Bienvenidos a Repuestos El Navegante.

Aquí podrás encontrar mas de **35.000** productos de diferentes fabricantes, con una gran variedad de accesorios y componentes para tu embarcación, contamos con mas de 20 años de experiencia en el sector náutico, no dudes en contactarnos para aclarar cualquier duda que tengas, prestamos asesoría técnica lo que es un valor agregado, y te dará tranquilidad a la hora de tomar una decisión de compra.

Nota Importante:

Debido a las restricciones causadas por el Covid 19, y otros problemas a nivel Mundial muchas empresas se vieron afectadas debido a la falta de materia prima, por este motivo tanto los precios como las fechas de entrega sufrieron cambios en gran cantidad de productos, comuníquese con nosotros a través del correo: repuestoselnavegante@gmail.com y solicite su presupuesto sin compromiso, también puede comunicarse vía Telegram o WhatsApp escaneando los códigos QR.

Los productos aquí publicados se encuentran en varias partes del mundo, pero la mayoría se encuentran en Estados Unidos y Europa, por lo que estos precios no incluyen gastos de envío.

También puede consultar en nuestra pagina www.repuestoselnavegante.com nuestros términos y condiciones antes de efectuar la compra, ahí podrá ver también nuestra política de devoluciones.

Los productos pueden ser entregados en un currier de su confianza.

En nuestra pagina podrá encontrar mas de **3.500** productos para entrega inmediata.

Nos especializamos en repuestos Volvo Penta, Cummings, Yanmar, Caterpillar, Mercruiser.

Ofrecemos repuestos para Generadores Onan, Kohler, Westerbeke, Fisher Panda y Northern Lights.

Telescoping All-Round Lights

Attwood Articulating Anti-Glare All-Round Pole Light

235806

- They focus light at the horizon and above, not in the pilot's eyes.
- The bottom aperture reduces glare at 7.5° below horizontal.
- Above horizontal, the continuous arc of light makes the boat more visible to taller craft.
- The patented Articulating Head adjusts from 15° forward to 15° aft.
- 2 mile, 360° visibility.
- 2-pin locking collar pole.

T-H Marine Blue Water L.E.D. Lighting Products

T-H Marine Blue Water L.E.D. High Output UV Blacklight Kit

- The Blue Water LED High Output UV Blacklight Kit is a powerful UV light source that provides enough light for the longest casts, and will also illuminate objects in the water like stumps or standing timber.
- What's more, the light is projected in a wide beam angle so there are no "dead spots."
- Includes the Blue Water LED lifetime limited warranty.
- Note: For boats larger than 18 feet you should consider two kits for better coverage.
- Kit includes: (2) 60 LED/40" Blue Water LED High Output UV Light Strips with 3M Industrial Waterproof Adhesive Backing., (1) Mini-rocker on/off power switch, 10' of 18/2 gauge installation wire and T-tap & male connectors.

T-H Marine Blue Water L.E.D. Extreme Pro Deck Lights

- Featuring an IP68-rated waterproofing.
- The aluminum housing has a rugged compact design that stands up to the harshest boating conditions, and the 4' wire lead provides versatile mounting options for a boost of light wherever you need it, the application possibilities are endless.
- Great for the deck of your boat, kayak, fishing canoe, truck bed, even in your truck wheel wells.
- Powerful 450-lumen lighting at a wide, 150° dispersion angle outshines imitators' lights, and these LED boat lights sip just 4.5W of power from a 9-30V DC source for strong lighting that won't drain the battery.
- Includes: (1) Extreme Pro Blue Water LED Deck Light, (1) flat surface mounting pad, (1) curved surface mounting pad, (2) machine mounting screws, (2) self-tapping mounting screws and (2) flat washers.

Industrial LED Solutions L.E.D. Light - Polar Bear Series

- The LED is clung to the enclosure, which can make the heat dissipation very fast. Lowering the junction temp.
- External constant current driver, ensures better heat dissipation.
- Copper free aluminum alloy enclosure. Has high anti-impact performance can endure a 20J impact.
- OSRAM LED source, high efficacy and lumen output.
- 100-240 volts AC.

- The LED is clung to the enclosure, which can make the heat dissipation very fast. Lowering the junction temp.
- Aluminum alloy enclosures gives high performance of anti-impact. Can endure a 10J impact.
- Copper-free aluminum enclosure, anti-corrosion. Suitable for many different applications and climates.
- OSRAM LED source, high efficacy and lumen output.
- 100-277 volts AC.

Industrial LED Solutions L.E.D. Light - Golden Frog Series

- Reduces the number of luminaries needed by providing excellent efficacy.
- Putting more light where you need it.
- Anti-Glare, Shock and Vibration resistant tempered Glass. Reduces risk of premature failure.
- Driver assemblies are designed to provide reliable operation even in the harshest environments.
- High strength aluminum alloy enclosure can endure 20J impact and is made for wet and corrosive environments.
- 100-240 volts AC.

