Bienvenidos a Repuestos El Navegante.

Aquí podrás encontrar mas de **35.000** productos de diferentes fabricantes, con una gran variedad de accesorios y componentes para tu embarcación, contamos con mas de 20 años de experiencia en el sector náutico, no dudes en contactarnos para aclarar cualquier duda que tengas, prestamos asesoría técnica lo que es un valor agregado, y te dará tranquilidad a la hora de tomar una decisión de compra.

Nota Importante:

Debido a las restricciones causadas por el Covid 19, y otros problemas a nivel Mundial muchas empresas se vieron afectadas debido a la falta de materia prima, por este motivo tanto los precios como las fechas de entrega sufrieron cambios en gran cantidad de productos, comuníquese con nosotros a través del correo: repuestoselnavegante@gmail.com y solicite su presupuesto sin compromiso, también puede comunicarse vía Telegram o WhatsApp escaneando los códigos QR.

Los productos aquí publicados se encuentran en varias partes del mundo, pero la mayoría se encuentran en Estados Unidos y Europa, por lo que estos precios no incluyen gastos de envío.

También puede consultar en nuestra pagina www.repuestoselnavegante.com nuestros términos y condiciones antes de efectuar la compra, ahí podrá ver también nuestra política de devoluciones.

Los productos pueden ser entregados en un currier de su confianza.

En nuestra pagina podrá encontrar mas de **3.500** productos para entrega inmediata.

Nos especializamos en repuestos Volvo Penta, Cummings, Yanmar, Caterpillar, Mercruiser.

Ofrecemos repuestos para Generadores Onan, Kohler, Westerbeke, Fisher Panda y Northern Lights.

Garelick EEz-In Outboard Swim Platform with Fold Down Ladder Step

- Durable HDPE platform is pre-drilled for easy assembly.
- For use on outboard transoms.
- One stainless wrap around rail and one underside support rail, reversible.
- 1" diameter stainless steel.
- Stainless steel hardware.
- Rail height above and below platform: 12.5".
- 1 step fold down ladder: 13" L x 14.5" W.

Lillipad Diving Boards

- LilliPad Diving Boards are the worlds only diving board specifically designed for mounting on a boat.
- Can be installed on nearly any boat 18 feet in length or larger with a solid, flat surface for installation.
- LilliPad Diving Boards are NOT a plank.
- Unlike a pool diving board, the diving platform itself does not flex. The spring action from the LilliPad comes from the urethane spring which is part of the framework of the diving board.
- LilliPad's Innovation Award winning design cancels the energy of the jumper by counteracting the force within the framework of the diving board. The result? Exciting spring-action for the jumper and a gentle wave-action for the remaining boaters.
- Designed for use by children and adults up to a maximum weight of 250 pounds.
- Designed with heavy wall aluminum extrusions, stainless steel hardware and urethane spring components, corrosion and component failure is absolutely minimal.
- LilliPad Diving Boards offer traction materials and an adjustable stabilizer rail for safe jumping as well as a quick release pin to lower the diving board while it is not in use.
- Designed with a quick release pin which allows the board to drop down along the side of the boat while not in use. You can easily stow your LilliPad Diving Board by simply unscrewing the three eye bolts that secure it to the boat. The apparatus then separates into two sections (Ladder & Base/Board) which can easily be stowed.

True Grip Traction Tape and Cleat - Black

461246

461222

- Constructed of a durable 46-grit mineral abrasive compound for excellent longevity in both indoor and outdoor applications.
- We employ the use of a solvent based acrylic adhesive system to allow for adhesion over a wide variety of surfaces, while offering good water and chemical resistance.
- Black.

Order No.	Mfg. No. / Description	List Price	
461222	(SG7004CB) 4" x 60' Traction Tape	\$56.59	H0-5933000

228273	(RE3897WH) White 4" x 9"	\$8.19	F0-3750000

Coarse Resilient Slip-Resistant Tape

- Works great in the office, plant, locker room or areas with bare foot traffic.
- This product is not like bath products you would see at the hardware store. This surface has a deep embossed surface that will perform in heavier duty applications, while still being comfortable for bare foot traffic.
- We recommend this product in office environments and light plant uses, it can be very easily cleaned and will not trap dirt the way normal grit products can. Can easily mop surface.

