, pinholes, low spots and other minor imperfections.
- Contains ZNX-7 for superior adhesion to galvanized steel, bare steel, aluminum, SMC, E-Coat and OEM finishes.
- No shrinkage. Easy dry. Reduces risk of staining.
- Blue cream hardener included.

Order No.	Mfg. No. / Description	List Price
431243	(100400) 20 oz.	\$43.19 F0-3203000

3M Marine Acryl-White Glazing Putty

- Putty fills minor surface imperfections.
- Easy working properties include good spreadability.
- Leaves smooth edges with quality feathering.
- Low shrinkage offers better final results.
- Slow drying formula with a 2.5 minute work time and 25 minute sanding time.

Order No.	Mfg. No. / Description	List Price
856774	(05095) 14.5 oz.	\$27.19 F0-3091000

Interlux Watertite Epoxy Filler

- A 2-part, easy to use epoxy compound for filling holes and repairing scratches in gelcoat and fiberglass above and below the waterline.
- It has a long easy-to-sand window and can be applied to a thickness of 3/4" without sagging.
- Its superior spreadability makes it an ideal glazing compound for filling small nicks and scratches.
- Area: Above or below the waterline.

Order No.	Mfg. No. / Description	List Price	
404309	(YAV135KIT500) 16.9 oz.	\$35.69	E0-7762000

Hawk Epoxy's Color-Coded System Sizing Ensures Accuracy

Hawk Epoxy Size 3

Hawk Epoxy Size 4

- Hawk Epoxy is available in four System Sizes which are color-coded on each resin and catalyst label.
- Mix ratios vary depending on which catalyst is being used. For optimal product utilization, be sure to choose the same System Size for both the resin and catalyst. Any of the six fillers can be used with any combination of Hawk Epoxy Resin and Catalysts, giving you an incredibly large range of epoxy blends, all within this one system

Hawk Light Density Adhesive Micro Fiber Filler

- Thickens to an off white color.
- Great for bonding many substrates, especially wood.
- The mixture also creates a multipurpose adhesive for many other substrates in addition to providing excellent substrate wetting and penetrating characteristics.
- Increases impact and abrasion resistance.

Order No.	Mfg. No. / Description	List Price	
612236	(F3-L) Size Large 20 lbs.	\$203.19	F0-3224100

Taco Marine KingStarboard® Anti Skid

- High density, UV-stabilized polyethylene.
- Special high friction surface in a diamond pattern finish prevents slipping and promotes drainage when wet.
- Saltwater resistant.
- Developed to withstand the harshest marine conditions.
- Passes ASTM D2047 slip resistant testing.
- Resists most stains and does not change color.
- Does not rot or delaminate.
- Does not need refinishing.
- Chemical resistant.
- Cleans easily with marine-grade soaps or cleaners using fresh water.

Order No.	Mfg. No.	L x W	Thick	Color	List Price

King Starboard® Polymer Sheet

- Made of the finest polymers available, using King's proprietary K-Stran process for superior flatness and consistency.
- Environmentally stabilized for harsh sun and tough marine environments.
- Will not rot, swell, splinter or delaminate when exposed to humidity or water.
- Precise tolerances ensure consistent color, thickness and density, even for special thickness gauges and custom order colors.
- Easy to fabricate with standard woodworking tools and requires little or no finishing.
- Durable matte-textured surface on both sides.
- Easy to clean and never needs refinishing.
- Edges finish cleanly and easily.
- Forms easily for smooth curves.
- Has passed the Federal Motor Vehicle Standard 302 fire test required for use in motor vehicles, including motor homes.
- Shipped with a protective masking on one side.
- Proven on thousands of boats and yachts.
- Experienced boat builders and boaters know the King StarBoard brand and trust it more than any other.

6-7452	5 Gallon	\$81.19	F0-3865000
6-7453	55 Gallon	\$623.99	F0-9763400

Marpro Lacquer Thinner

- Thins and cleans more effectively than mineral spirits.
- Used to help control brushing and spraying consistency.
- Not for use on nylon or synthetic tools.
- May be used as a cleaner for spray equipment, brushes and rollers.

Order No.	Description	List Price	
6-7468	Gallon (Single)	\$27.79	F0-5491000
6-7467	5 Gallon	\$82.79	F0-5975000

Marpro Mineral Spirits

- Good brush cleaning solvent.
- Low odor, quick drying.
- May be added to oil base paints, enamels & varnishes for exterior and interior use to thin and control flow rate.
- Do not use with synthetic or rubber base enamels or water thinned paints.

Order No.	Description	List Price	
6-7470	Quart	\$6.49	F0-4540000
6-7471	Gallon	\$15.89	F0-2111000

Marpro M.E.K. Solvent

- An active ketone solvent for cleaning and dissolving epoxy and polyester resins and caulks.
- Slower evaporating than acetone.

Order No.	Description	List Price	
6-7456	Quart	\$8.99	F0-9260000
6-7458	Gallon (Single)	\$37.29	F0-0162000
6-7457	Gallon (Case of 4)	\$30.19	F0-3112000

Marpro Denatured Alcohol

- An excellent fuel for alcohol burning stoves and lamps.
- Burns with a clear colorless flame.

Order No.	Description	List Price	
6-7463	Gallon (Single)	\$24.59	F0-1271000
6-7462	5 Gallon	\$81.19	F0-3865000

Marpro Parts Washer Solution

- Low odor, quick drying, crystal clear formula.
- Effectively removes dirt, grease & grime.
- Excellent for areas where low flash point solutions can't be used.
- Good for cleaning parts, brushes and rollers.

Order No.	Description	List Price	
6-7405	Gallon	\$15.89	F0-2111000
6-7407	5 Gallon	\$71.49	F0-4005000

Marpro Xylene

- Use for paint thinning and brush cleaning.

Order No.	Description	List Price	
6-7473	Gallon	\$19.29	F0-0531000

3M General Purpose Adhesive Cleaner

- A specially blended solvent which provides easy cleanup of most types of adhesives, bugs, greases and oils, overspray, silicone, waxes and tars.

Order No.	Mfg. No. / Description	List Price	
856541	(08984) Quart	\$24.09	F0-6861000

3M Specialty Adhesive Remover

- This VOC-compliant (70%) solvent-based liquid specialty adhesive remover is designed to remove reactive from a variety of substrates.
- Reactive adhesives include adhesives that require a hardener or catalyst in order for the bond to occur.
- Examples of reactive adhesives include, but are not limited to: Epoxies, urethanes, silicones.

