BOAT COVER COLORS

Discontinued Yellow (Boat Covers & Bimini Tops) and Discontinued White (Bimini Tops) are still available, but only while current supplies last.

INCREASE THE LIFE OF YOUR BOAT COVER

Avoid letting water, snow or other materials like leaves and sticks to stand on the cover - Use support poles, straps or bows. Always tie boat cover down securely. Take precautions with padding the windshield, trolling motors, depth finders, etc. before installing boat cover. Allow boat cover to dry thoroughly before folding for storage.

HOW TO SIZE YOUR BOAT

- When purchasing your boat cover, you'll need to have accurate measurements.
- To find the centerline length, measure from the tip of the bow to the center of the stern.
- To find the beam width, measure the widest point of your boat.

If your boat has a dual console or a larger trolling motor (such as a Ultrex or Ultrex 360, etc.), please add this information to your order.