Quartz Floodlight

- Tempered glass lens assembly - Thermal shock-and impact-resistant glass lens mounted in a die cast aluminum door frame.
- Cast aluminum housing - The cast aluminum body is designed with a specialized heat dissipating fin system for cooler operation.
- Versatile mounting - The standard unit has a 1/2" swivel knuckle with cast construction for strength and universal aiming.
- Reflector - Linear parabolic reflector system provides maximum light output.
- Dimensions: 10-1/8" x 9-3/4" x 6-1/4".
- 120 volt, 500 watt.

Order No.	Mfg. No. / Description	List Price
415934	(QL500K) 300/500 watt, Hubell	\$79.99 C0-9976000

Attwood L.E.D. Docking Lights

- Compared to its 55 watt halogen competition, the Attwood Surface Mount LED Docking Lights draws a fraction of the power while producing a brighter output.
- The Attwood product also transmits light in a much broader pattern as opposed to a narrow beam generated by today's competitors.
- Power draw and performance are important, but what about assembly? At 1.2" thick, the lights are designed to be mounted directly to the surface of the hull.
- With only a small hole for wiring and three (3) screws for attachment, Attwood's surface mount design makes installation quick and uncomplicated.
- This new LED Docking Light allows for fewer hull cuts and minimal intrusion while producing results that are reliable and attractive.
- Attwood used only the highest grade stainless steel and aluminum components to ensure the product is resistant to corrosion.
- The rubber gasket provided creates a barrier that protects your hull from water entry.
- Packaged per pair.

Order No.	Mfg. No. / Description	List Price
235572	(6522SS7) Stainless Steel Bezel	\$164.09
2350119	(6523BK7) Black Powder Coat Bezel	\$162.19

Sierra Heavy Duty Docking Lights

- 30,000 cp bulb illuminates below the deckline.
- Newly-designed housing is fully sealed.
- Align and change eyeball from exterior of the hull.
- New eyeball will fit into old-style docking light housing.
- New-style housing will fit existing cut-out with only slight modification.
- Mil-Spec sealed waterproof/dustproof rocker switch panel included.
- 12 volt.
- Sold per pair.

Perko Fig. 887 Distant Electric Control Solar-Ray® Searchlights

- All aluminum with White Perko • Kote finish.
- For 12, 24 and 120 volt.
- Searchlight head assembly comes with Distant Electric Control Base.
- Remote electric.
- Joystick type controller with variable speed control for both horizontal and vertical positioning.
- Nominal drum diameter: 14". Length drum: 17".

Bulb and Socket Ordering Information for Perko 800 Series Solar-Ray® Searchlights

- Bulbs are not included in lights and must be ordered separately.
- For best results, the bulb and reflector must be perfectly compatible; therefore be sure to specify the stock number of the bulb desired.
- Peak candlepower is exceedingly sensitive to many factors, (i.e. a light source out of focus by 1/32 inch, under-voltage of only 4% or differences between bulb manufactures) which can cause reduction of range of up to 20%.

Perko XR Series 15" Xenon Searchlights

544050

544045

- Designed and manufactured to meet the demanding needs of commercial marine applications.
- The short arc Xenon filled lamps produce an extremely bright and very white light which can be focused in the pilothouse into a narrow long range beam.
- High quality Timkin bearings provide for smooth 380° rotation.
- The XR Series model 9304 searchlight can be operated continuously at 500 watts for a maximum brightness of 35,000,000 candlepower and over 3 mile (IES Handbook) range.
- An iridium coated precision reflector provides for maximum light output and sharp focus.
- The remote control panel controls lamp ignition (start-up) and focus from the pilot house.
- Superior cooling is provided by a heavy duty cooling fan which blows air across the lamp inside the sealed housing.
- Heavy duty marine latches.
- Sealed waterproof construction.
- Heavy rolled marine aluminum housing.
- Safety interlock switch.
- Heavy duty rack and pinion assembly.
- Cast marine aluminum yoke and base.
- Quality ball bearings.
- Nominal drum diameter: 13-3/4".
- 120 VAC.
- NOTE: Lamps are included with complete Searchlights.

Perko 19" Solar-Ray® Searchlight and Control Assemblies

526674

526674

526650

- White Perko • Kote finish.
- These are designed and built with the commercial user in mind where maximum size and brilliance count.
- These units are constructed of marine aluminum with heavy duty castings and heavy gauge reinforced bodies for extra durability.
- Halo deflector.
- Parabolic glass reflector with shock resistant mounting.
- Lower vent cover.
- Hinged front doors have quick release stainless steel latches to provide easy access for bulb replacement.
- Flat black interior finish.
- Slide-lock focusing device behind lower vent.
- Positive non-leaking seals. Heavy duty cast rack and pinion assembly.
- Floating stops in base to allow 400° rotation.
- Extra large cast aluminum base drilled for (4) 1/2" fasteners.