Order No.	Mfg. No. / Description	List Price	
856536	(38984) Quart	\$37.69	F0-8362000

3M Marine Neoprene Contact Adhesive

- A brushable, light yellow colored contact adhesive.
- Air drying contact adhesive which bonds immediately and permanently upon application of contact pressure - no clamping or fixturing.
- It bonds many decorative and high pressure laminates, plastic, aluminum, steel, particle board, wood, masonry, rubber and canvas.

Order No.	Mfg. No. / Description	List Price
856538	(20272) Quart	\$44.89 F0-2413000

Permatex Super Glue Gel

- This no run gel formula "stays put" for precise application on hard-to-reach, overhead or even on vertical surfaces.
- This permanent, transparent bond is easily applied and works on both porous and nonporous materials including metal, rubber, glass, aluminum, vinyl, ceramics, alloys and plastics.
- Fills gaps to .004".
- Suggested applications: For vertical surfaces where regular adhesive runs. Metal, plastics, rubber, leather, vinyl, paper, wood, textiles and cork gaskets.

Order No.	Mfg. No. / Description	List Price
545179	(82191) .07 oz. Tube	\$3.09 H0-5810000

Permatex Cold Weld Bonding Compound

- A 15-minute, two-part adhesive and filler system that eliminates the need for welding or brazing.
- It repairs, fills and bonds to iron, steel, brass, bronze, aluminum and copper.
- Once cured, it can be drilled, tapped, threaded, filled, sanded, and painted.
- Resists most automotive, shop and cleaning fluids.
- Withstands temperature to 300° F intermittent.
- Over 3,000 PSI shear strength on steel.
- Suggested applications: Aluminum, steel, brass, bronze, castings and stampings.

Order No.	Mfg. No. / Description	List Price
545016	(14600) (2) 1 oz. Tubes	\$6.79 H0-7040000

Permatex 5 Minute General Purpose Epoxy

- Versatile, easy-to-use, general purpose epoxy adhesive is two-part adhesive and filler system that eliminates the need for welding or brazing.
- Sets in five minutes, no clamping needed.
- Clear appearance.
- Fills gaps and will not shrink.
- Resistant to water and solvents.
- Temperature range -60° F to 180° F.
- Permanent strength up to 3400 PSI.
- Self-mixing dual syringe (84164) blends the adhesive and filler as it dispenses, eliminating the need for manual mixing.

Order No.	Mfg. No. / Description	List Price
5450130	(84101) .84 fl. oz.	\$4.99 H0-9920000

- A high performance aerosol contact adhesive.
- Designed for bonding vinyl tops, heavy weight liners and hood silencer pads where high strength and head resistance are needed.

Order No.	Mfg. No. / Description	List Price
856535	(08090) 19 fl. oz.	\$31.89 F0-2322000

3M Super 77™ Multipurpose Spray Adhesive

- A high tack, high coverage and fast drying for permanently attaching foils, carpeting, lightweight foams, paper, cardboard, felt and cloth to painted or unpainted metals, wood and hardboard.
- Low soak-in for long lasting bond.
- Bonding, attaching, adhering, fastening, securing, gluing, tacking, sticking, gripping, hanging.

Order No.	Mfg. No. / Description	List Price
856537	(21210) 24 fl. oz.	\$20.59 F0-1441000

3M Marine Adhesive/Sealant 5200

- High performance polyurethane adhesive/sealant becomes tack free in 48 hours, cures completely in 5 - 7 days.
- Effectively absorbs stress caused by shock, vibration, swelling and shrinking.
- Retains its strength above or below the waterline.
- Excellent resistance to weathering and saltwater.
- Won't sag or flow in vertical or horizontal seams.

Order No.	Mfg. No. / Description	List Price

3M Marine Adhesive/Sealant Fast Cure 5200

- A faster curing version of 3M Marine Adhesive/Sealant 5200. Cures in approximately 24 hours.
- A one-part polyurethane that chemically reacts with moisture to deliver strong, flexible bonds to wood, gelcoat and fiberglass.
- Retains its strength above or below the waterline.
- Effectively absorbs stress caused by shock, vibration, swelling and shrinking.
- Excellent resistance to weathering and saltwater.
- Won't sag or flow in vertical or horizontal seams.

Order No.	Mfg. No. / Description	List Price	
856134	(06535) 1 oz. Tube White	\$12.49	F0-4780000

856370	(08029) 10 oz. Cartridge Clear	\$34.49	F0-4142000

3M Marine Polyurethane Adhesive Sealant 550 Fast Cure

- Fast set and cure time for fast-paced processes and productivity.
- Elastic formula creates high-strength bonds.
- Multi substrate bonder works on a wide variety of similar and dissimilar substrates.
- One component adhesive for easy application with no mixing or guesswork.
- Paintable after curing for professional results.
- A low viscosity adhesive that has a fast set time and creates a permanently elastic bond.
- Ideal for bonding a variety of similar and dissimilar materials.
- The low viscosity formula is ideal for creating very thin bond lines.

BoatLIFE Life-Seal® Sealant

- A unique combination of marine silicone and polyurethane, formulated especially for fiberglass.
- Offers a fast-curing, low odor, high adhesion, non-sagging, non-corrosive, non-yellowing formula.
- May be used above or below the waterline.
- Will adhere to metal, glass, wood, Lexan, ABS and certain other materials.
- Cures in presence of water.
- Mildew resistant and acid free.

BoatLIFE Silicone Rubber

- An all-purpose, non-corrosive, non-yellowing, mildew resistant, low-odor, 100% marine high quality silicone sealant.
- Tack-free in 30 minutes or less. Fully cured in 24 hours.
- For use above or below the waterline.
- Will not shrink, crack, or dry out.
- Superior flexibility and adhesion to fiberglass, plastic, metal, and wood.
- Acid free cure will not corrode metal.

Marpro Marine Grade Silicone Sealant

- This high performance silicone which exhibits excellent adhesion to glass, metal, porcelain, ceramic, fiberglass and other non-porous surfaces.
- Cures to a tough, rubbery and permanently flexible sealant.
- Sold in packs of 4 only.

Order No.	Description	Color	List Price	Part No.
7-2505	10.1 oz. Cartridge	Clear	\$10.99	FO-9670000
7-2507	10.1 oz. Cartridge	White	\$10.99	FO-9670000

BoatLIFE Life-Calk® Sealant

- A long lasting, permanently flexible marine polysulfide sealant which can be sanded, painted and used above and below the waterline.
- Tack-free in 1 to 3 days.
- Excellent resistance to teak oils, gasoline and diesel fuel.
- Will bond to fiberglass, wood, metal, glass and itself.
- Cures to a firm flexible rubber seal with excellent waterproofing and adhesion qualities.
- Can be applied to damp surfaces.

