Humminbird APEX Series - MEGA SI +

Welcome to the top. The new APEX Series delivers the clearest view of sonar and charts to hit water. Know exactly what's under and around your boat, viewing fish, structure, surroundings and points of interest on the crystal-clear, full-HD screen. Add the power of advanced networking features like NMEA 2000, Dual Ethernet ports and the One-Boat Network to unlock even more fish-finding and boat-control capabilities. Built specifically for serious anglers, the APEX Series can help take your fishing success to the next level.

SEAMLESS FISHING

Rig your boat to give yourself the ultimate advantage on the water. The APEX Series provides advanced networking options you would expect, plus premium options like Dual Channel CHIRP Sonar, dual Ethernet ports, HDMI video input/outputs and CZONE digital switching support. With the option to customize screen combinations and data readouts, you can take full advantage of your fully connected fishing machine.

LOOK SHARP

The slim-fit, full-HD Cross Touch display of the APEX Series offers a crystal-clear view of what's below. And with multiple in-dash mounting options, its sleek design will look just as sharp on your helm. From sonar to navigation to vessel information, the full-HD screen brings every detail to life with eye-popping clarity, so you can find and catch more fish.

Humminbird SOLIX Series - CHIRP MEGA SI+ G3

Some anglers expect more - from themselves, from their tackle, from their technology. If that's you, look no further. The SOLIX Series gives you everything you need to dominate the water, with an intuitive interface, all the customization options to make it your own and now ultra-responsive performance, thanks to a new dual core processor. You'll also have access to some of the biggest innovations on the water, including MEGA Imaging, Dual Spectrum CHIRP, AutoChart Live, Wi-Fi, Bluetooth and NMEA 2000 connectivity. So stop settling for less and get ready for more.

MAKE SOLIX YOUR OWN

Instantly take command of exclusive technologies like MEGA Imaging, Dual Spectrum CHIRP and AutoChart Live and customize up to four independent viewing panels to your needs and situation. A customized sidebar provides quick access to your favorite views, navigational data, vessel information and accessories like Minn Kota Talon and i-Pilot Link. In addition, make SOLIX your own with the ability to customize your home screen wallpaper.

ADVANCED NETWORKING

Supports Ethernet and Bluetooth for connection to One-Boat Network and includes compatibility for NMEA 2000, Wi-Fi, CZONE, Airmar xLD, CHIRP Radar, AIS and VHF accessories.

CROSS TOUCH

Take command of the display like never before with Cross Touch. Everything you can do with the touchscreen, you can also do with the keypad - so rough conditions will never compromise your control.

COMPATIBLE WITH HELIX G3N/G4N, SOLIX G2/G3 AND ALL APEX MODELS WITH MEGA IMAGING™

MEGA 360 IMAGING™

EVERY DETAIL IN EVERY DIRECTION

With MEGA 360 Imaging™, we didn't reinvent the wheel, we redefined it. We've brought the unmatched coverage of our 360 Imaging technology into the megahertz range for next-level detail. Like underwater radar, the MEGA 360 Imaging beam rotates giving you a 360-degree view of the water that's constantly updating—with your boat at the center. Fish won't ever see you coming—allowing you to cast and hook fish before they even know you're there.

FEATURES:

- Seamless Networking and Integration:** NSSevo 3S is designed to excel as a central hub, allowing for extensive system expansion and real-time monitoring and control. NSSevo 3S integrates with a variety of Simrad radar and autopilot products, as well as third-party technologies, like CZone digital switching, and engine and fuel monitoring with Mercury VesselView.
- Sonar and Transducer Compatibility:** NSSevo 3S boasts exceptional bottom-tracking and fish-finding thanks to the built-in high performance echosounder with 1kW CHIRP-enabled Sonar. Compatibility with a full range of Sonar tech – including the highest resolution live Sonar on the market – provides perfect underwater perspectives for both leisure and sportfishing.
- Performance Charting:** With a crisp SolarMAX IPS display, experience performance charting at its best on the NSSevo 3S. NSSevo 3S is designed to work fluidly with C-MAP REVEAL and DISCOVER, harnessing an array of powerful mapping features such as Full-Featured Vector Charts, Satellite Overlay, and High-Res Shaded Relief.

Navico Installation Rebate Program

The Navico Installation Rebate Program is designed to ensure the customer experience is trouble free from day one. Compensation will be provided where requirements are met in accordance with this program. The program differs slightly depending on the product brand and specifics are as follows:

Qualifications:

Have a current Direct Account/Authorized Reseller Agreement on file.

Lowrance branded products:

- A regular part of your business must include installation of marine electronics, as well as the sale of boats; OR
- You must have demonstrated sufficient expertise in marine electronics installation (with sufficient knowledge of boat construction to ensure correct installation of Navico products), and installation of marine electronics products must be a regular part of your business.
- You must be set up/approved as a Navico Authorized Reseller if not already a direct account.

B&G and Simrad branded products:

- Applicable to Certified Dealers only. This will be confirmed by Navico prior to processing the claim.
- Approved by Navico Sales Representative.

Compensation:

Lowrance branded products:

- Compensation amounts are based on the specific product installed. The maximum amount payable per boat is \$400.

B&G and Simrad branded products:

- Compensation amounts are based on the specific product installed. No maximum amount payable or cap per boat.

Payments:

- Direct and Indirect Accounts - payments will be made in the form of a check. Please allow 1-2 weeks for payment processing.

Notes:

This program is subject to change at Navico's discretion. Thirty (30) days' notice will be provided prior to any change taking effect.

Claim Reimbursement Requirements:

- Only one (1) claim per vessel is required.
- Claims should be submitted using the online claim form that can be accessed using the link below. Claims submitted using the Excel claim form will not be processed.
<https://fs4.formsite.com/NavicoClaims/InstallationRebate/index.html>
- Claims must be submitted within 60 days of installation. NOTE: You will not be able to submit your online claim successfully if it is already past the 60-day period.
- Must provide a copy of the NIF file and attach it to the online claim submission. For instructions, click here or refer to the Master Program Book.

Claim Status Inquiries:

- Email: sis@navico.com

Not a Navico Authorized Reseller:

- Go to; <https://fs4.formsite.com/NavicoClaims/ARApplication-New/index.html>

RAM Mounts

- RAM Mounts feature a double ball and socket system, providing modularity and adjustability. A RAM arm is the connection between the mounting base and your device.
- The RAM Mounts rubber ball is unique to the RAM Mounts system. This innovative rubber ball delivers vibration dampening, anti-slip capabilities, nearly 360-degrees of adjustability and the ruggedness that the marine environment demands. The RAM Mounts round bases are made out of marine-grade aluminum and are powder-coated to offer corrosion resistance for storage in salt and fresh water.

RAM Fishfinder Mounts "109" Series

- For those who desire the simple stability to adjust of your device on the X-axis, our swing arm mounts support 360° horizontal rotations.
- Our swing arm mounts can also be mounted on a horizontal or vertical flat surface for a wide range of compatible mounting locations.
- Total swing arm length: 6".
- Top plate: 6-1/4" x 2".
