Bienvenidos a Repuestos El Navegante.

Aquí podrás encontrar mas de **35.000** productos de diferentes fabricantes, con una gran variedad de accesorios y componentes para tu embarcación, contamos con mas de 20 años de experiencia en el sector náutico, no dudes en contactarnos para aclarar cualquier duda que tengas, prestamos asesoría técnica lo que es un valor agregado, y te dará tranquilidad a la hora de tomar una decisión de compra.

Nota Importante:

Debido a las restricciones causadas por el Covid 19, y otros problemas a nivel Mundial muchas empresas se vieron afectadas debido a la falta de materia prima, por este motivo tanto los precios como las fechas de entrega sufrieron cambios en gran cantidad de productos, comuníquese con nosotros a través del correo: repuestoselnavegante@gmail.com y solicite su presupuesto sin compromiso, también puede comunicarse vía Telegram o WhatsApp escaneando los códigos QR.

Los productos aquí publicados se encuentran en varias partes del mundo, pero la mayoría se encuentran en Estados Unidos y Europa, por lo que estos precios no incluyen gastos de envío.

También puede consultar en nuestra pagina www.repuestoselnavegante.com nuestros términos y condiciones antes de efectuar la compra, ahí podrá ver también nuestra política de devoluciones.

Los productos pueden ser entregados en un currier de su confianza.

En nuestra pagina podrá encontrar mas de **3.500** productos para entrega inmediata.

Nos especializamos en repuestos Volvo Penta, Cummings, Yanmar, Caterpillar, Mercruiser.

Ofrecemos repuestos para Generadores Onan, Kohler, Westerbeke, Fisher Panda y Northern Lights.

Davis Instruments Vantage Vue® Wireless Weather Station

DAVIS

Sensor suite and console not shown to scale.

- The Davis Vantage Vue weather station combines Davis legendary accuracy and rugged durability into a compact station that's easy to set up and use. Vantage Vue includes a sleek but tough outdoor sensor array and a distinctive LCD console. Its unique Weather Center function provides additional information on each weather variable.
- Station includes: Console, Integrated Sensor Suite including temperature, wind and rain sensors and mounting hardware.

Order No. Mfg. No. / Description

List Price
\$562.09 F0-6439300

CONSOLE FEATURES:

- Time & Date: View the current time and date or time of sunrise/sunset.
- Moon Phase: See the eight phases of the moon from new to full.
- Forecast Icons: Icons let you know to expect sun, part sun, clouds, rain or snow.
- Temperature & Humidity: Console updates outside temperature every 10 seconds and inside temperature every minute. In addition, outside humidity updates every 50 seconds and inside humidity every minute.
- Retransmits: Main console can extend range to additional consoles up to 1,000 ft.
- Barometer: Five-position trend arrow shows whether barometric pressure is rising, falling or stable.
- Variable Display Options: See updated variables every 10 seconds for heat index and wind chill to get a better "feel" for the outside environment.
- Rain: Console updates rain totals and rain rate every 20 seconds for the last 25 hours, days, months.
- "Change in Weather Since Yesterday" Feature: Allows comparisons of changes of temperature and barometric pressure from day to day.
- Weather Center: Weather Center provides additional information for each weather variable, such as daily highs and lows, temperature changes by the hour and barometric pressure changes. Also displays astronomical data such as meteor showers.
- User-Friendly Keypad: Domed buttons are easy to sense and press. Glow-in-the-dark keypad buttons give you access to weather information all day and all night. The Done key returns user to "current" screen from anywhere in the program.
- Graphs: Graph the last 25 hours, days or months. View up to 50 graphs including temperature, rain, rain rate, wind and barometric pressure - all on the console.
- "This Time Yesterday" Feature: Data point on the graph indicates the weather during the same time yesterday to help compare and analyze day-to-day weather trends.
- Alarms: Set 22 simultaneous, different alarms to warn of dangers such as high winds, freezing temperatures, rain rate, flood warning and more.
- Wind Speed: See windspeed updates every 2.5 seconds. Displays windspeed in miles per hour, meters per second, kilometers per hour and knots. Provides the average and high wind speed for two-minute and ten-minute intervals.

INTEGRATED SENSOR SUITE (ISS) FEATURES:

- Wireless: Frequency-hopping spread spectrum radio ensures consistent transmission up to 1000 ft. (300 m) from integrated sensor suite to console.
- Rain Collector: Self-emptying tipping spoon measures rain with 0.01" (0.2 mm) resolution.
- Anemometer: Records wind speeds as low as 2 mph (3 km/h) and as high as 180 mph (290 km/h).
- Weather Proof Cover: Corrosion-resistant cover provides durability in extreme conditions. Electronics are potted or over-molded for added moisture shielding.
- Radiation Shield: Provides excellent protection from solar radiation and other sources of radiated and reflected heat.
- Temperature/Relative Humidity: Provides outside temperature readings from -40° to 150° F (-40° to 65° C). Also measures relative humidity from 0 - 100%.
- Easy installation: Installs easy and quickly with included mounting hardware kit.
- Wind Direction: Measures wind direction in compass points or degrees.
- Solar Panel: Energizes the station during the day. On-board super capacitor provides power at night. Lithium battery provides backup when needed.
- Bubble Level: Allows more accurate installation and better data collection.

SPECIFICATIONS:

- Console: Backlit LCD display measures 3" x 4.13". Console dimensions: 7.5" x 5.75" x 4.5". Weighs 1.48 lbs.
- Integrated Sensor Suite (ISS). Dimensions: 12.95" x 5.75" x 13.40". Weighs 5.44 lbs.
- Vantage Vue mounts on top of poles 1" to 1-3/4" in diameter. Pole sold separately. Tripod also available.