Star Brite Marine Silicone Sealant

- 100% marine grade silicone - won't turn yellow.
- Remains flexible from -60° F to +450° F.
- Bonds to fiberglass, plastic, wood, glass and metal.
- Unaffected by sunlight, weathering, most chemicals and solvents.
- Dries tack-free in less than one hour, cures completely in 24 hours.

Permatex Aviation Form-A-Gasket® No. 3 Sealant Liquid

- Slow-drying, non-hardening brush-top sealant approved for use in aviation as well as automotive applications.
- Temperature range -65° F to 400° F (-54° C to 204° C); resists gasoline, oil and grease.
- Suggested applications: Close-fitting machined surfaces, sealing hoses and solid gaskets.

Order No. Mfg. No. / Description List Price
545080 (80019) 4 oz. Bottle **\$7.59** HO-5540000

3M Super Weatherstrip and Gasket Adhesive

- A strong, flexible, rubbery adhesive that can withstand vibration, oil, grease, and extreme temperature variations.
- It can be used to bond weatherstripping to car doors, trunks, T-tops, moon roofs and sun roofs.
- Excellent adhesive for holding paper, cork, or rubber gaskets in place during installation.

Order No. Mfg. No. / Description List Price
856533 (08001) 5 oz. Tube **\$8.69** F0-8060000

3M Ultrapro™ High Temp Silicone Gasket

- A rapid curing form-in-place silicone gasket adhesive/sealant for use on engines.
- It is a flexible, noncorrosive, oxygen sensor safe compound that can be used as a gasket material for valve covers, oil pans and other engine and transmission applications.
- Can be used in applications up to 600° F including valve covers, oil and transmission pans, intake manifolds, water pumps, timing chain covers and thermostat housings.
- Black.

Order No. Mfg. No. / Description List Price
856382 (08672) 3 oz. Tube **\$10.49** F0-4370000

Permatex Super "300" Form-A-Gasket® Sealant

- Non-hardening sealant designed to resist heat transfer fluids such as oil or antifreeze.
- Temperature range -65° F to 400° F (-54° C to 204° C); resists antifreeze, aviation fuels, aggressive detergent bearing oils and lubricants.
- Suggested applications: Valve cover gaskets, compressors and diesel engine heads.

Order No. Mfg. No. / Description List Price

SPECIAL HANDLING MAY APPLY

Permatex Form-A-Gasket® No. 2 Sealant

- Slow-drying, non-hardening brush-top sealant approved for use in aviation as well as automotive applications.
- Temperature range -65° F to 400° F (-54° C to 204° C); resists gasoline, oil and grease.
- Suggested applications: Valve cover gaskets and oil pan gaskets.

Order No. **545078** Mfg. No. / Description (80015) 1.5 oz. Tube List Price **\$3.89** HO-3320000

Permatex Ultra Copper® RTV Silicone Gasket Maker

- OEM specified.
- For high operating temperatures common in 4 cylinder, turbocharged or high-performance engines.
- Sensor-safe, low odor, noncorrosive.
- Superior adhesion.
- Temperature range -65° F to 700° F (-54° C to 371° C) intermittent; resists auto and shop fluids and vibration.
- Suggested applications: Exhaust manifolds/headers, valve covers, oil pans, intake manifold end seals, water pumps and exhaust tubes.

Order No. **545155** Mfg. No. / Description (81878) 3 oz. Tube List Price **\$7.49** HO-9440000

Permatex High-Temp Red RTV Silicone Gasket Maker

- OEM specified.
- Formulated for hi-temp applications or heavy duty use.
- Replaces almost any cut gasket by making gaskets that resist cracking, shrinking and migrating caused by thermal cycling.
- Coats pre-cut gaskets to increase reliability.
- Temperature range -65° F to 650° F (-54° C to 343° C) intermittent; resists auto and shop fluids.
- Suggested applications: Valve covers, oil pans, timing covers, water pumps, thermostat housing.

Order No. **545129** Mfg. No. / Description (81160) 3 oz. Tube List Price **\$7.19** HO-1340000

Permatex Ultra Black® RTV Silicone Gasket Maker

- OEM specified.
- Fast-curing formula.
- Sensor-safe, low odor, noncorrosive.
- Meets performance specs of OE silicone gaskets.
- Retains high flexibility, oil resistance properties through use of patented adhesion system.
- Temperature range -65° F to 500° F (-54° C to 260° C) intermittent; resists auto and shop fluids and vibration.
- Suggested applications: Valve covers, oil pans, intake manifold end seals, timing covers, water pumps and thermostat housings.

Order No. **545167** Mfg. No. / Description (82180) 3.35 oz. Tube List Price **\$7.19** HO-1340000

Permatex Sensor-Safe Blue RTV Silicone Gasket

- OEM specified.
- The original Permatex Blue now with low odor formula.
- Will not foul oxygen sensors.
- Replaces almost any cut gasket.
- Makes reliable "formed-in-place" gaskets that resist cracking, shrinking and migrating.
- Coats pre-cut gaskets to increase reliability.
- Temperature range -65° F to 500° F (-54° C to 260° C) intermittent; resists auto and shop fluids.
- Suggested applications: Valve covers, oil pans, intake manifold end seals, timing covers, water pumps and thermostat housings.

Order No. **545092** Mfg. No. / Description (80022) 3 oz. Tube List Price **\$4.79** HO-7820000

Permatex Anaerobic Gasket Maker

- OEM specified.
- Noncorrosive gasketing material designed primarily for use on aluminum, iron and steel flanged mating surfaces.
- Ideal for on-the-spot and emergency repairs, or when a conventional gasket is unavailable.
- Fills gaps up to .015" and cures to a solvent resistant seal that will not tear or decay during service.
- Suggested applications: Water pumps, thermostat housings, crank case flanges drive unit joints and O-ring replacement.

Order No. **5450115** Mfg. No. / Description (51817) .20 oz. Tube List Price **\$5.69** HO-1430000

Corrosion Technologies CorrosionX

- CorrosionX is the most advanced and effective corrosion prevention compound, lubricant and penetrant in the world!
- Although it may look like an typical oil-based anti-corrosion spray, CorrosionX utilizes a revolutionary technology called Polar Bonding that does far more than merely slow down the corrosion process; CorrosionX actually kills existing rust and corrosion (keeping it from spreading) and provides long-term protection against rust and corrosion on any metal surface.
- Because it sticks to metal, it cannot be easily displaced by pressure, friction or moisture. It lubricates under extreme loads and high temperatures.
- The VOC of CorrosionX is only 4-7%. That's less than 1/10th what is in our competitors products.