Cannon Dual Axis Adjustable Rod Holders

- Mount our dual axis rod holders between the mounting base and swivel base of your Cannon downrigger for unparalleled rod positioning.
- A pistol grip release allows for quick, one-handed angle changes, and the innovative ratcheting adjustment system allows you to easily pull the holder to a vertical position.
- Full 360° rotation makes it the ultimate fishing accessory.
- Dual axis adjustable rod holder positions rods vertically or easily remove them, thanks to the innovative ratcheting adjustment system on our rod holders.

Order No.	Mfg. No. / Description	List Price
4747024	(1907024)	\$319.39 D0-1555200

Cannon Aluminum Fixed Base Downrigger Pedestals

Taco Marine Carbon Fiber Tele-Outrigger Pole

- UV-resistant, clear coated Black Carbon Fiber pole construction.
- Stainless steel type 316 collars and rings.
- Double outrigger line design on the 16' and triple outrigger line design on the 20' for either mono or Dacron.
- Patent pending swivel roller design mechanism allows for movement of the rollers to swivel in the direction of lures or bait for a more natural swimming action which results in hooking more fish.
- Telescopes to less than 8' for bridge clearance, trailering and storage.
- Designed for use with universal or Taco Sport Fishing Grand Slam mounts that accept 1-1/2" outriggers.
- 16' ideal for boats under 35', 20' ideal for boats up to 50'.
- Includes a nylon mesh carry bag to protect poles.
- Includes adjustable roller line caddy with brass rollers allowing for easy rigging to the t-top or gunnel and better line management.
- Locking collar design keeps poles from extending when trailering or running full speed and also keeps poles from collapsing when fully extended.
- Sold in pairs.

RodBuckle Retractable Rod Hold-Down System

- Designed by fishermen for fishermen, the RodBuckle Retractable Rod Hold-Down System is the most attractive and functional rod hold-down on the market for deck style fishing boats.
- The self-retracting polyester strap extends a full 24" and securely locks into position on the deck.
- The PVC extrusion coated strap grips rods and resists hook penetration.
- When not in use, it neatly retracts out of the way.
- Easy installation with mounting template included.

Taco Marine KingStarboard® Anti Skid

- High density, UV-stabilized polyethylene.
- Special high friction surface in a diamond pattern finish prevents slipping and promotes drainage when wet.
- Saltwater resistant.
- Developed to withstand the harshest marine conditions.
- Passes ASTM D2047 slip resistant testing.
- Resists most stains and does not change color.
- Does not rot or delaminate.
- Does not need refinishing.
- Chemical resistant.
- Cleans easily with marine-grade soaps or cleaners using fresh water.

Coosa Composite Panels

- A high density, closed-cell polyurethane foam reinforced with woven roving and continuous strand fiberglass.

BLUEWATER 26 - DENSITY OF 26 POUNDS PER CUBIC FOOT

- Coosa's strongest and stiffest panel. Ultimate high strength-to-weight ratio. Typically used as a structural component. 30% or more lighter than plywood.

Order No.	Mfg. No. / Description	Thickness	Dimensions	List Price	
412142	(PBW0050T)	1/2"	Dimensions: 4' x 8'	\$359.89	F0-2915200

BLUEWATER 20 - DENSITY OF 20 POUNDS PER CUBIC FOOT

- Coosa's economical alternative. Typically used as a semi-structural component. 45% or more lighter than plywood.

Order No.	Mfg. No. / Description	Thickness	Dimensions	List Price	
412192	(B20W0050T)	1/2"	Dimensions: 4' x 8'	\$260.39	F0-7228100

King Starboard® Polymer Sheet

- Made of the finest polymers available, using King's proprietary K-Stran process for superior flatness and consistency.
- Environmentally stabilized for harsh sun and tough marine environments.
- Will not rot, swell, splinter or delaminate when exposed to humidity or water.
- Precise tolerances ensure consistent color, thickness and density, even for special thickness gauges and custom order colors.
- Easy to fabricate with standard woodworking tools and requires little or no finishing.
- Durable matte-textured surface on both sides.
- Easy to clean and never needs refinishing.
- Edges finish cleanly and easily.
- Forms easily for smooth curves.
- Shipped with a protective masking on one side.