Davis Charting Kit

DAVIS

- An excellent gift idea for cruisers and racers alike.
- Includes: One-Arm Protractor, Course Plotter, Protractor Triangle, Parallel Rules, Dividers, pencil and instruction booklet.
- It's all organized in a 5-3/4" x 16-1/4" heavy gauge plastic storage case.

Davis Instruments Cabled Vantage Pro2™ Weather Station

- Includes: Vantage Pro2 console, integrated sensor suite, mounting hardware, and AC power adapter.
- Integrated sensor suite includes rain collector, temperature and humidity sensors, anemometer, and 40' anemometer cable.
- A 100' cable connects the sensor suite to the console.
- It offers the ultimate in versatility and options for the professional weather observer and the serious weather enthusiast.
- A wide range of options and sensors.
- You'll get your own local forecast, highs and lows, totals or averages, and graphs for virtually all weather variables over the past 24 days, months or years all without using a PC.
- Fast updates every 2.5 seconds (10x faster than the competition).
- Vantage Pro2 is also an excellent choice for emergency professionals, farmers, schools, researchers, municipalities and others to monitor wind and moisture conditions, irrigation requirements, and potential flooding.
- It can be customized with a range of add-on options, such as solar and UV radiation sensors, and soil moisture stations.
- Cabled model is perfect for economical installation or for field installation using our Complete System Shelter.
- No solar power.

VANTAGE PRO2 FEATURES:

- Rainfall measured in 0.01 or 0.2 mm increments.
- Temperature, both inside and outside, currently and for each of the last 24 hours.
- Humidity, both inside and outside, currently and for each of the last 24 hours.
- Wind Speed in 1 mph, 1 knot, 1 km/hr, or 0.1 m/s resolution. Anemometer can be installed separately from rain collector for highest accuracy.
- Wind Direction, both current and dominant, shown on compass rose with 16 points.
- Barometric Pressure given by a five-position trend arrow.
- Current and Historical Data, such as highs and lows, may be viewed for up to 24 days, months or years.
- Forecast displayed in icons for sun, partly cloudy, clouds, rain or snow. 12-hour icon forecast plus 2448 hour ticker tape forecast at bottom of screen.
- Moon Phases in eight stages, from new to full to new.
- Time and Date always on view. Also displays time of sunrise, sunset, time and date of highs and lows.
- Ticker Tape Display provides expanded forecast details and additional information on current conditions.
- Graphing Function shows last 24 hours, days or months of readings or highs and lows. View over 80 graphs, including additional analyses of temperature, rain rate, wind and barometric pressure. Optional WeatherLink software allows even greater analysis.
- Alarms may be set for more than 70 functions.

Order No. **322026** Mfg. No. / Description (6152C) List Price **\$793.19** F0-3255500

Weems & Plath Brass Endurance 125 Barometer

- Maintenance-free, ultra-hard brass finish.
- Beveled glass crystal.
- The Endurance barometers have temperature compensated, fully adjustable aneroid movements with inch and millibar scales.
- Our standard barometer movements are calibrated for altitudes to 3,500' above sea level.
- Dimensions: Dial 4-7/8", base 6", depth 1-5/8".
- Weight: 1.3 lbs.

Order No. **281651** Mfg. No. / Description (530700) List Price **\$196.59** F0-1673100

Weems & Plath Anniversary Barometer

- Forged from solid brass that is hand polished and flawlessly lacquered.
- Highly reliable and accurate double diaphragm German aneroid movement.
- Displays both of the barometric scales; inches of mercury and millibars.
- Movement is temperature compensated and calibrated for altitudes up to 3,500 feet above sea level.
- Dimensions: Dial 5-1/4", base 7", depth 3-1/2".
- Weight: 7 lbs. 2.5 oz.

Order No. **281664** Mfg. No. / Description (100775) List Price **\$984.39** G0-4595600

Weems & Plath Brass Endurance 125 Clock

- Easy-to-read dial, maintenance-free finish and weatherproof construction.
- Beveled glass crystal.
- O-ring seated behind glass for weatherproof construction.
- Dimensions: Dial 4-7/8", base 6", depth 1-5/8".
- Weight: 1.3 lbs.
- AA battery included.

Order No. **281650** Mfg. No. / Description (530500) List Price **\$184.89** F0-2492100

Weems & Plath Anniversary 8-Day Wind Ship's Bell Clock

- Resonates with the rich sound of the traditional ships bell cycle, ringing every half hour.
- Equipped with handcrafted German Hermle 11-jewel, key wound movement with bell silencer and created from solid forged brass that is hand polished and flawlessly lacquered.
- The distinctive dial of the ship bell clock is intricately etched to create a subtle but rich pattern.
- Dimensions: Dial 5-1/4", base: 7", depth: 3-1/2".
- Weight: 8 lbs. 2 oz.

 250 pcs. min for custom key float

All artwork must be submitted ready to print as is. We will make our best attempt to center the image on the key float unless otherwise indicated.
 We only accept High resolution AI, EPS and PDF files. We need your file to have been created in Adobe Illustrator (or another drawing program) and saved as an EPS or AI or JPEG file. All fonts must be saved as "Outlines". Files created in Photoshop or taken off the internet (rasterized) will print with jagged edges on all sides of the graphics. If we do not have a vector file (made from shapes) we will have to regenerate the artwork at a \$60 fee. All files must be one color setup.
 No dropshadows, outlines or fades. If your artwork is wrong and you sign off on the proof then your Key float will print wrong. What you submit is what we print.