Order No.	Mfg. No. / Description	List Price	
302953	(90101) 6 oz.	\$11.99	F0-9380000
302954	(90102) 16 oz.	\$20.09	F0-6041000

Corrosion Technologies CorrosionX Heavy Duty

- It is for super long-term protection against serious rust and corrosion assault.
- A high performance, thick-film version of CorrosionX.
- It was developed specifically to provide maximum protection against moisture intrusion and resulting rust and corrosion.
- Highly recommended for use on boat trailers.
- CorrosionX Heavy Duty forms a dripless, dynamic, non-hardening, self-healing film that stubbornly resists erosion by splash or spray - including complete submersion in saltwater.
- It will slowly penetrate existing rust and corrosion, remove moisture and stop electrolysis.
- Unlike wax coatings, it will not dry out, stiffen or crack under stress.
- It will remain for hours on outdrives, even while underway!

Order No.	Mfg. No. / Description	List Price	
302961	(90104) 12 oz.	\$17.39	F0-7121000

T-9 Rust and Corrosion Protection Lubrication

- Waterproof lubrication.
- Combination of solvents, lubricants and waxes designed for penetration, moisture displacement, lubrication and protection.
- Loosens rusty and corroded parts.

Order No.	Mfg. No. / Description	List Price	
290700	(T90004) 4 oz.	\$8.09	G0-2450000
290712	(T90012) 12 oz.	\$15.99	G0-1701000

OMC® Systematched™ Anti-Corrosion Spray

- Protects engine from external rust and corrosion.

Order No.	Mfg. No. / Description	List Price	
E777193	(765745) 11 oz.	\$12.19	F0-3580000

OMC® Systematched™ Heavy Duty Lube

- Heavy duty anti-corrosion and anti-rust protection.
- Penetrates rust, reduces friction and displaces moisture.
- Environmentally responsible; won't harm electrical contacts, rubber, vinyl, wood or paint.

Order No.	Mfg. No. / Description	List Price	
E777192	(765744) 12 oz.	\$10.29	F0-0270000

Evinrude D.P.L.™ Light Duty Penetrating Lubricant

- Can be used in any application which calls for WD-40 or CRC 666.
- Will provide better anti-corrosion protection.
- Excellent as electrical wire and distributor cap dryer.
- Fully-formulated, multi-purpose lubricant for eliminating a variety of corrosion and lubrication problems.
- Offers excellent corrosion protection - even under severe salt water conditions.
- Displaces moisture.

Order No.	Mfg. No. / Description	List Price	
B777183	(777183) 12 oz.	\$11.19	F0-3870000

CRC Marine QD® Electronic Cleaner

- Cleans sensitive electronic components and contacts.
- Use on electronic engine controls, data sensors and wiring, GPS, fishfinders, computers, VCRs, stereos, CD and DVD players.
- Helps prevent contact failure or malfunction.
- Evaporates quickly. Leaves no residue.

CRC Marine Freeze-Off® Super Penetrant

- An unique formula that immediately drops the temperature of the area in direct contact with the spray.
- The freezing effect cracks rusted surfaces, allowing Freeze-Off to reach deeper and work more effectively than other penetrants.
- Low VOC Formula.

Order No.	Mfg. No. / Description	List Price
290128	(05002) 11.5 oz.	\$10.09 GO-6760000

CRC Marine Heavy Duty Silicone

- Clean, odorless, highly water resistant.
- Fights corrosion.
- Lubricates wood, nylon, rubber, metals, canvas and leather.
- Eliminates squeaking and binding.
- Lubricates from -40° F to 400° F.

Order No.	Mfg. No. / Description	List Price
290457	(06077) 9 oz.	\$5.59 GO-5730000

CRC Marine Heavy Duty Corrosion Inhibitor

- A long term, flexible corrosion inhibitor that protects and preserves metal surfaces, electrical connections, engine components and fasteners, subject to salt spray and high humidity.
- Also provides effective protection for steering and throttle linkages.

Order No.	Mfg. No. / Description	List Price
290306	(06026) 10 oz.	\$9.59 GO-3460000

CRC Marine 6-56® Multi-Purpose Lubricant

- Long lasting, superior lubrication that resists water and salt spray.
- Drives out moisture that can cause electrical failures and hard starting.
- Penetrates deep through rust and corrosion to loosen frozen parts.
- Starts wet engines.

Corrosion Block

- State-of-the-art anti-corrosion/lubricant compound that has been specifically designed for marine use.
- Displaces moisture.
- Clean, clear, ultra-thin fluid compound which leaves a non-greasy atmospheric barrier to protect metal.
- Leaves no gummy residue.
- Protects the flexibility of rubber.
- Contains no wax, tar, asphalt, silicon, or Teflon.
- Kills corrosion and prevents future corrosion from occurring.
- Frees metal parts that are frozen by corrosion.
- Protects electrical systems and electronics from salt water, moisture, and corrosion.

CRC Marine White Lithium Grease

- Provides superior lubrications and durability in any weather and most temperatures.
- It is a versatile grease designed for applications requiring a long grease life.
- Will not wash off, melt or freeze.

Order No. **290344** Mfg. No. / Description (06037) 10 oz. List Price **\$6.49** GO-5340000

Sierra Lithium Spray Grease - White

- Multi-purpose spray lubricant for Marine applications.
- Ideal for lubricating shift components and miscellaneous applications where a light grease lubricant is required.
- Water and heat resistant.
- Prevents corrosion.

Order No. **1897301** Mfg. No. / Description (18-9730-1) 12 oz. List Price **\$11.33** ZO-7950000

Star Brite Marine Formula White PTFE® Lubricant

- Special PTFE formula will not wash off.
- Reduces wear and friction.
- Protects from -65° F to 650° F.
- Non-toxic, non-staining.
- The ultimate lubricant - exceeds performance of normal grease.
- Great on zippers, winches, etc.

Order No. **627161** Mfg. No. / Description (85504) 4 oz. List Price **\$14.49** GO-1790000

Penray Electric Motor Cleaner

- Safe, non-flammable cleaning agent for electrical system parts.
- Evaporation is quick, leaving no residue.
- Extension tube is included for more exacting spray pattern.

Order No. **604327** Mfg. No. / Description (7014) 19 oz. List Price **\$10.19** GO-3860000

Spray Nine Marine Grez-Off®

- A biodegradable, non-solvent heavy duty degreaser that easily cuts through oil, grease and grime.
- Cleans and dissolves heavy soils on inboard & outboard motors, machinery and dock equipment.
- Also recommended for bilge cleaning.