The Carlisle & Finch Co. 500 Watt Xenon Arc Searchlights

Distant Electrical Control

Lever Gear Control

LEVER GEAR CONTROL - DRUM-SIZE NOMINAL 15"

- This powerful, rugged design, composed of marine grade aluminum and stainless steel, with a high quality salt and scratch resistant powder coat finish.
- The indestructible, nickel reflector produces a precision 1-Degree beam at a powerful 45 million beam candlepower.
- The searchlight focus has safety back-up, with no tools required (if the Focus Motor fails, the beam-size can be adjusted quickly and easily, with an external focus knob).
- The searchlight is mounted on a rugged base producing greater than 385 degrees of horizontal rotation with unique sliding stop.
- Remote electric beam-size focus (1 to 15 degrees).
- Voltages: 12VDC, 24VDC, 115VAC, 230VAC.
- Long-life warranted xenon lamp.

Order No.	Mfg. No. / Description	List Price	
275304	(X9396LG-RF) Head w/70" Lever Gear Control	\$8,573.00	A0-0037580
275328	(4441X-RF) Control Station	\$440.00	A0-0004400
275405	(4198PS-1) Power Supply - 115 VAC	\$2,980.00	A0-0008920

DISTANT ELECTRIC CONTROL

- These units have all the features listed above and also the following.
- "Proportional-Speed" joystick provides aiming and speed control with single-hand.
- Motorized rugged cast base with horizontal and vertical clutch assemblies and ball bearings contained in stainless steel races.
- Fast speed searches at 25 degrees per second.
- Single station or multiple stations.
- Indoor and outdoor weatherproof control stations.
- Optional anti-icing heater circuitry in base, rack and trunnions, digital azimuth indicator, manual back-up (in case of motor failure).

Order No.	Mfg. No. / Description	List Price	
275435	(X9398-RF) Joystick Electric Control	\$10,720.00	A0-0002701

275438	(4198PSDE-1) Power Supply	\$3,790.00	A0-0009730

How to Order Searchlights

- Specify size searchlight, type control, type base, type drum, type finish, type lampholder, and give code word or catalog number.
- Give ordering code and volts of lamp.
- Specify length of control (measured from bottom of base to centerline of lever or upper wheel) if other than the standard dimensions shown on the dimension drawings.
- Specify pedestal height (measured from bottom of base to centerline of drum) if different from the standard 48 inches.
- Example: 12" searchlights, lever control, standard base, vented drum, enamel finish, medium prefocus lampholder, code RECITE-E2. Special length control 22" base to centerline lever.
- To designate the specific lampholder desired add one of the following suffixes to the code word or catalog number:
 - Medium Screw Lampholder -1
 - Medium Prefocus Lampholder -2
 - Mogul Screw Lampholder -3
 - Mogul Bipost Lampholder -4
 - 2-Pin Prefocus Lampholder -5

The Carlisle & Finch Co. 1.0kw and 2.5kw Xenon Arc Searchlights

LEVER GEAR CONTROL - DRUM-SIZE NOMINAL 19"

- This powerful, rugged design, composed of marine grade aluminum and stainless steel, with a high quality salt and scratch resistant powder coat finish.
- The indestructible, nickel reflector produces a precision 1-Degree beam at a powerful 80 million (1.0kw) and 177 million (2.5kw) beam candlepower.
- The searchlight focus has safety back-up, with no tools required (if the Focus Motor fails, the beam-size can be adjusted quickly and easily, with an external focus knob).
- The searchlight is mounted on a rugged base, which includes ball bearings held captive within stainless steel races, producing greater than 385 degrees of horizontal rotation with unique sliding stop.
- Remote electric beam-size focus (approx. 1 to 15 degrees).
- Voltages: Single phase 115VAC, 230VAC and 3-phase 208/240 VAC, 380 VAC, 480 VAC or 575 VAC.
- Long-life warranted xenon lamp.

The Carlisle & Finch Co. 12" Searchlights - Distant Electric Control (DEC)

- Rugged drive unit is housed in watertight corrosion resistant marine aluminum or brass base as specified.
- Base is brass.
- Drum/door and yoke is white enamel.
- Drum, door and yoke, etc., constructed of solid brass.
- Powerful motors in weatherproof base direct the penetrating beam with finger-tip ease from any distance.
- Automatic brakes provide instant start and instant stop with no overtravel.
- Searchlight can be controlled from many separate locations.
- Vented drum (non-vented also available).
- Motors operate on 110-125 volts, 50-60 hz (cycles).
- Rugged joystick switch controls both motions.
- No limit to distance between searchlight and joystick.
- Second, third, fourth, or more joysticks can be added at any time.
- Just five control conductors and a ground conductor required between searchlight and joystick.
- Slip clutches allow manual override at all times, a convenience when relamping.
- Corrosion resistant and oiltight, the joystick can be mounted almost anywhere.
- A small heater on drive unit keeps temperature in base housing above ambient to minimize condensation on and in motors.
- Includes medium prefocus lampholder.
- Bullet lamp not included

Order No. **274908** Mfg. No. / Description (125BEV-2) Includes: 12" Electric Control