Order No. **437079** Mfg. No. / Description (30232) 32 fl. oz. List Price **\$11.49** HO-9860000

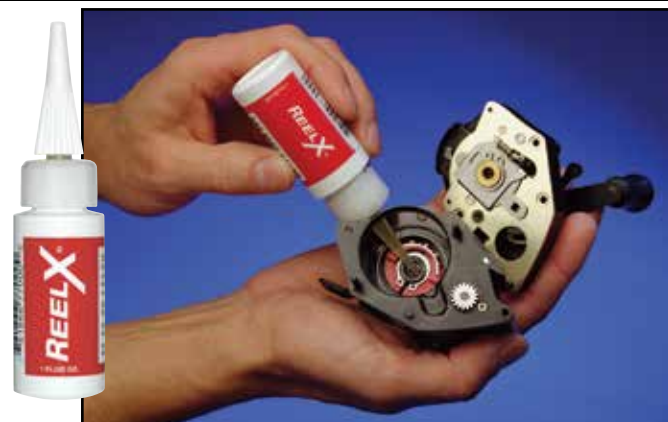

CRC Marine Battery Cleaner

- Removes corrosion from cables, terminals, cases and hold-downs.
- Neutralizes acid spills.
- Assures maximum battery current flow and promotes longer life.

Order No. **290433** Mfg. No. / Description (06023) 11 oz. List Price **\$4.19** GO-1820000

Corrosion Technologies ReelX

- ReelX is the new, hi-tech, extreme-pressure reel lubricant that virtually eliminates wear, disrupts existing corrosion and prevents new corrosion or rust from forming.
- ReelX contains no wax, tar, silicone or other solids, so it will never gum-up.
- ReelX will outperform any other lubricant on a fishing reel period.
- And it is backed with a 100% Money Back Guarantee.
- ReelX displaces moisture, and will not harm plastic, Teflon or monofilament.
- ReelX is not harmful to the environment.

Order No. **302951** Mfg. No. / Description (77000-1) 1 fl. oz. List Price **\$7.09** FO-6940000
302949 (77000) 1 fl. oz. (Case of 24) **\$168.59** FO-1081100

Cleaning & Care

Pencool® 2000 Engine Cooling System Treatment

- An unique liquid formula to keep diesel engines running cleaner.
- This easy-to-use product reduces scaling and corrosion and acts as a lubricant in the cooling system.
- Controls formation of harmful scale deposits, reduces metal corrosion and cavitation erosion and lubricates the water pump and other metal surfaces.
- Eliminates messy filters.

Order No.	Mfg. No. / Description	List Price	
603945	(2000-64) 1/2 Gallon	\$19.19	G0-6821000
604214	(2000-05) 5 Gallon	\$76.49	G0-5215000
604228	(2000-55) 55 Gallon	\$797.99	G0-5643500

Penray Fill-For-Life™ Heavy Duty 2-Way Test Strips

- Designed for use in standard and conventional coolants
- Check the condition of your cooling system in less than two minutes.
- Extremely precise.
- Determines freeze point and nitrite levels.

Order No.	Mfg. No. / Description	List Price	
603959	(TS-100) 50 Strips Per Bottle	\$41.79	G0-0082000

Rustfree™ Rust and Stain Remover

- Removes rust, corrosion and stains from virtually any surface, including: Steel, cast iron, stainless, fiberglass, chrome, tile, porcelain, concrete, vinyl, cloth and more.

Order No.	Mfg. No. / Description	List Price	
290736	(RF0008) 8 fl. oz.	\$10.29	G0-9860000

Pencool® 3000 Engine Cooling System Treatment

- An advanced cooling system treatment that helps prevent the formation of gel deposits in cooling systems.
- These deposits can plug radiator passages, aftercoolers, and oil coolers, & can cause excessive water pump wear.
- Blocks the formation of this gel, conditions cooling system water, and protects all cooling system metal components from corrosive attack.
- Use to maintain proper cooling system heat transfer characteristics and long engine life.

Order No.	Mfg. No. / Description	List Price	
604252	(3000-16) 16 fl. oz.	\$10.98	G0-6370000
604264	(3000-64) 1/2 Gallon	\$31.79	G0-0312000

604288	(3000-55) 55 Gallon	\$1,905.99	G0-1077210

Snee Rust Inhibitor Concentrate Phosphatizer

- A blend of acids and detergents that neutralizes rust and forms a phosphatized surface that inhibits the reformation of new rust and scales and prepares metal for painting.
- This rust solvent can be used as a preventative corrosion inhibitor.

Order No.	Mfg. No. / Description	List Price	
437011	(06 DC550) Gallon	\$35.29	F0-0742000

OSPHO Rust and Stain Remover

- Stops rust and prepares rusted surfaces for painting.
- When applied to rusted surfaces Oospho causes rust to chemically change to iron phosphate, an inert hard substance that turns the metal black.
- Note: Not UPSable.

Order No.	Description	List Price	
437036	Quart (Sold Pack of 12)	\$17.09	H0-5201000
437037	Gallon	\$35.89	H0-3512000

Dr. Shrink Anti-Chafe Tape - 3 Mil

- A high performance polyethylene film that provides a tough, puncture resistant material to prevent abrasion.
- This tape is designed as a low-tack film that will provide protection for your boat or other object.
- Use only between shrink wrap and the object.
- Simply apply it directly to the object where the shrink wrap touches.
- The tape acts as a barrier between the object and shrink wrap, thus preventing any scratching or chafing.
- The black underside of the tape contains UV inhibitors to prevent the sun from drying out the adhesive.

Dr. Shrink Strap Dispenser

- Durable and lightweight design which is compatible with all our premium 1/2" and 3/4" strapping rolls.
- The unit features a convenient carrying handle and low resistance spindle system.
- Ideal tool to prevent knots, tangles and twists in the strapping.

Order No.	Mfg. No. / Description	List Price	
2227907	(DS-STRAPDISP)	\$37.79	F0-5462000

Dr. Shrink Strapping Protector

- Designed for two different applications:
 - 1) A method of keeping strapping from forming dents in vinyl upholstery on boats.
 - 2) Used as corner guards to keep shrink wrap and strapping from being cut on sharp edges.
- Notched on all four sides for easy attachment to strapping.

Order No.	Mfg. No. / Description	List Price	
2227869	(DS-PROTECTOR)	\$2.09	F0-6410000

Dr. Shrink Super Cap

- Designed to transfer the weight of snow, ice and rain from the top of 2 x 4 support poles used under shrink wrap storage covers.
- Dome shaped and 20" in diameter, the Super Cap rests on the woven cord strapping running both lengthwise and crosswise, thus minimizing support poles from poking through shrink wrap covers.
- Super Caps can be easily attached to wooden uprights with either a nail or staples.

Order No.	Mfg. No. / Description	List Price	
2227909	(DS-SUPERCAP)	\$4.29	F0-0030000

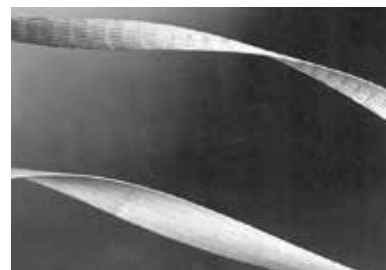

Dr. Shrink End Caps and Bottom Caps

- Designed to fit on the top and bottom of 2 x 4 boards commonly used as a support poles under shrink wrap covers.
- The caps have slits every 90° for the woven cord strapping to slide into and when the cover is shrunk, the sections flex downward forming a protective pad on the top to eliminate pole poke-through. Bottom caps have non-skid disks attached for added stability.

Order No.	Mfg. No. / Description	List Price	
2227757	(DS-CAP) End Caps	\$1.49	F0-4010000

Dr. Shrink Tensioning Tool

- Used when creating the perimeter band.
- If the perimeter band is left only hand tightened, the cover will sit loosely over the object and can rub and chafe the object.
- A band properly tightened with the Tensioning Tool will create a powerful perimeter band that will hug the cover securely against the protected object, preventing movement and eliminating chafing.

Order No.	Mfg. No. / Description	List Price	
227858	(DS-15)	\$70.89	F0-2694000

Dr. Shrink Metal Buckles

- Used with the strapping and tensioning tool when creating a tight-fitting perimeter band.
- When creating the support structure, the buckles allow the installer to sufficiently hand tighten the strapping and produce a sturdy, sloping frame for the shrink wrap cover.
- 3/4" Heavy duty.
- Sold 100 per bag.

Order No.	Mfg. No. / Description	List Price	
227846	(DS-075)	\$17.89	F0-2521000

Dr. Shrink Liftoff Assembly

- The Liftoff is perfect for wrapped objects that need additional ventilation as well as surface protection (such as painted boat hulls or delicate machinery) during the wrapping process.

Star Brite Winter Tech -50° F Anti-Freeze

- Economical cold-weather protection for freshwater water systems and holding tanks.
- Propylene glycol and alcohol formula is safe for all water and holding tank materials.
- Bright Pink Color.
- Gallons sold 6 per case.
- **NOTE: This product is not recommended for use in engines.**

Order No.	Mfg. No. / Description	List Price
452246	(31100) Gallon	\$4.59

Star Brite Winter Safe -50° F Anti-Freeze

- Safe for copper, brass and all types of plastic.
- Non-toxic virgin propylene Glycol formula.
- Contain full ad pack and premium corrosion inhibitors.
- Protects water systems and engines from freeze ups during storage.
- Bright Pink Color.
- Gallons sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452235	(31200) Gallon	\$4.79
452241	(312G55) 55 Gallon	\$256.89

Star Brite -50° F Non-Toxic Premium Anti-Freeze

- Protects water systems and engines from freeze ups during storage.
- Safe for copper, brass and all types of plastic.
- Non-toxic virgin propylene glycol formula.
- Bright Pink Color.
- Gallons sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452209	(31400) Gallon	\$5.39
452212	(314G55) 55 Gallon	\$289.19

Star Brite -100° F Anti-Freeze

- Non-toxic virgin propylene glycol formula.
- Provides copper burst protection down to -100° F.
- Contains full ad pack and premium corrosion inhibitors.
- Blue Green Color.
- Gallons sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452214	(31500) Gallon	\$9.59
452217	(315G55) 55 Gallon	\$518.19

Star Brite -200° F P.G. Anti-Freeze

- Safe for all engines including aluminum.
- Non-toxic virgin propylene glycol formula.
- Provides copper burst protection down to -200° F.
- Contains full ad pack and premium corrosion inhibitors.
- Concentrate.

Order No.	Mfg. No. / Description	List Price
452221	(316G55) 55 Gallon	\$895.49

Star Brite Anti-Freeze/Coolant - Full Strength

- Ethylene glycol base.
- For year-round use.
- Special premium low silicate formula.
- Green Color.
- Contains corrosion inhibitors which protect against rust and corrosion of aluminum, copper, solder and brass.
- Sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452201	(30200) Gallon	\$13.79

Star Brite 50/50 Ready-To-Use Anti-Freeze/Coolant

- Ethylene glycol base.
- Lasts for 5 years, 300,000 miles or 6,000 hours.
- Protects all engine metals.
- Reduces formation of abrasive solids to help extend water pump life.
- Orange Color.
- Sold 6 per case.

Order No.	Mfg. No. / Description	List Price
452199	(30800) Gallon	\$15.49

Camco Anti-Freeze

- Protect your RV's potable water system from freeze damage.
- Inhibit fouling and corrosion while preventing algae growth.
- Lubricates pumps & valves throughout the system.
- Choose a temperature specific product designed for your winterizing needs.
- Safe and tasteless.

FREEZE BAN -50° F ANTI-FREEZE

Star Brite Do-It-Yourself Winterizing Kit

- For winterizing and descaling.
- All you need is a hose, flusher attachment and Star Brite Anti-Freeze.
- Quickly and easily descales inboard and outboard/engine cooling systems.
- Removes deposits to keep engines running cool.

Order No.	Mfg. No. / Description	List Price
460903	(35001)	\$62.59 G0-4914000

Camco Do It Yourself Boat Winterizer

- Quickly and efficiently service inboard/outboard marine engines.
- Also recommended for use with outboard engines.
- The patented Do-It-Yourself Winterizer allows flushing and preparation of boat engine for winter storage with just five gallons of antifreeze and your flusher.
- For front mounted raw water pump systems, use the Flush Adapter, sold separately.

Order No.	Mfg. No. / Description	List Price
689006	(65501)	\$52.59 F0-1863000

The Power House Ice Eater

- The Ice Eater is designed to prevent ice from forming around boats, marinas, docks and piers as well as effectively melting existing ice by breaking the surface with a continuous current of warmer bottom water.
- Ice Eater's propeller draws up warmer subsurface water and deflects it to the surface creating a constant circulation of warmer water that prevents ice formation.
- The Ice Eater may be hung from a pier or boat. Two to three feet is the average operating depth.
- The design of the Ice Eater's venturi shroud (housing) with outwardly flared ends, provides more upward thrust & draws warmer water from greater depths than other conventional de-icers.
- The shroud is submersible below the surface either vertically or angled from vertical. A set of mounting holes at opposed positions on the flange allows the lines to be attached.
- Each motor assembly includes: Propeller, zinc and 25' power cord.
- **423001** Specification: 1/2 HP, 6.5 amps (115V)/3.25 amps (230V), open diameter: 40', 28 lbs. of thrust.
- **423001** Specification: 3/4 HP, 6.0 amps (115V)/3.0 amps (230V), open diameter: 60', 32 lbs. of thrust.
- **423002** Specification: 1 HP, 7.0 amps (115V)/3.5 amps (230V), open diameter: 80', 36 lbs. of thrust.

Kasco De-Icers

- Designed to prevent ice formation in marinas and ponds.
- Suspension ropes, hollow braided polypropylene. 20' x 5/16" lengths attached.
- Stainless steel safety cage; for propeller protection.
- #316 series stainless steel shaft, approved for salt water use.
- Bearings: Ball type, top and bottom.
- Flood oil lubricated for excellent heat dissipation.
- Large capacity dielectric oil provides lifetime lubrication and maximum cooling with no periodic maintenance required.
- Motor housing is corrosion-resistant stainless steel, a must for salt water operation.
- Permanent split capacitor (PSC) insures quick high torque starts and smooth operation.
- Compare water agitation to all other compressors and you'll choose agitation every time.
- Units have 25' power cords.
- Two year warranty.

Order No.	Mfg. No. / Description	List Price	
200200	(2400D025) 1/2 HP Up to 50' Diameter Circle	\$731.09	EO-2384500
200211	(3400D025) 3/4 HP Up to 75' Diameter Circle	\$804.09	EO-7030600

Kasco De-Icer Control Panel

- An inexpensive way to control the operation of your de-icer.
- Uses an air temperature thermostat to turn the de-icer on when the temperature drops below a set point that you decide.
- One C-10 controls one 120V de-icer.

Order No.	Mfg. No. / Description	List Price	
200233	(110225)	\$96.29	D0-3077000

Kasco 25' Power Cable

- Water and oil resistant, remains flexible to minus 50° F.
- An exterior watertight de-leer connection allows for easy on-the-spot user replacement, saving the shipment of de-leers to the factory for power cable replacement.

Order No.	Mfg. No. / Description	List Price	
200288	(9116025)	\$57.69	EO-7234000

Kasco Horizontal Flotation Unit

- An exclusive, arctic proven flotation kit that is optional for all De-Icers.
- The easy-to-assemble kit consists of stainless steel components and a flotation block.
- The De-Icer unit is mounted horizontally to the surface of the water, just below the flotation block.
- The De-Icer can be angled in several positions; horizontal and above and below horizontal.

Order No.	Mfg. No. / Description	List Price	
200266	(213001)	\$266.89	D0-1531200

Kasco Universal Dock Mount

- Can be used with any Kasco De-Icer.
- Made from thermal plastic composites, corrosion protected steel and stainless steel to withstand the toughest marine conditions.
- The De-Icer is mounted to the "underwater parts" of the Universal Dock Mount and the "above water" parts are mounted to the dock or piling.
- Due to shipping limitations, a 1" pipe extension needs to be supplied by the purchaser to connect the "underwater parts" and "above water" parts.

GFO® Packing

- Recommended for: All corrosive applications suitable for PTFE and graphite.
- Service Conditions: Shaft speeds to 4400 FPM; temperatures to 550° F/287° C; pH range 0-14.
- Equipment: All reciprocating and rotating shafts.
- Construction: Multi-Lok Braid.
- Features: Finely ground particles of the highest quality graphite in a PTFE matrix to control graphite migration. 100% GFO Yarn.

Teflon (PTFE) Flax Packing - Spools

- This popular shaft packing is a blend of quality flax rovings that are braided to a high quality standard.
- The braid is then impregnated with TEFLON (PTFE) to give it a low surface friction.
- This combination results in a packing that delivers solid performance, season after season.

Duramax® Ultra-X® High Performance Compression Packing

DURAMAX MARINE

- Dissipates frictional heat - Over five times more thermally conductive than flax and PTFE.
- Grease-free installation - Self-lubricating and conformable, easy to install and remove after use.
- Virtually eliminates shaft scoring - Stays pliable, never hardens or becomes abrasive, even at high shaft speeds.
- Leakage practically eliminated - Doesn't shrink, keeps bilge drier and free of oily contaminants.
- Lasts over 5 times longer than other packing.

Packing Extractor Tools - Flexible Shaft

- Manufactured with quality steel.
- Each shaft is flexible spiral wound steel to provide maximum flexibility in the removal of old packing.
- The hook tips are heat treated for maximum strength.

Order No.	Mfg. No. / Description	Hook Size	List Price

PSS (Packless Sealing System) Shaft Seals

Additional Sizes Available. Call for Pricing and Availability

- The PSS Shaft Seal is a mechanical face seal that is created between the flat surfaces of the rotating stainless steel rotor and the stationary carbon flange.
- The stationary carbon flange is attached to the vessels stern tube with hose clamps and the carbon flange is attached to the front side of the bellows with hose clamps.
- The stainless steel rotor is fit on the shaft in front of the carbon flange. It is used to compress the bellows before the collar is secured to the shaft with set-screws. This compression (pre-load) maintains contact between the faces and allows the PSS to compensate for the thrust from the propeller.
- The carbon flange is bored larger than the shaft diameter allowing it to "float" around the shaft and thus compensate for most misalignment and vibration problems.
- The stainless steel collar is sealed to the shaft by two o-rings that are recessed into the bore of the collar. These o-rings rotate with the shaft and stainless steel rotor and do not experience wear during operation.

Shaft Seal Air Control

- Totally enclosed.
- Protected from the elements.
- Vacuum generator built-in.
- Regulates boat air line pressures as high as 250 psi, down to a usable 0 to 70 psi.
- Consists of a regulator 0-100 psi, vacuum generator, control valves for flow in and out, gauge for set pressure, VAC-PRESS gauge for line out pressure/vacuum, handle for carrying and for switch/valve protection, quick connect fitting for boat air hose, hose 11 foot long, to shaft seal emergency air bladder connection.
- Self test plug on bottom.
- 2 Vacuum buttons, intentional 2 hand operation to eliminate accidental switching.

DuraBlue® Self-Lubricating Rudder Bushings and Sheet Stock

DURABLE BEARINGS AND SHEETS ARE:

- Greaseless, self-lubricating and pollution free.
- Dimensionally stable with extremely long life.
- High load capability & ultra low friction.
- All DuraBlue Composite Bushings and Sheets are rated for continuous duty and extremely smooth operation with specific pressure up to 25N/mm².

DURABLE RUDDER BEARINGS

- All standard size rudder bearings shown are carried in-stock at our regional warehouses and manufacturing facility in Hiram, Ohio. Any size not shown can be made to order. 1" - 42" Inside Diameter range.

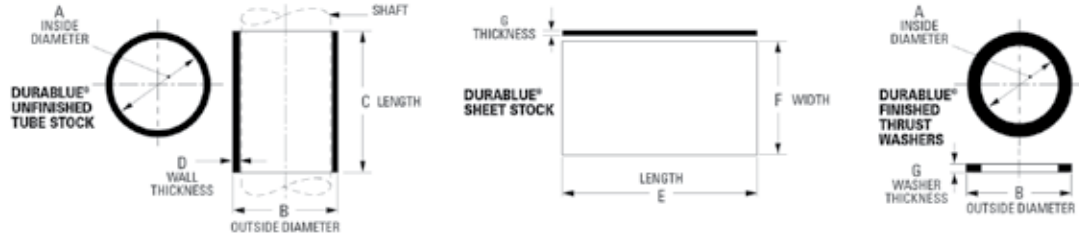

DURABLE SHEET STOCK

- For fabrication of Thrust Washers, Wear Pads and Skid Plates.

DuraBlue Unfinished Tube Stock

DuraBlue Sheet Stock

DuraBlue Finished Thrust Washers

Johnson Cutless® Naval Brass Sleeve Bearings

- These bearings adapt equally well to strut and stern tube mounts, and are often used effectively as rudder-stock and pintle bushings.
- Bearing diameters are precision fitted to the designated shaft size with the correct clearance for efficient water lubrication.
- External brass shells are machined and polished to provide easy fitting.
- Specially formulated oil and chemical resistant nitrile rubber is securely bonded to the shell.
- Units with thin shells are available for the struts of small craft.
- Sleeve bearings are usually installed by light press-fitting and locked in place with cone-pointed set screws.
- PRECAUTION: When shrink fitting of the bearing is required, chilling must be achieved by gradual cooling to not more than minus 20° F (-28° C) using freezer or regular ice (DO NOT DRY ICE). NOTE: Pounding or shocking the bearing while in the chilled state could cause the rubber to separate from the shell.

Johnson Cutless® Non-Metallic Sleeve Bearings

- These bearings feature a dense structure of engineered reinforced thermoset plastic.
- The specially compounded Nitrile Rubber is securely bonded to the shell with all tolerances maintained for proper lubrication.
- Being non-corrosive and inherently resistant to all known chemicals, oil and grease, as well as being anti-electrolytic, the Johnson Cutless Non-Metallic Sleeve Bearings are ideally suited for installations wherever corrosion or electrolysis is a problem.
- PRECAUTION: When shrink fitting of the bearing is required, chilling must be achieved by gradual cooling to not more than minus 20° F (-28° C) using freezer or regular ice (DO NOT DRY ICE). NOTE: Pounding or shocking the bearing while in the chilled state could cause the rubber to separate from the shell.
- All other standard sizes available upon request.

Johnson Cutless® Flanged Bearings

DURAMAX MARINE^{LLC}

- Johnson Cutless Flanged Bearings are centrifugally cast naval brass with an integral flange for bolting to stern tube or strut housing to retain bearing and prevent rotation in housing.
- Specially formulated oil and chemical resistant nitrile rubber is securely bonded to the shell.
- Shells are heavy walled providing structural strength and can be step turned if desired.
- Flanges are furnished UN-DRILLED unless specified.
- PRECAUTION: When shrink fitting of the bearing is required, chilling must be achieved by gradual cooling to not more than minus 20° F (-28° C) using freezer or regular ice (DO NOT DRY ICE).
- NOTE: Pounding or shocking the bearing while in the chilled state could cause the rubber to separate from the shell.
- Approved Bearings: Johnson Cutless Naval Brass Flanged Bearings meet military specification MIL-B-17901 (Ships) Class II Full-Molded type and have full type approval from The American Bureau of Shipping.

Buck-Algonquin Transmission Couplers

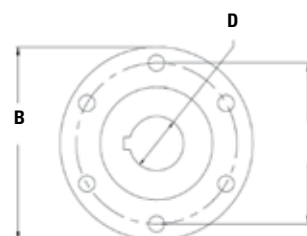

Split Coupling

Taper Coupling

Solid Coupling

A - Overall Length
B - Flange DiameterC - Bolt Circle
D - Shaft Diameter

- Buck Algonquin manufactures a full line of transmission couplers for most marine transmissions.
- Our couplers are cast from ductile iron and machined to SAE J755 specifications. Most of our couplers are machined with our universal bolt hole pattern. As well, all of our couplers are supplied with mounting hardware.

SPLIT COUPLERS

Flange Diameter 4" - B Series Fits: BorgWarner #1017-71C
Flange Diameter 5" - A and C Series Fits: BorgWarner #1018-72C

Flange Diameter 5-3/4" - A and B Series Fits: BorgWarner #1018-73C
Flange Diameter 5-3/4" - A and B Series Fits: Twin Disc, Capitol and Allison

Zinc anodes should be use for saltwater applications.
Aluminum anodes should be used for saltwater or brackish water applications.
Magnesium anodes should be used for freshwater applications.

Zinc Tear Drop Anode

- Zinc Tear Drop.
- (1) Cast-in Galvanized Steel Strap, Weld on.
- 5 lbs.
- Dimensions: 3" W x 9" L x 1-1/4" T.

Order No.	Mfg. No. / Description	List Price	
323600	(GATD6/ZTS6)	\$16.79	CO-7241000

Zinc Plate Hull Anode

- Zinc Plate.
- (2) Cast-in Cored Holes on 6" centers.
- 22 lbs.
- Dimensions: 6" W x 12" L x 1-1/4" T.

Order No.	Mfg. No. / Description	List Price	
323843	(GA23C)	\$69.59	CO-5195000

Magnesium Launch Anode with Plasticol Coating

- 1 Cast-in Galvanized Steel Strap, Weld on with 5/8" holes for mounting.
- 5 lbs.
- Dimensions: 5" W x 10" L x 2-1/2" T.

Order No.	Mfg. No. / Description	List Price	
323864	(GAMG5LAUNCH)	\$48.99	CO-4614000

Newmar Galvanic Isolators

- Sacrificial zincs corrode away as they protect metal thru hulls, shafts and props from damaging electrolysis.
- Stray, low voltage current flowing between the AC safety ground and DC bonding system is a principal cause of this "galvanic" action.
- Installing the Galvanic Isolator between the AC safety ground and DC bonding system, blocks a majority of the low voltage currents and corrosive action on the zincs is significantly reduced (while the integrity of the critical safety ground path is maintained.)
